

# My female housemate and her Sugar Daddies

November 10, 2017 | 708 upvotes | by [Wolveryn](#)

---

These events unfolded 2.5 years ago now, although it seems like yesterday.

So I needed someone to fill the spare room in my apartment as I was paying crazy rent money for a 2 bedroom in Sydney city.

I meet this girl on Tinder, she's 22, from Germany staying in a hostel, great tits and body, fairly nice face. The night we meet, our friends with benefits relationship begins, I tell her I'm not looking for a girlfriend and I have 2-3 other women in my life that I bring around on a regular basis.

Anyway I get desperate to find a good housemate over the current weeks, so I let her take the room for short term (3 months). Which results in a weird situation where we're both seeing other people, but sharing a bed and fucking every now and then on the weekdays when we're both busy with work... as well as including her in FFM threesomes. At the time, a TRP advocate, follower and reader... I felt like my life was pretty much perfect.

Anyway she announces one day that she's read about a website for matching chicks with rich dudes... and she was poor, not enough hours working at a bar in the city, on basically minimum wage, she was stressed, so she starts thinking about signing up.

I said it's pretty gross, but do what you have to do to pay the rent.

Anyway, a few weeks go by, and she eventually does it for a whole weekend, earns \$3000 cash. And has the next few Friday nights booked out with a guy in the rich eastern suburbs, who was semi retired early with a family, but the family is usually away.

She confides in me about the family photos on his walls, and how he explains that he loves his wife, but she fulfills his needs etc.

Now, the moment I see she's now a hooker, while amused at her mental gymnastics to tell herself otherwise...I tell her no more sex.

And she's somewhat offended by this, our relationship is slightly altered... but we remain friends and she continues to feel she can speak frankly with me... She also happened to be an excellent wing women when we'd catch up from time to time after work.

Then comes, we'll call him Bevan .

Bevan comes from California, Bevan is 34 years old, greying hair, but a youthful personality... he had been travelling with her before Sydney unbeknownst to me, and he had flown to see her, I had no idea about him til he arrived, but the guy it turns out was in love with her. She liked him, but found him too clingy, but strung him along for his trip to see her before flying back to california.

She stressed that he must never know about the sugar daddies.

She continues to run her new venture into tax free prostitution... which I was barely keeping up to date with as I was busy with work and staying at a Syrian/british girls house I'd met on Tinder most of the week...

Anyway Bevan flies back home, only to tell housemate that he'd like to pay for her flight to california to stay with him for 2 weeks and be his date for his family members wedding in Tahoe.

She accepts, free flights to the USA! But here's where it gets amusing, she's now on a bunch of sugar daddy websites, and lines up 2 guys in Vegas, and a trip on a luxury Yacht, where she has to fuck a bunch of old rich guys over the course of a week somewhere off the coast of California Presumably... which

paid \$15000.00

Anyway, she'd moved out of my apartment at this stage, but was still telling me in her german accent 'how crazaaaay the money is, and how fun it is'.

I test her on multiple occasions throughout this, "What would Bevan say, if he knew."

She says "Don't be a fucking asshole, I'm telling you this in, how do you say... confidence?" in her strong german accent.

She gets on her flight.

And I get on Facebook.

I was new to TRP at the time, and still processing how good life can be when you just follow your balls and instinct regardless of the rules society expects of you...

I message the guy, and I tell him that it took me a long time, to decide whether I should tell him, as I was reading a lot of comments on line suggesting that I should stay out of it... but I couldn't in good conscience keep it from him a day longer, so I tell him about what she's been doing...

I tell him about her other plans, and why she was extending her trip to 'travel by herself around the USA' after seeing him.

The message was sent, and I go to bed as it was late and I had work the next day... knowing that while I slept she was on her flight to cali-forn-I-A expecting to be picked up by Friendzoned Bevan.

I check my messages in the morning, not sure how he would take it.

Sure enough, he writes:

"THANK YOU! THANK YOU THANK YOU!

Dude! Thanks for the heads up, yea I already suspected something strange was up and this confirms it. It's worse than I thought...

She and I need to talk.

~Bevan"

I'm relieved he took it that way, as I was afraid he was going to redirect his anger at me somehow...

Anyway 2 things happened, she never spoke to me again. Fair enough! And Bevan never went to pick her up at the airport.

I felt a little bad that Karma got her for deceiving Bevan as it was true that I appreciated her honest chat, but I had simply asked myself... would I want to know if my women of interest was secretly a whore? Yes I would.

Karma in my opinion.

Bros before hoes.

I also learnt that I'd never have a female housemate like that again. And I suspect she learnt that she shouldn't have told me her plans.

Pretty common nowadays, know so many girls with “no job” that travel and somehow drop on designer bags on the reg. It’s so obvious what is going on.

Wolveryn • 1 points • 10 November, 2017 06:00 AM **[recovered]**

So true, you see the glamorous side of it on Instagram.

Throwawaysteve123456 • 126 points • 10 November, 2017 01:27 PM

Exactly. The amount of pseudo prostitution that occurs from, Instagram , is truly impressive. Lol

TheDeadlyZebra • 28 points • 11 November, 2017 01:39 AM

It's not really pseudo prostitution. I think there are legitimate laws being broken, but chasing the paper trail is too difficult for average law enforcement efforts, and too little reward

Dragon\_Garoo • 4 points • 12 November, 2017 03:25 AM

Report her to IRS or whatever the equivalent is. You know she's not claiming that \$\$\$. Even if the prostitution is legal (which it is in many jurisdictions) the tax avoidance is not. Once they get a whiff of someone making serious money, they'll go full court press on all her accounts.

youngzari • 6 points • 14 November, 2017 02:34 AM

How do you benefit from snitching?

Dragon\_Garoo • 2 points • 14 November, 2017 05:52 AM

You pay less taxes because they'll take what they owe the government? A lot of these hoes also take welfare/social assistance, and turn tricks on the side, living decent lifestyles from the 'gifts' they receive in cash and goods. It's obviously up to you, but I think a sense of civic duty and pride is something that has left our society, and is a reason why we're crumbling. Obviously, it's a personal choice. But why do you, as a man, slave away and pay your fair share, while others just suck away at the 'male tax'. It's a subject that's been discussed in the 'manosphere' and in the new-right as well, how so many men are going MGTOW and ending up just being the supporters of a gynocentric society; fatherless families, etc. Put it this way - if your boss was getting rich by not paying taxes, while you were still having to pay, would that seem right and fair to you? A cohesive society has rules and enforcement. Your call.

youngzari • 1 point • 14 November, 2017 01:59 PM

I don't agree with your boss analogy. “She’s” not my boss, so it doesn't directly effect me. Although I understand what you're saying, I'd just charge it to the game. Snitching is snitching, I don't see it benefiting me in this particular situation. Life isn't fair you just gotta keep it moving and find what's for you. This is snitching, sir.

GoRedBad • 1 points • 14 November, 2017 03:07 PM **[recovered]**

How do you benefit from not snitching?

youngzari • 1 point • 14 November, 2017 03:11 PM

That question isn't worthy of an educated response. I'll just chalk this up as us both having different rule books. All the best.

GIGANTIC\_NIGGER\_DICK • 1 point • 28 November, 2017 03:14 PM

"a sense of civil duty and pride is something that has left our society oh, and is the reason why're are grumbling"

Agreed

celtiberian666 • 2 points • 20 November, 2017 12:53 PM

You took this subreddit red pill, thats good.

But if you think about reporting someone to IRS, you're still on blue pill about governments.

Dragon\_Garoo • 1 point • 22 November, 2017 07:17 AM

Nah. Just red pill about karma.

My old man used to say: "What goes around, comes around."

If you're living a clean and moral life (by whatever your standards are) then you're good.

