Cross post from Mens Rights.

"Remember when Nazi Germany gave out those hip armbands with the star of david on them, to identify the jews?

Well, the level-headed and rational SJWs at 'CircleBroke' are developing a tool to auto-tag participants of MensRights (and TRP).

I was delighted to find my name on their hit list (found mine too), and I'm sure a good many of you are also probably on there as well.

Tuck this in your pocket as a friendly reminder that discussing rights, only when it comes to men, is an awful, awful thing to do and you will be branded an enemy of the nanny-state for your transgressions."

TLDR: Heres the hit list: <https://archive.is/zw5gj>

Doesn't work that way, to follow the Nazi example, it was only 'organised harassment' *after* they lost power. The SJWs won last generation.

If you remember the fatpeoplehate sub, what they were doing was nothing compared to the SJW level of profiling (not to mention doxing, and harassment). But they were never the ones in power, only those in power get to bully (referencing the concurrent bullying post).

London-Bananas • 133 points • 29 July, 2015 06:20 AM

Or as Robert McNamara said after WWII (about the firebombings of Japan and Germany): "If we'd lost the war, we'd all have been prosecuted as war criminals."

[deleted] • 39 points • 29 July, 2015 04:39 AM

Hey hey, don't you think you're godwinning a bit? Cut it out with the comparisons to Nazi germany and just sit back and wait for the SJWs to stuff you into a "green" biodiesel train running off of canola oil destined for the political correction centers from which no man ever leaves.

BaltoSquadGuy • 67 points • 29 July, 2015 04:57 AM

Then last few times they were "work camps" or "re-education camps". The modern ones will be 'Re-gendering Camps', where the sign will read "Castration will set you free.."

scranton1ty • 5 points • 29 July, 2015 04:36 PM

Reminds me of something I read about recently...

[https://en.wikipedia.org/wiki/Medical\\_experimentation\\_in\\_Africa#Forced\\_sexual\\_reassignment\\_in\\_South\\_Africa\\_-\\_1970s-1980s](https://en.wikipedia.org/wiki/Medical_experimentation_in_Africa#Forced_sexual_reassignment_in_South_Africa_-_1970s-1980s)

In a project headed by Dr. Aubrey Levin during the 1970s to 1980s, South Africa's apartheid army forced white lesbian and gay soldiers to undergo 'sex-change' operations. This was part of a secret program to purge homosexuality in the army.[5] It included psychological methods, chemical castration, electric shock, and other unethical medical experiments. An estimated 900 forced sexual reassignment operations may have been performed between 1971 and 1989 at military hospitals.,[5] including Voortrekkerhoogte. Most of the victims were males, young 16 to 24-year-old white men who were drafted into the apartheid army. Women were also subject to the experimentation.[5][6]

Have to take population control seriously while we "don't have" the technology to move off planet.

aguy01 • 10 points • 29 July, 2015 02:46 PM

Good thing they're dealing with population control by destroying families to decline the birth

rate.

Nebulose11 • 4 points • 29 July, 2015 02:51 PM

Wouldn't that increase birth rate? Sluts gonna slut.

aguy01 • 5 points • 29 July, 2015 02:59 PM

It's been declining every year since the 50's.

[deleted] • 4 points • 29 July, 2015 08:29 AM

The closest they will come to green trains is if they paint them that color.

You forget, science is on that train with you...

RecQuery • 2 points • 29 July, 2015 10:49 AM

And by paint you mean dye their hair. The green haired land whale must be a new subspecies of the blue.

[deleted] • 4 points • 29 July, 2015 04:48 AM

yo, easy on the advanced biofuels my friend

[deleted] • 2 points • 29 July, 2015 10:03 AM

Fine, then what they are doing is creating an Internet Un-American Activities Commission.

ScottRikkard • 13 points • 29 July, 2015 12:51 PM

Fuck that man. I'M FAMOUS!!!! SMV is skyrocketing. woooOOOoooOO

Nantafiria • 15 points • 29 July, 2015 09:05 AM

Doubt it, and not for the 'SJW's are treated unfairly' stuff people are going on about, either. By Reddit's rules, harassment only applies if you go and bother people on *their* subs. If some admins want to ban everyone on that list from their subs, that's their prerogative.

Still childish, though.

masturbator9000 • 5 points • 29 July, 2015 04:32 PM

Joke's on them. I'm installing that tool once it's out to see who's a bro just by looking at their name.

[deleted] • 4 points • 29 July, 2015 02:36 PM

I don't believe this really falls under the definition of harassment or brigading as some have mentioned in those other subs. Nowhere do they actually make a call to downvote us or harass us.

When you dig through the comments though, you find the real reason they're doing this though:

That would leave me to believe that their supposedly innocuous question was actually just the start of a useless debate that would lead nowhere.

To translate: they're seeing this sub growing, and they know why -- the concepts are pervasive. It's so bad they've specifically mentioned the socratic method as a bad thing. God forbid an actual debate occur about it in a subreddit they can't censor!

[deleted] • 17 points • 29 July, 2015 09:00 AM\*

We should all write the admins. This is so unfair.

Edit: WTF downvoted because I support speech freedom? And I ask to complain to the admins?

MrChillBroBaggins • 17 points • 29 July, 2015 03:00 PM

I'm guessing it's the demeanor. "It's so unfair" sounds like something my friend's sister says when she gets her phone taken away.

[deleted] • 5 points • 29 July, 2015 11:00 AM

The you'd be banned instead, not the ones you'd complain about.

[deleted] • 2 points • 29 July, 2015 02:51 PM

Doubt it. They would sooner ban you for confronting them in their little echo chambers than actually care about harassment.

alArabi-alSuri • 2 points • 29 July, 2015 09:05 PM

I posted once and deleted my comment and I'm on the list. I'm so proud of myself.

[deleted] • 3 points • 29 July, 2015 11:03 AM

They won't do shit unless the SJWs hurt them economically. Too bad this type is easy to con with useless shit (e.g. merch), so they are the primary target of all the ads. Unless a huge political change happens and they get to seen as the bad guys, they're staying.

So basically some people decided that we all deserve this, that everyone should know just how awful we are. No right to reply, no justification to our faces. No attempt to get the full picture. If I have a problem with someone I'll come out with it and let them know, and prepare myself to face the consequences, not use some nonsense like this. I didn't ask for this, I am here to debate human nature, relationships, self-improvement. I'm here to try to understand, not hate. And yet I'm labelled as a hater.

30303030303030 • 236 points • 29 July, 2015 04:14 AM

harassment is ok as long as feminists are doing it, nothing new

TheRealMouseRat • 31 points • 29 July, 2015 04:10 PM

if you swap out 'feminists' with 'the ones in power' you can apply it to all of history

Archwinger • 328 points • 29 July, 2015 04:06 AM

So when I post on reddit, a select group of people who are using that list will see my handle in black?

Fuck this shit.

I'm Archwinger. Those stupid cunts should know my name in any fucking color.

BaltoSquadGuy • 115 points • 29 July, 2015 04:58 AM

At least you made it. I searched my name several times and, to my disappointment, did not appear.

I will redouble my efforts.

breakingbadrule • 83 points • 29 July, 2015 06:07 AM [recovered]

I did see my name. It's a little cheesy, but i felt a sense of pride to be listed among the ranks of the people on here!

RageLife • 51 points • 29 July, 2015 08:55 AM

I made it too. It's kind of like being endorsed.

breakingbadrule • 23 points • 29 July, 2015 01:15 PM [recovered]

Fuck. I wish there was a flair here that would show in points and color how many feminist subreddits you've been banned from. Stuff like this could be used for verification!

