

DiCaprio has a new 20yr old girlfriend - a lot of angry people call him creep and disgusting

805 upvotes | 29 March, 2018 | by [deleted]

I just want to share with you some comments from article below about a new 20 years old hot girlfreind Camila Morrone.

I do not get it why are so many people jealous about Leonaerdo success. He is 44 years old, rich, famous and handsome but he still gets so much hate it is unbelievable. What those people think that guy with so much social value will date 44 yrs old fat single mother?

I just share MOST upvoted comments (I think that most comments are from angry older women):

- How much younger does this creep plan on going?
- I really don't care much about age differences between grown adults, but the fact that he ONLY dates

Best comment:

"I am disgusted that he is dating a 20 year old. If I had his money and fame I'd be dating 18 year olds."
Word.

Even some 16 year olds arent bad

[deleted] • 519 points • 29 March, 2018 03:44 PM

What I think is the girls around her age shading DeCaprio would date him in an instant given the opportunity. Everyone's talking shit about people that have something they don't.

[deleted] • 266 points • 29 March, 2018 04:49 PM*

There was a chapter about this in the first rational male book age shading is essentially used by lower SMV/post-wall women to disqualify their younger and more attractive competition.

[deleted] • 200 points • 29 March, 2018 04:55 PM

This. Women shame other females that are getting something they can't have.

You see it a lot in the car community. Dudes shitting all over someone who is driving an expensive supercar. Given half the chance you'd see them doing the same. Just check what they drive when they play GTA/GT/Forza/etc. Bet it's not a civic.

I'd like a high performance Civic and the Mercedes AMG GTR

H3yFux0r • 1 point • 30 March, 2018 10:29 AM

My favorite one thing in life is owning supercars with my cheap built Japanese/German cars. TT lambo wants to 40 roll? lol watch me break boost and walk this guy in a Turbo 2.0 civic. Old guy on the Tail of the Dragon Touge with his 458 has no clue how to drive a MR car? Watch me pass this guy at Crud corner in a MKIII 1J.

Supercars are cool and all I owned a 2009 Gallardo 5.0 once but it was never one

of my favorite cars I sold it and got a HPA VW R32. Most my cars have been manual but the double-clutch trans in that car is my favorite trans of all time. Feel just like the v10 R8 trans but about \$90k less.

truedemocracy3 • 81 points • 29 March, 2018 05:57 PM

Oh yea, loser men do it all the time. Commonly seen here is once you go red pill you often need a new group of friends. They'll see you dressing better, being more ambitious, working out, and get jealous

[deleted] • 25 points • 29 March, 2018 08:25 PM

anyone who's hung out with their friend group from High School years later has experienced this firsthand

chrisname • 8 points • 29 March, 2018 10:42 PM

Wow, either I haven't raised my SMV enough yet or I need to seriously appreciate my friends more.

Someone told me about this phenomenon before. It's called crabs in a bucket. The crab that gets close to jumping out gets pulled down again.

Gadnuk_ • 24 points • 29 March, 2018 09:46 PM*

This is the truth. I caught a lot of distasteful flak from male associates for dating a 20 year old and I'm only 26. Another 26 year old friend was dating a 33 year old and everyone approved entirely. My girl wanted to experience fun new things and enjoy my company, his was constantly pressuring for marriage and kids.

Folks were hating because they're conditioned and willing settle for less and don't like that I insist on a better deal.

It's akin to friends buying a rusty old Mistubishi and then finding out you got a brand new Benz for a lower price. Yours is better looking, more fun, and will ultimately last longer if you decide to keep it. It's also a sign of higher status and costs you less because the younger vehicle doesn't make demands and need constant repairs.

They don't have the courage to go for the Benz so they accept their Mitsubishi and watch jealously while you ride in style. If every consumer insisted on a better deal, all manufacturers would have to improve their product in order to compete.

JJ3314 • 10 points • 29 March, 2018 11:41 PM

Yeah, I don't have to tell you to ignore them, as it's pretty obvious to you. The thing is, I'm not convinced women your age are any better from any standpoint. If you are looking for something short term or a LTR the 20 year old has an advantage in that she is less likely to be jaded from riding the carousel. Although there are plenty of promiscuous 20 year olds, you have "some" chance at finding a girl with a low (or rarely no) n count at that age, which matters significantly for a LTR. Whether you are just looking to play the field, or are trying to be traditional the 20 year old wins out. There's an advantage in the looks department in many cases as well.

