Restated

"No matter how hot she is, somewhere, some guy, is tired of putting up with her shit."

danlucas • 151 points • 18 July, 2017 07:53 PM

Loved when Charlie said this to Alan in Two and a Half Men.

Alan: "how could you be like this ?!?! if i had that woman i would love her and cherish her!"

Charlie: "Alan, for every hot broad on the planet there is at least one guy tired of banging her."

Two and a Half Men gets alot of shit. But watching seasons with Charlie (especially earlier seasons) is like watching The Red Pill bible in action.

dr\_warlock • 41 points • 19 July, 2017 02:33 AM\*

"You can like the cupcake, but you don't have to like that baker"

"I said you were special, not unique"

"Excuse me ladies, I gotta go and..... hell, I don't need a reason (leaves)"

Love that show.

The Charlie Sheen version (seasons 1-8) is alpha fux/beta bux, but the Ashton Kutcher version (seasons 9+) is beta bux/richer beta bux and sucks.

Willkuer\_ • 4 points • 19 July, 2017 10:15 AM

Did not really watch the show but it seems to me that the brother is not BB. He is a weak beta but he has no means (money, property, long-term stability) to be a real BB. You may call that incel, omega or whatever.

Accordingly ashton is the real BB. And that's the reason why charlie and ashton get the girls. They represent the dual mating strategy - AF and BB.

[deleted] • 1 point • 19 July, 2017 03:31 AM

no matter how hot she is, she is just doing it for the quality of dick she can get

grewapair • 67 points • 18 July, 2017 05:03 PM

Chasing beauty is half desire, half your own need for validation.

The cost of your need for validation is very high. Once you give that up, your life becomes infinitely easier. You can chase the same women, but it won't consume you.

[deleted] • 30 points • 18 July, 2017 06:06 PM

I think there are very few people able to rid themselves of their need of validation, however

VanishMantle • 10 points • 18 July, 2017 10:05 PM

I finally was able to a few months ago and it took a female friend I liked to be the trigger. Long story short she was happy I liked her but did not feel the same way about me it was then I realized I was chasing her for self validation.

I saw a few posts from here at the time that really made it click and since then I feel like a weight is gone from my shoulders.

Thephilhouse • 2 points • 19 July, 2017 11:58 AM

Careful, it has a tendency to creep back.

Abundance seems to 90% alleviate it for, but possibly only because I'm getting enough validation overall that one specific girl doesn't effect me in the same way.

It's hard to know how to actually cure it internally as getting things you want, such as girls, often depends on getting validation, so I guess the only way to truly be free of it is to be okay with never having sex again.

VanishMantle • 1 point • 19 July, 2017 12:15 PM

Since I never had sex to begin with I have zero want for it. That clears me on that end as far as it creeping back I definitely have felt it creeping and the had moments where I would fall back to that state. But once your eyes are open the cannot be closed for forever anymore.

It also helps being able to read the character of people as well as body language. It helps in keeping the urges to seek validation down when you can see who is being genuine and who is just trying to abuse their status as a woman.

qball43 • 1 point • 19 July, 2017 01:13 PM

Oh yeah big time. To rid yourself of the need of validation is to basically rid yourself of feeling pleasure, in some instances.

Ex. Posting on RP, it feels good to have the top post, and to see those upvotes.

[deleted] • 2 points • 20 July, 2017 12:55 AM

That is probably one of the more harmless forms of validation one could seek lol.

I have a problem with this myself. BP as it may be, I have a hard time getting validation from anything other then women, yet at the same time I know the validation I get from them isn't genuine at all and they are just seeking something from me

My thinking is rather paradoxical sometimes

qball43 • 1 point • 20 July, 2017 01:57 AM

I feel you. I think anyone who would say that getting that validation doesn't feel good would be lying. Identifying it as what it truly is rather than seeking it and thriving off that validation is the key.

Too much of anything is a bad thing, even with Reddit.. look at some of the big time posters, they literally wait for news to drop to instantly post it on reddit for karma. Some people are really help captive by fake internet points.

MattyAnon • 130 points • 18 July, 2017 05:18 PM

Make-up makes her appear younger by highlighting her neoteny.

Makeup is even more insidious than this. It fakes both youth *and* genetic fitness (smooth clear skin).

And worst of all: it fakes the natural "I like you signals" that women would naturally reserve for men they genuinely like: flushed cheeks, reddened lips, dilated pupils.

