

"You know, maybe we should stop seeing each other. I have another guy that has been asking me out, maybe I should let him." I agree. The tears fall and I get a clean house and home cooked meal in the interim.

Summary: Plate tries to call my bluff when bringing up the talk of an LTR with a statement to the effect of: "Maybe we should stop seeing each other, another guy has been asking me out maybe I should let him." I instantly agree, waterfalls come from her eyes, the next day she cleans my apartment and cooks a meal. Also, banged 3 times in the interim.

Body: Had a pretty regular plate come over couple weeks ago with an attitude. I could tell something was up from the beginning. We've been banging for about 2 months and I can read her like a book. She's even said it's scary how well I know exactly what she's thinking at all times (read: normal hamster tendencies). She feels vulnerable around me and even told me "I think you're perfect" on more than one occasion. She's hooked pretty bad, and seriously cannot get enough sex when she comes over. She always brings me food, so my stomach is full and balls are empty every single time she comes to my apartment.

Anyway, the other day she comes over and has an attitude. I am in the middle of doing some work on my side business on my computer and I can tell she's got a bug up her ass for some reason. I ignore.

Her: Annoyed sigh.

Me: No response.

Her: Pay attention to me!

Me: Are you going to do a magic trick? (smirk)

Her: You're a real asshole sometimes you know that?

Me: Yes.

She just blurts it out.

Her: What are we?

Me: (I do not flinch, still staring at my computer) I'm hungry, not sure about you?

Her: Seriously, what are we?

Me: I'm serious, I'm about to go make a sandwich.

Her: I hate you! You're so mean to me! You know, maybe we should stop seeing each other. Another guy has been asking me out, maybe I should let him!

At this point i'm starting to get pissed as I have work to finish up, she's killing my good mood, and I hate these talks which seem to happen more and more lately. They're just fucking exhausting.

I instantly fire back without hesitation.

Me: I agree. Lock the door on your way out.

The tears come rushing down at this point. I get the whole "you don't even care about me" speech. She tells me how unappreciative I am, how she cares so much about me, blah, blah. I do not respond. When she is done I just tell her that she knew I didn't want a girlfriend and have been honest with her from the start, I did not promise anything, and that if she thinks it's in her best interests to not see me any longer, I understand. I show no emotion (I'm not mean mind you, I stopped on the computer and I'm looking at her

at this point). She is sitting on the floor crying while I'm at the computer desk and then gets up and leaves. For the next 2 hours I get floods of long texts. From anger, to sadness, to being called a "worthless" POS. I lol'd at that one. I'm a pretty productive SOB, so she is really grasping at straws now. I do not respond to any of them.

She then begs to come back over and starts the apologies. She says she is on her way over. My only response was: heading to bed. 20 minutes later she comes to the front door, we bang 3 times and I go to sleep. I wake up to a clean house and a sweet breakfast made when I wake up.

Not a single word since then about being exclusive, and she's been much, much happier lately. I don't get it really, other than the fact that she must now realize I have a spine and her emotions do not affect me. She is taking comfort in that and is really trying to prove her worth to me. As many of you know, I do enjoy LTR's with good girls, so maybe she will prove to be worth one, but I learned a long time ago you need time with a woman to decide if she's worth it, and no way I'm doing that after barely 8 weeks of sporadic sex.

Lesson Learnt: Keep frame 100% of the time. It only makes their attraction to you increase, and it shows that she can trust your masculinity. The bonus is that they know you won't be manipulated by emotion, so they have to truly prove their worth.

Edit: grammar and added context.

I know AWALT and everything, but aren't you guys just a little fascinated that this exact script, word for word seems to be in every girls arsenal, and that every one of us have heard that verbatim as OP describes? **AND** from multiple girls?

Think about that fact for a moment. I'm so fascinated by the fact that we all have, not even statistically, but realistically, had the exact same fight as each other.

naMlliPdeR • 92 points • 7 April, 2016 11:27 PM

I've had it happen with every girl I've ever slept with (because even when I was blue pill, I didn't like relationships, and never had one).

EVERY SINGLE ONE has at one point used that shit test. AND, I used to royally fuck them all up. I'd use logic to explain to them why they're wrong, I'd get investment in the argument, they'd lose attraction, no more sex.

Ever since I started reading TRP, I have one go to line. "Go argue with someone else if you're in a bad mood". Then I leave. And I wait.

NOT ONCE have they not come back to apologize within a day or two at max.

ChoMinga • 17 points • 8 April, 2016 02:49 AM **[recovered]**

Can you go into detail on any of those times?

As someone who hasn't started anything yet (monk mode), I'd like to have insight into these types of shit-tests before I inevidently encounter one.

naMlliPdeR • 127 points • 8 April, 2016 04:35 AM **[recovered]**

Sure.

Usually from the first date, I'll use very aggressive and masculine body language to try and get them as eager for sex as possible. Manly kissing (pull a bit of hair, kiss hard, pull back and tease her, etc.), lots of touching. Basically get her to associate you with sex.

Once we'd had sex, I talk to her about how I like her, but I don't do relationships, and that she shouldn't expect much from us but having fun. But I do it with a smile, like it's no big deal, keep her in my frame (which is a happy frame).

Anyway, usually around 1 month or so, the inevitable comes. She'll say that she's wasting her time with me, I don't do stuff for her, etc. etc. I think this comes either from her seeing what her friends get out of their BBs or from TV, but regardless, they get it in their heads that "I should be giving her more".

Universally, the reason they are doing this is because they have temporarily forgotten how wet they get for you, and how much they crave you. They never do this during sex, or during times of passion. Only once they've sat home alone, thought about it, and hamstered "he's not all that".