Racefiend • 5 points • 30 March, 2018 02:50 AM

and costs you less because the younger vehicle doesn't make demands and need constant repairs.

I don't think you've ever owned a post 2005 Mercedes

Gadnuk_ • 2 points • 30 March, 2018 04:00 AM

Haha well 2 years of legal drivability would make it a 2016, hopefully no big ticket issues for another few years

[deleted] • 2 points • 30 March, 2018 05:13 AM

So, how do you make yourself attractive to 20-year old girls apart from the classic lifting advice that gets thrown around here?

Gadnuk_ • 3 points • 30 March, 2018 06:54 AM*

Younger women tend to want fun and excitement above all else.

When they ask what you did on the weekend it's great to be able to say something interesting, and ideally unpredictable. If you watched Netflix and bought groceries you're losing interest, but if you went windsurfing or attended a salsa class you're scoring points.

In general they're not looking to settle down that young so besides sexual attraction they are primarily seeking social proof. Someone exciting and charismatic. Younger women are more interested in cool experiences now than a secure future with a good husband later, so you need to bring that excitement to the table first and foremost. You would do better as a lower middle class badass than as a boring but wealthy dentist or accountant, because girls don't care much for fiscal stability until they're looking for beta bux.

Presenting yourself as interesting and different from the norm is useful, it gives them something they can talk or brag about among friends. Women obtain status vicariously through the men they're with, so if they date an interesting man they believe this makes them interesting by default. This is why you see broke scrawny musicians with hot girlfriends, because they lead an interesting life and have wide social circles.

Also, I've learned through experience that it's easy to accidentally talk your way out of a romantic encounter. A lot of college age girls think they've got it all figured out and are highly intolerant of opinions that don't match their own. Your goal isn't to educate or inform so all controversial subjects are a no-go; guide the conversation to positive topics. Think of it as pavlovian, you want your name and face associated with fun and excitement. Every time a friend asks about InsertNameHere you want their first thought to be positive and exciting, not serious and certainly not indifferent.

In short younger women are desperate to do cool things with cool people in cool places. If you want to build and maintain attraction it will help immensely if they think following you will lead to those things.

[deleted] • 2 points • 30 March, 2018 01:31 PM

Okay, thanks for the lengthy response. I kind of knew most of that already. Problem is actually applying it to my own life..

Entropy-7 • 2 points • 30 March, 2018 07:42 AM

When I was 34 I entered an LTR with an 18 year old. The only flak I got was sarcastic comments from my father. There might have been some mutterings behind my back but nobody really gave me grief over it. The thing is that I looked late 20s and she looked early 20s so in public there were no raised eyebrows unless someone talked to us about our background and did the math (she was a frosh while I had graduated from law school after serving in the military and the running mybown business for a few years).

[deleted] • 8 points • 29 March, 2018 08:26 PM

It is a lazy way to elevate your status. You just have to surround yourself with people that agree.

Problem is, the more it works, the more you need it. The more you need it, the less actual value you, and your friends have.

This is why this is primarily a female tactic, or of beta males. Females are more in need of the social group for survival, and from that, validation. So they work on manipulating the morality of the group to their advantage.

1029341238 • 1 point • 30 March, 2018 07:11 AM

talking to the girl making her the center, you know what's up.

whynofry • -2 points • 29 March, 2018 11:01 PM

I didn't say he might have done it to appear alpha. More that it'd be a thoughtful thing to do for someone who isn't used to the level of attention he receives when doing something as simple as going out for lunch. To him it's everyday life. To her, it's probably terrifying.

[deleted] • 274 points • 29 March, 2018 04:45 PM

washington_breadstix • 8 points • 30 March, 2018 02:12 AM

Eh, I disagree. His success is the main reason she's dating him because it's the main reason she even *knows* him in the first place. If he looked the same as he does now except he wasn't famous and had an average person job... he would not have much of a chance.

[deleted] • 1 point • 30 March, 2018 12:29 PM

if the 10/10 guy lives in a major city then he would be far more successful imo.

