

Ran into a girl from high school I used to orbit

April 19, 2020 | 870 upvotes | by [Zorrostrian](#)

I guess rant/venting might be the wrong flair for this, since it's not really negative, but I flaired it as such because it's basically the same thing. There's no real point to this, I just wanted to talk about how much of a good mood it put me in.

There was this girl I used to orbit in high school, we'll call her "M". She was HB9/10 at the time, every guy who knew her wanted to fuck her. I was probably the worst of her orbiters, I put her on a pedestal, followed her everywhere, dreamed of marrying her, etc. Of course, in return she just rejected me and took advantage of me, no surprise there. I stopped talking to her a long time ago once I finally realized how much I hated giving her everything and getting nothing in return.

I ran into her at the grocery store today and had a pretty long conversation with her, just catching up. I always knew the wall was a real thing, but I've never actually seen it for myself until today. M is now 200-300 lbs overweight, has 4 kids, and has been married/divorced twice. I don't know why I feel guilty for feeling this way, but I was fucking elated. It was a real "look how the tables have turned bitch" moment for me. I've been in a great mood all day. Of course, now she shows IOE's, even though I'm having none of it.

In high school I was obese and ugly, but since discovering TRP a few years ago, I've dropped all the weight, built some muscle, and have never looked/felt better in my life.

I guess if there was a point to this post, it's that rejection isn't always a bad thing? I mean, I seriously dodged a bullet.

This post right here is exactly why the TRP exists.

I stumbled into this place in 2015 I believe. It changed my life for the better and I too have seen it play out in real life.

It's kinda beautiful.

Snowpeartea • 45 points • 20 April, 2020 03:32 AM

I came here few years ago as well. My life has just been a roller coaster. Ups and downs.. eventually the ride ends and you go for another up and down. It truly is beautiful

DerpJungler • 24 points • 20 April, 2020 11:06 AM

Discovering TRP, reading "The Rational Male", finding a purpose and working on myself changed my life. It was a chain of events that triggered each other and transformed me as a person.

Grateful.

pmtiggobitties • 26 points • 20 April, 2020 12:42 PM

Yeah. I lurked around for a bit, thinking what a bunch of lunatics. The more I read, the more the puzzles of life seem to fit.

Read the sidebar about a week in, and holy shit. It was an instant epiphany and realizing what my pops tried to instill in me was true. I was a fool for believing the fairy-tales of female unicorns.

The Wall man. The fucking Wall.

Thats the Indicator. That is the ultimate executor. Fuck these hoes.

I have to agree. After the last election, this place sorta became incel home for people to voice their political opinion.

I mainly lurk now, but when when I do see a post heading in the right direction. I'll comment.

Kids are misguided. The several stages of acceptance of TRP, anger, etc, need to be dealt with in a positive manner. Accepting the emotions or whatever, instead of lashing out.

Then use that bitch to your advantage and get some pootie tang.

I'll see about posting personal field reports from the past. I've been a little too focused on myself lately. Building personal wealth, traveling, etc.

I'm not caught up in getting ass as much so when it rolls around I make sure the bitch is worth the trouble that they all eventually bring.

chomponthebit • 239 points • 19 April, 2020 11:42 PM

Slight segue, but I've also encountered women who were ugly ducklings in high school who blossomed in their 20's or 30's via dieting, training, maybe a touch of cosmetic surgery (I'm NOT talking triple-Ds). And dating one is so refreshing because she retains the humility of someone who wasn't "naturally wealthy" even though she has a killer body and newfound confidence.

I truly wish more women would adopt the self-actualization RP offers instead of body-positive shiet

basilisk_girth • 57 points • 20 April, 2020 02:59 AM

My ex LTR was like this, she was a 6 when we met and during our 5 year LTR she kept on working on herself to the point where DJs in the were sending her dms.

One guy bought her an iPhone, but the humility was always there. She still stayed with a broke dude like me even when she peaked, those are the best but are hard to spot.