So when she does it, if you cave in and try to argue it, she'll stick to her emotional guns. There is only

one perfect answer. Tell her to fuck off (in a nice way). Mine is "Go argue with someone else".

What this achieves is getting her out of your face, while maintaining dignity. She hates it that she couldn't bring you down to her level. But a day or two go by, she remembers how much of a stud you are, how great the sex is, and you being that upfront about "Go argue with someone else" shows you're not needy. She starts getting aches in her pussy for another pounding, and the only way to get it is by typing something stupid like "hey... I might have over reacted".

To that, I just reply "sure". It's amused mastery. You know that's how girls are. She appreciates that you don't punish her for it. Then, just set a date for when it pleases you, fuck her hard. This shit test might show up again, she might one day eventually decide to end it (remember, pussy is not yours, it's just your turn), but doesn't matter. It usually has them coming back begging for more dick.

Was this what you were looking for?

sweetleef • 46 points • 8 April, 2016 11:05 AM

She'll say that she's wasting her time with me,

Think about the rationale behind that statement - she is "wasting" time with you, because you haven't committed to her support. You haven't assured her that you will support her in the future, so her being with you to that point has been useless.

Her motive is not to enjoy the time she spends with you; she is only investing her time into you in order to obtain something (that you're not yet giving her, hence the "waste").

Very much so. This was exactly the kind of explanation I was looking for.

After reading the rest of the thread and your reply, I do feel I gained a lot of insight into the "I deserve more/better" situation.

naMLliPdeR • 6 points • 8 April, 2016 07:58 PM [recovered]

Keep in mind though that the cold "Go argue with someone else" is for when she's disrespectful, and arguing, or when she's naggy and pushes the topic.

It's not for when she feels insecure. As a man, she subconsciously looks to you for stability. So when she comes to you saying (like the OP mentioned) "What are we", "do we have a future", etc. these are all valid questions in her mind, and you have to pull her away from her insecure frame into your secure one, but all without giving up any ground. If you're rude while she's feeling insecure, it just makes her feel worse, and while she might still get wet for you, at least from my experience, it can end to ruining relationships (by relationship, I include FWB, plates, etc.).

watcher45 • 1 point • 8 April, 2016 12:01 PM

Its a good line. Ive used something similar but more like "if you want to argue then go tell the wall, it cares more than i do."

Benny757 • 1 point • 8 April, 2016 02:28 PM

Great comment. Agreed. Doesn't it just show the futility of an LTR in our society today? Makes me wanna steer right to MGTOW. LTR's are just not worth it.

angry-neckbeard • 1 point • 10 April, 2016 04:29 AM

What's the difference between this and a comfort test? They seem very similar.

naMLliPdeR • 5 points • 10 April, 2016 04:55 AM

A shit test is when she is testing your alphaness, testing your frame, testing your resolve, etc. It's basically a sexual fitness test. Tells her and assures her of your SMV. Basically, it's what a girl does to be sure that your SMV is as high as she thinks it is.

A comfort test happens when she feels that your SMV is too high, and she wants you to comfort her in the sense of telling her "you're good enough for me". She wants to feel like she

belongs with someone as awesome as you. It's basically a girl getting paranoid in thoughts and wanting you to tell her everything will be alright, hence the name, comfort test, she seeks comfort.

The two can appear incredibly similar in execution. But they are done for different reasons.

angry-neckbeard • 2 points • 10 April, 2016 01:18 PM

This sounds like one of those "I know it when I see it" things. I understand what you are telling me but I'm sure I'll confuse them at least once. It just seems very nuanced.

midlifedick • 3 points • 17 April, 2016 01:57 AM

I think of it like this:

If perceived(by her) smv difference is big enough, it will subconsciously trigger her to test.

If she is afraid her smv is higher than yours, you are a beta, weaker than her, or not alpha enough, it will be a shit test.

If she is afraid your smv is too far above her, too alpha, it's a comfort test.

Demhandlebars • 3 points • 20 April, 2016 02:24 AM

Or put in another fashion. A comfort test will only happen AFTER a passed shit test. The shit test is obviously to see if you're good enough for her. But when you pass it/them with flying colors, after some time she will begin to question whether the reverse is true. Essentially the shit test and comfort test are exact opposites of one another and the latter cannot happen without the former. Baring this in mind when one comes up should make it easier to distinguish which one you're dealing with.

johnchapel • 8 points • 8 April, 2016 06:37 AM

Yes totally! But what im trying to get at, and honestly, I trust that you'll confirm:

You've **LITERALLY** heard this script word for word, haven't you?

That fact, assuming you confirm, is fascinating, right? I can't even draw a parrallel.

rp_divorced • 3 points • 8 April, 2016 02:12 PM

Yep! I heard it three days ago.

johnchapel • 5 points • 8 April, 2016 02:23 PM

My LTR and I don't fight, so the last time I had this conversation with a girl was when my current and I were "open" as it were. The side girl said this to me. And I reacted exactly like OP. Haven't responded since. She's still thirsty.

But again, same exact words. Thats just so godamn fascinating. Do we, as males, do any sort of webbed convoluted behavioral pattern, complete with script like that universally?

[deleted] • 28 points • 8 April, 2016 04:57 AM

I've made posts about this phenomenon but it may be time for a another.

Women have three moves and only three moves in their arsenal.

Play in your emotions. Appeal to your masculinity wanting to protect her. Sex. That's it. They have no game. Game comes from failure and women don't fail. Men have a million weapons in our arsenal and smart men use them all.

Omnisovereign • 9 points • 8 April, 2016 05:14 PM

Game comes from failure and women don't fail. Men have a million weapons in our arsenal and smart men use them all.