Leo is not even close to one of the most attractive on earth... is he even a legit 10? I don't think so ...more like an 8 or 9. He never had a great body like Brad Pitt in Fight Club for example.

He just got the right roles at the right times in his life and his STATUS is off the charts not necessarily his looks. You could place any number of dudes in the record-breaking movie Titanic and girls would swoon regardless of looks.

Yabadababoobs • 1 point • 30 March, 2018 01:33 PM

All is legal. The rapper tyga went out with a 17 year old and nobody gave a shit. Leonardo dicapreo is a sex symbol for women even if he is getting a little pudgy. The girl probably just finds him attractive. She's of legal consent. Would he be a creep for watching porn with a 20 year old no 20 year old hotties are at their height of hotness. He likes hot women she likes pudgy multimillionaire movie stars. This is kind of harsh that the media reports it like this. Treating the guy like he's Jimmy Saville is cruel.

miramardesign • 4 points • 30 March, 2018 02:04 AM

Vamos Argentina! American expat in Rosario yo .I think a difference in awalt / sexual behavior vs the states is gender ratio. When there are sausage fest cities like la and sf women value men less because they are flooded with them. Here in Rosario I see that even tho theyre awalt that the market is better and it keeps the women. 1% better behaved and loyal. Kinda like being loyal to a shitty job when the job Market is terrible

marian5567 • 5 points • 30 March, 2018 02:17 AM

Rosario is the city with the most beautiful girls in Argentina. Much better than Buenos Aires and Córdoba. Of course our women is much better phsycally and even as person than L.A. and San Francisco. In those cities you have the largest gay and culturally marxist ideology. It's disgusting to see how northamerica is falling into the debauchery feminism brought. But as a dude that likes really good music, San Francisco has all the rock bands i like a lot, and a lot of them are really into weirdness and debauchery. It's ironic. I say this to you while i'm listening to The Tubes. So if you are from L.A. i really dig the rock culture that city brought. I hope my country treats you well. Cheers dude and enjoy our culture!

This is exactly why low-BMI dating markets (Thailand) are so much better than high-BMI dating markets (Current Year Mexico). *The women act better*. So at least the men can be happy. It's not like women are *happier* with sausage fest demographics. Otherwise, straight women in San Francisco would be much happier than Argentine women.

If they're angry about Leonardo DiCaprio dating a 20-year-old at the age of 43, wait until they hear about Mel Gibson dating a 25-year-old at the age of 60.

I'll repeat what I said about Mel Gibson:

Sure, maybe she's dating him for his fame, fortune, and to further her own status and career. Leonardo DiCaprio's cock doesn't give a shit, nor does it care about the haters and shamers. What it does care about is the fit sexy young woman that it is plowing.

All I see here is a role model for when I turn 43.

Guys over 40 should thank Leo and Mel. Those 20 yo thots will want a 40 yo accessory for themselves. Cause if Camila can do it, they'll have to do it too.

banjew • 6 points • 29 March, 2018 09:07 PM

If given the choice, many, many 20 year old will date 40 year old men. They can't openly date them today but they surely fuck them behind the scene, specially at work.

nrafield • 34 points • 29 March, 2018 05:40 PM*

I like how this is supposed to be the age of feminism and yet the woman's agency is completely ignored. It's not like he's forced or is brainwashing her into dating him.

[deleted] • 19 points • 29 March, 2018 08:08 PM

They completely ignore how disrespectful they're being *to her*.

[deleted] • 3 points • 30 March, 2018 03:14 AM

Yeah the comments are making fun of her and calling her a bitch and immature. Made me sad tbh.

OneRedSock • 5 points • 29 March, 2018 09:35 PM

It's the same as the fatties and hags tearing down the flag girls. Women have free agency, until the other women say they don't.

In response to the fat slag single mommas and their beef curtains when they try to age shame you and your young poon acquaintance:

"Aww thanks mom, when are you cooking us dinner?"

"What? You think she isn't independent enough to make her own decisions?" (Shit testing feminism)

Or simply

"Fuck off."

Actually data is clear, it's 16-19 but we are splitting hairs.

Most attractive or most fertile?

askmrcia • 20 points • 29 March, 2018 05:56 PM

16-19 maybe more fertile. But young 20s is the sweet spot. I'm sorry no teenager looks better than what they look like at 20-24ish.