Society used to have a moral code. It's what made the west, the best. We punished those that broke the code. "White Guilt" used to be something that was directed at each other, in a way that made society stronger, more cohesive and adhered to the rules and guidelines of the day.

Today's 'anything goes' reaction to gynocentric feminism, has flipped the bit, put the Patriarchy on its head and allowed for decay across the economic and political spectrum.

The west was strong because we kept each other in check, bro code, mens clubs, women's circles, etc. We didn't need large standing armies or militia just to keep people from screwing each other over constantly.

Rome is burning. Laugh and eat grapes, Mr. Caligula.

Rome got strong after him, btw.

That's how the Arabs recruit girls to their sh\*t on their face parties in Dubai.

Your\_Coke\_Dealer • 1 point • 13 November, 2017 09:13 PM

There's a reason that TagTheSponsor exists

iceman202 • -37 points • 10 November, 2017 02:20 PM

Honestly sounds like you were better friends with her than you were with Bevan, and you betrayed her. I ☐ think that is kinda fucked as well.

Original\_Dankster • 77 points • 10 November, 2017 02:31 PM\*

She deserves no loyalty whatsoever after proving herself to be disloyal. If she was just fucking chads and milking sugardaddy betas but being honest about it, then there's no issue. But her actions towards Bevan remove her from the category of anybody worthy of loyalty or confidence.

Whether it was strategically smart to inform Bevan is another story entirely. But to posit that OP owed her loyalty is a pretty weak premise.

TheDeadlyZebra • 4 points • 11 November, 2017 01:43 AM

True. But also, OP was getting free access to that high quality pussy. Even if she was becoming a hooker, she was his FREE hooker. This is more an argument of principle. I mean, honestly, are we going to assume that the average mega slut is so much cleaner than a prostitute? Just wrap your tool and shoot your pool

p3n1x • 1 point • 12 November, 2017 02:00 AM

lol, fuck Bevan. What fucking loyalty are you talking about? OP sold out a F-buddy for some beta douche he doesn't know, and the guy will probably never embrace TRP. Yet the woman is banging red pill men.

If you could make 15,000 in a weekend letting old ladies suck your cock, you wouldn't do it??

If anyone here is salty with the woman in OPs story, its because you know she is better than you.

This chick never even went "horror show" on OP.

Imakesensealot • 2 points • 12 November, 2017 11:47 PM

Exactly. Only reason OP ratted her out is because she stopped giving him the pussy.

[deleted] • 6 points • 10 November, 2017 03:54 PM

I'm with you and against evidently everyone else in the thread. She cashed in on her SMV while she could.

Wolveryn • 1 points • 10 November, 2017 07:47 PM **[recovered]**

You can do that without brutal heartless deception of others lives... in my humblest opinion.

Imakesensealot • 0 points • 12 November, 2017 11:48 PM

OP you can admit she stopped giving you the pussy or as much attention so you ratted her out.

Wolveryn[S] • 1 point • 13 November, 2017 12:31 AM

Dude, you must be seriously desperate to even consider that.

I will tell you right now, the only reason someone would think what you just wrote, is that they're so limited on their options, so weak in their resolve... that they would actually think... that they'd choose to keep going back to a whore because 'she gives pussy'... over their morals. Like how desperate for pussy do you have to be?

Words really can't express how Blue pill you sound, dude... do yourself a favour and just get your balls removed.

I'm guessing you're a teenager... don't put pussy on a pedestal buddy... especially rank as STD risky pussy.

I mean you must be kidding...

Imakesensealot • 1 point • 13 November, 2017 07:19 AM

☐. OP is really mad.

No actual red pill person takes this drivel seriously. It's fine to admit you're or at

least were a beta loser. If I were a teenager, I'd upvoted your shitty drivel but I'm not. Morals□□. You fucking a girl a thousand other men are fucking but when she decides to get a little change off of it you're all of a sudden too good for her? There's no way I'm believing that. There's no way someone without feelings for said girl will behave like that. She either stopped paying you enough attention so you sperged out, or you she stopped giving you the pussy. The issue here isn't your morals, pal. It's that you got mad at a girl making some bread from her pussy. Nobody who's actually redpill and doesn't care does that.

No one's putting pussy on a pedestal. Plus, you calling her Std infested is just hilarious to behold. You claim that prostitution increases the likelihood of stds. Is that so? Why then do you give a fuck if you're not fucking her anymore?

Choosing to rat her out to Devan is a Grey area. What if he was comfortable with the arrangement they had? You basically broke her trust because you were butthurt she left you and was riding the cock carousel while still getting some bread on the side.

Do yourself a favour and read the sidebar.

SlothOnRoids • 13 points • 12 November, 2017 01:16 AM

Ever since joining this sub like 4 years ago, it always blows my mind how many rappers just know the game without ever reading one sentence out of a book or logging in some forum. It's all just learning from life experiences. Juicy J is a perfect example.

dr\_warlock • 12 points • 12 November, 2017 04:07 AM

They were either previous thugs and/or once the fame hit, female nature revealed itself to them and every person they associate with on a regular basis.

[deleted] • 55 points • 10 November, 2017 04:24 PM

Some chick from my high school with big tits lives this lifestyle. She's honestly not even *that* hot. She's got an all right face and no ass.

Seems like a lot of desperate betas took the "I'm gonna make the most money I possibly can and then I'll just pay people to like me!" route. I mean in this day and age, maybe that was a smart thing to do. Make so much money you don't give a fuck about spoiling some thot, get laid, then let her be someone else's problem when you're done with her.

My cousin was in the same boat, she was using some harvard MBA for his money, going on fancy vacations, out to eat etc.. My cousin is not that attractive. She has a nice figure but her teeth are fucked up, she's got a white trash no filter personality and a single mom with two different baby daddies and welfare queen.

ReddingtonsShitList • 35 points • 10 November, 2017 04:43 PM

Fuck... How thirsty do you have to be to go for that???

[deleted] • 27 points • 10 November, 2017 04:54 PM

I KNOW RIGHT? white women are spoiled AF. That's why they keep crying to daddy patriarchy for more more more.

MGTOWManofMystery • 19 points • 10 November, 2017 05:48 PM

Not just white women do this -- plenty of Asian, Indian, Black, Mixed, Latina and other women are doing this. Just search one of those sugar dating sites like SeekingArrangements.

OpiumDesVolkes84 • 14 points • 10 November, 2017 07:54 PM

LOL on SeekingArrangements it is quite diverse. The whole spectrum of women are represented, even transgenders wanting a piece of the action. In fact white women are under represented on the site for their total population size. There seems to be a high number of Mixed women on the site.

yoda35 • 1 points • 11 November, 2017 01:44 AM **[recovered]**

Is that site really popular? or is it only work in big cities? It seems like a lot fakes

Wolveryn[S] • 6 points • 12 November, 2017 11:48 PM

Seekingarrangements was one of the main sites my house mate used, I created a fake male sugar daddy account on it, spotted a brazillian girl I'd met on Tinder also... I originally thought they were fakes until I looked into it further...

Average every day girls are using it, and they're not embarrassed about it either. I'd say 25% of the girls studying in Sydney city have either used it, or have at least created an account on it out of curiosity to see what their options are... I've spoken to a lot of really nice girls in my friends circles about it, I haven't met a single girl that didn't know about it, as it had been mentioned in womens magazines, womens forums, etc etc. Its extremely common now. If you meet a girl over 25 today, I'd say there's a high chance shes sold her body for sex at least once, and the more cute and innocent she is... the more likely.

Dragon\_Garoo • 3 points • 12 November, 2017 03:28 AM

I know of at least 5 people personally that are (or have been) on that site. A couple are pretty/pro's that work in rub'n'tugs, the rest are pretty average 6 or 7's, and a couple are 3-4's. They talk about 'going to meet a friend' and shit like that. Yup. "Friends". It's amazing what guys will pay for, but then, they don't have any drama and aren't having to chase anyone. Just pay and play and done.