That's some real shit right there...

RP men play chess, and gain more piece as we get more experience/knowledge....

Women are playing checkers with their 3 pieces (as you eloquently put it).

We can see them coming from a long way.

[deleted] • 1 point • 8 April, 2016 10:39 PM

Exactly.

Getting good at Checkers is a lot easier. You can master Checkers pretty quickly because it's a limited game. Most games end up boring because of its limitations.

Chess has a MILLIONS options, but once you master it everyone else seems pedestrian. Those beneath you, even slightly, are nothing more than amateurs.

johnchapel • 3 points • 8 April, 2016 06:33 AM

It just seem so statistically interesting that males end up being the more complex of the species. Again, objectively, I'm not even making a judgement. Its just so fascinating that we have all had this situation happen, and when it did, these exact words were used.

[deleted] • 9 points • 8 April, 2016 03:23 PM

If men don't develop a hefty arsenal of tools and skills, we end up homeless without anyone in society giving a flying fuck about you. Women always have a vagina to fall back on. Women realize that much earlier than men do.

dr_warlock • 3 points • 9 April, 2016 04:57 AM

Ability comes from necessity.

[deleted] • 2 points • 8 April, 2016 10:46 PM

Stats have nothing to do with it.

Women fear failure and the world is designed to prevent it from them because most of them are fragile and can't handle it, much like children(Neoteny explains that.)

Men are BUILT off of failure. The world gives us nothing and takes from us everything.

We've all had this happen because without failure there is no growth, you just use the same tricks over and over and over.

Redasshole • 1 point • 8 April, 2016 06:07 PM

[deleted] • 23 points • 7 April, 2016 11:17 PM

Its because they get it from tv. Girls love drama and Rom coms. Hell, the most recent episode of arrow had a main character on their death bed say that buddy and other female character are meant for each other, despite their falling out.

This looked like a last ditch effort to put you under control. A nuclear shit test for sure. You did exceptionally well, and you can tell so by her disposition to you now. It's still surreal to me how often these intense displays of emotion are just power plays to domesticate and turn men into good little betas

But as I've said before: "She's going to try to break you, because she's looking for a man she cannot break"

bardshaman • 30 points • 8 April, 2016 04:03 AM

This brought an Oscar Wilde quote to mind, tried looking for it, but couldn't find it. The basic gist is "women will pursue a man they're highly attracted to, then once they have him, proceed to turn him into something that absolutely repulses them."

I did find some gems on this page, though

Woman haven't really changed since Wilde's day.

seattleron[S] • 7 points • 8 April, 2016 11:07 AM

Weird thing was, he liked men.

GC0W30 • 17 points • 8 April, 2016 12:39 PM

It's like Milo Yiannopoulos.

They have the distance to observe women without ANY cognitive dissonance about the shit they're accepting from their women.

Don't know about Wilde... but most straight guys are never told the truth by one woman about how that woman treats others.

Gays hear that all the time... and men who maintain frame sometimes do too. The rare platonic best friend thing happens, with honesty, but that's rare as shit.

Chris_Phoenix • 3 points • 8 April, 2016 02:54 PM

It's always wonderful to see what some of the great minds had to say about women and the sexual marketplace, I appreciate the link

But as I've said before: "She's going to try to break you, because she's looking for a man she cannot

Exactly. It's just like us looking for a sweet, feminine, virgin, young, conservative 9. She just has to jump through more hoops to figure it out, we just have to have eyeballs.

It's still surreal to me how often these intense displays of emotion are just power plays to domesticate and turn men into good little betas

Agreed. It's crazy how women are such different creatures, how their emotions are used as toys and how they can stare you right in the face and not mean a damn thing they're saying or portraying.

Racism_Is_Natural • 39 points • 8 April, 2016 01:07 AM

It's still surreal to me how often these intense displays of emotion are just power plays to domesticate and turn men into good little betas

Funny enough internalizing this is how I fixed my relationship with my mother. She's a real bipolar bitch to my step-father, who himself is pathetic. He works 40 hours a week and then spends his leisure time taking care of my mother's organic farm or taking care of the puppies which my mother breeds.

I've been out of the house for over 6 years now but when I come back to visit and get even a little attitude from her I just tell her if you don't behave around me I'll get in my car and leave right now. And (surprise! /s) we have a wonderful weekend.

I keep telling my stepfather to not take any of her shit but divorce is like his biggest fear so he just pampers her, unknowingly making her hate him more.

shiggityshoo • 9 points • 8 April, 2016 02:45 AM [recovered]

Fuck man, my dad has been totally cucked by my mom and it kills me. Long story short, this bitch hasn't worked for years because she lied about being raped - to which he fought tooth and nail to fix through the legal system, barely leaving us with enough to keep a roof over our head. She's really just a good for nothing, but he's so enthralled by this idea of the woman he "loves" still being there somewhere, and how marriage/sex is so sacred. She works some min wage 40/hr/wk job now and wanted to take a day off for her birthday, and then go spend money on a manicure and shit. He gave me this angry tirade to which I agreed in that she shouldn't take the day off because it's absurd - and then decided to do a 180 on me the following day after I'd made plans. When I tried to hold him to his word, he gave me some cucked bullshit about how "Things changed." which is really him just chickening out and letting her get her way so he doesn't have to deal with her... Won't divorce her because she'll likely take half his shit, yadda yadda.

It fucking blows to think he used to be my big male role model, who I thought was alpha as fuck, but it turns out he's almost completely talk.

Racism_Is_Natural • 11 points • 8 April, 2016 02:56 AM [recovered]

Word. My biological father ran out of my mother before I was born so I've been raised by cucks all my life. Still suffering from a beta mindset sometimes if I'm not careful.