[deleted] • 27 points • 29 March, 2018 06:36 PM

Unless they get fat at 20-24, which happens very often

I am a data scientist and have looked male/female interpersonal data from FB, Tinder and other Social sites for the past 5 years as part of my PhD. Men strongly prefer females in the mid to upper teens and sharply decline in the late 20s. Peaks at 18. This is across all parts of the world.

Anecdotally. You can see this in data from searches on publicly available information from pornhub "Teens" is almost universally the most searched term globally every year by men.

If you need visual evidence this female in this Instagram profile is 16-18

colovick • 1 point • 30 March, 2018 03:20 AM

I don't have a source, but it makes sense conceptually. Once they finish maturing physically they're in peak condition/attractiveness. Most every girl I knew in that age range was 8+ where I wouldn't date less than a 9. By 25 90% of them dropped to 6's or 7's

I was fucking a girl I met in a pub last week. I get naked and she commented on my body (I lift quite a bit) and I tell her I'm 40, she cannot believe it and proceed to tell me, verbatim "A men like you should date a 20 year old women. You have no business with 40 year old girlfriends" (she was 29).

So RP girls know and are perfectly OK this age difference thing.

SuperCrazy07 • 15 points • 29 March, 2018 09:44 PM

pawoukcz • 8 points • 30 March, 2018 08:11 AM

your comment is useless redpike

redpillbanana • 4 points • 30 March, 2018 10:37 AM*

TL;DR: His comment is not useless. His point is that we'd like a bit more analysis. And older ADULTS should not be shamed for dating younger ADULTS.

Body:

TRP used to enforce a standard format where you'd break your post into three clearly-labeled sections:

short summary/tldr, body, and lessons learned. We needed more from you in the "body" and "lessons learned" sections. (Note to mods: maybe it's time to bring back the old standards.)

Your post was halfway there with some good examples from the comments.

The next step would have been to discuss how the top-voted comments are examples of social shaming of older men who are attracted to and date younger women (which describes most older men) and maybe relate it to examples from your life or the lives of people you personally know.

Example:

This sort of social shaming is so prevalent that men internalize this shit and convince themselves that it's gross to be attracted to a woman when she is in her prime.

Here are some examples from Reddit:

[From a 40-year-old who had a ONS with an 18-year-old] I'm not sure how to feel about this. On one hand, she's sexy and I liked having sex with her. On the other hand, she's 22 years younger and I feel kind of creepy.

35 year old here...I personally would be grossed out sleeping with a woman under 25 if I'm being honest. I firmly believe in the half your age plus 7 rule. The fact that I'd have about nothing in common with an 18 year old would be enough to turn me off.

I'm 47 and I find women under 25 to be practically a different species. We don't talk the same language, see the world the same way, like the same things, there's just no connection. I'm much more attracted to women in their mid-30s or older. They're easier to talk to, flirt with, laugh with.

You can see the common themes here. "I feel creepy." "We'd have nothing in common." "Older women are easier to relate to." Where do these thoughts come from? These guys are simply regurgitating what they've been told/programmed by other women and by society: "You should date women your own age because (insert made-up reasons here)." They've convinced themselves that they're not attracted to attractive women just because they are outside an "appropriate" age range. What these men don't realize is that women/society is giving them advice out of self-interest and certainly not considering the men's best interests.

My personal experience: I've dated adult university-aged girls when I was old enough to be shamed for doing it. I found, to my surprise, that yes, we are the same species, speak the same language, and can communicate with no problems. We had plenty in common including: food, TV shows, movies, social discussions, travel, hobbies, dreams, curiosity, and, most importantly, romance and sex. They seemed happy and so was I. The only time I felt creepy is when older women would glare at us, and the feeling would quickly pass.

I also found the younger women easier to relate to since I'm a frugal person due to my upbringing and the younger girls often haven't had a chance to experience lifestyle-creep. Most younger women are still happy with the simple pleasures in life and get excited by small luxuries/gifts and simple travel. Older women tend to have a "been there, done that" sort of attitude.