B\_Rawb • 3 points • 29 July, 2015 03:25 PM

That's hilarious. We'd keep track of them like red pill merit badges.

no\_face • 5 points • 29 July, 2015 04:23 PM

In fact, circlebroke is the real endorsed. Us patting our own back is less valuable after all.

We should have like a purple heart flair next to the usernames of those who are on the list.

RedBigMan • 2 points • 29 July, 2015 06:20 PM

Naw circlebroke is more like some douchebag wrote a script that scraped all the names of anyone who has posted in TRP more than a certain number of times within the last X months.

alanthemanofchicago • 8 points • 29 July, 2015 03:00 PM\*

Don't know how they got the names. I comment here fairly regularly, but no actual contributions/posts, not endorsed or anything, but I'm there in the list.

Edit: I'm wearing mine like a badge of honor. Yeah, I'm a TRP user. You should be too, maybe you could improve your sad fucking lives.

-Quotidian • 3 points • 29 July, 2015 06:54 PM

Same. No idea how they collect our names, but I've been tagged. I wonder what they'll do with the information?

alanthemanofchicago • 5 points • 29 July, 2015 07:02 PM

crushedbycookie • 26 points • 29 July, 2015 06:59 AM

tofeelforever • 9 points • 29 July, 2015 10:01 AM

breakingbadrule • 5 points • 29 July, 2015 01:12 PM [recovered]

are you subscribed to this as your default subreddit? could be that. Even I am curious about the technicalities behind this.

Schrodingersdawg • 12 points • 29 July, 2015 07:31 AM

I remember the day where askfeminists and feminists banned me.

So proud.

[deleted] • 18 points • 29 July, 2015 12:40 PM

I was banned from r/Feminism for saying Audrey Hepburn is mainly thought of as an accomplished actor rather than a sex object.

I wish I had been banned for saying something more important.

the\_number\_2 • 5 points • 29 July, 2015 09:46 PM

I was banned from offmychest simple for having SUBBED to FatPeopleHate (though never posting, from what I recall).

Skater\_Goy • 5 points • 29 July, 2015 07:05 PM

But... You were right. They're deliberately dehumanizing a dead woman for their agenda.

Rand\_ard • 2 points • 30 July, 2015 07:55 PM

I got banned from gamerghazi for saying that being a voice actor in a videogame doesn't make you a hardcore gamer. It was impressive how fast I got banned too. It was in the neighborhood of 45 seconds.

Sworn\_to\_Ganondorf • 2 points • 29 July, 2015 06:35 PM

I was banned from Feminism for pointing out that some statistic they were using was outdated and misinterpreted. I lasted like 2hours bahaha.

MightyYetGentle • 2 points • 29 July, 2015 12:50 PM

they can have our names and none of this really fucking matters the very second i step away from my keyboard. Some pasty glob femenist should definitely spend their time seeking me out. seriously though, is doxxing a possibility?

mryddlin • 40 points • 29 July, 2015 10:00 AM

yes, never under estimate the level of shit people will commit to for a cause.

Fanatics are always dangerous, doxxing is a real threat and it's why they use it.

MightyYetGentle • 8 points • 29 July, 2015 12:53 PM

Even doxxing some of us will achieve jack shit unless you are some fake person who can;t handle defending your position. The only way this shit can affect you is if you personally let it affect you. And if your ass could be on the line for your opinions, well that fucking sucks lol. I wouldn't know.

BluepillProfessor • 11 points • 29 July, 2015 04:12 PM

In academics and in many professions they would have no problem firing you for participating on Red Pill.

MightyYetGentle • 7 points • 29 July, 2015 04:22 PM

Well I guess that's even more reasons to appreciate being your own boss.

fullhalf • 6 points • 29 July, 2015 09:06 PM

i honestly can't understand why redpill is bad. sometimes you'd see real misogynists on here and they make no sense but most of it is just realistic shit based on evolutionary biology. there is just no way it is false. if redpill psychology is false then 90% of evolutionary psychology is also false like the explanation for why mammals have emotions to begin with or why humans are both selfish and generous. most men are just blinded by fear or ignorance and most women are just flat out in denial about it because it makes them look so ugly.

fullhalf • 7 points • 29 July, 2015 09:04 PM

you have no idea how it works. they will call your friends and family and work place and make shit up. it doesn't matter if it's real or not, it takes a strong person to get caught in that harassment net and stand by you. they're not going to call you out to defend your position. their own position makes no sense to begin with, they can't argue shit about it. all they have is their campaign of public shaming and fear. the proof is in the fact that so few people dear speak out publicly against it.

MightyYetGentle • 2 points • 29 July, 2015 09:07 PM [recovered]

I would love too see that. My whole nuclear family knows about SJWs already and some

faggot calling and making shit up would merely add another topic of conversation while eating dinner. There are internet activists and then there is reality, and they aren't nearly affecting it as much as they would like to believe.

fullhalf • 3 points • 29 July, 2015 09:24 PM

well i've heard a lot of guys lose their jobs over it. it just didn't happen to you because you're not a good target. they're not going to devote a lot of time to some guy who makes a couple posts. the ones i talked about are mods of subs.

[deleted] • 7 points • 29 July, 2015 04:00 PM

The purpose of doxxing is to unleash the crazies ... your political position is not longer a factor

RecQuery • 4 points • 29 July, 2015 10:59 AM

It depends on how obsessive the person is and how popular/controversial your opinions are:

Do you use the same nickname/handle elsewhere, possibly linked to your real name or location?

Have you ever mentioned anything that could narrow you down to a certain country, city, university, etc?

Any pictures they could do a reverse image search on?

How many social media or public user profiles do you have that could feed them more information?

Have you ever linked to a profile or comment you've made on an account some where else that has your real name?

breakingbadrule • 2 points • 29 July, 2015 01:09 PM **[recovered]**

No. Use it just here. Don't even use variations of it elsewhere.

Mentioned city possibly but that's all. There's 10 million people in mine.

No pictures related to this handle.

No accounts related to this.

No

All this aside, it's common knowledge that our ip addresses/browser metadata etc, are captured without our consent. Now what we have here is just the mods of a few subreddits doing this. I'm concerned that there'll be something/tool that will be created which will outcast us from reddit itself, along with also doxxing us.

[deleted] • 7 points • 29 July, 2015 10:03 AM

Depends on how much personal info you post out here, and/or whether you use the same handle for other accounts on the Internet.

NidStyles • 3 points • 29 July, 2015 10:04 AM

I've been doxxed before, it's not really that bad. If you act shocked and confused they think they've won. It's actually amusing IMO.

Hegemott • 2 points • 29 July, 2015 07:50 AM

I'd love pulling a social justice warrior to the government justice bureau though.

xu85 • 17 points • 29 July, 2015 06:55 AM

Thing is you'll find yourself getting downvoted if you ever post in a default or largeish sub, and you might not know why. You might well persevere, but others will lose faith and quit posting/contributing.

Neutral observers won't understand and will only see a downvoted comment, and assume 'the community' disagrees, as opposed to a select group of determined leftists harassers.

[deleted] • 30 points • 29 July, 2015 08:13 AM

The simple solution is to not care about imaginary good boy points. If you are fighting the good fight out there, your karma will be shit already. Who cares what a bunch of limp wristed pussies think anyway. Let them lead their failed lives.

Nebulose11 • 2 points • 29 July, 2015 02:58 PM

TheSKSpecial • 220 points • 29 July, 2015 02:48 AM\*

Pretty sure any time you say anything on reddit remotely anti-feminist or doesn't cast women as the most wonderful, perfect beings on the planet that you've already been branded an "MRA" or a "TRPer". It's nothing new, it's just more blatant.