It's why I gravitated towards supporting Trump. He's like an actual alpha father I never had. I even started doing that frown-chin-up combo technique for when someone is giving you bullshit.

trpdgc • 41 points • 8 April, 2016 04:15 AM

Trump doesn't give a shit about you. If you want to be a real man you need some fucking reason and accountability.

Racism_Is_Natural • 16 points • 8 April, 2016 04:43 AM

you need some fucking reason and accountability.

I hold myself accountable for all my past mistakes. I don't blame another race. I'm also an immigrant. I started off at the very bottom rung of the ladder here in America and yet my family is now a contributing force in our local politics and our nation's economy. Sure, it did take almost a decade for us to become "comfortable" but we worked hard and smart and deserve our current life.

The truth is that America is an environment that breeds success if the individual chooses to seize it. But it punishes the shit out of you if you're weak. Kind of like a PvP server as opposed to a PvE server.

The USA is PvP where you work hard and fight tooth and nail for your place in the world. Europe is PvE where everybody is safe but there's no opportunity. It just depends on your personality/ability. If you can't hack it here move to Europe we have trade agreements so you could easily become a citizen there and be safe like you want.

seattleron[S] • 6 points • 8 April, 2016 11:01 AM

Well put.

Why the hell any American would want to give up what we have is beyond me. Sacrificing liberty and opportunity for safety is disgusting and despicable.

Racism_Is_Natural • 1 point • 8 April, 2016 02:46 PM

Wilreadit • 2 points • 9 April, 2016 10:41 AM

You can't do either. What you can do is raise yourself up or bring yourself down. That is the only thing you have control on. The sooner you realize it, the better for your growth.

trpdgc • 1 point • 8 April, 2016 10:08 PM

Wilreadit • 1 point • 9 April, 2016 10:39 AM

Liberty/ opportunity and safety are not antagonistic. You do not have to give up one to get the other. Anyone convincing you has hidden agendas.

seattleron[S] • 2 points • 9 April, 2016 01:54 PM

I'm not sure how you can say they aren't antagonistic. You cannot have safety

nets without giving up freedom (choosing to not have health insurance rather than the government providing you healthcare for example), money (choosing to keep your tax dollars rather than pay for police, fire fighters, local representatives, social security etc), and time (slowing down on the highway, filling out taxes, sitting at the DMV renewing your license, Etc). There is no way around it.

trpdgc • 0 points • 8 April, 2016 10:07 PM

This is why I think you're trolling me.

Are you actually telling me that a man who turned a million into a billion, has a tv show run for over a decade, is known worldwide, has a beautiful family is not a good role model?

But nice try, troll.

trpdgc • 1 point • 8 April, 2016 11:22 PM

Same tired meme of how successful he is. He's a good role model ONLY if you're a dollar worshipper, or a reality TV fan I guess. Newsflash: there are many other things that are much more important, some related to money, but many more that are not. Many civilizations have risen and fallen and it's the summation of these things -- culture -- that made it happen or that allowed them to unravel. We've evolved over hundreds of thousands of years to coexist and none of it had to do with the pursuit of currency.

So, do I think trump can grow cash? Yeah. Can he leverage that to make America great again? Not a fucking chance.

You should really listen to Trump's speeches he made like 10-20 years ago about mindset, motivation and success. Life lessons like they are from a father.

Dude you looking for an alpha father figure who is going to take care of you *is* your problem. That makes you weak.

Forget about how you were conceived, who raised you or stuff like that. This is the internet age, these things do not matter. A man can build himself if he has the desire and the energy to do it. The path is waiting for him.

So quit the self pity now. And be the man that you want to be. Noone is going to do that for you. Not Trump, not anyone here.

Racism_Is_Natural • 1 point • 9 April, 2016 03:38 PM

I'm already "built up." But I still suffer from beta mindsets that's all. To truly internalize a masculine mindset you need masculine people in your life to look up to.

Wilreadit • 1 point • 9 April, 2016 04:39 PM

Not necessarily. If you have truly built up your life and you did it all alone, then you have mastered it. This is life, how to build yourself up. And if shit hits the fan, how to do it again. If you know this then there is no need to model yourself after someone. Trump wanted to run for Pres and he is doing it. You wanted to do something and you did it. You are fucking par.

Unless you mean, you are financially all set, but you don't seem to do well with the chicks. In that case, you may do well to have someone show you how its done.

Racism_Is_Natural • 1 point • 9 April, 2016 05:14 PM

I am financially all set and do pretty well with girls.

It's just that I always have to pretend when I'm in public. I'm just posturing. I want it to be natural so it doesn't feel like I'm acting.

Wilreadit • 1 point • 9 April, 2016 05:52 PM

Just be natural. What do you have to fear? Just be cool and it is not like you got anything to prove. Once you know that you have nothing to prove, then that will reflect in your behavior as well.

[deleted] • -6 points • 8 April, 2016 06:42 AM*

He's a babybacked bitch lol. He wouldn't be able to live one day as a regular man without his

money. Sure he has money, but it was handed to him by his father. He's the used car salesman of billionaires. A true bullshit artist. Sure you can find some redeemable qualities, but the man is a moron and out of touch with the true reality of life. Anyways I suggest not to take his frame of personality if you want to get anywhere.

sweetleef • 13 points • 8 April, 2016 10:46 AM

but the man is a moron

The guy parlayed a loan into billions, built a global brand name out of himself, been an international force for decades, deals at the highest levels of business, and he's spitting distance from the presidency of the most powerful country in history - and he's a "moron" and a "bitch"? LOL. If he's a moron, what are you, and your judgement, by comparison?