Lessons learned:

Older men are so shamed and brainwashed by society that they will argue themselves out of seeking out women whom they consider the most attractive

Older people have plenty of things in common with younger people and often speak the same language

Younger people often find more excitement from the simple pleasures of life which meshes well with older people who embrace simplicity and frugality

Don't just post an article and talk about what it says and then ask, "Thoughts?". Relate the article to theory and give some take-away lessons.

Edit: just came across another example from another subreddit:

There are many hypocrites on this forum. Like that 18 year old girl a few days ago said she wanted to have sex with a 31 year old guy and everyone was telling her that he was just using her and was being a "predator" that can't get a girl his own age. And yet when an 18 year old guy says he wants to have sex with a woman that's like 40 or something everybody on here tells him to go for it and that he will have the time of his life and that she is mature, experienced and can teach him a thing or two.

Shit's hilarious

The craziest part for me about all of this is the fact they act as if she has no autonomy. If she wants to be in a relationship with a 44-year-old, that's HER business. Superimposing and projecting your own ideas on to the world will not fix that gaping hole inside them. When will they realize this?

The comments' tone from both sides are doused in hatred, in respects towards one another. None of the commentators, from my perception, are able to just see it for what it is: two beings, of value, attracted to each other. But is the value determined in solely in appearance, or merit? One can not judge if one is not true.

Jikira • 4 points • 29 March, 2018 07:52 PM

I don't really care about men dating younger women especially when they look very sexually mature. I don't know I am 21 and I have very baby like feature, I personally think I look the same when I was sixteen, so I can't hate. I always had the opinion that means were attracted to sexual energy more so then age. (Correct me if I am wrong). However, I have always had Boobs and an ass since I was 14, so I have guys think I am older because of those features and not really my face. Even though the girl is twenty she is obviously sexually mature. I find it creepy when guys swoon over girls who do not look sexually mature or they like them because of there "innocence" that is what creepy to me. If you think a 14 is hot and she looks like a fully mature woman I am not going to call you a pedo. TBH

Ohmyqueef • 0 points • 29 March, 2018 10:08 PM

Women's obsession with telling men to date women their own age is strange. I'm muscular, old, bald and a man. I don't want a partner that fits any of those descriptions. "Love who you want" unless the particular attribute is about age.

[deleted] • 2 points • 30 March, 2018 03:38 AM

It's funny because just the other day I was called a creep for fucking 20 year girls when I'm 25 and in the same university.

My question is why aren't the girls that are willing to fuck leo and me not creeps or questioned in any way? Like actually, you have to be some level of not only delusional but actually genuinely sexist to believe that a 20 year old woman has no agency or blame, even if you genuinely believe that fucking somebody with such an age difference is wrong.

jrs5785 • 2 points • 30 March, 2018 04:17 AM

"A man who thinks a woman has no value after 25. And women support him, why again?" - quote from the comments.

There's this formula to calculate the socially acceptable age of a girl as the guy's age/2 +7. So in DiCaprio's case it will be 29 years old minimum. Granted there are always exceptions but it seems a pretty useful gauge.

OneRedSock • 3 points • 29 March, 2018 09:27 PM*

Promoted my 20 year old plate to top-tier status. Been a plate since October and she:

Likes for me to make decisions on where to eat, what to do, etc. It's not a power struggle.

Seeks my guidance on many personal and political issues.

Actively grabs my dick and wants to give me blow jobs; no need to tell her what/when/why

Loves to fuck every time she visits. If she's on her period she'll just gimme a blow job

Cuddles up next to me and loves to show her affectionate side

Enjoys being active - hiking, climbing, sports, etc. - so I don't have to worry about motivating her to stay healthy and sexy

Doesn't like to drink - Since college I lived under the assumption that putting up with drunk girls was a necessary evil, but they are such a fucking headache. Drunk girls act retarded, full stop. Why even put up with it?

I positively reinforce these behaviors and negatively reinforce the small issues that show up now and then. Therefore, no major issues arise ever.

There are no unicorns, but there's literally no reason not to choose a 20 year old when the opportunity arises. Plus, their pussies are very tight. Why would you ever choose older when you can go younger and avoid so many of the headaches and poor aging problems.