Hell, motherfuckers will comb your comment history if they disagree with you, just to find something to "attack" you with.

"He says  $2 + 2 = 4$ , but he posts on TRP so he's wrong!"

dr\_warlock • 133 points • 29 July, 2015 05:30 AM\*

There was a comment in the TRP archives that said, *"like video games, you know you're going in the right direction when you run into enemies"*

The plugged-in are reacting to our growth. Remember when the community was way below 100k? No one gave a shit, they just dismissed us. Now we're growing in number and they hate it. We're revealing the truth that has been shrouded in darkness, shaming, smoke and mirrors. People have invested much, if not entire lives upon false ideologies and we're saying they've gone about it all wrong from the start. They're doing everything they can to shame and ridicule, but their efforts only shine light on us. The same thing happened to Christianity in Rome, when polytheism was the norm. The state would execute secret Christians in colloseums or force them to denounce their faith publicly. They made sure it was a big spectacle in hopes people would shy away with fear. It only brought attention to the cause and strengthened the conviction of the present followers.. So much so in fact, the state gave up and adopted Christianity starting with Emperor Constantine converting on his death bed, then Theodosius I turned a blind eye to violence against pagans, destroyed their temples, banned their practices and ordered the Olympic Games, an event dedicated to the pagan Gods, to be banned. He declared that all Romans should be Christian. Decades later after his death, it became the official religion.

Our haters will continue to grow, but so will our following. People here need to stand their ground and have some conviction. Don't ever tone it down or try to placate to the masses. The only way to do that is to lower the bar down to the lowest common denominator. Sack the fuck up. I stand by everything I've said and will continue spread the message within this sub. SJW's can go fuck themselves. This is the most important part of our philosophy. How well can you stand when the pressure is on? Will your frame fall and crumble? Or will you march on and tell the world to go fuck itself?

warcroft[S] • 40 points • 29 July, 2015 06:16 AM

If someone trawls your post history and digs up some random viewpoint they don't like, call them out on the logical fallacies they're committing. Ad hominem attack and reverse appeal to authority in this case. Him attacking you does nothing to the veracity of your claim. Him portraying you as not one in authority also doesn't diminish the merit of your claim.

OlanValesco • 5 points • 29 July, 2015 10:29 AM

And the beautiful thing is maintaining amused mastery when you do it. Don't unleash some scathing diatribe. Just calmly say, "Your ad hominem attack does not reduce or improve the truthfulness of my point. Please address my argument."

They'll either: give a reasonable response < give another argumentum ad hominem < give no response.

[deleted] • 58 points • 29 July, 2015 03:46 AM

It's just so they can see you on RES as an untermenschen according to SJW definitions. Expect "Guilt by association" fallacies whenever you post in a sub where they are also posting. Expect banning in subs they moderate.

Doesn't matter much to me, not interested in participating in the SJW circlejerk. If a sub I frequent decides to use this as a ban list, then it isn't a sub I want to participate in.

I'm a free speech kind of guy. Call me crazy.

Fuck that. They can ban me. I don't want to participate in any sub who polices thought like that. I'd rather know they are fascists than to pretend I'm not posting on TRP. It just isn't that important to me to post to subs where they do that kind of shit.

Not for anything, (and I don't give a shit about being on this "hit list"), but if Reddit was going to be consistent about "banning harassing subreddits", well....what could encourage more harassment than assembling a Nazi-like "hit list" of names?

AlcoholicSemenThrowe • 24 points • 29 July, 2015 10:48 AM

Reddit is a lost cause. If shit like this can fly, imagine what's next.

Cyralea • 13 points • 29 July, 2015 02:03 PM

Honestly, I find this stuff hilarious. Just sit back and watch, use it later to point out the hypocrisy. The ensuing hamstering is a goldmine.

There was a TBP post about staging a false-flag operation in here after Chairman Pao declared that harassment subs would be banned. They collectively rubbed their brain cells together and figured out that running a false-flag with the intent of getting a sub banned might actually constitute harassment.

[deleted] • 8 points • 29 July, 2015 04:11 PM

Also, if we were gone, blue pill sub would have no ying to its yang, they would have nothing to do all day...

If we should ever be forced to move our community offsite to Puerarchy, the shitstorm that preceeds the closure of /r/TheRedPill will be archived. It'll make for great educational reading material for future initiates.

The hamstering might be going something like this: Women can't be sexist. And by the way they're just expressing their preferences and sexuality in a 50's era fashion. Something something strong women can choose to be submissive.

aguy01 • 22 points • 29 July, 2015 02:53 PM

They think we brainwashed and abused them into being RPW.

BrunoOh • 2 points • 29 July, 2015 03:35 PM

More like "Women should be able to do anything they want, as long as it's what we want".

[deleted] • 2 points • 29 July, 2015 06:28 PM

Internalized misogyny. They are not allowed to be submissive or please men, but they have been misled by the evil patriarchy and need to be sent to a re-education facility. They are victims, can't you tell?

scallopkid • 4 points • 29 July, 2015 03:13 PM

Oh trust me, women can make any choice they want, as long as it tows the feminist party line. They are all about denying women's agency as soon as anyone starts choosing to be submissive.

FlowerAndWillowWorld • 4 points • 29 July, 2015 09:58 PM

I'm on their hit list, but I visit both subs. As do many of the women at RPW, so they're probably on the list too.

I assume it's only a matter of time before they add the RPW sub directly.

[deleted] • 2 points • 30 July, 2015 12:44 AM

I'm on the list as well - right before you, actually. I considered cross posting to RPW but figured everyone would see it here anyway.

[deleted] • 48 points • 29 July, 2015 07:31 AM

This list is at the very least unethical.

There are a lot of disagreements in the red pill as a sub and even the 'unifying' theme is a bit wishy-washy when compared to types of philosophy or any other ideology really.

The fact that these SJW's are missing is that there are quite a few people reading and even posting who don't meet the requirements of being 'red pill' in that they are either very skeptical of mainstream tenets of RP, or are dissenters reading and discussing discourse that challenges their beliefs.

The idea that you can make a hate-list for even having discussions on a sub is just... a shockingly aggressive and mean act. Imagine the fallout if a group of popular sub moderators made a list of everyone that posts in jewish focused subreddits? The outrage would be intense... why not for this equally appalling action?

[deleted] • 10 points • 29 July, 2015 10:12 AM

This. But the ideology is strong with the SJWs, and the brain, not so much.

Manosphere is growing. They can no longer ignore it. And weak attempts to ridicule it backfired hard - I was TRP member #18k-something and look at us now: 123k and counting. Let alone MRA and MGTOW (those that don't overlap).

They are preparing now and sooner or later the sense of panic will be unbearable and someone will pull the trigger. Once again for new guys that missed it - our backup site is puerarchy(dot)com.

HonestMaskProprietor • 17 points • 29 July, 2015 06:39 PM

The growth of this subreddit convinced me more than anything else, the death of a person or a community is not achieved if millions hate them, but rather if millions have never heard of them at all.

Actually, I have to wonder how many men came across this subreddit in the same way I did.

Step 1, see a reference to it somewhere else on reddit among people vilifying Red Pill.

Step 2, possess the framework of wisdom to always familiarize yourself with the arguments and ideas of your enemies, no matter who they are or what others think of them.

Step 3, look up from the computer with bloodshot eyes six hours later, reflect back on your previous and current relationships, and quietly mutter, "Well, shit."