You may dislike the guy's personality or values, but dismissing his accomplishments is just pathetic sour-grapes nonsense.

[deleted] • 10 points • 8 April, 2016 07:04 AM

he turned his father's millions into his own billions, not sure how that ~~argument~~ ad hominem attack even applies

[deleted] • 6 points • 8 April, 2016 07:07 AM

He inherited \$200 M. If he left it alone he could probably have more. If you have a vast amount of wealth it really isn't hard to make more in America. It's making the first million-ten million that's hard. Someone who comes from nothing is most likely not going to become a billionaire unless they invent something or discovered oil/minerals.

You're an absolute moron if you can't stay rich inheriting millions in America.

WolfOfAnarchy • 11 points • 8 April, 2016 07:27 AM

If he left it alone he could probably have more.

Yeah, but he just decided not to sit on his ass, and to actually work hard every day, sleep 4 hours, and build an entire real estate empire, a massive company, a legacy, create tens of thousands of jobs, and now he's two steps away from being the most powerful man in the country.

I would take a man like that over one who inherits, invests and then does nothing for the world.

huge_jeans • 1 point • 8 April, 2016 10:10 PM

You know he has declared for Chapter 11 bankruptcy right?

Kinda scary people actually believe what you're saying.

[deleted] • -2 points • 8 April, 2016 07:38 AM*

He's essentially just a person who sells his name as a brand. Most projects he invests in are designed to fail so he can use loopholes to fuck people over. He outsources jobs big time. He's a shitbag of a human being. He probably won't become President. He brings out the worst of society.

This older lady I met from New York had a husband who owned this sort of

glass etching/engraving company and did a lot of work for him in his office and when they were done they asked for their compensation which was thousands worth of work. Trump replied with something along the lines of, "your compensation was working for me." Then he kicked the man out. That's extremely anecdotal and you don't have to believe it, but the man is true scum. Anyone who idolizes him in my opinion is disillusioned and is probably a self-entitled moron themselves.

[deleted] • 3 points • 8 April, 2016 07:18 AM

You're an absolute moron if you can't stay rich inheriting millions in America.

You wouldn't believe the tales man...

[deleted] • 5 points • 8 April, 2016 07:22 AM

I believe them and that's why they're morons. If you just keep a 3rd in assets/savings, a 3rd as spending/living money, and a 3rd for investing/business you can't go wrong really. Some people just believe they can live beyond their means without contributing anything or finding ways to replenish and maintain an income. That's why athletes who come from nothing go broke so easily. They aren't educated on what to do with it, they sort of just got it rapidly.

GC0W30 • 2 points • 8 April, 2016 12:20 PM*

He inherited \$200 M. If he left it alone he could probably have more.

I did the math on his inheritance vs his net worth before the race.

He made twice what he would have made if he'd dumped the money his family gave him into S&P500. As a small business owner, I can beat that return when I work with \$100K, but on millions, that's about as good as you can do.

Are there stronger businessmen? Yes.

Did he stop along the way to enjoy himself, and work on politics/reputation/fucking from time to time? Yes.

Is he probably among the world's top 1% of business operators in terms of competence? Yes.

I don't actually like him, won't vote for him, but I can't believe anyone who talks shit about his business performance.

Magnum256 • 1 point • 8 April, 2016 08:21 AM

This is such bullshit. People like to think that anyone with a few million can easily turn it into more when the reality is that most end up bankrupt and broke. If it was so easy to multiply your money than it would hold true even at lower income levels, someone who makes \$50k/year should be able to multiply it at the same rate as someone who makes \$5M/year and yet obviously this is not the case.

Trump turned a few million into several billion. At worst he multiplies his wealth by 40 or 50x and at best by a few hundred times but regardless he has been nothing but successful.

America needs a real businessman leading the country. Someone that realizes an annual budget of \$600 billion dumped into our bloated and mismanaged military makes no financial sense.

watcher45 • 2 points • 8 April, 2016 11:18 AM

His father gave him a minor loan which he turned into a successful business and fully paid him back. What father wouldn't give their a hand if they could. Even better that he treated it like business.

Redasshole • 1 point • 8 April, 2016 04:47 PM

To me, the most important thing about this story is why I would have reacted in more or less the same manner and why ANYONE who takes the red pill would have.

Her: Annoyed sigh.

Women are not important. I am. They love drama. I don't need them. I don't give a shit about the last reason

she has of being mildly upset. Hence:

Me: No response.

Her: Pay attention to me!

Best thing is to make fun of her. Amused mastery. So :

Me: Are you going to do a magic trick? (smirk)

Her: Pay attention to me!

Little spoiled girls wants my attention. She is so silly. I can't take her seriously :

Me: Are you going to do a magic trick? (smirk)

Her: What are we?

Ah, classic and to be expected. Women wants to secure commitment from men. But I won't commit to a woman that easily. Hell, I may not even commit to a woman at all given what the modern woman is...The solution, amused mastery again.

Me: (I do not flinch, still staring at my computer) I'm hungry, not sure about you?

I don't care about you. "Us" does not exist. I don't fear losing you.

Her: Seriously, what are we?

Fucking annoying and powerless. You know a girl has no power anymore when she uses "seriously".

Me: I'm serious, I'm about to go make a sandwich.

Sorry you are not inducing any feeling of fear in me. Going about my life as usual. No big deal.

Her: I hate you! You're so mean to me! You know, maybe we should stop seeing each other. Another guy has been asking me out, maybe I should let him!

Ah, yeah. I never wanted commitment. She can fuck whoever she wants, I will react appropriately by nexting her or downgrading her. I don't control her. I watch her actions and decide of mine.