TheNextMilo • -1 points • 10 November, 2017 09:22 PM

It is true that a lot of women do it, and in fact yes, some of each ethnicity would do it but... Indian women often stay at home til around 20-22 and afterwards are shipped off to whoevers house they are marrying into... I wouldn't say plenty.

MGTOWManofMystery • 2 points • 10 November, 2017 11:48 PM

I was referring to women residing in North America on the SeekingArrangement Website.

smirk\_addict • 12 points • 10 November, 2017 06:09 PM

I agree. No demographic of people, male or female, has it easier. Yet they are the most vocal feminist. Women are women, don't get me wrong. But I've never heard a black or Hispanic woman talk about some belief in a gender wage gap or rape culture. Of course I'm just speaking from my small sample size.

OpiumDesVolkes84 • 11 points • 10 November, 2017 07:50 PM

Agree. White women tend to be the most entitled and vocal feminists. Latinas are often more comfortable with traditional gender roles.

Wolveryn[S] • 2 points • 12 November, 2017 11:53 PM

This is why (as a white man), I'd never recommend getting involved with a white women in a long term/marriage type relationship.

Maybe educated asian, Chinese, Japanese maybe Korean... or south American women... or russian/eastern european... not only are they waaaaay hotter, they're nicer human beings...

In the globalised world we're moving towards combined with the fact that asian women adore white men... I actually don't know why you'd waste your energy on an entitled feminist stropky angry white girl.

sbmale1986 • 0 points • 11 November, 2017 05:49 PM

Glad I dodged that bullet.

djmcwhite • 16 points • 10 November, 2017 07:28 PM

Really think the last girl I dated was some kind of escort. Saw she was getting gifts & large amounts of money from "friends" dropped and went no contact real fast. Lesson learned: never date bottle service girls/bartenders.

Drewbieee • 8 points • 12 November, 2017 07:34 PM

One time, a girl who I knew was a stripper/druggie (I was a bit of a druggie too, back then) clearly wanted my dick, so I went to her house for a long, long night of drug induced super fucking. We put on a movie and we're starting to settle in when she pops up; her phone having buzzed, runs over to it, says "oh, ummm brb" runs out of the apartment. About 10-15 Later, she comes back with A FUCKIN GRAM OF HEROIN AND LIKE 600-700 IN CASH. Being that I'm not a fucking moron, I knew what was up, but I asked her to see how she would react. She told me that a "nice old man" just comes by randomly and

gives her absurd amounts of Capital....for what, I ask? She says "oh nothing, we just talk/that's gross/blah blah. Nope out of that shit

Wolveryn[S] • 5 points • 13 November, 2017 12:21 AM

Woah jeezus... I feel like this is a Field Report post in and of itself!

Drewbieee • 5 points • 15 November, 2017 12:28 PM

I mean that girl was a fucking train wreck. I swear to god, i fucked her in the garbage room of her apartment building the first date because her roommate was home. Then, roomie left, we went upstairs, chick shoots a massive shot of dope despite my warnings, and is like teetering on the edge of OD, lying on her back. I flipped that bitch over, took her phone, made her half conscious ass give me the code, took a pic of her and sent it to the room mate and said "I'm leaving in 5 minutes, she's on her stomach and fucked up beyond belief or reason. I am not going to be here for whatever comes next, do what you will." And then waited and left. Fuck that, man. I'm not going to prison over this suicidal junkie bitch. I have a lot of stories of this lunatic, honestly lol.

CSMastermind • 5 points • 10 November, 2017 07:12 PM

Its clear now!

[deleted] • 105 points • 10 November, 2017 06:18 AM

I was out with this girl, walking around town. We were laughing and playing around, it was a good date, we'd just heard some live music from a local artist and shared a beer and a light dinner together. As we pass by a piano store, she gets this arch look on her face and proceeds to tell me a story. First words out of her mouth were "I told you I was married twice, right?" I'm like in my head "no f-ing way you did" but I let it go on to hear what she was going to say.

She tells me about her first husband, how in love with her he was. He was a major corporate lawyer or something, and when their relationship was tanking, he wanted to show her he loved her, so he bought her a

massive grand piano. She laughed about the gesture cynically, then told me that she sold the piano almost immediately afterward for like \$10 grand. Took the money, then flew to Vegas with her brother and gambled it all away. She was chuckling and giggling the entire time she told me about this.

And I'm thinking to myself how savage she is. What an ungrateful person. For one, to do that to that guy. For another, to laugh about it. And for the third thing, what about that piano? That's a great piano!

Reminds me of the time my biomom threw out all my biodad's furniture and clothing when she kicked him out of the house he bought and paid for, and tossed it off the second floor into a pile below, and set it on fire at night with some neighbor kids over to gloat over the blaze. Complete psycho. Now she hates me. Go figure

FuckMichaelMcCoy • 69 points • 10 November, 2017 08:44 AM

Its one thing to blow the money away on purses or other useless shit but she blew it on binge gambling.. pathetic.

She literally could have stashed that 10k and earned at least an ounce of respect from me. Bitches cant handle money, especially when it comes from a nasty icky beta.

You did that dude a solid. Sometimes it's really hard to watch a woman fuck over a decent guy. Before learning more about women and coming here, I just couldn't fathom the depraved and fucked up shit women do while still stringing a guy along like their something special. If it's no detriment to you, I think it's admirable stopping a guy from being a chump.

FuckMichaelMcCoy • 103 points • 10 November, 2017 08:36 AM

Im going to come in with a different POV here:

He shouldve never told Bevan. Why? First off, hes not a "bro." A bro is a friend, a homie, that you have bonded with. A stranger is not a bro. 99% of the time, these random stranger "bro"s will fuck your bitch without thinking twice.

He could have been a crazy beta. I dont need to name the type of stuff these guys are capable of doing. And last point: She could have flipped it on him for outting her in a dramatic fashion by stranding her in California. She could have accused him of rape, harassment, any bullshit she wanted.

Any woman who becomes a prostitute is an extremist. They are prone to and open to pulling the Rape Card™ on anyone. Why? They are not scared to exploit their female priviledge, they do it on the extreme end via escorting.

Risk all of this just to "save a bro" he never met. These guys gotta get smoked themselves to learn. He was a BetaBux so he needs to learn his lesson and evolve from it on his own. No handouts

vwzwv • 54 points • 10 November, 2017 10:07 AM

I personally wouldn't feel obligated to call the guy. That said, I'm calling BS. Anything you mentioned she could do, she could also do later, easier as they would be further involved.

fuggboi\_xd • 2 points • 10 November, 2017 05:38 PM

Difference being that in this case he gave her a pretty good reason to do it. Typically women don't do that out of the blue.

cat-gun • 30 points • 10 November, 2017 12:18 PM\*

Although no doubt some prostitutes have at times falsely accused men of rape, a working girl is much less likely to do so than a regular girl, IMO. Most sex workers typically want to hide their profession from their friends and family--a rape trial will out them. In jurisdictions where sex work is illegal, it also exposes them to arrest and imprisonment, or getting extorted at the hands of the police.

tk421awol • 1 points • 10 November, 2017 03:28 PM **[recovered]**

There's a difference between a streetwalker and these tinderella sugar baby "not-a-prostitutes" like the chick in this story. A prostitute knows what she is and generally has no qualms with that. These instagram princesses can lie to themselves and anyone else. He is right to be cautious with that level of crazy.

cat-gun • 3 points • 10 November, 2017 10:51 PM

I agree that the woman in the story is bad news. I just don't agree that prostitutes in general should be painted with the same broad brush.

sigma272 • 3 points • 10 November, 2017 10:56 PM

I think OP got pretty lucky because the guy was obviously seeing the red flags in her. If he was still in oneitis mode, he may have attacked OP for besmirching his "angel's" reputation. I have tried being Captain Save-A-Bro and it usually worked out that way. Nowadays i let things run their course and avoid the drama.