[deleted] • 2 points • 29 July, 2015 07:58 PM

That's what happened to me. I had never seen men's rights before but I agree with most post.

fullhalf • 2 points • 29 July, 2015 09:17 PM

it is growing. 2 years ago it wasn't like this but now you're seeing more and more guys speak out about it. the stronger feminism rises, the more misogynistic men will become. women should know that everything they have are by the good graces of men and they can take it away at anytime. i used to have a romantic view of relationships and shit but now im just angry at all the unfair shit that's happening. fucking non stop crying from feminists blaming their failures on men. back in college i had this female prof in the engineering department. she was really nice and i respected her a lot because she seems to get more funding than the other profs so she must be way better than them. it wasn't until years later that i realized it was only because she was a woman. this was like 10 years ago. it's even worse now. back then people rarely talked about it, now it is THE ISSUE.

This account is on the list because I've posted in TRP a couple of times, hilariously though several of my troll accounts that are way more offensive than anything seen on TRP didn't make the list of "offensive users" because I post in more standard subreddits with them.

Just watch "LAST WEEK TONIGHT" with John Oliver. I think the guy is funny, and his writers make good points. However, I swear that dude is trying to run for president of the feminists. Either that or he is trying to bag a die hard feminazi snowflake.

[deleted] • 3 points • 29 July, 2015 05:35 PM

I had to stop watching Comedy Central because of the Daily Show and their pandering to everything left. Yes some things on the left are good John, that doesn't mean EVERYTHING LIBERAL is 100% correct. At least Bill Maher doesn't go blindly left.

[deleted] • 2 points • 29 July, 2015 09:33 AM

You don't need to be an sjw to enjoy that. Anal penetration is more enjoyable to males than females, because of the prostate.

[deleted] • 5 points • 29 July, 2015 11:19 AM

When anal penetration requires feminism, there is something else involved besides anal penetration.

[deleted] • 2 points • 29 July, 2015 11:35 AM

The guys here are "proving" his point in a way tho. You're making fun of him for enjoying anal sex. You don't need feminism to be penetrated.

[deleted] • 4 points • 29 July, 2015 11:37 AM

We're making fun of him because he is a bitch. If he can't have anal penetration without feminism that implies his girl already is his captain. That's plain disgusting if you ask me, but not an argument against anal stimulation in itself.

[deleted] • 2 points • 29 July, 2015 11:49 AM

I think his complaint is his manhood being brought into question. Personally, I don't think feminists generally care about men's issues but every once in a while they'll make the correct judgement that men get judged by other men for non conformity to gender expectations (even though I've seen a lot of them reframe these issues as misogyny or a female issue somehow).

scranton1ty • 2 points • 29 July, 2015 04:49 PM

He said he's "tired of feeling unmanly". He's demonstrating a very feminine insecurity in his own sexual identity = he's being a bitch.

If he enjoys weird kinky shit, then fucking own it and don't hold up fucking signs

saying you "need" society to change for you to feel good about yourself.

This is why I have a TRP-only account and never post information that could be used to dox me.

I learned from experience that if you post something controversial on a mainstream sub, there are people who will look at your comment history and then try to discredit your viewpoint by telling everyone your association with TRP. Then a downvote brigade happens on all your comments, regardless if they were TRP related or not.

We live in a world of Identity Politics where the group you associate yourself with holds more weight than individual perspectives or experiences.

[deleted] • 11 points • 29 July, 2015 04:43 AM

And? The way to defeat identity politics is to come in like a wrecking ball, loud and proud without giving a shit what they think. Also use their logic against them, they hate it because for them to argue against it they would also be discrediting their own arguments which rely on that bullshit.

...the amount of time and effort they take to stay out of reality...my god.

Also, isn't there anyway this can be weaponized against them? Not that I care but the fact you can pull a subreddit username dump....

[deleted] • 12 points • 29 July, 2015 06:08 AM

It is good to know and a sad reality, but I also think it's bad to be too scared of this. People on the Red Pill are much more valuable members of society; economically, socially and romantically, and therefore more powerful than the people trying to bring us down. End of the day, we are investing resources in improving ourselves, whereas the people watching us are investing resources in bringing down others through a shaming system only recognised by their own powerless cronies, which puts us in a much better position. Keep frame.

howaldmg • 3 points • 29 July, 2015 12:45 PM

I hate that I had to scroll this far to see a comment that says "Keep frame."

If you get a negative reaction from being on this list, you're probably going to have much larger ideological issues with the people reacting negatively.

If you find someone using this list as an excuse to brigade you, report it and move on. These list makers thrive on reactions. Don't give them the satisfaction. Keep frame.

[deleted] • 3 points • 29 July, 2015 01:00 PM

It's good to encourage people to keep frame in light of the constant battery of the SJW community. That requires, as you say, not being provoked into reacting to these kinds of actions. Of course, we're free to discuss this topic internally.

I've already been banned from offmychest and maybe more by the cabal (TINC).

Back when I first started posting on reddit, I didn't know about making alternate accounts for different subs. Though reddit has rules against sockpuppetry, a lot of communities prohibit multi accounts outright. I used this account as my main and posted wherever. Fortunately, I'm not a neofascist and don't post to places like gasthekikes or coontown, but I did upvote some pron early on.

A man lives and dies by his reputation. You are known by your words and the company you keep. I'm proud to be among you all. This really is one of the more interesting of the large subs on this site. There aren't that many places where you can discuss what it's like to be a man and what meaning to derive from masculinity without intrusion from the femmesphere.

As far as those who make enemy lists, let me just say they are kind of people who become useful idiots to

extremists movements. Free expression is a cornerstone of our culture. They're not part of any solution. They're part of the problem.

Jaereth • 5 points • 29 July, 2015 04:43 PM

I just don't get it. We come here, and i'm sure the men's rights areas too, we just want to talk. We just want to be left alone. We come here and talk about ourselves. They go to their spaces and talk about us? What's up with that.

We have goals, lessons, an ideology. We try to build each other up with suggestions and comments. I guess i'm trying to get to the point of our community is based on the content that defines us, their community seems to be based on hating us, instead of any such content of their own to rally around.

That being known, it gives you a very large window of insight into the kind of people that make up this "SJW" crowd. You all feel free to take your own life experiences and make your own judgments. I know that taking my life experiences into account, and the people i've met, the type of people who use a large portion of their energy to attack and malign other people because they identify with a certain group or hold a certain ideology, are typically devoid of any other substance in their life.

They cling to the hate because it makes them relevant, at least in some area. Hate groups (which is starting more and more everyday to describe the people who would label us with that term) are only appealing to people who are so desperate to be in a group to begin with. People so lonely and lacking any kind of substance in their life, that they can look past the idiocy of what they are actually doing, because now they are in a group. Now they have "friends" and now they are part of a community.

Now there are truly hateful people, no doubt about that. However, if we had some magic mirror where we could look into the personal lives of our biggest and most vocal internet detractors, such as, the type of people who would put the effort in to create a list of names that are only relevant to a totally anonymous website, in order to have some kind of perceived control over others, if we looked into those lives, I think we would find them laughable. We'd see a bunch of sad, broken people, who are embracing hate instead of doing the *hard work* it would take to get their lives on track.

Instead, they would rather let their jealousy and hatred be their focus. That perceived sense of power on an internet message board. It seems very petty and inconsequential to us. However, if you spend your real life walking around your city at the absolute bottom rung of the SMV ladder, it probably feels very very important and relevant to come home and let those above you on said ladder have it. Especially when you've been lead to believe it's those TRP chauvinist rapists making the world the way it is for you, not your ultralow value in the SMV (which is entirely up to you to change)

Sorry for the beta rant TRP but as someone in the path of improving oneself **I am really fucking pissed right now.**

But I won't lower my head, I won't stop lifting, I won't stop reading Meditations/Wayofthesuperiorman/ThePrince , I won't surrender to these Nazi-PC people, I won't stop improving myself.