Me: I agree. Lock the door on your way out.

Go ahead and fuck him. I don't care.

And then, the whole follow up is classically predicted by TRP. OP is only a guy who learned the truths about women on this sub and used them to his advantage. TRP works.

Chris_Phoenix • 1 point • 8 April, 2016 07:52 PM

Ah, I have a thing for breakdowns like this. You're exactly right. I'd also add that if she had committed to the beta she would just be texting OP a few weeks (or days) later begging for him to come turn her inside out again

[deleted] • 18 points • 8 April, 2016 10:31 AM

BP: treat her how she says RP: treat her how she wants

Chrience • 6 points • 8 April, 2016 08:35 PM

It's the same with "be yourself" and "there's plenty more fish in the sea".

In BP lens, the first means "be complacent with the state you're in now, and don't change". The second means "there will be another special woman to wife up someday"

In RP lens, the first means "demonstrate your own value to others" . The second one means "women are replaceable, and if you lose one you can get another later" (there are no Snowflakes, because women are so basic they are largely the same, like fish).

MasterRoshi21 • 5 points • 8 April, 2016 04:01 PM

NO_LAH_WHERE_GOT • 10 points • 8 April, 2016 06:16 AM

This triggers a thought for me. Have you ever seen a child demanding ice cream or a toy? I witnessed it a while ago at a Burger King. Parents would walk past with their children, and the children would beg, shout, scream, cry, throw tantrums. It really blew my mind. I realized that what I was witnessing was something akin to addiction. There is an appetite and an impulse at the center of the child, and it is willing to manipulate and use the child to manipulate and use the parents in turn. The parents are typically tired and eventually give in.

This is a mistake. And it's the same mistake we all make when we give in to people who throw tantrums, make unreasonable demands. **When we do that, we feed the demons.**

We have a moral imperative to shut down bullshit, whether it comes from a child, from a woman, or

worst of all from ourselves.

sweetleef • 2 points • 8 April, 2016 10:58 AM

Exactly; children sense a need, and lack the emotional development to restrain themselves or to know how to satisfy it while respecting others. They try different methods to satisfy it, and when they find that manipulation works, they use it - and if allowed, will internalize it as a permanent personality trait. It's a means to an end, they don't understand why it's wrong.

The constant error is in men expecting women to act any differently.

bornredd • 2 points • 8 April, 2016 03:00 PM

The looks I get from other parents when one of my little one tosses herself on the ground when she doesn't get what she wants, and I walk away are priceless.

If she starts making a lot of noise, I'll pick her up and take her outside.

But I never give in to that bullshit.

zeny_two • 8 points • 8 April, 2016 02:07 AM

Yes, exactly! That's an output of emotion that's only shown when you care about something. You would threaten to leave your job, but you wouldn't threaten to leave your banana stickers. Nobody cares about stickers.

faded_jester • 39 points • 7 April, 2016 08:19 PM

Calling her bluff is a win/win situation. She either (momentarily) realizes she's full of it and starts acting right, or she leaves in which case you still win because men don't need drama queens in their lives. Eventually she'll try again but as long as you remain the same she'll have two options....admit (only to herself!) she wants you more than she wants to be "right", or hamster enough to believe she "deserves better", gets her a BP boyfriend, and

wonders why she is still so unhappy.

I foresee these talks on the horizon for me and my plate and have been curious about how best to approach them

Just be strong. A rock. Let her get all emotional, say whatever she wants, and you sit there and don't say a word until she's done. Then state your case, don't be a dick about it, and leave it at that. She will love you more for it and will feel desire for you and your masculinity. 99% of guys crack under these situations and seeing a guy who doesn't is extremely attractive to them. This is like the 5th time I've had this kind of talk (a talk about LTRing immediately followed by an emotional tirade) happen over the years and every single time it's resulted in her wanting me even more.

She craves masculinity, be a fucking gentleman and give the little lady what she wants.

Edit: This is different than a woman who's been with a guy for years who wouldn't commit and is at the end

of her rope and is serious about leaving for another guy. Different situation there, of which I've had happen once, this is just another test with a new girl and an example of how to pass it. A woman who you care about and is at the end of her rope with waiting is a different beast altogether.

PM_ME_GOOD_ART • 9 points • 7 April, 2016 09:45 PM

How would you handle that beast?

Clint_Redwood • 11 points • 7 April, 2016 11:10 PM

The year+ with a girl that wants more?

Short answer is, if you are asking the question, you aren't experienced enough to handle it. Revert to OP for proper procedures and handling.

The right answer unfortunately is too complicated and contextual. Every case will be different. Best guidelines are to weigh what she brings to the table vs what you bring. Does she want kids? Do you want kids? Are you still spinning or in a bottom bitch/main plate situation? Are we getting perks from her that most girls don't have? She into threesomes, etc?

There's just too many variables to answer that. You and you alone should know what to do. And if you don't then you have no business trying an LTR. Stick to plating and get your N count high enough till you know you can handle it and have a spine.

My golden line of handling girls was somewhere around N15-20. It's different for everyone but by that many bangs I knew what I wanted and didn't want in a girl and I had the experience to handle more than plating. Still not doing an LTR but each to his own.

Johnny_Lawless_Esq • 1 point • 8 April, 2016 07:59 PM

Well, by that time, the options are different. As he said, you're emotionally invested yourself, so that means that you're going to have to make a choice. Do you want to keep her around, or no? If not, well, that's pretty simple, if trying.

If you do, you're going to have to compromise to some degree. Just don't compromise on the things that made you attractive to her to begin with, because if you do that, you're doomed.