Your\_Coke\_Dealer • 2 points • 13 November, 2017 09:18 PM

OP doesn't owe him shit, OP doesn't owe her shit either, but sometimes it's just satisfying to throw some gasoline onto someone else's dumpster fire.

But what if he never found out, or had his life ruined by her? It becomes a question of whether you just shrug and say its a tragedy of the commons, or do you want to actively change the world so decent

people like Bevan dont get torn a new one?

JackGetsIt • 10 points • 10 November, 2017 04:48 AM

I think they probably rationalize it that it will just make a weak dude stronger or that they enjoy the punishment. Maybe in a warped way it's true.

OpiumDesVolkes84 • 3 points • 10 November, 2017 08:11 PM

Very true and the only real revenge is the MGTOW concept of women hitting the wall at 30-35 and losing the privileges they once had while they were in their prime. They really become old news and only continue to lose power the older they get.

I would compare women to gigantic blue stars. They burn bright and magnificently, but have a short lifespan compared to regular stars like our sun. Blue stars literally burn out all of their fuel supply rapidly and die sooner. Men that take care of themselves are more like the sun. Burning their fuel supply consistently for a extended period of time.

I met this chick in my class one time. I was a 27 year old grad student and I just needed an extra class. She was an undergrad, 21 or 22 I believe. We got in the same group for a project. This girl had the worst personality ever. Totally vain and vapid. Incredibly lazy in class. My God she was hot though. Near the end of the semester she started giving me more attention and talking to me more, probably because I didn't act like a desperate bitch around her. She eventually told me how every guy she dates just tries to sleep with her on the first night and why can't she get a boyfriend blah blah blah. She also said one of her friends was on one of these sugar daddy websites and she was considering it too because she basically had given up on a relationship. Think about how awful this person must be, an 8.5 that can't get a guy to date her.

One day she offers to drive me home because it was pouring rain out. She had been steadily flirting with me more and more, and after we got in her car we were both soaked and she goes "oh look, you got me all wet..."

with a little smile. I'm thinking this is going to be the easiest score ever. Back at my place we cracked open some beers. I was escalating and she seemed receptive. I go in for a kiss and she rejects me - like a hard no question about it rejection. I laughed a bit because it was so outrageous - literally never been led on so hard to be rejected at the last minute. It was so awkward that she left shortly after.

I'm racking my brain wondering what the fuck just happened, and the only conclusion I can come to is that she was sick of "guys trying to get with her on the first date" and was actually trying to... I don't know, take it slow and date me or something. How she could think I would be romantically interested in her after she told me she was considering using a sugar daddy website is beyond me, but that's the state of affairs now I guess. Every guy must have been so off-put by her personality that they decided to try to close hard and fast because investing time in her would be so painful. She probably has no idea how to signal interest without being completely slutty because that's all that guys have ever responded to for her.

I really wonder to this day if I drove her to prostitution.

Wolveryn • 1 points • 10 November, 2017 04:16 AM [recovered]

LMAO, based on that, if she ended up in prostitution/sugar daddy websites, she was heading there regardless of your influence on her.

The reality is probably that she was currently reading a relationship advice book, that advised her to hold off on the guy she likes.

Obviously you weren't into her for her personality and so her playing hard to get meant you moved on immediately, like a solid TRP boss... only a man with good options would think that way... so I salute you.

[deleted] • 17 points • 10 November, 2017 04:19 AM

Haha well she would've been the hottest girl I ever got with. The salute is nice but goddamn, she's the notch that got away. It could be that I somehow fucked it up honestly. I have to be honest that I was a bit shocked that a girl so hot was coming onto me that strongly. She might have sniffed some weakness in retrospect.

[deleted] • 15 points • 10 November, 2017 12:50 PM

In my experience girls that flirt directly are harder to bang than girls who act nervous or shit test you. Who knows what goes through their minds?

chauncy\_popperstein • 1 point • 10 November, 2017 06:08 PM

I kinda agree... But not totally. I've gotten some very easy hook ups from flirty girls. It brings out my playful side and then the escalation is on "fast forward".

Hnikud • 1 point • 10 November, 2017 10:05 PM

I can confirm, but it is because these girls like to give false leads and then play around for you to chaste them.

JackGetsIt • 32 points • 10 November, 2017 04:56 AM

Sounds like she was coming off an alpha pump and dump (or several) and was feeling worthless. You were good enough to toy with but she probably would have just strung you along and still not fucked you, or at least only fucked you sparingly, because all she wanted was to know there's some guy out there that wanted to put her on a pedestal.

You played the right card by walking; it was all just an elaborate grab at a potential beta orbiter and you didn't play that game.

TheNextMilo • -2 points • 10 November, 2017 09:35 PM

An 8.5 but the hottest girl you would have ever gotten with. That is sad.

[deleted] • 7 points • 10 November, 2017 10:13 PM

Lol. Ok bitch. Got eat a dick. I give honest ratings unlike everyone here who claims they are juggling three 9's and and two 8's at all times. A 9 is a girl that's so hot you see her on the street walking around maybe once a week if you use a normal distribution.

TheNextMilo • -2 points • 10 November, 2017 10:22 PM

grewapair • 96 points • 10 November, 2017 05:12 AM

I had a woman from my office ask me to get coffee and she tells me this whole story about how she basically used her now ex husband for money during the last 5 years of a ten year marriage. She made him sleep on the sofa, never lifted a finger for the guy, but she didn't make enough money to live on her own so she pretended to stay married to him until he finally pulled the plug. The divorce was final 6 months before our coffee.

Then two weeks later, I get a drunk e-mail from her complaining that I never got the hint from coffee and asked her out.

Why on earth she thought I would want a woman like her is beyond me. And it was bad enough for her to do it to that guy, bad enough she didn't try to hide it, but she practically bragged about it. Apparently, I was supposed to willingly become her next victim?

empatheticapathetic • 38 points • 10 November, 2017 05:26 AM

I told her its been nice, but I have to go... didn't even bother with a reason why.

This lack of shame that is a consequence of feminism is actually a great thing for us. No need to make judgment calls when they so easily discredit themselves.

cherryCanSuckMyDick • 3 points • 12 November, 2017 02:09 AM

In some ways its great. Like all of the blue haired slob out there with a womens studies degree and an attitude that would piss a golden retriever off? Now its like they have DAMAGED stamped on their foreheads in block letters.

wisty • 8 points • 10 November, 2017 12:20 PM

20 something, 2 kids, she's probably 18 years away from the next chance at a solid relationship, by which stage she's pushing 40.

Claiming she's "beaten some chump adversary" is a lie, and it's probably not really aimed at you.

kelvin\_condensate • -5 points • 10 November, 2017 12:25 PM\*

I'm confused. We are on trp. Why not just fuck her and move on? If she is hot, then why not?

This concern for their personality is some purple pill stuff. You don't have to date her. Just turn her into a plate.

1. Not hot enough to be bothered.
2. Waaaay less attractive knowing how much of a shite\*\*t she was.

Also. She had baggage, if you had 20 women available to date on tinder, one of them had kids which she neglected to mention on tinder... and she's less hot than some of the the non child having ladies... why bother?

kelvin\_condensate • 2 points • 11 November, 2017 06:04 AM

This puts things into perspective much better. A mere mention of her previous 'conquest' seems to have little to do with nexting her and instead the nexting is because her entire behavior is absolute shit.

Am11ty • 8 points • 10 November, 2017 05:32 PM

things like this are just so incredibly off putting they throw you out of the mood

[deleted] • 5 points • 11 November, 2017 02:27 AM

The thing is that fucking her after she brags about all of that shitty behavior is to validate it. Now she feels like shit because you did not validate her shitty behavior.

