It's completely unimportant whether one posts on the internet on a day prescribed as *family day*

The sooner people realize while their *time* is theirs, most of the thoughts and feelings in their head and heart are most certainly *not* innate.

These are programs running in the back round. Installed, not organically grown. Question these *shoulds* and *commands* and see if they are congruent with your mission. If not, feel free to discard them.

You see, it's your mission that gives life meaning. Life only has the meaning you challenge it to provide.

Merry Xmas, Happy Holidays, and its my 2018 hope *you* make the world bend its cucked knees to your frame my shitlord breathe.

Ask yourself what is stopping you? Then surrender to that obstacle and see it melt away.

| prescribed as family day

Oh the irony, given that I'm pretty sure most family tears and feuds are born on this day. Legal Cohabiting Female nearly strangled my youngest at least three times yesterday, despite having the closest relationship of all my kids with their mother. (They are so very much alike, god help me.).

I know it's a day late, but Merry Christmas, everyone.

This. People still renewing prescriptions for pills they never needed that drag them down. If your family is cancer, fuck them. When you die, all you're going to think about is all the bullshit you didn't do because you were doing shit on the presumption other people really cared in the first place.

Heh... I live 950 miles away from them for a reason. I will not let a girl live with me for a reason.

I haven't given two fucks about holidays since I worked all of them, every year I was in the military. I'm showing time with my dogs, because it's too fucking cold outside to do car shit. my dogs don't give a fuck about holidays either. It's another day to me. After a few decades of nobody giving a fuck about me, I don't give many about them either.

Merry holidays to you miscreants and spergs

What family? We've been told to perpetually plate women - we won't have families.

Were you hatched from an egg laid by the Great Pan-Galactic Ghost Goat?

[deleted] • -6 points • 26 December, 2017 02:12 PM

Yes go spend time with your family. You know, the ones who raised you to be blue pill, because that's why you are here. What better way to spend christmas than being around blue pilld plugged in people, right?

Merry Christmas you fucks! :-)

It worked for them, because they lived in a different society than us. Of course they would teach us what worked for them.

HellRaisor • 4 points • 27 December, 2017 04:27 PM

What is that? Anger phase but instead of on women its on family? Nobody has meant to teach u wrong, and since u found the right way for yourself u should be grateful of yourself u did good for it and nothing more. Have some inner peace

It wasn't a serious comment, that's why the :-) was at the end.