By faking "I like you", the woman receives more resources because men are more predisposed to invest in women who genuinely like us. We find "I like you" to be attractive and for good genetic/historical reason. But with this faked, we cannot determine those women that like us less and those that like us more.

Of course men are expected to be 100% genuine and honest and not to fake anything, because that would be manipulative.

Sir\_Distic • 28 points • 18 July, 2017 07:08 PM

This hit me like a freight train about a month ago. I saw this girl and instantly the beta side thought "Wow! She's beautiful!" Then I paused for a moment and really took a good look at her. It wasn't that she was beautiful. It was that she had really good skin. No visible pores, pale etc. That's all it was. I realized how foolish that moment of weakness was.

It's something I've been struggling with for a while. Since realizing how much I pedestalize beauty in women.

MattyAnon • 33 points • 18 July, 2017 07:18 PM

The thing about female beauty... something that society and women almost entirely overlook... is that it is entirely the *male* perception of women.

Women are not objectively beautiful, there is no objective beauty. Beauty is the male perception of women that we find attractive.

The illusion of its objectivity arises because men are fairly consistent in their appraisal of female beauty.

The problem for men .... and what's difficult about this... is that female "beauty" creates status for her, and she leverages that status against us - in the form of using other men (white knights) against us. They do her bidding because of her status, not even directly to get sex. It's a form of virtue signalling for them, but really it's supplicating to her status which is created from male to female attraction.

In short - there's absolutely nothing worthy of putting on a pedestal here. 75% of women of age 18-25 could be considered beautiful if they don't eat too many pies and have a modicum of skincare.

kyledontcare • 14 points • 18 July, 2017 10:10 PM

"75% of women of age 18-25 could be considered beautiful if they don't eat too many pies and have a modicum of skincare."

Well said. And that's the way it seems to be designed, too. Women by that age are interested in older men for resources and family. And men want youth, beauty and sexuality at its peak, and children when they are starting out in the world at around 28 and start moving up.

But now the women are riding the carousel and waste all their assets. Throw in the pies you mentioned as well as unhealthy eating and living and smoking and drinking and possibly some drugs and lack of sleep and you see them hit the wall at 25. Beauty can be gone at 25 and they're over the hill going downhill.

MattyAnon • 17 points • 18 July, 2017 10:24 PM

And men want youth, beauty and sexuality at its peak

Women offer us nothing beyond their youthful energy and sexuality. Older women shame and

hamster endlessly, while offering us LESS than younger women. It's not like a girl over 30 suddenly says "I am not as attractive as I was, so I shall offer more, pay for dates, ask for less commitment and make more effort to compensate for my declining looks". Nope... all that happens is she gets more moody, more demanding, and more entitled. And demands more commitment.

Might as well stick with younger women, they actually offer MORE than older women. Fucked up as it is, we'd be fools to not accept a better deal.

Augustuscrassus • 5 points • 19 July, 2017 01:23 PM

A woman on tinder this other day. She was 31, and pretty hot for her age. We were flirting and I made the mistake of joking about her age. It was something along the lines of "I wouldn't want to keep you up too late, it might be past your bedtime." She did not respond well to it, and said a guy "wasted 8.5 years of her life" and she didn't like a younger guy making fun of her age.

I'll admit it was ballsy and could've gone either way but older women know they've hit the wall and aren't as competitive. It stings to have a hot younger guy point it out.

ForeverMaverick • 3 points • 19 July, 2017 02:27 PM

I hope you didn't go all comprehensive on her. It's always the guy's fault.

Augustuscrassus • 1 point • 19 July, 2017 02:34 PM

I just told her to find a sense of humour and good luck on tinder. Of course it's "my fault." I've said the same joke to cougars and had them fucking me the same night. The girl clearly had issues and probably mad baby rabies.

MattyAnon • 2 points • 19 July, 2017 02:55 PM

it, and said a guy "wasted 8.5 years of her life" and she didn't like a younger guy making fun of her age.

Urgh, ridiculous attitude. "Didn't end in marriage therefore wasted my life".

I'll admit it was ballsy and could've gone either way but older women know they've hit the wall and aren't as competitive. It stings to have a hot younger guy point it out.

Nothing wrong with it stinging a bit. Stop trying to make her life easy. "Past your bedtime" is a perfectly reasonable comment.

cashmoney\_x • 4 points • 18 July, 2017 08:51 PM

That end sentence made me sad for a sec. Things are so fucking skewed in their direction yet the cultural narrative is the exact opposite.