It is the same with crazy bitches. If you fuck them you are basically validating her craziness and/or her shitty behavior.

Of course, it's not like we should care, but the reason they keep going unchecked is because some Chad or pseudoalpha ends up fucking them.

RockhoundFIN • 1 point • 13 November, 2017 07:03 PM

This. The latest in line of crazy I ran into felt exactly like this. In an open relationship. Got the feeling she'd cucked her boyfriend. Never fucked her and avoided validating her inner little sociopath.

Wissenschaft85 • 2 points • 10 November, 2017 04:36 AM

Never trust anything, especially when the girl practically out right says shes a slut.

kelvin\_condensate • 4 points • 10 November, 2017 12:29 PM

Because older men tend to have a much greater disposable income and can thus spend much more than some broke ass boyfriend could.

Wissenschaft85 • 1 point • 10 November, 2017 08:57 PM

kelvin\_condensate • 2 points • 11 November, 2017 06:06 AM

It is logical for women to do both. They can fuck chads while securing wealth from older men.

Wissenschaft85 • 0 points • 10 November, 2017 08:56 PM

I don't know, take it slow and date me or something. How she could think I would be romantically interested in her after she told me she was considering using a sugar daddy website is beyond me, but that's the state of affairs now I guess

Girls like this are WAY more socially clueless than guys give them credit for. Like your stereotypical "meathead chad" she probably relied on her looks and a little charm to get by for most of her life since she hit puberty and never really had to think anything through logically. In other words, they're simply just spoiled.

Plus in today's generation where both parents work, or are often not together or communicating other than for child support and other legal issues.. They don't actually raise their kids. They just deposit money in their account and send a "love you lots xoxo" so these kids grow up to be soulless little demons who will do anything they can get away with without the slightest regret within the confines of common law or til they get locked up.

[deleted] • 10 points • 10 November, 2017 06:02 PM

Yep. Regarding meathead chad, I had a random guy roommate once. He was pretty tall and decently good looking and played college baseball. He had a lot of stories about hot chicks in college, but I never saw him hook up with a single girl or go on a single date in the 6 months I lived with him. I really think he just had no idea how to pursue women because it was just automatic pussy being a college athlete.

askmrcia • 18 points • 10 November, 2017 03:25 PM\*

God I had a very similar story. Except I was working at the mall and this one girl worked at another store. Anyways she used to come up to my cashier and flirt, but in a childish innocent type of way. She even used to buy me drinks (soda) for work.

I was 24 and she was 20 I think. Eventually her friends used to come up to me and tell me how much she liked me.

Fast forward a few weeks, I eventually ask her to come over to my place, which is like 30mins from me. Its also important to note that within those few times we talked, she gave me the whole "all guys just want to sleep with me" speech and how she can't find a real guy. Oh and she used to snap chat me pics of herself half naked and how much she loves to cuddle. even made jokes about how hot I was and how she wanted my babies. No BS.

So anyways, she comes to my place wearing thongs and the tightest short shorts ever. I'm thinking to myself "I got this in the bag."

We cuddled up on my couch and she tells me she wants to play GTA5 (which was one of the reasons she came over). I'm thinking to myself is she just saying that or she serious. So I play like one small mission on there and start rubbing her legs and then I went for the kiss. She stopped me full blast and said she only wanted to play GTA and cuddle.

I'm like WTF? She then tells me that she can't hookup with me on the first date. So eventually she leaves. It was awkward as fuck and I honestly had no idea what went wrong.

Then on her facebook the next day she puts this rant out saying how all guys just want sex and how all guys were assholes.

I was shocked. Didn't see it coming at all. This chick lead me on and gave me blue balls hard as fuck. Then posts that? I swear sometimes I think chicks love being cock teases. I truly do. I know all about LMR, but this shit was different.

MustNotFfff • 12 points • 10 November, 2017 04:17 PM

Well she could have been confused herself. She was dressed in tight shorts so she was operating in her usual MO but maybe she was simultaneously hoping for a different course of events - i.e. no sleeping on the first date. This is double so considering that going out on dates rarely happens these days.

Just being the devil's advocate here.

ozaku7 • 3 points • 11 November, 2017 12:32 AM

Beats me why chicks wear that kind of stuff and expect to be treated like innocent women. It's like Michael Schumacher showing up to a race in his racing suit all prepared and then be like "What? No! I am not racing today!".

OpiumDesVolkes84 • 2 points • 10 November, 2017 08:25 PM

Or maybe she just needed a little more time to warm up. I would have played more missions of GTA5 and gave the controller to her to play. Let her feel relaxed and progressively get closer and closer together on the couch.

askmrcia • 6 points • 10 November, 2017 09:19 PM

I tried that, I just left that part of the story out because I didn't want to ramble on and on.

I played a few missions while we were cuddled up on the couch. I did hand her the controller and she played for like three mins. Then passed it back saying she only wanted to watch me play.

Also this happened around 9pm. And she lived close to an hour away. Plus she had to work in the morning. So I knew playing it slow would kill me. And she didn't want to drink. We also went out for dinner beforehand and she didn't eat anything other than my fries.

The flirty snaps and text messages, she knew what was up.

Honestly I just felt she was major cock tease. It was no last LMR. I know the difference and I know how to move past it. I have gotten women that told me straight up they weren't going to have sex with me and they did. This was different.

Metalgear222 • 1 point • 10 November, 2017 09:00 PM

To both you and OP, this is classic LMR and you took her initial stop "full blast" at face value. You need to push past that point. 2 Steps forward 1 step back.

A girl that shows up wearing sexy clothes and hangs out with you alone is for sure thinking about fucking you. The only ways she doesn't is one, not conquering LMR, or two, she changes her mind as she

finds out as you hang out that you're actually beta.

askmrcia • 1 point • 11 November, 2017 02:58 AM

I tried man. I rubbed her legs first and she didn't do anything. Then I went for the kiss and she pushed me away and said stop. Tried again only a little more gentle, she told me to stop again.

Since she knew where I worked I didn't want to risk going further. The whole facebook blowup was proof that she had issues.

yoda35 • 1 points • 11 November, 2017 10:19 PM [recovered]

weird. she could have an ex-bf and was feeling sad over being dumped so she used u as a nice-guy distraction/confidence booster. Were u pushing for sex? A lot of girls won't have sex on the first date, so why would she think kissing would lead to sex? Just tell her you only want to kiss and no sex. She might have though you were pushing to hard or being too gropey for sex. Is she a virgin or inexperienced? Did she want to plan a second date? Usually people kiss at the end of the date, so maybe you were too early?

Everyone knows what a sugar daddy is and that these relationships exist, but people vastly underestimate the number and broad spectrum of women who at least give it a try.

I would say that about 1 out of every 4 collegiate girls are not completely opposed to the idea of riding an old dude's dick for a stack, so long as he is not gross and takes her to a nice dinner beforehand.

If you have a free hour, signup for a free Seeking Arrangements account and browse the women in your city, it's very eye opening.

Congrats for letting him know. At this environment where the entire society is pro men-oppression it is important that we help each other see the true nature of the game played against us.

Far more important than a fickle female "friendship"

This is the future for many women under 35 who see that education is too costly and other avenues such as hard work pay no dividends.

Welcome to modernity.

This is true, and it fundamentally changes the values and morals of society... things like how we view chivalry needs to catch up

shakespeareSMG • 3 points • 11 November, 2017 12:10 AM

I suppose there are times that call for chivalry but women react better to me being a dick or being sweet and then taking it away for awhile. I still will hold a door open for women but when she's a cunt there will be repercussions.