KylieJennersbutthole • 45 points • 20 April, 2020 03:37 AM

I know a girl that was like a 5 maybe a 6 on her best day in high school. Sweet little Viet chick that would occasionally talk to me about random stuff even though all the other girls wouldn't even look my way. I didn't know it then but I realised after I dropped out that she wanted to smash. She wasn't the prettiest, had acne all on her face that was covered poorly by her make up but I saw the potential.

Anyway after she graduated she glowed up. Saved a bit of money and went on a solo trip around Europe, got tattoos all over her body, posted some lewd pics on IG, you know the drill. Thinks she's king shit now because she has a few thousand followers.

Funny how these girls either take one route or the other.

basilisk_girth • 27 points • 20 April, 2020 04:36 AM*

The harshest "it's not always like that bro" yet, lol.

KylieJennersbutthole • 22 points • 20 April, 2020 04:48 AM

I'm so glad the pill whacked me over the head at a relatively early age

asdf333aza • 251 points • 19 April, 2020 10:36 PM

The wall takes no prisoners. That's why femknist are so dead set on this body acceptance movement. Eventually, most of them will end up looking disgusting and they want men to be their to clean up.

bjem5891 • 109 points • 20 April, 2020 12:00 AM

Like simps, they mistakenly think attraction is something you can negotiate.

Ill_mumble_that • 43 points • 20 April, 2020 09:28 AM

Except it's a fuck ton easier for women.

How to be attractive to men as a woman:

1. Dont be overweight, keep a slim waist weight

Thats it. It's that simple.

bjcm5891 • 17 points • 20 April, 2020 09:46 AM

Up to a certain age it's a fuck ton easier. Then the tables turn in our favour.

Ill_mumble_that • 35 points • 20 April, 2020 09:53 AM

Not automatically in men's favor.

You still have to

lift regularly

make money and/or status

display value

hold frame

etc

A 40 yr old simp isnt any more attractive to women than a 18 yr old simp.

bjcm5891 • 10 points • 20 April, 2020 10:34 AM

A 40 yr old simp isnt any more attractive to women than a 18 yr old simp.

This is true, but a 50 year old guy with the qualities you listed is still far more likely to have a satisfying sex life with the girls of his choosing than a woman the same age who was a solid 9 at age 25.

throaway4000s • 11 points • 20 April, 2020 10:29 AM

Not attractive, but women's options run out around 40 and they're more likely to settle

Ill_mumble_that • 6 points • 21 April, 2020 03:16 AM

Gross. Those women aren't considered an option imo.

surfsusa • 8 points • 20 April, 2020 01:27 PM

Actually they are way less than an 18 yr old. An 18year old can still be molded and have the stamina. That is why older 40+ yr old women will bed young dumb and full of cum 18 yr guys. Men are expected to grow up, take on the world and get better by the time they are 40. Once a man gains experience he should gain confidence and that will show on their face and in their walk. So if by the time you are 40 and you haven't succeeded in something women see a Big Capital L on your forehead.

Ill_mumble_that • 5 points • 20 April, 2020 02:44 PM

100% truth.

Men dont age like fine wine. That implies passiveness.

Passiveness is death to men.

MRPTriangle • -3 points • 20 April, 2020 06:42 PM

All I'm hearing is "wah wah wah, being a man is so hard".

Fucking get up off your ass and hit a one rep max and be happy about it. If you hate being a man so much, you haven't taken the redpill at all, you're just pretending because it massages your fee fees.

KylieJennersbutthole • 26 points • 20 April, 2020 03:16 AM

Straight up truth . A lot of these self proclaimed feminists are already in that phase before they even hit the wall too, half shaven head, tattoos everywhere, coloured hair. It's like they put themselves on an escalator to reach the wall.

They want body acceptance to be a thing because no man worth his salt will ever look their way.