Phoenix torment • 3 points • 19 July, 2017 01:46 AM

It goes even further in that women use makeup to differentiate them from men, they get an 'alien'-esque image.

It is explained in The Manipulated Man.

RedPillFreedom • 3 points • 19 July, 2017 06:27 AM

And worst of all: it fakes the natural "I like you signals" that women would naturally reserve for men they genuinely like: flushed cheeks, reddened lips, dilated pupils.

Good thing, I have red pill to desensitize me to this.

Augustuscrassus • 2 points • 19 July, 2017 01:32 PM

Just an add-on to everything that has been said. Has anyone noticed all these bitches are starting to look the same. For the most part I scroll through Instagram and they're all wearing the same outfits, same jewelry, same make-up, same poses. It's like they're all turning into clones of each other. They preach how they're unique when they are ironically copying everyone else.

The worst is those fucking Calvin Klein underwear shots. Every girl on my Instagram has that same grey and white Calvin Klein bra and underwear.

on the clothing part thats been talked about before, girl at gym looks like highschooler like 17-19, she got huge ass you know the type and covers stomach with big shirt but showing off the leggings to hide bad and show good feature like every fat girl that holds it in their ass.

she was on treadmill and today was the first day she wore nike shorts, ass looked a lot smaller and she had the fuckin cottage cheese legs, I was disgusted. it's different reading about it here, but when you remember and start noticing it, you really see how low value and ugly so many girls are

Augustuscrassus • 3 points • 19 July, 2017 01:35 PM

I used to love leggings till I dated a girl who wore them. When we first met she had an ass like you wouldn't believe. When the clothes came off her ass dissapeared faster than Jack Daniels at an AA meeting.

After that I thought leggings need to be made illegal. Jeans are better, they don't accentuate what she doesn't already have.

Make-up = rape by deception. Never have children with a woman you've never seen all-natural.

You can't make up fat, tough.

[deleted] • 28 points • 18 July, 2017 03:57 PM

I think this is solid, outside of the tl;dr. I think the conclusion is:

*See through* her beauty. As we all know, beautiful women are much funner to plate than ugly ones.

Again, great post, imo, solid contribution. You're exceedingly right, I couldn't act well around beautiful women until I fucked a beautiful woman. I had a smokeshow 20 years younger than me on my arm for 4.5 years. It's impossible to overstate what a confidence boost that was. I got so much better at talking to other women.

Your game theoretic treatment of the relative payoffs was good too.

[deleted] • 13 points • 18 July, 2017 04:02 PM

I think the conclusion is: *See through* her beauty. As we all know, beautiful women are much funner to plate than ugly ones.

You are free to interpret the post however you want, but the conclusion I intended was to be able to see through a woman beauty to assess her objectively and see what she actually has to offer (or take away) from your life.

[deleted] • 3 points • 18 July, 2017 04:08 PM

Absolutely. Again, solid post. And solid comment, the take away from part matters too.

We're on the same page. I've read other advice on beautiful women along the lines of picturing her taking a shit to take the edge off of her beauty. Your method is better. Make an accurate assessment. After that, though, enjoy her beauty.

I'm on a new account (by no means am new here) I probably won't be able to comment again, this one might not even go through.

[deleted] • 4 points • 18 July, 2017 04:12 PM

Thank you,

I'm glad you enjoyed the post,

(by no means am new here)

You give off that vibe.

[deleted] • 103 points • 18 July, 2017 04:20 PM

Good post.

Beauty is in the eye of the beta.

The alpha knows deep down they all fuck the same (and they all fuck a lot).

lukmeg • 79 points • 18 July, 2017 05:08 PM

This is delusional. We are biologically wired to like certain traits. Your sex is more intense and more enjoyable when you fuck a women with those traits. If you want to think all women are the sane go ahead, but its delusion.

omega\_dawg93 • 14 points • 18 July, 2017 06:56 PM

LOL. no matter how she looks, there's a sumbitch somewhere that's tired of fucking her... and another sumbitch somewhere else that's tired of putting up with her shit.

but if you think her looks will make her body feel THAT much more intense to you, fuck her more than once.

[deleted] • 13 points • 18 July, 2017 06:12 PM\*

If you want to think all women are the sane go ahead, but its delusion.