I'm turning 30 this year and she'll often compare me to the younger men she use to date. "They weren't very mature, they were like boys". That's right, they were boys. This is what a man is like.

redditednfanguy • 3 points • 29 March, 2018 07:10 PM

Look bro - you can't breath air in this world without some small mean loser criticizing you for it.

zyqkvx • 2 points • 29 March, 2018 06:17 PM

On Reddit the down arrow is the denial button and the up arrow is the 'I want to believe it' button.

[deleted] • 1 point • 29 March, 2018 08:05 PM

Good for him.

I'm also jealous lol. It's weird that anybody cares what two adults do.

dye124 • 1 point • 29 March, 2018 08:25 PM

Based as fuck. He's on my top 5 next to Mel Gibson

[deleted] • 1 point • 29 March, 2018 09:22 PM

eh, fuck it. Not my life or girlfriend, don't really care

thewrecker8 • 1 point • 29 March, 2018 09:24 PM

The majority of the haters for this are going to be post wall women, betas, and white knights. Personally I never got why people care about what people they're never going to meet or know what they're doing with their personal lives. I have my own life to focus on, I couldn't care less what some celebrity or "reality star" is doing when they're not at work.

SuperCrazy07 • 1 point • 29 March, 2018 09:36 PM

I do not get it why are so many people jealous about Leonardo success.

Because far more people would rather be jealous of something that someone else achieved than work hard and achieve it themselves.

[deleted] • 1 point • 29 March, 2018 09:47 PM

All of them are probably around the girl's age and I am pretty sure if he dates one of them they would have no problem with it.

[deleted] • 1 point • 29 March, 2018 09:48 PM

I think that's great. It's literally all about personality anyways. And age literally is just a number.

[deleted] • 1 point • 29 March, 2018 10:05 PM

I call him winning at life. Common trait of all the folk hating on Leo and his new toy? They all are worth less than he is. Nothing more need be said.

Ch1pp • 1 point • 29 March, 2018 10:30 PM

Are you sure people are getting worked up because of the age difference rather than because she's a Morrone?

ziggmuff • 1 point • 29 March, 2018 10:44 PM

Chicks not even that attractive.

[deleted] • 1 point • 29 March, 2018 11:58 PM

The fallacy is that they act as though she has NO agency. I mean, what are most men her age doing? Playing X-Box and jacking off into a sock to porn. What are celebrity men her age doing? Either being managed by older people, or fucking everything with two legs. Therefore, a hot older guy with money and status is actually a legitimate option for her. She can live off his swag, learn about the world, travel with him, and maybe even have his baby and get a "pension" for life. On the other hand, she could repeatedly get pumped and dumped by 20 year old chads, or waste her time with Billy Beta, waiting for him to put down the X-Box and take the red pill while her ovaries slowly dry up.

TruBlue • 1 point • 30 March, 2018 01:49 AM

Why, because he can. That why.

powerbaseballfan • 1 point • 30 March, 2018 02:27 AM

Leo a baller I fuck with this man HEAVILY

saibot83 • 1 point • 30 March, 2018 02:32 AM

Persistent gossip claims DiCaprio is gay and gets paid by modeling agencies to "date" their models. He gets to keep the charade up, the models get media visibility. Lukas Haas is apparently his long time boyfriend.

[deleted] • 1 point • 30 March, 2018 02:35 AM

Lucky though she want to have his babies

NullIsUndefined • 1 point • 30 March, 2018 03:15 AM

Isn't he in his 40s? What's the big deal? It's not that big of an age diff. A man should want to date adult women at

least 10-20 years younger anyways. Pretty normal

amot520 • 1 point • 30 March, 2018 03:19 AM

Pretty sure he's a globalist lying shitbag who dates younger women. There is a lot more things at fault with this climate liar who bitches about fucking carbon and yet flies a private jet and yacht

NormalAndy • 1 point • 30 March, 2018 03:24 AM

You could twist it to say she is only using DiCaprio to get exposure - like so many fake Hollywood relationships. Just look at who rises to the OK magazine shit bait!!

Bingomancometh • 1 point • 30 March, 2018 04:12 AM

Ol girls mama is with al pacino. 41 yo with 78 yo for scale.