CybeTech • 16 points • 20 April, 2020 03:27 AM

Most of them already look disgusting lmao

LegendarySuperSalsa • 15 points • 20 April, 2020 06:02 AM

I've never met a feminist that wasn't disgusting on sight ☐

[deleted] • 4 points • 20 April, 2020 10:25 AM

New Red Piller here! What is the so-called "wall" you guys are talking about?

asdf333aza • 28 points • 20 April, 2020 11:39 AM

Point where girls go from looking hot and young into looking like their fat mother or an really hideous teacher from your grade school days. The change is usually really sudden. Like within a year, she will go from pretty college cheerleader to designated ugly fat friend. Thus the wall. She was on one side of the wall where everything was great and then abruptly finds herself on the otherside where it sucks for her. And due to the sudden change their sexual market value drops and then they don't know how to function when they aren't getting preferential treatment from being attractive. Usually happens around 28-35ish. We just say 30 for good measure. And if she starts popping out a shit town of kids it can happen sooner if her body doesn't bounce back. Regardless the wall at comes. No female remains attractive forever. At this point or close to the wall approaching, when her looks start to fade and she's not nearly as attractive as she used to be, she starts looking to settle down, after riding and fucking various dudes when she was hot. The guys that she used to fuck won't want her anymore and then she will get an ego check and start looking for lower level guys, or betas, or guys she rejected before. She will attempt to lock him into marriage so she doesn't grow old, ugly and alone by herself. They weren't good enough for her before but now that she's old and fading, now she wants to work it out. She will try to make him work hard for the vags that she was giving to the alphas for free. And when men don't want to date her now that shes older and not as pretty, they get bitter and angry cause females can't tolerate the rejection that they have been dishing out. So they end up criticizing men and asking "where are all the good men"?

[deleted] • 5 points • 20 April, 2020 11:59 AM

Thank you for your in-depth answer! This community rocks

jihoeceh • 4 points • 20 April, 2020 03:35 PM

35yo guy (and older) dicovers value of himself and his time. I am married, but would I be single (death or divorce), I would never marry again, never cohabitate, I value my hobbies and peace and clam. I really do not understand guys over 50 being fathers of babies...

SKRedPill • 2 points • 20 April, 2020 05:00 PM

I got to see the pic of a prominent feminist in my country and it looked like someone who smoked, used weed and hadn't bathed or combed their hair for a year... Her only saving grace was that she wasn't obese. Can't believe it's people like this influencing popular opinion.

Ever noticed that virtually every one of these cases are totally unattractive, both inside and out? Why do they do this to themselves?

BlackendLight • 271 points • 19 April, 2020 10:42 PM

Dont feel guilty. She certainly didnt back in high school

totoro_make • 75 points • 20 April, 2020 01:40 AM

This. Women have %100 no real sympathy when the tables are turned and they're the one with the higher smv. So you shouldn't feel bad in the slightest bud. Always keep working on yourself and you'll look back at all the hot girls you used to orbit/think highly of and laugh.

brockbridges540 • 82 points • 19 April, 2020 11:34 PM

Absolutely, and consider that she's basically the same person only now she's learned to adapt through manipulation, and that's why she's nice to you now.

New_Guard • 94 points • 19 April, 2020 11:02 PM

As a dude in my late 30's, there are only a few of girls from my high school years who I would be willing to fuck if they offered themselves on a silver platter. Considering that my graduating class wasn't super large, I suppose that's probably better than average for the country. But there are a huge number of them who look absolutely horrific. It's the nature of the game man. Making a long-term commitment to almost any woman is failing to doge a bullet.

DareyFathom • 57 points • 19 April, 2020 11:17 PM

I'm in my mid 30s and was home a few months ago for my mom's funeral. Some girls that used to be very attractive in HS have fallen off a cliff. Very few of the formerly attractive girls in HS were even fuckable any more. It's disgraceful how many people let complacency win over self discipline.

Chitlinsandgravy • 29 points • 20 April, 2020 12:58 AM

Complacency goes hand in hand with solipsism.

LukesLikeIt • 21 points • 20 April, 2020 06:17 AM

They get fat and refuse to try look attractive to their husband then once divorced get in shape ASAP... why not for the one you supposedly love? Na but you'll get fuckable for a stranger

mikkeldaman • 21 points • 20 April, 2020 11:27 AM

Because most men also get complacent after they get into a relationship or get married. They no longer care about attracting women because they already have their unicorn. If the man would maintain a high SMV throughout their relationship, the woman would follow suit because she wouldn't want to lose such a catch.