You missed the point... like completely.

Yes different women have different traits. Just like how my dog acts different to my neighbours one (better behaved, obedient, doesn't shit everywhere). That doesn't change the fact that my dog is a dog and will do doglike things (occasionally eat my loose underwear).

The same way for women it doesn't just change the reality of AWALT.

Why? Because deep down all women have the one essential trait that is the same. It's called **hypergamy**.

Sounds like you're still in the denial phase. This is all on the sidebar but I also suggest you read OP's post again.

BoringOral • 36 points • 18 July, 2017 06:54 PM

Nah i think you missed HIS point. You said they all fuck the same implying that thier beauty doesnt matter.

He is saying "beauty" does matter because we hae better sex with more beautiful girls or girls with characteristics and traits that are more enjoyable for us, individually. Which is a scientifically proven fact.

In other words hes speaking facts and your speaking opinions. I gotta side with facts.

sorceryofthetesticle • 9 points • 18 July, 2017 07:26 PM

Lol. "They all fuck the same," does not mean "you want to fuck them the same."

Jailhousereditpilled93 • -7 points • 18 July, 2017 07:43 PM

Nah I think you missed HIS point.

YOU missed it bro...All girls fuck the same is a true statement. OP is just illustrating the fact that beauty does not ad value to your life and many times it could be a trap...

[deleted] • -10 points • 18 July, 2017 07:19 PM\*

Nah i think you missed HIS point. You said they all fuck the same implying that thier beauty doesnt matter.

You seem to have trouble reading.

The OP says that a womans beauty is an illusion. It can be manipulated and it can also disappear. It is unreliable.

The only reliable fact about her is hypergamy. If you make yourself aware of it and use game appropriately, then woman will bend to your will regardless of how they look. This makes gaming your HB10 the same as a HB6 (or any number).

Knowing this will liberate you.

*Read the sidebar before you post.*

Bathes\_In\_The\_Styx • 10 points • 18 July, 2017 08:25 PM

It looks like you heard someone say "fake it til you make it" and took it too literally.

I think your post was ambiguous and the other guy just misunderstood it. Telling him to read the sidebar before he posts is passive aggressive, beta bitch behavior. Try not to be so condescending, it's not alpha it's just annoying.

Namelessfear9 • 0 points • 19 July, 2017 12:20 AM

Is this tone policing? The sidebar exists to educate those who don't know shit. Anyone who can't handle condescending, harsh language is in the wrong place. Anyone defending someone so weak is just another white knight.

There is a reason you are supposed to lurk, read, and internalize before posting.

Bathes\_In\_The\_Styx • 2 points • 19 July, 2017 01:33 AM

Oh, I absolutely agree that newcomers ought to internalize the sidebar before posting. But I have no idea why you think the other poster was weak or why my post should be considered tone policing. I was calling out an idiot for being illogical. We've already got too much idiocy bumbling around in this sub as it is, as your comment bears witness to. There's more to being a man than posturing and blustering. You've got to use your fucking head every now and again.

Besides, I think the community has agreed that squid overstepped. He's at -7 as of right now. Can we please get back to the discussion instead of arguing at one another over nothing?

Personally, I think one woman can be more beautiful than another, and I will definitely go after a ten over a nine, ceteris paribus. However, operationally, one would be at a disadvantage to treat a 10 any different than he would a 7. AWALT, no matter where they land on the 10-scale.

[deleted] • 0 points • 19 July, 2017 03:41 AM

Lol... excuse me if I hurt your feelingz for telling you to click some links.

Though obviously many have yet to read it given the contention between my post and lukmeg because if they did they would understand the gulf between them.

Read the sidebar pretty please.

[deleted] • 18 points • 18 July, 2017 04:49 PM

There's a stoic technique that I always used to use when I first started getting intimidated by beautiful women.

Look at her, I mean ...really look at her face, her body, her hair and imagine what she would look like when she's old/dead/decomposing.

That's when you realize that your physical beauty is a depreciating asset and you must be stupid to invest in it. Real beauty isn't affected by time...like the book "meditations" or Da Vinci's paintings.

MrNeighbour • 3 points • 19 July, 2017 10:01 AM

This is a technique used to control desire and attachment in Buddhism.

ElCthuluIncognito • 2 points • 19 July, 2017 11:46 AM

Interesting, any chance you know where I can find out more about this?