IkWhatUDidLastSummer • 1 point • 30 March, 2018 04:40 AM

Women and beta males being women and betale males; hamstering and rationalizing. These hypocrites would drop their boyfriend on the spot if they could suck leos dick for 10 minutes.

masteryimain34 • 1 point • 30 March, 2018 06:45 AM

All this time i completely forgot. Look to celebrities as role models. All the hate ive been getting in my life but ive been such a "good" "nice" boy/guy and i couldnt see it lol. I tried so hard to be friends with everyone.. i forgot what haters looked like. Leo doesnt care about these angey people wtf. Why should i??? Gj masteryi main youve wasted half your life letting people trick you :)

fromthecrypt8 • 1 point • 30 March, 2018 09:14 AM

Leo is now enjoying sweet, moist, young pussy. Why would he ever settle for dried up, hammered post-wall craters?

Older man-younger woman creates a great dynamic. It's like it's meant to be like that. Sorry, old hags. You expired.

[deleted] • 1 point • 30 March, 2018 09:18 AM

Women are basically jealous that this girl has something they don't anymore ... which is youth ... basically they'll never be able to keep up with that so they get sour and jealous about it

Leo is alpha AF though

[deleted] • 1 point • 30 March, 2018 12:19 PM

I really don't care much about age differences between grown adults, but the fact that he ONLY dates 20-year-old models is just strange.

He dates models because they are attractive, he dates 20 year olds because 20-23 year olds just want to have FUN. They arent looking for a provider or trying to rope a guy into marriage yet. 25-30 is when that shit starts. Also when people ask me "what do you talk to a 21 year old about", I ask "what do I talk to a 28 year old about?" its the same conversations so why should I deal with the bullshit of a 28 year old that is aware the clock is ticking.

[deleted] • 1 point • 30 March, 2018 01:21 PM

This one simple fact infuriates women to the largest degree. So use it as part of your arsenal when dealing with

women.

Francko93 • 1 point • 30 March, 2018 01:24 PM

Let the man live, old hags. Leo, I want to be like you, when I'm around your age.

[deleted] • 1 point • 30 March, 2018 01:36 PM

In one of the pictures, Leo's girlfriend looks DISGUSTED with Leo when he holds the door open for her!!! DISGUSTED!! You can tell she's like "ew, why the hell is he holding the door open for me?? He shouldn't be spending any extra effort on me! His value must be lower than i thought!"

Conclusion: disrespect women, dont hold the doors for them. Actually, do the opposite of everything she says she wants you to do. If she asks for flowers, give her a box of dogshit as a gift. If she wants a wedding ring, give her a \$5 dollar store ring. If she wants you to take her on a date, take her on one, but make her pay for it. In everything you do, you must communicate overtly and covertly that your value is higher than hers.

NYCMusicalMarathon • 2 points • 29 March, 2018 04:26 PM

CF ... there are always going to be Celebrity F**kers.

JeNeSaitQuoi • 1 point • 29 March, 2018 05:57 PM

As long as he doesn't terrorise teenagers and young women at shopping malls, Leo's awright with me.

Ohmyqueef • 3 points • 29 March, 2018 10:06 PM

What is that supposed to mean?

dub_squared • 1 point • 30 March, 2018 01:30 AM

He's referring to Roy Moore

[deleted] • 1 point • 29 March, 2018 07:47 PM

Truth be told, I am not attracted, other than sexually, to women significantly younger than I am.

The thing is, unless it's wham/bam/thank ya maam and goodbye, you're going to have to talk with them. And 15-20 years age difference doesn't make for much of a connection (unless you're 'in' to being the daddy figure to a little girl).

[deleted] • 1 point • 29 March, 2018 06:05 PM

Leo is my role model!

PMmeYOURrareCONTENT • 1 point • 29 March, 2018 08:17 PM

Had to google some pictures of her because judging from those pictures, I didn't think her particularly hot.

So either those pictures are really unflattering or the others are photoshopped to death

[deleted] • 1 point • 29 March, 2018 11:27 PM

Haha what is this the little old lady sub-reddit? You have nothing better to talk about besides tabloid gossip?

Go get a girlfriend, or a waifu pillow or something.

subgamer90 • 1 point • 30 March, 2018 01:09 AM

Losers will always be jealous of winners

atlantique16 • 0 points • 29 March, 2018 07:46 PM

Lol the first comment is pretty brutal about woman having a shelf life, I don't think that's the right train of thought. Sure most women get uglier as time goes on but nothing wrong with settling down with a woman and growing old with her.