I will wear this brand with motherfucking honor, and I won't unsubscribe to this sub, KiA, and others, they **helped me more than any of you SJW-shit, go fuck yourselves in your echo chambers.**

Ok, now I cooled off.

[deleted] • 2 points • 29 July, 2015 04:30 PM

Bullies are idiots and so are these people. Nothing is wrong with self improvement. Fuck the haters man, keep doing you.

Doctor\_Mayhem • 9 points • 29 July, 2015 04:14 AM

Nice. We should all try to make their list.

Update: Yep, I'm on it. Fuck yearh. You faggot fucking SJWs reading this? How would you like to get doxxed? You wouldn't dare try something IRL, yourself, you faggot cowards.

[deleted] • 3 points • 29 July, 2015 09:29 AM

I don't usually post here, but I will now just to see if I can bait any tumblrkin into harassing me.

[deleted] • 3 points • 29 July, 2015 10:34 AM

I regret I am quite unable to give a fuck about this. My opinions are my own, and I care not one whit about petty censorship, RES tags, or imaginary Internet points.

Always up for a good debate though if anyone is inclined to talk about topics of disagreement like an adult.

[deleted] • 3 points • 29 July, 2015 01:43 PM

Sweet I'm on the list. High fives all around, guys.

Transmigratory • 3 points • 29 July, 2015 09:48 PM

I'm failing to see the significance of this list. Do any of us even care to go to SJW infested subs?

If you really must, and or if you feel other sensible subs, subs that can actually also add value to your life, like investing etc will look down on you for this: make another account. Done.

Look at the subs, they're more fucking affected by this. I seriously laughed when I saw the reactions they had to the comments here. Though their equality cause kinda goes down the gutter: I don't agree with you, therefore I

must tag you so I know to ignore you.

Things like this, contrary to what they thing, will only get people here. For instance what they're doing is a textbook example of a shaming tactic... care to guess which "textbook" this example comes from?

[deleted] • 3 points • 30 July, 2015 12:50 AM

I've ended up on the list as a RPW - so sorry girls, I'd bake you an apology cake but I'm too busy fixing dinner and sucking my boyfriend's dick.

draketton • 3 points • 29 July, 2015 02:46 AM

it's been going on for over a year and a half

plenkton • 1 point • 29 July, 2015 03:55 AM

OP's list massive in comparison. Seems like exponential growth in TRP, and thus understanding of the sexes.

rporion • 1 point • 29 July, 2015 11:56 AM

I am on that too!!

I am flattered...

Shitlord\_Unbound • 4 points • 29 July, 2015 04:18 AM

I made the list!

Of course this is a throwaway that I use to post on controversial topics. I created it the first time a FPH community member got doxxed. Everyone should consider using one, if you have Reddit Enhancement Suite its stupid easy to switch between accounts.

They are the new Puritans so it makes sense that they would hand out their own scarlet letter.

an0n4btc • 3 points • 29 July, 2015 04:22 AM

I'm on the list, what do I win? :D

Thank you, poor folks of the circle, for such a mighty award.

Your right about the delight-fulness of the award OP; as I broke my 'no emoticons' rule to accept it.

SubNoize • 2 points • 29 July, 2015 04:54 AM\*

There's a certain hypocrisy in how they're approaching this. "we don't like the way you treat certain people of a community within your own community so we're going to take it even further and create tools to harass and treat certain people of a community in a negative manner"

In their eyes if these subs are so bad I don't think the best way to fight them is with fire... Both parties just end up angry at one another. It baffles me why people can't just allow communities of whom they don't belong with to exist and not upset them.

I believe this is my first post on trp and yet I'm on this list, I read posts here and I read posts elsewhere on reddit, it doesn't mean I identify as such (no offence to anyone here who does) but I feel like in order to be a well rounded individual who understands the world they're a part of you need to experience opinions that you might not initially agree with but that doesn't mean you can't learn from them. Some posts in this sub reddit are probably a little full on and in depth but that doesn't mean that I can't enjoy the others which carry value.

It just seems so childish, I'm sure if they wanted to actually achieve something there is a much better way to approach it but with saying that, people are free to believe what they want. I'm atheist but I don't go around starting wars with the religious just because it's no of my preference.

HerculestheRed • 6 points • 29 July, 2015 05:55 AM

Yeah, but it's okay for them to do it because we're the *bad guys* and they're the heroes of the story. The end justifies the means with them. Who cares if they're literally doing what they're mad at us for doing? It's okay that they did it, clearly we did it for no reason!

Even though the great irony is that we, the TRP subreddit have never set aside time and resources to create tools of harming anyone. Literally all we've done is disagree with the narrative that women are innately angelic and do no wrong.

I'm a feminist. I believe women can do everything men can. Including be immoral, selfish cunts. And for that I deserve to die or at the minimum sentence: have my life ruined until I kill myself so their hands are clean.

For the sin of not blindly following the narrative. It's literally "kill the heretics!"

TheKorken • 6 points • 29 July, 2015 07:09 AM [recovered]

"heilhitler420blazeit" I think this user has other problems than beeing on this list.

Dualmilion • 2 points • 29 July, 2015 08:42 AM

Lol I'm on there because of KIA

[deleted] • 2 points • 29 July, 2015 09:29 AM

So, what exactly can they or do they do with this list. I'm in it. So, what? I mean, what does it mean.?

dr\_warlock • 4 points • 29 July, 2015 12:19 PM

It's a shaming tactic to keep you quiet.

[deleted] • 2 points • 29 July, 2015 09:56 AM

Great i made it to another list :D so now what ? They start going through the list and suck our dicks ? I am somewhere in the middle so i'll have to wait though....

On a serious note, i have suspected somekind of secret brigade cuz i had comments downvoted w/o reason previously. Fuck em, they can not stop men from waking up. The feminazis are the reason itself for us being here.

[deleted] • 2 points • 29 July, 2015 10:13 AM

Who the fuck cares?

That's why we have 2 accounts. 1 for TRP and 1 for other subreddits. Unless they trace IP and see same account being logged in from same IP, nothing new will happen to us.

clint\_bronson • 2 points • 29 July, 2015 10:37 AM

So what if you're name is on a list of a sub? What will they do with it? Ban you from said sub? oh my...

IDGAF attitude is your friend.

[deleted] • 2 points • 29 July, 2015 11:13 AM

Found myself on the list for posting in KiA - well in for a penny, in for pound.

I've only been a lurker here - now is a good a time as any to say I wish to talk openly about whatever topic I want, whenever I want.

Calamash • 2 points • 29 July, 2015 11:13 AM

Why does this even matter? This is completely useless.

[deleted] • 2 points • 29 July, 2015 11:41 AM

Bunch of passive aggressive pussies.

DogePerformance • 2 points • 29 July, 2015 11:56 AM

Those of us that are vocally pro-2nd Amendment are used to this sort of thing IRL.

Somehow, this is a list I'm not currently on. HA.

[deleted] • 2 points • 29 July, 2015 12:08 PM

I wrote one comment (in this sub, this is my second ) which stated out that I've watched a documentation.

With my comment I gave scientific proof to help the OP to validate his theory.

And now I've found my nickname as a Json object in some kind of a weirdo list.

I wonder what kind of persons creates lists like that? ( no life ? )

new-me123 • 2 points • 29 July, 2015 12:13 PM

I prefer the harsh reality of TRP than the insanity and bullshit that is Reddit, especially askmen and askwomen

[deleted] • 2 points • 29 July, 2015 12:17 PM

Oh I'm on there too, what a treat

Lytalm • 2 points • 29 July, 2015 12:19 PM

LMAO, I'm on the list, but because of a dumb reddit circlejerk comment I made on KotakuInAction!