Rollo\_Mayhem3 • 28 points • 10 November, 2017 03:09 AM

I don't know that I would do the same thing if I were you after reading trp the last few months. Not my life, not my problem. I see dude doing all kinds of stupid shit in the gym, I use to be the guy, going up to guys telling them not to do this or how to correct their form etc...now I don't say nadda. Focus my energy on my life and my next lift. What do you think?

Besides, if she's hot and pulling in cash, she's an asset. You don't have to fuck her. Bevan would still be fucking her...were you thinking she could give him an STD? I dk. I certainly understand why someone would do that but it could also come back to bite you, after all she told you in confidence, you broke it. Btw, I am not judging you, just looking at it from both sides.

Wolveryn • 1 points • 10 November, 2017 03:22 AM [recovered]

Yea to be honest, if I knew then what I know now, I would have done things differently. And even at the time it was a grey area to me... it just grated on my conscience that this guy had bought her \$2000 flights, he was working class, and I knew the feeling of falling head over heels for a chick that doesn't really reciprocate that feeling...

I gained nothing from it except the feeling of influencing karma and helping a blue piller see the truth.

Patriarchysaurus • 75 points • 10 November, 2017 04:22 AM\*

You did a good deed. Don't let the spergies around here tell you being 100% self-interested is necessary or even desirable. You didn't bother lecturing your housemate about her whoring, instead you let her divulge her guilt & used that information selfishly/narcissistically for an *altruistic purpose*.

DT done right.

Rollo\_Mayhem3 • 6 points • 10 November, 2017 07:13 AM

I am not sure about either alleged benefit (karma nor him seeing the truth) took place. It's the equivalent

of what women do when they find out a guy is sleeping around with two girls or playing a girl and the girl contacts the other girl to let her know. She says "Your man is cheating on you, I thought you should know..."

It's may nor be your place to be judge and jury. Again I am not saying your wrong or judging you because you did this, my question is "Is that our place to do that?" I could see if the so-called roommate turned pro did something fuxked up to you and then you got even, but in this you just felt bad for the guy...anyway that was my thought and saying nothing is certainly NOT sociopath. You can feel for someone but not intervene in their lives. It's called minding your own business. What if he went into a fit of rage and hit her??? You see?

Wolveryn • 1 points • 10 November, 2017 07:19 AM [recovered]

Hmm I see your point, and it comes down to my judgement of his character... and seeing some of myself - TRP in him.

It made sense to me at the time.

Would I have done it today knowing what I know now? Mmm maybe not.

Another factor not explicitly mentioned, was related to the fact that I was still digesting the red pill, and parts of me still had the angry phase coming up despite my desire to really get past it... I guess you could say it shocked me how perfectly she could lie and deceive... infallible... and this realisation has huge implications for the world I thought I knew...

Rollo\_Mayhem3 • 2 points • 10 November, 2017 07:25 AM

When you put it like that, certainly makes sense why you did what you did. Sorta of cosmic justice for the way you may have been treated in the past by women. This was your way of getting back at women, taking out your anger. All grist for the mill.

Wolveryn • 1 points • 10 November, 2017 07:47 AM [recovered]

Not at all! Very different situation. I was new to the dating world, been in a very long first love relationship before that.. it was simply the realisation that women lie extremely well... I feel like the realisation is like realising you avoided pothole which would have resulted in certain death... it's shocking but relieving at the same time... you want others to be warned of the pothole...

Rollo\_Mayhem3 • 0 points • 10 November, 2017 07:56 AM

Let me ask, out of curiosity, did she ever says things like Beven's a loser or elude that she was using him just for the money, she was fucking him right? He was married after all right? If so, wasn't Bevan also lying or just as guilty as she?

smirk\_addict • -2 points • 10 November, 2017 03:17 AM

That post didn't really read like you were looking at it from both sides.

Rollo\_Mayhem3 • 4 points • 10 November, 2017 07:18 AM

I did say "I can certainly understand why you did that" ( his side) now I provide another side. I didn't moralize and say what he did was wrong and should have done this...then I wouldn't be looking at it from his perspective. I should have led off with that's all.

Meh...You read enough TRP and its hard to see things any other way.

When you reach your late 20's you start to realise how unimportant chasing pussy is... and *important* chasing personal success for you is. Gym, education, career, wealth, happiness.

When you realise that, and you have options... and you realise changing personality to get laid isn't fun, respectable or attractive... then combine this with the fact that you're too busy for bullshit... you develop a no bullshit policy, and value your personal morals and long term goals over short term pleasures.

First off this was an amazing story. I don't know. Stories like these I always get a kick out of when I read them on here.

Second, this just proves one thing to me. If a chick is dirt poor, she is worthless. There is literally no excuse for a chick to be dirt poor.

I mean this chick worked as a bartender barely making money and yet she has dudes flying all over the world to come see her.

I know plenty of chicks like this. There was a group of girls that worked at a fast food joint where I used to work at in college. All these girls were gorgeous yet they barely had money.

You look at their instagrams, and they have top of the line fashion and are able to afford vacations all over the USA. I always thought to myself how the fuck can they afford so much money.

Then I found out through word of mouth that they these thirsty ass rich dudes do it for them. This is very common. Its the same with my sister's friends. All have worthless ass degrees and can't get a real job. Yet on their instagrams its the same story. Somehow they are able to fly out to Vegas whenever they want and can afford to go into clubs with \$40 cover charges. Its the same, they all claim they like to date older men. Few of them was even hounding me to hook them up with my friend who was a doctor. He was 36 and they were like 22 at the time.

I'm not saying these chicks find these guys online on sugar dating websites, but they no doubt find rich dudes to pay for them. All those IG whores you guys see with the thousands of followers and hundreds of pics of them on vacations, this is how.

The world aint fair gentz.

I have a pretty good judge of character, and yes *some* men I can tell wouldn't handle it that way... but I'd met the guy, I knew the lay of the land, I knew what was what... I made the call factoring all the

information I had.

Why risk it?

I don't know how I can put it in a way you'd understand... take Ed Snowden leaking info about mass surveillance for example... he had *morals* and he made the decision based on those... he got proverbially punched very hard... but that's the price you pay for morals...

It seems a lot of the TRP endorsed dudes here, including yourself... simply don't believe in morals for the common good like this... so maybe I'll try to use words to explain feelings.

It feels extremely bad to see what she was doing to the guy, and the bad feeling was relieved by informing him.

If that means I get punched? Bring it on, I'll fight for what I believe in!

Same reason I attend protest rallies for anything to do with freedom of speech, anything to do with privacy from Government, and anything to do with humanity.

[deleted] • 0 points • 11 November, 2017 10:59 AM

a lot of the TRP endorsed dudes here, including yourself... simply don't believe in morals for the common good like this

Wonder why that could possibly be....

Have your moral code.

Just try open your eyes and realize where that code came from.....

All your beliefs, sense of right and wrong, kinship, brotherhood, doing the right thing... all placed into your head by the same bluepill society that want you to live by the rules of society....not the rules you've chosen for yourself....you're still shackled to the notion of right and wrong as defined by society, not your own internal code. You've been brainwashed to put the convenience of society ahead of living your life the way you yourself see fit.

I realize the dude is not going to send a goon squad... the point I was making is you have to question why you're doing something, and "morals" is an unacceptable cop out. Make an informed decision.

It means so much to so many that it is nebulous to the point of having no meaning, which is why moralizing will get you a ban here. Not having morals, but trying to define right and wrong using morality.

Just trying to get you to jump up to that next level and examine why you do what you do.

"Feeling bad" is never a whole cloth justification for action.

You still have far to go. Keep reading. Good luck.

She was sleeping with you and a bunch of other guys and didn't bother you, then suddenly she gets paid for it and now it does? You stopped hitting it because money got involved?