Patriarchysaurus • 3 points • 19 July, 2017 06:13 PM\*

I assume he's talking about deconstructing concepts to realise one's artificial (and ultimately false) perceptions of reality.

For example, we call a seat with 4 legs a chair, if 3 legs are removed it then becomes a stool. Break it down more until it's just a bunch of atoms. Now, tell me, which atom is the "chair"?

In the same way, you could see a beautiful woman in a similar fashion: she isn't her hair/makeup/eyes/body/whatever. Which one part of those things is "beauty"?

If you realise you're both just decaying corpses that aren't aware of it yet, you won't care to worship her external beauty.

my plates aren't all HB8 & above for this reason. spend some time with women WITHOUT make-up, push-up bras, spanx, and all types of other 'trickery' that makes them appear more attractive.

i personally don't give ANY woman over an 8 rating because the last 2 points are attributed to personality and fuck/suck skills. iow, i don't lose my mind over any woman's looks until i've evaluated her as a person AND felt her physically.

There is a folk tale from India I read: A princess agreed to marry a man because he told her she was the most beautiful woman. She told him to come back in a month and they would marry. A month later, she was thinner and sickly-looking. She had vomited, urinated, and defecated in jars that she kept for him. She presented these jars as her beauty.

I talked to some hot 9/10s and had no problem telling them straight up that I look for more than looks in a girl. They liked my confidence that I can talk to them and not care what she thinks. Girls have to offer more than just looks to me now.

[deleted] • 1 point • 18 July, 2017 11:00 PM

If you DHV them, it's like an HB10 saying to us she doesn't care what care we drive or the money in the bank or our goals in life (at least the ones we choose to get attention)

PatrickIIDX • 1 point • 19 July, 2017 05:26 AM\*

Most girls want to get something out of us. I just keep a calm stoic mind, and get some kind of attraction. I practice my game by just being in an environment where I just talked to a few random girls. Don't care if I fail, because it's practice. So that leaves me more confident, IDGAF, and free to talk about almost anything random because I expect nothing from them, but like to converse a bit. Some are acting nice. When you don't care, you start learning some Alpha traits, then you learn to stop acting like a beta because you changed your attitude on things in life.

[deleted] • 2 points • 18 July, 2017 10:36 PM

Your quote reminded me of something Paul Janka said, that after he had sex with a hottie, he would stop seeing her as hot. Her mascara running, trying to squeeze into her pants, the jangle of her bangles on her arms, and her hair frizzy and unkempt ..... Totally unlike the pristine supermodel she affected before they lay together.

It is cynical and dog-like to reduce beauty to mere mask. It is skin-deep but it is still skin. It won't serve to help anyone accomplish goals, but that is not beauty's point. This is like degrading art because it fails to fit into a NASA flight launch plan. It mistakes the function.

I agree with your final conclusions, and I see that beauty is a mask. It's still fun, though, and I think the majority of men who are reading this post aren't gonna be like, "Oh, yeah, that's something. It's just a mask. Lemme go hit on uglies ..." We're all gonna still find hot women to be hot, and we're still gonna pursue them.

Props good article overall.

I know all that, living in LA, and I still want to bang that hot chick.

Very good, but how to ignore her beauty?

You've explained very well how women use their beauty to manipulate men and why men shouldn't think a good looking woman is relationship material just because of her looks. But you haven't explained how to achieve this and I hope you or someone else do because I know I'm guilty of judging women on looks and the knowledge on how to stop this would help tremendously.

MaxwellGaine • 1 point • 19 July, 2017 11:19 AM

Look for pictures of apparently gorgeous women with and without makeup.

"However a woman's beauty does not reflect on her character. It has no bearing on her honesty, loyalty, nor commitment. If anything the more a woman relies on her beauty, the less she need rely on any of the aforementioned." Damn!! so true. amazing post. keep it up!

u/dr\_warlock makes some great posts but does anyone else think he sounds like he's trying to make his voice deeper than it naturally is? <https://www.trp.red/podcast/100>

[deleted] • 2 points • 19 July, 2017 12:12 AM

This is a bit irrelevant to the post is it not?

11-Eleven-11 • 3 points • 19 July, 2017 01:17 AM

Women are only good for sex and children if you play your cards right. It's a huge gamble either way.

wook3r8 points 18 July, 2017 04:59 PM **[recovered]**

How is this any different from the Beauty is Skin Deep aphorism? And why does it now need to be coated in TRP toxic sludge?

tallwheel • 2 points • 19 July, 2017 01:50 AM

You're right that this is an old idea, and should be pretty obvious. I don't think this is a very original or even necessary post.