LazyMagus • 1 point • 8 April, 2016 05:26 AM

Have you made the mistake of caving in to their demand for exclusivity in your initial years?

seattleron[S] • 6 points • 8 April, 2016 10:55 AM

In my beta years I was the one pushing it. At the start of my RP years telling girls I didn't want a gf really helped me. It was one of the things I made myself do because I was trying to learn that a woman should not be the center of my life. Plus, as soon as you tell a woman that they want you 10x more.

[deleted] • 1 point • 7 April, 2016 10:52 PM

So can you give a rough estimate on how many times this will work on a single girl? How long until they catch on that you know how to play them?

psychyness • 15 points • 7 April, 2016 11:38 PM

It'll go on indefinitely. She might get tired enough that she settles down with some beta and tells you you can't be together anymore. And then they'll get in a fight and she'll be begging to come fuck you. Or they'll break up and she'll be begging to come fuck you. Or... she'll be happily dating him and be

begging to come fuck you.

Doesn't matter, usually they'll stay on the hook until you end it.

LazyMagus • 3 points • 8 April, 2016 05:24 AM

It until they find a man better than you?

always-be-closing • 6 points • 7 April, 2016 11:53 PM

Shorter than the amount of time it takes to find another, I guarantee you.

onlyjedileft • 1 point • 7 April, 2016 11:42 PM

IMO, don't look at TRP as a set of guidelines and rules, but as a set of principles and examples. It's a game you're playing in your own head for the most part.

lol the beta who gives her everything you get sex once on your anniversary once on your birthday. The dude who is 100% asshole gets sex 3 times in a night.

Do women not see that they constantly reward bad behavior?

If women want men to be beta than bang us for being beta. It's so fucking simple.

But as I said women will never ever say they are the problem. The only time they admit they are not perfect is

when they opened their legs to soon. Their only advice to women ever is be even more stingy with sex. Which creates even more betas which makes them want to have sex even less.

I've never seen in counseling the advice of the counselor is hey maybe bang your husband more often and fake it til you make it.

And then we hit the 80/20 rule again, birthrates plummet, and society as we know it collapses and is replaced with barbarians who don't give a shit about women.

All of this is usually helped along by stupid leaders making retarded decisions.

Technology won't make the fall of western society exactly like rome, but the ultimate causes will be extremely similar.

You did great .

Now here's the bad news : she is not going to let this end. Girls who uses terms like " worthless POS" , " virgin", "gay" , "man-child" are strictly feminists and die-hard manipulators . These girls are constantly " competing" with men to prove themselves to be equal to men. She will ask you " am I just a meat sack to you ? " or something similar like this. Tell her " yes , just like I am a salami to you " . Fuck women who thinks that way. They think they are being used but they are willingly using men as well . These are feminist women who are widely hated by the world. " I am being used by but i am allowed to use men because vagina and womb bla bla bla " . Fuck these cunts and their feminist bullshit . Do not give these girls a pass. **They are not curable** .

Women are all children but these type of whores are fucking incurable no matter what you do. They will **NOT LET THIS GO** ! She will bring this type of test back !

If she stops her chores and favors , next this bitch and move to your next target.

Whenever I read these threads, I always wonder what this girl looks like. The way RP indicates that women are constantly trying to date up and being orbited, I'd think that they would be jumping plates a lot more if they had the options

HobKing • 6 points • 8 April, 2016 12:52 AM

Is it worth it? All that trouble of putting up with her bullshit and standing strong in the face of shit tests for some sex?

If it were life changing sex, that's one thing, but clearly with this dynamic you're not fucking someone you emotionally are on the same page as or can respect mentally. How much better is her pussy than your hand? Is it worth the trouble when you could be totally focused on yourself otherwise?

seattleron[S] • 8 points • 8 April, 2016 01:24 AM

It's much better than my hand, and I know how to handle her shit, I literally had to do almost nothing except have a short conversation then answer the door when she came back. It's not like I built her a house.

Good man. She acted a child having a tantrum, and you took the appropriate route.

naMlIiPdeR • 16 points • 7 April, 2016 11:23 PM

You have to be careful with this one man (if you care at all for keeping her as a plate).

There's a difference between shit test and comfort test.

Her asking you "what are we", etc. was a comfort test. You were too good for her, she probably felt insecure that you might end it, so she wanted to feel better about herself, hence bringing up the topic.

If you want to keep her a plate, badly handled. Sure, it can work. But a much better answer would be something like "We're friends who have great sex", pull her up to your lap, maybe spank her, etc. Show her she at least has some value. Ignoring her question just makes her even more insecure.

Now, after that, and he whole "see other people", that's a shit test, through and through. Well handled.

But it's important to give them a little confidence boost or at least a pat on the back when they become insecure, otherwise they end up unhappy, and it can lead to the FWB deal becoming not so great.

Still, your handling of the shit test that came after probably produced so many "omg i fucked up" tingles that it fixed everything.

Ravingsmads • 6 points • 8 April, 2016 02:06 AM [recovered]

I disagree, Though what you said might apply positively to some girls, I believe that if you deprive them of said appreciation most will take another route and try harder to prove themselves to you, only do what you mentioned after A good sex/blowjob/meal...etc so they unknowingly connect the dots.

pmmedenver • 6 points • 8 April, 2016 02:36 AM [recovered]

If they try everything to prove themselves to you, and get absolutely nothing back in return, they're going to split for good. This is cat string theory, the string has to be just barely out of their reach: not too far, not too close. Its a delicate balance.

LazyMagus • 6 points • 8 April, 2016 05:20 AM

Some asshole a few days back on TRP, made fun of us regular newbies for not knowing such similar things about dealing with women intuitively and having to rely on other men to tell us what to do.