This is a huge assumption. Her risk increased with this lifestyle change. With her pool of fucks expanding to

include richer potentially politically powerful/dangerous men he was opening himself to unnecessary risk when he could easily go out and replace this plate. That's abundance mentality, dropping plates when their price (risk/work) gets too high.

Who gives a shit if a strange girl wants to sleep around and get cash for it. How is that not much smarter than the ones that do it for free? Why do you care about some beta that flies to see his oneitis? You warned him? Jesus.

Agreed. Until this shit came back to his home, it's irrelevant to his life. I'm willing to say by concerning himself, he could of potentially found himself on the other end of a beta's rage if said beta felt jealous instead of thankful for his "warning."

Any guy with any sense of abundance and knowledge of female nature would have just laughed inside and let a slut, slut while getting his bangs and rent money. YOU can fuck amateur prostitutes, to each their own. There's too much risk with fucking this chick. At least a professional escort MAY take her career seriously and would make an effort to prevent STDs, but this amateur slut might not think that far.

Again, abundance mentality. If this guy has it and can get more girls, why would he keep going to this chick who's risk just went up? That sounds like mild oneitis...

The rent would be the last thing on my mind, roommates are disposable, they can easily be replaced. My top concern is the peace of mind of my domain and I'd keep my finger on the trigger for a new roommate once I started getting wind of her new choices.

You could have made her feel welcomed and cared for and gotten a long term lease out of her. You could have gained access to a whole new world you've never seen and could never enter unless you're a hot girl or a rich guy. Instead you decided to dive deeper into the bluepill.

Lmao wtf are you talking about here? Why should he accommodate a whore? Once again, it's easy to get another roommate, absolutely no point trying so hard to keep a high risk female in your life.

If OP had to rely on a random whore to gain access to a valuable circle, he needs to refocus his efforts in life.

I will say this, if OP was up for it, he could have made her move out and then pimped her out. Let the money touch his hands first and break her off a piece for her labor. THAT is the ONLY way OP could have spun this in his favor

Wolveryn • 1 points • 10 November, 2017 05:47 AM [recovered]

Fucking old dudes for money makes you a whore, nothing wrong with that. It's the worlds oldest profession. But it opens the door to riskier sexual partners and therefore STD's. I didn't want a long term lease out of her. I don't want 'his bangs', and rent money is not a reason to completely throw your morals out the windows.

The weak thing to do would be say nothing. And this 'whole new world i've never seen'... what world would that be exactly? Being a sociopath isn't one of my aspirations.

Seconded but the readership is lapping this morality up. Who cares if she is selling sex, he was OK banging her knowing that Chad was doing her in nightclub toilets but a rich family man gets involved and he's all "eww she's a prostitute!!".

CuckedByTRUMP • 5 points • 10 November, 2017 05:08 PM\*

Seconded but the readership is lapping this morality up.

When the community grows too quickly there ends up always needing to be a purge of bad content. This content is completely useless. A girl bangs multiple guys and you told on her. That is basically the entire summary of this post. It's so stupid because this sub is all about it if the shoe is on the other foot. She got money? Oh boo fucking hoo. How is that different than dating a rich guy because he is well off?

dr\_warlock • 9 points • 10 November, 2017 11:57 AM\*

She got \$15,000 for two bangs? Damn. That's a high class slut. Id give her a high five and say, "you're not poor anymore". I would have 'celebrated' on her dime. I see nothing but positive things in the dynamic he had with her.

[deleted] • 8 points • 10 November, 2017 01:06 PM

Yeah there is no way I would have stopped fucking her or told the other guy. That is the way the world works, if Bevan wants to pay the girl that's his money. OP is entitled to his own morality but to me he just fucked over a girl who did nothing wrong to him and missed out on sex. The old world of good girls/ bad girls is gone forever. Every girl over 21 who is HB7 or above has ridden the carousel

and most of them have crossed the line on money for sex.

NightwingTRP • 7 points • 10 November, 2017 11:17 AM

I thought TRP had settled the nuance of the morality issue? Now I find a senior endorsed I respected, confusing the amorality of the game and personal morality. There is nothing more feminine than this man. Half the reason some men end up on TRP is the level of mental gymnastics women perform to behave in ways that damage those around them. I sense you've been staring into the abyss too long and lost your perspective.

yomo86 • 2 points • 10 November, 2017 06:15 PM

To me it would - as would to many others. Banging Chad or Billy the beta is somewhat understandable. *Tingles* or *safety* are involved, two very important issues for a woman, nothing wrong with that. Fucking older men solely on the basis to satisfy your greed by selling ones own body to the highest bidder in a meat market takes a new level of depravity.

dr\_warlock • 5 points • 10 November, 2017 07:00 PM\*

\$15,000 a sesh w/o getting pooped on by Saudi Princes for a young girl is an awesome deal. Then one of them will probably take her for the long haul in the end when she is ready to settle down. Smart gig. If you're gonna settle down for a beta, make sure he's rich.

newName543456 • 1 point • 12 November, 2017 01:11 PM

Why does it matter that it started bothering him?

Regardless of whether he should tell other guy or not, he's allowed to stop wanting to hit it for any reason. If anything, saying otherwise would be BP as it would come from the mindset that pussy is so valuable and scarce that you have to be hitting it just because a woman is willing no matter everything else.

Dude she would have called the yacht guy to pick her up and fuck her even for more time and less(still some) money, maybe even just an accommodation till yacht party starts !!

But i get it what you did and why you did it. And i think its still noble in a way.

HumanSockPuppet • 3 points • 10 November, 2017 06:17 PM

Unless you turned around and made a professional contact out of Bevan and are now profiting from it (or are at least developing it), then your little moral crusade was a wasted effort.

The chick won't change. She'll just be more careful next time.

This is how women are. Accept it, or be forever disappointed and bewildered with them.

bitchpotatobunny • 3 points • 10 November, 2017 08:25 PM

Honestly, I think this is ridiculous. The value of this post isn't what you did, its value comes from being an example of unnecessarily sticking your nose in someone else's business.

It's one thing if you want to stop fucking her because she's a prostitute now. (Which I also don't see the problem

with. The only difference between her and any other hot chick is that she's getting paid for it, whereas the others just give it out for free) That's your choice, and it's something that directly involves you.

However, there is no reason to tell Bevan shit. You don't know the guy. You don't owe him anything. He's not her boyfriend. It's not like you're making him aware of something his significant other is doing behind his back. He's literally just a guy that has oneitis for this chick. Who cares?

You speak of moral codes, and how you did it because it was right thing to do. Bullshit. You're saying, that your moral code is stronger with a guy you don't even know than a chick who's been your roommate, wing woman, and fuck buddy? What about moral code of not being a fucking chatty Kathy? All you're really saying here is your resolve is so weak that you can't be trusted with a secret.

Let me be clear here. If Bevan was her significant other, then your actions are commendable. That's looking out for someone. However, this was not the case. Therefore, this is no better than being a backstabbing woman in my opinion.

Swanksterino • 0 points • 11 November, 2017 03:23 PM

First, he didn't stick his nose in her business, she put it out there, because she was proud of how good she was at hiding her true self.

Second, you're saying it's fine to lie someone, if they are not a significant other. Which means you can lie to someone all the way up to when you two decide to be exclusive. Like the lies will just *stop*. How would anyone know that they had actually become exclusive? What if you don't actually feel that way, and are still lying? He just has to trust you, a liar?

Third, the hot girls aren't giving it away, they are sharing with someone they love.

I realize you feel these things because you have been betrayed several times, probably, doesn't make it fair to keep paying it forward into eternity. There really are mostly good people out there, you just have a broken picker.