HiredNote • 6 points • 20 April, 2020 11:43 PM

If the man would maintain a high SMV throughout their relationship, the woman would follow suit because she wouldn't want to lose such a catch.

I dunno, man.

The dude is already slaving away at a 9-5(which he probably hates) and financially supporting her for the rest of her life. Knowing that he's sacrificing his freedom to provide for should make him

high value enough.

A woman can have 1,000 guys attracted to her, but only her husband is willing to sacrifice himself to give her a good life. The rest just want sex. Doesn't that already make him more high value than the 1,000 other guys?

mikkeldaman • 1 point • 21 April, 2020 12:20 AM

I dunno man... I let my girlfriends slave away. Used to have a 9-5 but I decided I prefer to party all day.

HiredNote • 0 points • 21 April, 2020 12:25 AM

You don't have a girlfriend. You're Romanian. All women over there are prostitutes.

mikkeldaman • 6 points • 21 April, 2020 12:29 AM

Actually you're wrong. I'm American with a Romanian mom. And your mom is a cock sucking whore.

HiredNote • 2 points • 21 April, 2020 12:32 AM

A dude with a Romanian mom calling someone else's mom a cocksucking whore is like Kanye West trashing someone else's wife for being an attention whore.

mikkeldaman • 1 point • 21 April, 2020 12:34 AM

Did your mom teach you what it's like to be trashed?

jihoeceh • 0 points • 20 April, 2020 03:38 PM

It is impossible in long term. Part of "falling in love" is freshness of all that. You cannot have romance for ever. Marriage is not romance in a can.

mikkeldaman • 5 points • 20 April, 2020 03:46 PM

You should not get complacent for your own sake.

Howdoiusesync • 3 points • 20 April, 2020 04:55 PM

After my second LTR that brought me here this actually works so well when even spinning plates. You'd be surprised how many dudes I've seen broken up because they got complacent within a few months.

mikkeldaman • 1 point • 20 April, 2020 05:15 PM

With plates it's kind of a given because in my mind plates are to men what orbiters are to women. Practically you are still on "the hunt".

Howdoiusesync • 2 points • 20 April, 2020 05:19 PM

what i've noticed is many new comers here still don't get it that way. But I agree 10/10 works.

drsherberty • 36 points • 19 April, 2020 11:33 PM

Good shit bro. She was a flash in the pan like many others. It's a marathon, not a sprint.

comcain • 37 points • 19 April, 2020 11:47 PM

I've run into one of the high school hotties a couple times. The first time was at a t-shirt shop, where she was so stoned she couldn't select the letters to put my name on a t-shirt. The second time she lectured me about doing balloon shows for kids, and how she could "outthink" them. (Well, duh.)

She clearly had been pumped and dumped many, many times. What was sad was she automatically assumed she was "superior" to me since I'm in IT. Still stuck in high school where I was in the computer club.

It was a real lesson in, "Many dreams come true, some have silver linings" (Led Zeppelin).

I skipped my high school reunions several times because of attitudes like hers.

Cheers

RunawayGrain • 13 points • 20 April, 2020 12:31 PM

I skipped my high school reunions several times because of attitudes like hers.

I went to a couple, one I was banned from because of my crazy ex, though. if you can divorce yourself from the negative emotions it's actually a bit like a wildlife safari.

At the thirty year one one orbiter finally nailed his oneitis in a van in the parking lot, put her out the door, and drove off. Mission accomplished, I guess?

VantablackPill • 9 points • 20 April, 2020 02:16 PM

Sometimes I wish I could have seen further into the future whilst I was at high school.

Those hormones really something.

trpjnf • 40 points • 20 April, 2020 12:08 AM

Kudos man. I had a similar story happen to me about a month ago.

A friend dated a girl about five years back who we'll also call M. I moved away for college around that time (and discovered TRP shortly after), but while I was home for the summer I got to know her. My friend was an athlete in high school, ripped, but pretty beta. She was thick and cute, but nothing to special to look at. They broke up after about two years of dating.

I went home about a month ago and went out to the bar with the group of old friends who knew her. Who do we run into? I bet you can guess. In the time since she's last seen me, I've put on a decent amount of muscle (was skinny-fat in high school). My friend who dated her, by comparison, has gained about eighty pounds, none of which was muscle.