But the thing is, it's the knowledge and experience of other successful men that helps and guides us in world that is showering us with examples of supplicating to women and fucking ourselves over in the process.

So many of us men would be lost souls without The Red Pill subreddit.

thank you.

seattleron[S] • 1 point • 10 April, 2016 02:51 PM [recovered]

YW. Frame just means you do not let them manipulate you with their emotions, i.e. Get into a screaming match when they're freaking out. You ignore obvious troll jobs of things she says just to shock you (I think I'm pregnant - she would show you a positive stuck if she really thought she was. No response is the best response), and you'd deflect questions that are obvious tests (you're the biggest asshole I ever met, I'm going out with Chad, he's been messaging me every day on Facebook anyway - you: cool, you guys should try the new Chinese place, food is excellent).

Frame means no matter what she tries to do to get a rise out of you, you do not reward her efforts. If you do, you lose.

seattleron[S] • 3 points • 8 April, 2016 01:23 AM

Yes, which is really all most women want, is to do something with their feelings. The trick is, 99% of the time they don't want you to respond to them. They're more attracted to you if you don't. Just let them freak out, feel better, and move on. Don't show her she can manipulate you. That will repulse her, because what kind of man are you if I can manipulate you but I can't even open up a jar of pickles?

Crazy. I just had this argument with my plate 2 days ago. She eve used the "you don't care" words exactly and talked about how she gets much more attention on the streets. I listed out all the things I do for her, reminded her that I have never lied about not wanting to be in a relationship, and that if she wanted she could move on. She was quiet for a day and then begged to come spend the night. Amazing how often this happens.

How do you feel about this level of disrespect though?

seattleron[S] • 1 point • 8 April, 2016 02:41 PM

How do you feel about this level of disrespect though?

I pay no attention, because it's not genuine. If I feel disrespected she wins. She wants to get a rise out of me, I do not reward it and it makes it worse for her.

No response is the best thing you can do. No facial expressions, no words, no body language. Continue doing what you're doing.

[deleted] • 1 point • 8 April, 2016 03:31 PM

Emotional outbursts happen man. You do have to understand with women, that the hormones they have to deal with on a daily basis are really 10x more intense than ours.

Treat them like a child. Children have emotional outbursts all the time. This doesn't mean they are a bad child, it's just in their nature.

R1fle • 1 point • 8 April, 2016 04:50 PM

I got these all the time with my last plate, who I even considered LTR'ing. It was these texts that made me finally just stop contact with her.

I didn't like the disrespect either. The whole ultimatum of seeing her once a week or she throws a hissy fit. It had been going on for months. The time I came over to drop her shit off, she just latched onto me. She would not let me leave without fucking her. I even told her this is essentially rape if she doesn't let go. Had the most ridiculous sex ever that night. Two weeks later, drama texts ensue. I finally just blocked her.

seattleron[S] • 1 point • 11 April, 2016 08:40 PM

Just when I feel out whether or not she is someone I am compatible with and I can trust.

Ground rules are set when we're just seeing each other. I don't have to say anything because she already knows just from spending time with me.

Xenocynic • 1 point • 8 April, 2016 05:54 AM

Interestingly as I was reading this I was thinking how boring and unrealistic these field reports have become as they're always the same. They follow the same pattern, include the same dialogue, and have the same resolution. For everybody here, your fantasies are getting stale and you need some fresh ideas.

rp_divorced • 4 points • 8 April, 2016 01:58 PM

Or maybe you're seeing that women are predictable and all of them use the same tactics to try to get what

graffix13 • 3 points • 8 April, 2016 03:07 PM

Mm yeah it's like the perfect RP fantasy and obviously THIS is what you intently do while your plate just arrived.

Her: Annoyed sigh.

Me: No response.

Her: Pay attention to me!

Most realistic dialogue ever written.

Her: I hate you! You're so mean to me! You know, maybe we should stop seeing each other. Another guy has been asking me out, maybe I should let him!

Yeah, again some very credible dialogue. Probably she said something *similar* to that, but please then make a disclaimer. Otherwise it's just very bad written fiction.

seattleron[S] • 2 points • 8 April, 2016 02:53 PM

Of course it's not verbatim, I didn't have a recorder.

And not sure about you, but I don't jump out of my seat when a girl comes over. I had a few things to finish up when she got there and was trying to get them done.

Popeman79 • 1 point • 8 April, 2016 03:52 PM

Well, thanks for addressing my doubts. Maybe it's all true, but the way it is presented it looks doubtful. I understand why a blooper would read that and say, rightfully, that it reads like a redpill fantasy. I don't know what else to say than to be more careful about the writing. If it's all true, no need to write in clichés.

Apart from that, if it's true then nice holding frame mate.

I need to know you're committed." and then they make up for it by being crazy times 10 if you hold frame and don't give them what they want.

thop89[□] • 0 points • 8 April, 2016 04:47 PM*

Why was she shit testing you in the first place? I never get these absurd or nuclear shit tests. So you have to ask your self: why is she testing your manhood in the first place?

Yeah, you did well. But before that, too? For me the function of a shit teest is the validation of your manly frame. If you display a solid frame through and through, you don't get such an idiotic talk from a woman - in my

experience.

(Maybe some actions of a woman are truly contingent - I don't know. Maybe plates or FWB have a higher shit test ratio - maybe the testing changes from shit tests to comfort tests in LTRs - I don't know.)

Why was she shit testing you in the first place?

Because she the normal cute girl in her early 20's who gets constant validation all day every day from social media and what not. Offers to take her places, buy her tings, etc. I do not do that, and she does not know how to handle it, so she does the only thing she knows how to do and gets emotional.