[deleted] • 2 points • 29 July, 2015 12:23 PM

I made the list.

Badge of Honor.

SexistFlyingPig • 2 points • 29 July, 2015 12:37 PM

Maybe I should change my username when I post elsewhere then.

agarmend • 2 points • 29 July, 2015 12:54 PM

I'm not in the list. WTF am I doing wrong?!?!?!

Hennez • 3 points • 29 July, 2015 01:36 PM

You should stop everything you're doing and reflect deeply about your ways. And then come back stronger.

Entele • 2 points • 29 July, 2015 01:00 PM

Why do they bother harassing Red pill members? This sub is pretty closed now and doesnt participate in linking to other subreddits. Reddit and its double standards.

[deleted] • 2 points • 29 July, 2015 01:01 PM

Sweet, I'm on the list.

You know when fuckers like these are criticizing you and putting you on a list, you're doing something right.

Cyralea • 2 points • 29 July, 2015 02:08 PM

You'd have to hate someone pretty hard to go out of your way to do this. Funny how no one ever seems to call anyone but us hate-filled.

Glad to be on their list.

SexyDevil • 2 points • 29 July, 2015 02:14 PM

My name is on the list. "Mom! Mooooooom! I've succeeded in life - look!" You weren't right about me becoming a complete failure in life, after all.

Upvote\_To\_The\_Left • 2 points • 29 July, 2015 02:34 PM

I dont harass anybody on here, ever. If reddit ostracizes me for what subreddits I participate in then they would be doing me a huge favor by banning me.

And I am on that list. but I dont get downvoted randomly, and I sometimes post in r/relationships.

[deleted] • 2 points • 29 July, 2015 03:09 PM

I made the list! Someone help me put this on my resumé.

Jessie\_James • 2 points • 29 July, 2015 03:16 PM

Yeah, you know what?

We should all subscribe to that list (however you do it) and upvote other members anywhere we see them on the site.

Philhelm • 2 points • 29 July, 2015 03:42 PM

I'm sure many of us are already on lists of greater concern, but for different reasons.

regal1989 • 2 points • 29 July, 2015 03:53 PM

Oh shit. I'm there too. Since when is subbing to a place prima facie evidence of wrongdoing? Maybe I like to hate read the stuff here. Reading SRS doesn't mean I'm a SJW. Reading TRP doesn't make me a woman hating shitlord.

[deleted] • 2 points • 29 July, 2015 04:36 PM

Doesn't change a fucking thing.

Hunter2isit • 2 points • 29 July, 2015 04:43 PM

Don't give a fuck what anything thinks of my opinions.

Funny how mad they are at us. haha :D

Sibilant\_Engorgement • 2 points • 29 July, 2015 05:53 PM

Hey look, we are all on there. Hold frame guys, the storm might get rough.

Sibilant\_Engorgement • 2 points • 29 July, 2015 06:26 PM

They can't even follow their own rules. This was in their sidebar.

"Do not target individual users or call attention to arguments you are embroiled in".

They definitely have targeted users.

newls • 2 points • 29 July, 2015 07:15 PM\*

Yippee, I made the Honours List. The newly knighted Black Knight Sir Newls finally gets some recognition.

On a more serious note, I am entirely unsurprised by the hypocrisy of Reddit's and Github's management.

They talk windy Marxist rubbish all day, then stay silent and do nothing when the SJWs do the same things they claim to want to stop.

[deleted] • 2 points • 29 July, 2015 07:19 PM

[deleted] • 2 points • 29 July, 2015 07:22 PM

No mention of me, and I really hurt some feelings on subs. Looks like I need to go into try hard mode.

ChadThundercockII • 2 points • 29 July, 2015 07:27 PM

**"YES!!!"**

Good. Hopefully being on the list means I can avoid hearing their garbage...

DMMDestroyer • 2 points • 29 July, 2015 11:16 PM

I wear my barcode with pride. Every single one of you should as well.

[deleted] • 2 points • 29 July, 2015 11:21 PM

I would be ashamed to not be on that list.

rebuildingMyself • 4 points • 29 July, 2015 03:05 AM

We used to do the same for SRSers a long time ago.

Feminists are never original

[deleted] • 3 points • 29 July, 2015 04:09 AM

I don't care.

Hawking would say that everything you do is recorded all the time unless you happen to be in a black hole.

Maybe even then.

[deleted] • 4 points • 29 July, 2015 05:15 AM

Seriously what they gonna fucking do? Nobody of importance in real life would give a shit if we post here or not. Reddit is incosequential, contrary to what users tend to think.

[deleted] • 2 points • 29 July, 2015 06:45 AM

Pretty pathetic and low, but everyone knows that feminists and SJWs alike are the lowest pieces of shit ever.

This is how they try to control people, SJWs and feminists want to control other people's lives, and will use this list in an attempt to shame those who reject their disgusting moronic ideology.

This is very bad news for SJWs; they are just cementing their fate on Reddit.

neoj8888 • 3 points • 29 July, 2015 07:29 AM

Okay. So find the names and addresses of all those involved with creating the tool and taking part in its function.

GMUwhat1234 • 6 points • 29 July, 2015 03:33 AM

same with r/coontown. what giveS?

rasashai7 • 8 points • 29 July, 2015 05:16 AM **[recovered]**

Yeah, I don't see how they manage to put TRP in the same category as coontown, those guys are straight racists.

1independentmale • 22 points • 29 July, 2015 06:04 AM

We're worse than racists in the eyes of the typical SJW. We're men who have disregarded the feminist imperative. We've taken these bitches off their pedestals, picked up our balls and said, "We're done here."

This is about control, plain and simple. Bitches want to wear the pants, to keep men under their thumbs and doing their bidding and this shit doesn't work on us. We're a small but rapidly growing group and we scare the piss out of them. Women's stranglehold on men is weak as fuck, all we have to do is stop playing the game and there isn't shit they can do to stop us. The men's rights movement is showing their true colors and enabling men to wake up and smell the sewage these bitches have been feeding us.

We're far more dangerous to feminists than some lame ass racists. We directly threaten their very existence. As more and more men wake up, fewer women will be able to live the easy ass lives they've been enjoying to date.

GMUwhat1234 • 5 points • 29 July, 2015 06:09 AM

Ironically both subs look down on SJW's. But then again they're all blue pillled so far beyond belief I actually think SJW's suffer from mild mental retardation

vandaalen • 2 points • 29 July, 2015 06:25 AM

The average SJW dumbnut thinks that we are not only women-haters, but also racists.

Jaereth • 2 points • 29 July, 2015 04:25 PM

Do not forget rapists. I saw someone saying that "Rape is a step in the TRP way to get women"

cocaine\_face • 2 points • 29 July, 2015 07:14 AM

It's true, one of the first people I saw that mentioned TRP to me (IRL friend for years), described it as

basically a Stormfront that hated women too.

Osama\_bin\_Lefty • 2 points • 29 July, 2015 03:21 AM

RedPharaohRising • 2 points • 29 July, 2015 03:57 AM

I'm not on it now. This should rectify that.

ioncloud9 • 2 points • 29 July, 2015 04:02 AM

I made the list, great. I am in their hit list for being a much better and happier person.

Haha, cunts these days.

teiman • 2 points • 29 July, 2015 06:13 AM

SJW are not about logic or discussions, but about their feelings. So they dont even want to engage in a discussion. I heard they even have ignore bots in twitter. They want to live in a eco chamber where their "ideas" are not challenged. They only accept validation, no discusion. Even If my ideas where 99.999% the same then them, I find this unacceptable.