He goes and talks to her, and a few minutes later I stop by to say hello. She saw me and after that it was like my friend wasn't even there. Direct quote from her "what the fuck? You're gorgeous". She was in utter disbelief about how much I'd changed, jaw on the floor. She wasn't the only person who noticed either. Three guys I played baseball with in high school happened to be at the same bar that night and complimented me on how I'd changed.

The point of this comment is obviously to brag, but the lesson to be learned is don't get complacent. These guys who had it made in high school didn't keep their shit together in college, and it shows. Meanwhile I did, and now I'm reaping the benefits.

unn4med • 1 point • 20 April, 2020 09:00 PM

I won't (been sick with stomach issues). But for the rest of you calisthenics is really good. There are transformation videos on YouTube of what body workouts can do for you, and it's nothing short it amazing.

Personally, I'm waiting for this to be over

pbar • 32 points • 20 April, 2020 01:35 AM*

I am old enough to have seen this happen to a lot of women. Even the ones who don't pork up, still lose a lot of their looks. For the ones who have traded heavily on looks and not developed anything else, it is pretty rough.

Aside from that, there are a lot of women around now who grew up under the influence of feminism. Focused on career, either didn't have kids or didn't focus on them, didn't get married, or trashed their marriages to "find themselves".

As those women start to creep into middle age or older, they are slowly becoming horrified at just how badly they were fooled by the propaganda, and how badly they have fucked up. I try to stay focused on what's right and wrong in my own life, and not to enjoy the suffering of others too much, even if they've earned it. But sometimes it's hard not to.

To the young guys out there I would say, just work, and develop yourself, and be patient. Time is on your side, and it is very much not on women's side. The worm can turn in very surprising ways.

Luck-67 • 15 points • 20 April, 2020 04:13 AM

As another old guy, I concur . The wall is to our advantage and as an old guy who still is gaming and banging like no tommorow the MILF crowd bestowed upon me.....I can say that most HS or College hotties will in fact grow into overated pigs. This is as old as the hills and we have all been there.

Keep your shit, game and act together no matter what age you're at. The best women are much, much more talented in bed and otherwise after some wall and life hits them and they maintain shape and motivation. Most often the cheerleaders grow into glorified bacon and the sleepers grow into talent. You'll want to be there to pounce

pbar • 12 points • 20 April, 2020 04:32 AM

I know a 50-yr-old yoga teacher who weighs about 102 pounds and is objectively more perfect than the girls I hung with when we were all 25...but obviously a lot more interesting in every way. She's not the only woman I know around that age group who is still physically amazing. They are out there, although with the obesity thing they are getting rare.

Not really the point of this post, but I've gotten back in touch with my HS friends after almost 50 years away...it is astonishing to see who got rich and who went to pieces, who is well-preserved and who is a degenerate. Not at all who I would have expected.

They did not get to where they were at by being good people after all.

Girls in high school and early college will always be skinny and attractive, from the perspective of someone their own age. And of course, kids that age never think long-term.

If you wanna know how a girls' gonna look when she gets older, you gotta check out her mum. If the mum's hot, then the girl will probably stay hot after high school and college. Value ++.

Of course, if the girls' hot and the mom's a blimp, go ahead and have your fun anyway. Hot is hot, after all. Just make extra sure to wrap your tool, because that girl is one that you ESPECIALLY do not want to get anchored to via any accidents.

Final point. MGTOW aside, if you would like to get married some day, just make extra certain that it is SOME DAY, and not fresh out of high school or college. You'll regret all the missed opportunities and fun you could have had, if you don't explore unencumbered for several years.

RunawayGrain • 1 point • 20 April, 2020 12:33 PM

Then again I've noticed that the hot girls I went to school with tended not to have hot kids. Mostly the kids were fat because mom is feckless and fed them fast food constantly.

pkarlmann • 12 points • 20 April, 2020 12:03 AM

200-300 lbs overweight

I just had to calculate this. 200 lbs is 90 kg - about my weight. Both my dogs had a weight of about 70 kg (Great Dane's, but mostly muscles). So we all together it was roughly 500 lbs. So she is more overweight then me AND my dogs weight combined by half. Wtf?