Shukakun • 2 points • 10 November, 2017 03:41 PM

Different people have different moral compasses I guess, but I doubt I'd do Bevan a solid like you did, to be honest. He's making his own choices and they've gotten him where they have gotten him. It's not like he *deserves* to be warned about this major fuck-up on his part. It's a nice thing for you to do to him, but you're not always going to be around to save his ass. Betas gonna beta.

hyugafan • 2 points • 10 November, 2017 06:35 PM

No matter what people may think, you followed your morals and values by doing what you did. That's what a man does, IMHO. Also holy shit, she is going to hit the wall HARD if she doesn't put some of that money away.

Ianooo • 3 points • 10 November, 2017 03:33 PM

I don't care what anybody says but that was a bitch move on your part. Why didn't you also tell Bevan that you were also fucking her before?

Thanks for sharing!

Will definitely print it out and save under TRP Anecdotes for re-read from time to time.

PaulAJK • 2 points • 10 November, 2017 12:08 PM

i don't think you did the right thing here. You didn't owe Bevan the Bro Code, because he wasn't your bro. A bro is a close friend, a buddy, someone who would do you a similar favour. Would Bevan have turned down a bang with the British/Syrian girl if it was offered?

I doubt it. We have no generic loyalty to our gender, we keep that to close friends, family, buddies etc.

So my mate has a(non shagging) oneitis who I met one night at a pub while out with another friend of mine. She was all over the both of us, but me more so. I chose not to take it any further, because I felt I owed my mate the bro code. My other friend, by contrast, didn't know him from Adam, and proceeded to take her home. Which was totally fair enough, because his bro code netwrk didn't extend to my other mate.

Morphs\_ • 1 point • 10 November, 2017 01:15 PM

Swanksterino • 1 point • 10 November, 2017 05:23 PM

Oh man, your a creep. Even if it was a business relationship, Bevan was obviously under the impression it was *exclusive*, when you lie in a business transaction, it ceases to be business, and just becomes a con. I hope I never have to due 'business' with someone like you.

Wait a minute, are you a hooker too?

OpiumDesVolkes84 • 2 points • 10 November, 2017 08:56 PM

SleepingSiren1999 • -3 points • 10 November, 2017 07:16 PM

I'm a teenage girl lol but sure I'm a 'creep'□ Lying can definitely be part of the deal, when the deal is giving the client an experience. I don't know much about her situation specifically but it seems like he wanted to *purchase* the girlfriend experience and she provided that for him.

Wow 2 ad hominem in one comment. Classy.

You did well op. Lot of people here don't understand that you can't always know everything during a LTR. Sure, you can be on alert for yellow and red flags, but some women are masters of deception, they've been raised this way and can be manipulative and machiavellian just like we do. I've been raised in the eastern Europe, i can think of so many examples.

Ketogainsmongoose • 1 points • 10 November, 2017 05:53 PM **[recovered]**

Every woman who has ever lived has been a prostitute.

Whether it's time, money, access, validation, commitment, etc depends on the parties involved.

The price of sex is cheap, there is no value in the stock because the market is being flooded. If a girl consciously tries to cultivate her SMV, great. More power to her.

The girl in your story already had low value, what good did it do you?

You were only interested in one thing: *validation*. You were mad because you were duped once upon a time, same as this guy, and you were too blind to see it.

The more senior contributors here can see it and are calling you out on it. You broke frame and entered hers by validating her dumb lifestyle.

Her life choices weren't offensive enough for your tastes, obviously, to stay your hand when it was your turn to cut out a slice of her Apple pie for yourself.

Hey, do whatever the fuck you want, but own your shit instead of making excuses and insulting the communities' intelligence. This didn't increase your value at all, you lost access to pussy, you broke frame, and to top it off you're the move off of emotions rather than being rational.

Slip ups are OK, but indulging in and excusing your own poor choices, then coming her for support is not what this sub is here for. If you want to engage that in that crap, MGTOW is a keystroke away.

Own your shit, dude.

Swanksterino • 0 points • 11 November, 2017 03:33 PM

This from a 8 month old account. WTF would you know about what the senior contributors think? Wtf is your definition of frame? And the information was literally handed to him, because she was so proud of how she is.

He followed his conscience, and did what he had to do to sleep comfortably at night, with knowledge he didn't ask for. That is frame, doing what you need to, despite what some sophmoric, neophyte might think of him.

Pipe down, till you actually understand something here.

I'm trying to understand what you gained by ratting this girl out to Bevan. Did you not think you could get anything more out of your relationship with her and wanted to end things with a bang? Did you hope to make Bevan indebted to you and thus gain something from him in the future? Did the german chick just piss you off so you wanted to punish her? Because from what you've said it doesn't seem like you got anything out of this.

You really think Bevans going to learn from this?

Wolveryn • 1 points • 10 November, 2017 12:11 PM **[recovered]**

Why bother? Why bother.... The same reason I bother to contribute to TRP, I believe the scales are weighted against men these days, its a kind of pleasure to participate in a kind of resistance... and I live my life in a way to help tilt those scales a little back towards the middle. Whether that is helping out younger men in my social circle or raising my son in with valuable knowledge....

Why bother?

Pleasure.

Fulp\_Piction • 2 points • 10 November, 2017 12:20 PM

More power to you if that makes you happy, but it's a waste of time. You can't force the game to be fair, beta's aren't going to listen unless they want to and the pleasure you feel is probably ego massage.

You went out of your way to fuck up some chick's hoodwinkery of her little beta boy. Who cares? She's gonna rinse repeat, he's gonna rinse repeat and the world will keep turning.

Really ask yourself why you feel that 'pleasure' in 'resistance', because it seems like you're taking out the fact that 'the scales are weighted against men' on women, that's just bitterness. I don't think it will help.

Wolveryn • 1 points • 10 November, 2017 08:42 PM [recovered]

To be fair, I sent a facebook message from my bed, I wouldn't say "I went out of my way".

I don't think it was an ego massage thing, it was just observing an injustice and feeling uneasy about standing by and letting it happen. And it was a huge injustice! You call it hoodwinkery? I call it mother fucken cuntyness of the highest order.

Unforgiveable, dark, evil, succubus shit.

Bitterness is a common theme in TRP, but I don't think it applies here.

Imagine if he got an STD to go with everything else, the paying for her flights, the introducing her to his family at the wedding.

I will go so far as to say, that the "It doesn't effect me" attitude is why societies are starting to regress in terms of standard of living... everyone has become so narcissistic in their outlook on life that we no longer form unions, we no longer work as collective teams to positive end goals.

Fulp\_Piction • 1 point • 11 November, 2017 03:24 AM

I admire your conviction, I hope it works for you.

I meant out of your way figuratively, not literally, but ok.

The thing is though that while you care, hypergamy doesn't and AWALT. Your cuntiness of the highest order is just manifestations of hypergamy, and resistance is suffering. Just learn the rules of the game everybody's playing and move up the ladder. You've got a cheat book here, use it.

If he got an STD then he has to take responsibility for that. Not because it's his fault (let's say it's not), but because it has massive consequences on his life so why be so careless. The shit that brought most of us here is none of our faults, nobody asked to be socially conditioned, raised by women or neglected, but that doesn't mean we're excused. The "don't bullshit yourself" post from like a week ago explains this better, but basically; take responsibility for the shit that affects you, not the shit that's your fault. Pragmatically it makes more sense. Blame is usually an excuse.

Cool idea, but it's hard to say if it's true or not. My idea: if everybody takes responsibility for their own lives and results then it'd encourage growth. The world is basically sink or swim anyway, except instead of dying maybe you end up like the shitty salesmen on the business end of Alec Baldwin's speech in Glengarry Glenross.

You mean that I'm selfish because I rank the needs of others below my own, but I'd just rather live in a meritocracy where I can be as responsible for my own success and failure as possible. I think you're naïve to think that any other way will work. Politically, you're at the very first step of the road to communism, and we all know how that goes.

Wolveryn • 1 points • 11 November, 2017 04:41 AM [recovered]