[deleted] • 1 point • 29 July, 2015 08:44 AM

nuesuh • 1 point • 29 July, 2015 12:06 PM

I won't shed a tear once we all get banned from this cesspool known as Reddit. Reddit should ideally be boycotted, but it's a good place to spread an important message that a lot of men need. I sure as shit needed to be told why beliefs were doing me harm.

There are other options for running a red pill forum.

JamesKBoyd • 1 point • 29 July, 2015 01:42 PM

RPthrowaway123 • 1 point • 29 July, 2015 01:54 PM\*

I'm on the list! Cool! I'm finally on a list somewhere! They got both my TRP burner account AND my old "real" account. I have to say, I'm impressed at the lengths they will go to in order to stifle dissenting opinions. Bravo, powermods.

crosenblum • 1 point • 29 July, 2015 02:19 PM

So be it.

If the price of freedom is being targeted by hateful and uninformed others, so what.

This is why we develop a thick skin, to know that who we are comes from inside us, not the labels others try to apply to us.

But again the histories show the truth, that those who pursue the path of endless hatred, tend to be highly self-destructive.

EnigmaticPhilomath • 1 point • 29 July, 2015 02:20 PM

Fortunately I've not been targeted (yet), though I intentionally keep quiet on this sub for fear of pseudo-litigation.

[deleted] • 1 point • 29 July, 2015 02:24 PM

I'm on that list for two reasons: speaking my mind, and my association. What an open minded group, McCarthy would truly be proud.

All sarcasm aside, fuck these feeble cunts. What are they gonna do? Circle jerk and bitch and moan like every other day.

[deleted] • 1 point • 29 July, 2015 02:31 PM

This seems silly, like in elementary school when people used to make lists of who they friends were and stuff, I won't play. This is of no consequence to me.

This is some gestapo level shit, I'm actually in there. Don't agree with us - get put on a list.

Utterly disgusting.

jaredschaffer27 • 1 point • 29 July, 2015 02:45 PM

I'm proud to say I appear on the list. These SJWs are the most infantile and damaged people on the planet, I consider it a slight honor that they likely hate me.

thepillwastaken • 1 point • 29 July, 2015 02:48 PM

I'm on the list. It's funny because some neckbeard already used the "I knew you were a redpill person when I read this post" for something completely unrelated, giving away the fact that he stalked my posts.

People are really petty and nasty. Just shows their true colors.

[deleted] • 1 point • 29 July, 2015 02:49 PM

Pfft, I'm already on a hitlist for being in this subreddit and supporting gamergate. Honestly, I could give less of a damn why these type of people are interested in me or any of us. While these whiny feminists and beta males are killing themselves miserable by making a hitlist for anyone who doesn't conform to their ideals, I'm just going to enjoy life. The best victory is when you are happy and they aren't.

iiMSouperman • 1 point • 29 July, 2015 02:52 PM

Anyone who cares so much as to label me/not speak to me based on which subreddits I frequent is not worth my time. Good riddance I say.

Just remember everything you've ever posted on the internet is stored on an illegal government database with your IP. This is the least of your problems.

[deleted] • 1 point • 29 July, 2015 02:56 PM

The funny part about being downvoted is that people tend to go out of their way to open the little downvoted text box because its intriguing "oo what did they write".

PlayerXz • 1 point • 29 July, 2015 03:29 PM

Nice, I am on there. This is actually fucking great. I just wonder how they made that list. Are all the subs of red pill automatically marked? Or have the feminists used their forces to look through every comment on subs like

this?

mr\_one\_liner • 1 point • 29 July, 2015 04:03 PM

Then again: it's just Reddit. (This is a semi-throwaway.) Good for discussing ideas, but what actually happens on here doesn't affect my RL at all.

[deleted] • 1 point • 29 July, 2015 04:04 PM

In case you don't know. You can press "control F" then type in your username to find out. I laugh at this. They aren't stopping this train.

nerfAvari • 1 point • 29 July, 2015 04:15 PM\*

As much as I don't like this sub (This is probably my first post) I just wanted to chime in with my example here of why I was banned and put on that list

I posted in subredditcancer with

What a shame you think fph was "a subreddit advertising a healthy lifestyle"

So it doesn't even matter what you say, you're gonna be on that list

[deleted] • 1 point • 29 July, 2015 04:16 PM

Who's name is on that list? DOCTORxTEETH's name, faggots

Adeus\_Ayrton • 1 point • 29 July, 2015 04:35 PM

Lol am i in there ? Yes i'm in there, which is is nothing but a priveledge.

TheBluPill • 1 point • 29 July, 2015 04:37 PM

Use "ctrl+f" to see if your username is on there

BuffaloSoljah • 1 point • 29 July, 2015 04:48 PM

Press confol + F then type in your username on the hit list. If you're there it will be highlighted. Found myself this way.

[deleted] • 1 point • 29 July, 2015 04:50 PM

Lol but they're the good guys, right? Against meritocracy but they're so honorable!

[deleted] • 1 point • 29 July, 2015 04:53 PM

I'm on the list? Damn I've said maybe four things here. They're thorough.

AlphaWantToBe • 1 point • 29 July, 2015 05:08 PM

I've made like 1 comment and I'm in this list. However, my main account is not. Remember people, use a throwaway for redpill postings to avoid doxxing.

SpongeCroft • 1 point • 29 July, 2015 05:17 PM

I think this is funnier than i probably should

qwertyleftme • 1 point • 29 July, 2015 05:30 PM

My mantra:

I'm honoured to be on the list. I will wear it like armour. Like a medal. My life. My choice. My belief. My right to exist.

RedKnight1990 • 1 point • 29 July, 2015 05:36 PM

Fascinating, isn't it? If the gender were reversed, the feminists would be cry out sexism, and feminist blogs were alright with hellfire.

CharlieIndiaShitlord • 1 point • 29 July, 2015 05:54 PM

Made the list, sweet.

What I actually find amusing is that the rep pill only takes up a quarter of the list despite the size of our sub.

[deleted] • 1 point • 29 July, 2015 05:54 PM

Ooh, a list! I feel like I've arrived!

ImXtraSalty • 1 point • 29 July, 2015 06:04 PM

Does this mean I'm likely shadowbanned to most of the larger subreddits now or are they just holding this information for the possibility that they ban the sub and the users active in it?

Versace\_Potpie • 1 point • 29 July, 2015 06:12 PM

Awe... I'm not on the list

[deleted] • 1 point • 29 July, 2015 06:20 PM

How do I apply to be on the list?

JohnPeel • 1 point • 29 July, 2015 06:36 PM

This is oh so relevant:

AskingAlesana • 1 point • 29 July, 2015 06:53 PM

Shit. I want to be part of that list.

SwissPablo • 1 point • 29 July, 2015 06:58 PM

All the more reason to have an alt account, guys.

Noolaw • 1 point • 29 July, 2015 07:03 PM

Like who really gives a damn. Just RedPill hard...seriously.

megasmitsos • 1 point • 29 July, 2015 07:08 PM

Add success kid here! I'm on the list!

sushisection • 1 point • 29 July, 2015 07:54 PM

Yep there I am. Hello sad individuals who are stalking my account! I appreciate the passion and effort you put into your lives

BlackHeart89 • 1 point • 29 July, 2015 08:09 PM

Oh shit! I'm on there! Ha!