[deleted] 29 March, 2018 08:59 PM*

[permanently deleted]

atlantique16 • 4 points • 29 March, 2018 09:55 PM

You sound like an abrupt 3 year old. I don't care what you do I'm just noting that if you have the mindset all women will eventually get ugly and useless you're stupid.

[deleted] • 0 points • 30 March, 2018 03:08 AM

Holy shit I just read through the comments. Woe what a bunch of losers. All these girls are so insecure and they are making fun of this 20 year old model. Really shows how mature these "mature" idiots are. Meanwhile those idiots would hop in Leo's dick as soon as he gave them an ounce of attention.

bookertwashingmachin • -22 points • 29 March, 2018 05:52 PM

That is gross. She's a child compared to him. Miles apart in experience. 1/2 age plus 7 years is a good rule.

d0lphinsex • 16 points • 29 March, 2018 06:31 PM

I'm 31. My future wife isn't born yet.

bookertwashingmachin • -5 points • 29 March, 2018 07:32 PM

You're sick in the head and deserve your empty life of trivialities.

[deleted] • 7 points • 29 March, 2018 06:27 PM*

What if other people don't have to live according to your stupid rules. She isn't 16, she's 20. That's an adult. Get over yourself

[deleted] • 5 points • 29 March, 2018 08:21 PM

Even 16 is perfectly legal in most countries on this planet.

bookertwashingmachin • -14 points • 29 March, 2018 07:31 PM

You're stupid. What the fuck do 44 year old men have in common with 20 year olds? Nothing. It's creepy. She's talking about cheerleading and Monster High dolls and that nigga Leo is as old as her parents. You're a degenerate.

[deleted] • 5 points • 30 March, 2018 12:47 AM

It's not about interests in common. It's about how hot you are.

[deleted] • 4 points • 29 March, 2018 08:56 PM*

You are such a bitter loser. It's pathetic. We as humans automatically have a lot in common. Leo is even closer to a 20 y/olds mentality due to the money and freedom granting him a young life style. Shut it

bookertwashingmachin • -1 points • 30 March, 2018 12:40 AM

You poor deluded bastard. Are you 16 years old?

[deleted] • 3 points • 30 March, 2018 01:23 AM

Are you 40 and lonely? Pathetic

bookertwashingmachin • 0 points • 30 March, 2018 11:37 AM

Enjoy your woman hating man club, you childless faggot. We're better for your lineage stopping with you.

[deleted] • 1 point • 30 March, 2018 12:27 PM

Aren't you the one trying to restrict what a grown woman can do? That sounds like hate to me. You're just failing so hard right now. You need to get therapy to straighten out what ever the fuck is wrong inside your head. It's messy up there

gloryhole87 • 1 point • 30 March, 2018 05:12 AM

You're deluded you doss cunt

[deleted] • -2 points • 29 March, 2018 06:51 PM

up to a certain point of child bearing years

orr250mph • -16 points • 29 March, 2018 07:45 PM

(sigh) The rule is half your age plus 7 years. So yes, this is too young.

WoWscape98-1 • 9 points • 29 March, 2018 08:03 PM

thats a dumb rule anyway, they are both adults and they both have the right to do anything they want as long as isnt illegal

PS2Errol • 7 points • 29 March, 2018 09:47 PM

If she's over the age of consent there is no 'too young'.

orr250mph • -8 points • 29 March, 2018 09:48 PM

Sorry but there is a creep factor.

[deleted] • 4 points • 29 March, 2018 09:57 PM

Leonardo DiCaprio deserves the most attractive women, which automatically excludes 30+ year olds. Most 20 year old women would jump at the chance to fuck an A list male celebrity, especially Leo. AWALT.

[deleted] • 1 point • 30 March, 2018 08:27 AM*

The "creep factor" is a tool used for shaming men with healthy sexuality into dating and marrying post 35 year old hags. There is no "creep factor". There's a reason why the legal age is 16 in most countries. Because it's fucking normal for men to desire young, fertile women.

banjew • 1 point • 29 March, 2018 09:03 PM

Thats correct, it's between 19 and that. That's the max age I date.