Where is this "toxic sludge" you speak of though?

therealtheremin • 6 points • 19 July, 2017 03:07 AM

There's a lot of stupid chode shit in these comments, for example "Make-up = rape by deception." - dr\_warlock

tallwheel • 2 points • 19 July, 2017 03:11 AM

I don't know. I think he was just parodying dumb feminist attempts to pass laws to make it rape for men to lie about income/profession, etc., but I could be wrong.

wook3r0 points 19 July, 2017 04:24 PM **[recovered]**

Its all over this place. I was telling someone that we need to be less worried about getting what we deserve and more worried about the children who are the entire purpose of love and sex and marriage.

He responded by asking why he should care about "crotch fruit". Judge for yourself what I mean by toxic sludge.

tallwheel • 1 point • 20 July, 2017 02:31 AM

Well, to MGTOW and other people who have chosen a child-free life, children *are* crotch fruit. I'm

on board with that. But if you want your own crotch fruit then more power to you. I have nothing against people who want crotch fruit... as long as you can get them to shut up in public.

woook3r0 points 20 July, 2017 04:07 PM [recovered]

You think you can speak for everyone who doesnt have kids? I dont think anyone wants a fat slob speaking for them. Are you sure you arent the one who should stay silent in public?

tallwheel • 1 point • 21 July, 2017 02:16 AM

Nice ad hominem. Not sure how you decided you can gauge my physique or hygiene from the above post.

I don't bother people in public by crying, screaming at the top of my lungs, or begging for shit I don't need.

Parents with noisy children should be treated the same as smokers. They bother other paying customers.

Crotch fruit.

Womb turds.

Fuck trophies.

You said women's beauty won't help you, will serve as a distraction etc. But isn't it true it can also be used as motivation? Some peoples biggest motivation to work hard is there wife.

[deleted] • 1 point • 19 July, 2017 10:07 AM

This is an excellent post at a particularly good time for me.

IIIIIIIIIIIIII • 1 point • 18 July, 2017 10:49 PM

I've often told myself, before TRP even, women can be too good looking for their own good. This is exactly what I meant.

puq1 • 1 point • 19 July, 2017 08:26 AM

*a woman's beauty does not reflect on her character.*

Well true, in strict causal sense.

However, personal experience suggest that naturally beautiful women tend to be less bitter, which is soooo much nicer to be around, interact with and endure than someone who has that constant coming-of-age bitterness and poignant aura, (like 90 %'ish of women).

My guess is that naturally beautiful women postpones the development of such inner hate due to the fact that much is given freely to them in life, because of their looks. A history of no defeat does not induce resentment.

(I think the same is applicable for men as well. Maybe not the guess of 90-10 percent ratio.)

[deleted] • 1 point • 19 July, 2017 10:23 AM

I don't think I can take your word on this.

qball43 • 1 point • 19 July, 2017 01:08 PM

Ironically, the more you value her beauty the more likely you are to lose her, and the more afraid of losing her you will become.

I cant emphasize enough how true this statement is, and how deeply it hits me, and I bet others reading, too.

I've been around RP for 3 or so years now after numerous breaks, but some things I read here sitll manage to give me a pit in my stomach, and make me reflect on my past. Ill spare those stories as I've already posted on them on other accounts.

The statement of "whoever cares less in the relationship has the most power" is now more true than ever. Painful, yes. But the pill is a bitter pill to swallow. Even though I drank plenty of water to wash it down, sometimes I still come close to puking it back up. Followed by drinking some more water to wash it back down in me.

BluepillProfessor • 1 point • 19 July, 2017 03:25 PM\*

Reminds me of a quote from the manipulated male:

By the age of twelve at the latest, most women have decided to become prostitutes. Or, to put it another way they have planned a future for themselves which consists of choosing a man and letting him do all the work. In return for his support, they are prepared to let him make use of their vagina at certain given intervals....they dress up as bait...and.... paint their faces like a clown to simulate neotany.....