You, sir, didn't doge a bullet. A bullet's weight is much much lower then 200 lbs.

urbancore • 8 points • 20 April, 2020 01:10 AM

Sounds like OP never had a chance. She wasn't even aiming at him, let alone shooting. Can't dodge a bullet she never shot.

I read this like, we ALL pine for the ones we missed out on, or dreamed of in high school/college.

This is more like an affirmation of OP's lifelong choices. OP never locked into any chic, got his shit together, and now he calls the shots.

OP will be the better man for it. High school is not the place to find a partner.

First you get the money, then you get the power, then you get the women. TM

ValenDrethen • 12 points • 20 April, 2020 12:03 AM

It's insane how many women that i knew in high school, are just massively failing at life right now lol how the tables have turned.

tyrryt • 6 points • 20 April, 2020 04:00 PM

One of the biggest shocks possible is searching through facebook a decade or two after graduation, seeing how time has demolished all the objects of your highschool fantasies.

SpamFilterHatesMe • 58 points • 19 April, 2020 11:38 PM*

That way of thinking, like bitter beta, is still toxic for you. If someone's failure is making you happy and made your whole day your emotions are still depended on someone else, and probably in general. Which is childish.

You didn't have her when she was good. Because you sucked back then, and she rightfully rejected you. Be honest. There's no shame in it, it's alright, we've all been there.

But it's a problem if you suck now too. Regardless of your weight lol, which is not everything.

In some other universe she could have been even better today, and what, you would be devastated by that?

Edit: You should feel thankful for helping you, not "elated" because she failed. Love the women for what they are. And their true nature, which we know here.

Zorrostrian • 11 points • 20 April, 2020 02:39 AM*

I don't think that the way she turned out is what made me so happy. I actually felt a combination of pity and guilt for her. What put me in such a good mood was more so the reminder of the progress I've made since the last time I was friends with her. The disconnect between who I am now and my high school beta self is huge, and that makes me happy.

Beginning-Ninja • 31 points • 19 April, 2020 11:43 PM

I get where you're coming from with this, but I didnt read it as bitter-beta schadenfraude... just a guy proud at coming so far.

30DaystoSolstice • 8 points • 20 April, 2020 12:59 AM

Right. Was looking for this perspective. Op sounds in his late 30. It's like yeah, by then all W fell off, have kids etc. If Ms fell off in between HS and college while OP rose than it's a W for OP. But if OP is looking looking 20yr in the past for vindication than yikes. Just yikes.

hotromeoforyou • 8 points • 20 April, 2020 12:12 AM

She showed interest now . It means her worth is attached to her body and market value , not her thoughts and morals .

If she rejects him if she's fat , it's good . It means she rejected him for compatibility purposes etc .

She's the shallow one . Also , she mistreated him so yeah , it's okay to feel better when you win in life .

MisterSlippyFinger • 8 points • 20 April, 2020 12:52 AM

Sounds like holding a grudge off of some shit that happened in high school as if we all weren't a bunch of immature people in high school. Unless it's your mortal enemy or something, taking delight in other people's failures is a bit of a losers mentality.

kkikuyu • 14 points • 19 April, 2020 11:55 PM

Be careful. Her IOIs just may be a catch and release. Basically, she may just want for you to show you want her so she can feel validated, then reject you all over again.

Zorrostrian • 14 points • 20 April, 2020 01:11 AM*

Well I'm definitely not attracted to her anymore after seeing her again.

I've found most of the chicks I crushed on in my BP days, almost 90% of them. Exactly none of them I'd fuck today. Not even a P&D. In a way, it's another bitter pill. In another it is quite liberating to know that any chick might be hot ATM, but it's just that moment.

Zech4riah • 3 points • 20 April, 2020 08:39 PM

I don't know why I feel guilty for feeling this way, but I was fucking elated. It was a real "look how the tables have turned bitch" moment for me.

It depends. You are still in the anger phase if you have this mentality that "I have improved, now I can abuse girls and get my revenge". You just become a bitter douche if you continue on that path. If you felt something like that and you felt guilty because of it, it's good. It shows you are already trying to go forward and rise above revenge.