I feel like I've been identified as a member of some radical organization or some shit. A rebel army if you will. Lol

We're coming for you retarded, weak, pansy teaching sons of bitches. And we're going to obliterate all of your bullshit. Catch us if you can. *end recording*

Deep\_freeze202 • 1 point • 29 July, 2015 08:10 PM

Simple fix, just have one account for TRP and another for everything else

Dude219 • 1 point • 29 July, 2015 08:10 PM\*

deleted

trpiece • 1 point • 29 July, 2015 08:27 PM

lol, just found my trp account on the list, that's some next level dedication.

tokesense • 1 point • 29 July, 2015 08:28 PM\*

Wow, these SJWs are some paranoid folks.

Edit: Removed irrelevant stuff.

[deleted] • 1 point • 29 July, 2015 08:30 PM

Whelp, I found my name. Does that mean I'm part of the elite club?

fullhalf • 1 point • 29 July, 2015 09:00 PM

holy shit this is real. all my aliases are on it. and they say we're the bad guys. we don't reach out and harass anyone. we just try to better ourselves and be realistic about the dynamics of the interactions between men and women.

Revive\_Revival • 1 point • 29 July, 2015 10:06 PM

This is a great bait and i'm sure it's going to get a lot of reactions which they seem to like/want

Sadly they're nobodies and it doesn't mean anything, ignore and keep going on people, what some small animals think shouldn't matter at all

Risen\_Ph0enix • 1 point • 29 July, 2015 10:35 PM

Holy shit guys! We are all going to be prosecuted based on our online usernames! Does this get any lamer? I would be scared, but if the red pill sub shuts down or something like that, it will open up somewhere else. Same thing as drugs. The truth is a drug that more people need to be taking.

Hllblzr310 • 1 point • 29 July, 2015 10:44 PM

So? This an anonymous website. Hell, some of the people on the list probably have alts. Big whoop.

OhAndOneMoreThing • 1 point • 29 July, 2015 10:57 PM

Attacking Pearl Harbor wasn't a prudent move for the Japanese. They can start whatever they want.

mygodimpathetic • 1 point • 29 July, 2015 10:59 PM

Interesting... looks like the guy who compiled those list of users on github is from my hometown...

vengefully\_yours • 1 point • 29 July, 2015 11:56 PM

W00t! I made the list! Fuck yeah! Suck it bitches!

What the fuck is coontown? When racoons tried to get in our house, momma would shoo them away with a broom.

I would care about some stupid list if they decided to try to arrest me or something. This is a throwaway, no fucks given.

mfigueiredo • 1 point • 30 July, 2015 12:02 AM

Doing something right for sure.

My name is on the list :)

I'm in and having a good time.

Curses\_at\_bots • 1 point • 30 July, 2015 12:26 AM

How do I get on said list? I think I should enjoy that.

AmericanHistoryAFBB • 1 point • 30 July, 2015 12:32 AM

**I'M ON THERE!** I made it! Oh, those little bitches. Mother fuckers...

Dont-Blow-My-High • 1 point • 30 July, 2015 01:32 AM

That's kind of really fucking creepy.

pancakes\_and\_pushups • 1 point • 30 July, 2015 01:39 AM

wow this is some serious bullshit.

Spoderman13401 points 30 July, 2015 01:40 AM **[recovered]**

Goddamn. That's a huge list. Does it take a long time to make something like that?

awalt\_cupcake • 1 point • 30 July, 2015 02:45 AM

Be super extra nice on other subs and then they won't mind us.

"Yeah we disagree with their extreme views but god damn are they a friendly bunch!"

HardShadow • 1 point • 30 July, 2015 02:58 AM

Found my name on there.

The weather today: It's gonna get pretty spooky.

trpdownunder • 1 point • 30 July, 2015 03:04 AM

It irks me that trp is on the same page as coontown... If the sjw's really think that they have their heads stuck so far up their own asses they could swallow their own colons.

as an aside: WOOO fuck yeah I made the motherfucking list!

[deleted] • 1 point • 30 July, 2015 03:27 AM

"Remember when Nazi Germany gave out those hip armbands with the star of david on them, to identify the jews?

the holocaust is a lie!... tbh i dont give a shit about this depressing sub forum.... hope it gets deleted it's just a PUA 2.0 forum

[deleted] • 1 point • 30 July, 2015 03:34 AM

I'm in the list!!! Where's my medal?

REDPILLRECKONING • 1 point • 30 July, 2015 03:48 AM

OH FUCK YES Truly hilarious, especially considering I have the fucking redpill in my name.

Ban me cunts, I was born to crush betas

thruway1312 • 1 point • 30 July, 2015 05:43 AM

Honored to be on that list; fuck 'em.

David\_Moodkill • 1 point • 30 July, 2015 05:57 AM

Commenting because I'm not in the list.

KilluaKanmuru • 1 point • 30 July, 2015 07:33 AM

we shall fight in the shade

Dr\_HoaxArthurWilmoth • 1 point • 30 July, 2015 08:49 AM

I made the list.

"You have enemies? Good. That means you've stood up for something, sometime in your life."

sirmadam • 1 point • 30 July, 2015 09:13 AM

Brilliant, even I made it and I comment irregularly at best. Haha.

DK7096 • 1 point • 30 July, 2015 05:58 PM

I'm curious to know their ranking system with the colors. I'm on it in black, is a Black level Shitlord worse than a Purple or Red level Shitlord? Just wanna know how much I make them squirm...

syntistman • 1 point • 30 July, 2015 07:01 PM

They can watch and brand and tag all they want...they can't hide behind the scam that is feminism...thankfully a lot of young women are waking up to that reality joining the ranks of men to build a conflict-less, gender equal, collaborative and a cooperative society. I salute these women. Feminists and their entitlement attitude, goddess syndrome, princess complex and delusions of grandeur can go to the dogs..

bluedrygrass • 1 point • 30 July, 2015 07:28 PM

So now we know why we get downvoted for no apparent reason.

The\_Ralph • 1 point • 30 July, 2015 08:18 PM

That's alright. They can bite me. Dummy email with 2-factor authentication on burner phone.

Fulp\_Piction • 1 point • 30 July, 2015 09:48 PM

If you ever want to know who is in power, ask who is it less acceptable to criticize. There's your answer.

tenor11 • 1 point • 31 July, 2015 02:31 AM

Let's go ahead and add one more to the list.

Fukkthisgame • 1 point • 31 July, 2015 05:12 AM

Dude, they made a list. Who cares?

red\_gerb • 1 point • 31 July, 2015 04:21 PM

I made the team. Any chance they will make a virtual memorial and engrave our names on it? The men who gave all, for men.

[deleted] 31 July, 2015 04:55 PM

[permanently deleted]

fake7272 • 1 point • 1 August, 2015 01:05 AM

haha coontown users and red pill users both receive the black label. why the hell dont we get red?

boscoist • 1 point • 1 August, 2015 01:48 AM

buahahaha I'm on the list! fuck them. i was going to make a redpill specific handle but i'm ok with this.

NO MORE HIDING!

Mr\_Andry • 1 point • 5 August, 2015 02:12 AM

If you don't have a red pill specific account, you're a fool. They've been branding and banning us since forever without the need for any list.

I have lots of opinions and jokes that I share on other subreddits, so when I heard that some red pillers where getting shit for having TRP in their post histories, I just created a separate account. Easy as pie.

[deleted] • 1 point • 5 August, 2015 07:49 PM

I feel special for being on there!

GeneralBaggins • 1 point • 11 August, 2015 07:47 PM

feminazi uglos added me to their shitty list.

[deleted] • 1 point • 15 August, 2015 12:24 AM

lmao at my new acc instantly being in there

[deleted] • 1 point • 7 September, 2015 05:56 PM

My name isn't on there. I feel insulted.