[deleted] • 1 point • 19 July, 2017 03:28 PM

It makes me wonder how societal representation of women could be so much different than the reality.

whatsthisgarg • 1 point • 18 July, 2017 06:21 PM

The post is all true. Seems like a vast number of guys are guilty of inflating the importance of beauty, and thereby putting women on the proverbial pedestool [sic], where, by the way, **they do not want to be.**

Somewhat related, something I found myself doing, years before reading TRP, was to just **look** at what I thought was a beautiful woman, and realize how **plain** she really was.

I mean, I used to be (still am TBH) the biggest bird-dog in the Tri-State area. I found myself driving around the block to have another look at some chick I saw on the sidewalk; I would purposely wander around the store, go down an aisle I didn't need to go down, just to look again (not infrequently seeing some chick from behind and then being shocked at how I misjudged). I had to ask, before I got in a car wreck from doing it, *what the fuck am I looking for?*

***Even the most beautiful woman is just plain, completely not outstanding, with simply and quite literally, average features.*** (In fact, that is supported by many, many studies, where people are asked to judge images of supposedly beautiful people: **the most beautiful are simply the most average.**)

Just take a look at Natalie Portmann or Jennifer Connelly, for instance. Symmetrical features and signs of healthy hair and skin, that's what they have to offer. Nothing outstanding.

"It is unusual for a man to be able to do the same."

It's friggin' impossible!! Nobody hires a guy for being handsome, unless it's female HR staff member, but they will dang sure fire him for being incompetent.

--StormKing-- • 0 points • 18 July, 2017 07:22 PM

I call this practiced and trained deception. Taught by mothers, and trained to perfection, you can see girls who haven't reached puberty, training for the great game.

[deleted] • 0 points • 18 July, 2017 11:13 PM

I really find it difficult to ignore beauty of a girl. Often I willfully ignore red flags because she's just so beautiful. And I'm talking about young hot girls who look amazing even without makeup, not some wall approaching women. I'm fully aware of her flaws, but I still cannot resist. I'll probably stop thinking with my dick when I meet some heavily damaged girl who'll make my life a living hell.

MaxwellGaine • 0 points • 19 July, 2017 11:25 AM

Something to keep in mind is that if you've got your game and SMV other than looks in order, sometimes the hotter ones are easier to attract.

For example, a girl 5-8 wants to think she's a 9 or 10, so she can get with the very good looking guys. If you're not one, she'll blow you out of the water and give you tons of shit.

A 9-10 has already been with the handsome Chads. There's no mystery in them for her, she's been there, done that. Many of them are just as interested in a guy who can give them something besides arm candy - good push/pull and emotions from drama. In a way, exceptional looks on the guy are less important than what else he can bring to the table.

Hence the gorgeous girl with the average looking guy you see walking down the street, and why that average girl shut you down so hard.

[deleted] • 0 points • 19 July, 2017 12:10 PM

So... if you want to be happy for the rest of your life, better make an ugly girl your wife?

Yeah, no thanks. You go ahead, though.

[deleted] • 1 point • 19 July, 2017 12:33 PM

That's not at all what this post is about.

tallwheel • -3 points • 19 July, 2017 01:53 AM

Even many BP guys are aware of this obvious shit. Why is this on RP and upvoted? You need to go deeper to be RP, my friend. Grade: 2/10

[deleted] • 0 points • 19 July, 2017 02:04 AM

Your criticisms are vague and pompous. Perhaps if you had a posting history to backup your statements I would take them more seriously - which is not the case.

tallwheel • -2 points • 19 July, 2017 02:42 AM

Says the redditor for one year. I've been reading TRP for at least 3 years now. I know a good RP post when I see one.

The old-timers are right. Most of the posts in TRP are shit now. Newbs need to focus on reading the classic posts. There are posters who have stated all of these same ideas and done it much better years ago.

[deleted] • 0 points • 19 July, 2017 02:44 AM

Your appeal to authority goes unheard.

lafingman0 • -1 points • 19 July, 2017 06:17 AM

also don't hedge on a "safe bet" just because they aren't good looking. hypergamy is everywhere.

[deleted] • 3 points • 19 July, 2017 06:21 AM

Even an ugly girl has plenty of options

pussycatmando • -2 points • 18 July, 2017 11:33 PM

Women are useless creatures. Every man needs to discriminate strictly on sexual attraction bc there's nothing else more important unless you believe in that Disney fairy tale Love.

sweetpotatuh • 3 points 19 July, 2017 10:55 AM **[recovered]**

You're right op. Go ahead and take the ugly girls all for yourself it's fine with me.

That's not at all the point of this post.