Way too many guys seem to be fueling their motivation for improvement with revenge fantasies.

[deleted] • 3 points • 24 April, 2020 04:03 AM

Feeling good about someone's demise is a bad quality as a human being. Regardless if she had rejected you.

CrimsonSultan • 6 points • 20 April, 2020 12:05 AM*

Can relate. I am not 30, but being 28 years old i feel i am old enough to say that women my age are already showing the first signs of decline

A girl i used to have a crush at back when i was a teen, i saw her walking to a dudes house i know frequently who is like 2 min away from me. I saw her and i thought "damn this bitch has gotten fat", Im kinda surprised this dude is into such women, but whatever. Dont think he will commit, just pump n dump but i digress.

So many single women who used to ride the cc hard will be released into the wild. I just feel sorry for the betas who are willing to take a damaged good for marriage, not knowing their true past.

MisterSlippyFinger • 4 points • 20 April, 2020 01:05 AM

I'm 29 and I'm amused by how many women similar to my age on Tinder/Bumble look so past it. Gotta say though that some of them still look good and young, especially with the Latinas. I dated one briefly and she looked like she could pass for 21-22.

jaySydney • 1 point • 22 April, 2020 06:02 PM*

I'm amused by how many women similar to my age on Tinder/Bumble look so past it.

I'm amused at how women's list of demands increases as they age.. "must be this, must be that, must not want FWB or ONS.. oh, and by the way, have children living with me"

tyrryt • 1 point • 20 April, 2020 04:05 PM

30 is tough for a western woman - if she's not married yet, she's either desperate to marry, or she's above-average on the psycho-meter. Either condition is toxic, it's better to stay in the 22-25 range.

CrimsonSultan • 2 points • 20 April, 2020 04:55 PM

aye. just like with shipments, we don't accept damaged goods

uwey • 4 points • 19 April, 2020 11:51 PM

Man get better and will want to bring more man into the circle of man, to be a stronger and bigger community.

Women like to do opposite. They are real life monsters man used to fight.

Fuck her while remember she will fuck your life up if you slip, you being complacent, or you being stupid.

Don't fuck down and always fuck "up" if you understand what I mean.

RPOpenUp • 2 points • 20 April, 2020 12:51 PM

The fact that you feel guilty is something truly beautiful.

You could have been bitter and resent her. But you feel guilty, because you had the chance to get better. and if we're all honest if TRP wouldn't be here, every women would be overweight, hitting the wall because our standars would be so low.

Feeling guilt here also means that you truly want the best for you and the people around you, which means you have outgornwn the easily toxic orbiter trap that a lot of young men live in nowadays.

Keep it up

Fabulous-Craft • 2 points • 20 April, 2020 01:17 PM

Grats on dodging the bullet, but I don't get the elation that a girl you idealized is now a mess.

Wouldn't the better mindset be, "what a shame"? Or if she managed to stay a knock out, "good for her", without it affecting you either way?

The fact that you can indulge in petty revenge porn over some chick from 5-10 (more?) years ago is pretty BP.

RevolutionaryPea7 • 2 points • 20 April, 2020 02:50 PM

Don't feel good about how far she has fallen. It happens to all women and shouldn't bother you. You should only feel good about how far you have come. Are you fucking hot girls now?

SKRedPill • 2 points • 21 April, 2020 05:38 AM

I got to see the pic of a prominent feminist in my country and it looked like someone who smoked, used weed and hadn't bathed or combed their hair for a year... Her only saving grace was that she wasn't totally obese. That wasn't hitting just one wall - more like four walls. Can't believe it's people like this influencing popular opinion.

Ever noticed that virtually every one of these cases are totally unattractive, both inside and out? Why do they do this to themselves? I feel they carry a pattern of self loathing of themselves for being feminine.

StoicPsychopath • 2 points • 21 April, 2020 09:42 PM

Obviously there needs to be a "revenge fantasy fulfilled" tag for these situations. ;)

Good for you on getting in better shape. Hope you are taking advantage of it to spin some high quality plates.

Use her as a lesson... All women you desire in the moment will eventually be less desirable. Maybe not as much as this one, but it is a great representation as to how sexual attractiveness is meaningless long term and should not be used as the basis of any sort of Disney-style "I'm going to marry this woman" fantasies.

VoiceOfReason777 • 4 points • 20 April, 2020 03:23 AM*

Never ever ever ever feel bad. A few girls in high school that I crushed on, never gave me the time of day. Then when they become a single mom and have a kid, they start to be nice to me when they notice I got my own place and I work for a respectable software company. They even ask me to come over to their house to "hang out". I always respond with "Oh I appreciate it, but I'm so busy with work etc"

It hurts them even more if you are able to find a decent lady and have your own kids and go on expensive trips with and show it all over facebook, Instagram etc. (Probably not that TRP, but good revenge)

edge_lord_super_17 • 1 point • 21 April, 2020 01:24 AM

Would you consider a job in tech valuble? Im exploring my options

VoiceOfReason777 • 1 point • 22 April, 2020 06:53 AM

At a young age yes, but it gets worst once you hit 50, so make sure you have an exit plan.

The job is demanding yet, the pay is not proportional to the level of caliber and stress you have to put into it. But then again, your mileage may vary.

Fucking__Creep • 1 point • 8 May, 2020 01:59 PM

Her hitting the wall/being a bad quality woman doesn't excuse/explain your failure/rejection and isn't a metric of your improvement in life.

surfsusa • 1 point • 20 April, 2020 01:19 PM

I saw same thing happen in a similar fashion. It was at a High School reunion. This is almost a cliché and it probably happens all the time. The Head Cheerleader, who was a HB 9 and one of the most popular girls in the class in high school, hit the wall hard. She gained around 90 pounds and was round as a beach ball. Now of course you will get IOI's as she is starved for the attention she got effortlessly when she was young and Hot. Quite a few guys did not realize it at the time but it wasn't always there looks that kept them from success, it was their state of mind and their actions.

krmaml • 1 point • 20 April, 2020 01:34 PM

Well no reason for guilt. Also, what i have in mind is nothing is personal with them. Like, if im rejected, ok. I move on and dont care anymore. Although i know perfectly how you feel when you were her orbitter. Tables changed, you earned your attractiveness, she lost it.

SalporinRP • 1 point • 25 April, 2020 08:10 PM

Women can actually look good until their early 30s provided they take care of their bodies.
The problem is from the time they turn 18 they begin drinking like sailors, doing drugs, eating like pigs, tanning like crazy, etc.
The amount of girls my age (24) who think it's socially acceptable to binge drink friday and saturday night, plus brunch mimosas on sunday is actually absurd.

StrongAttitude • -39 points • 19 April, 2020 10:49 PM

Between this two I reckon the OP is worse than Ms X in terms of humanity.

Its simply observable reality. Most men are extremely complacent in thinking they're not judged on the value they bring, this millennial mindset that its "who you are that matters". Its complete and utter none sense. The OP's statements are true because at the base of it these are a value dependent judgement.

Fat = low value

True for OP

True for M

terms of humanity.

Moral subjectivisim is trash and has no real world value. Abandon the communist dogmas you were taught

in school.

[deleted] • -14 points • 19 April, 2020 11:15 PM

I had a similar experience. I remember orbiting around this girl for a solid year. I would always do favors because I thought this would get the girl to like me. The only thing I got in return was being insulted and rejected by the girl on a daily basis. She was the girl that always had a boyfriend every week and would always invite them to fuck her in her bed. I was one of the few guys not to fuck her. I broke off with her after she moved schools.

A couple of years down the line she turned into a stereotypical night club whore who would have sex with random guys all because she wanted "rebel against the patriarchy". One night, she fucked this random dude without a condom and ended up getting pregnant. I am so happy that she has destroyed her life. I can't wait to find out if her child has autism.

autoeroticassfxation • 9 points • 19 April, 2020 11:34 PM

You really need to stop thinking about her. The fact that you are expressing hate, means she's still has you hooked and sunkered. Employ pity rather than hatred. And don't wish autism on kids. They don't get to choose their parents.
