This is a clown world indeed. Make so much money for what? To fund 2 goldiggers? A women and the government? Now with this clown virus, the truth is it's over. So much delusion, deception and what not. And these clown people believing everything.

The fools are made leaders, while the truth and honest gets shut. Good honest men can't find good wives. Why? So many less of em exist. What's the purpose of this life? To make money, pay taxes and die? Women are raised to be thots, and show off there bodies, while abandoning faith, and brainwashed by a liberal, clown feminist system.

While men are raised to worship and #believeallwomen and go against there biology to be masculine. In this virus were they are eradicating middle class, and making it hard amongst the people, to a agenda were everyone listens to the rich and the powerful, and obeys them not knowing the true reality behind the scenes of what's happening. It's all too late.

No purpose, no meaning, and just the same advices by people "self improve" like wtf? Waiting for Death is the only way to get out of here.

Most of us won't have kids. This is a fact. We all know too much. Now what's the purpose Man? Personally idk anymore. I try to do good now and have a positive impact on people.

My wishes of having a wife and kids and all are totally tarnished. Women today? Not worthy. It's all the same man and its really AWALT. Also do any of you really want to have kids in this clown world? Man. Having kids in today's world is like I dont want my kids to be brainwashed by this □ world. Better than not having them at all.

I can't even sleep at night. You know? I have changed many lives. But deep down I'm in such a state its like idk anymore. You guys know the saying? I'm personally working on 3 things iml and getting that shi done by the end of this year. I don't want to say what exactly but, by end of next year I will be rolling in \$\$.

So money is not a problem. Neither it buys happiness to Me. Idc about Money. I always wanted to get rich only to get a good wife and kids. But after my experiences and all and just accepting the reality of these women, man. While we need women, it's a must but knowing all this, really fks u up from the inside Man.

While I'm so social, and have that affect on people, I want to keep doing good and change lives. But, I'm not inner happy myself and idk man. I do religious things and all and but still. Deep down it's like I'm miserable.

Idk what anymore. I can self improve next level max, my life \$ wise is good and I keep achieving new things. But, you guys get Me? Men's purpose whatever they do is for Women. But when you realize and accept the harsh truth and reality, its like You guys get Me?

My Experiences at Working at A Bar. I Got Many Replies to Share My Stories, So I Decided To Make a Post. Here it Is.

I [made this](#)

Comment and many replies came to share my experiences so I'm making this post. Anyways. So back when I turned 18 fresh out of high school, That winter I applied for a job at a pretty high end bar. Suprisingly, I crushed the interview and I got the job. They liked my customer service, and people's skills too much. Where I live, you can legally serve alcohol when you're 18. Anyways. That Job after my ex made me mgtow next level.

I remember first of all the waitresses, and what next level shi they did to get tips. So when I used to be in the back door kitchen, I could hear the waitresses saying " bite* show him you're cleavage, he seems rich he'll tip you more" and you know what? No matter how good the customers were, they were always saying random shi man with 2 faces. 1 the "lovey dovey face to get tips" and 1 the "after getting til fk you face". Just remember guys the waitresses who smile at you and are so "nice" they behind ur back when they in the kitchen are cursing at you. All that smile and "niceness" is for tips.

And I remember when many customer's who used to come who were women, for their "girls night out" Man. If they even had boyfriends, (when their bfs wasn't there) some used to go home with strangers and random Men for ONS. I remember clearly, overhearing their conversations (bc it was high end bar) they were all mostly well off, So while their husbands were working their ass off, and providing a good lifestyle for their family, these women in their "girls" night out, always used to bite* oh "he didn't do this and that" always man. Talking trash behind their husbands like... and most of them were educated housewives. It made me realize that, while I work hard to get a good decent wife, is THIS what I want? My wife talking trash behind my fking back, while I do everything for her? I always keep it real. I despise fake Fuvks. Fk them.

Also the dishwasher was a good for nothing loser. Guess what? He was that tattoo guy, with the thug vibes, who the women call "bad boy". While he was only a dishwasher, he was piping all the waitresses. On god. When I used to bring the glasses to him, I remember he used to tell Me, this waitress he fkd, that waitress he fked and all. Women would never want to be in a long term relationship with guys like him. But they will always fk those kinds of Men. That's a fact. That made Me realize, It's always Beta buxx in the long term, and in short term it's that thug.

And oh ofc the bar fights. It happened only because of 2 reasons. Women or Money. When the guys got drunk asf, and something happened, or someone said some shi about some chick, Damn. I myself had to call the police once, as we were cleaning up, and the guys were going at it like crazy. Guess what? 1 guy revealed because he got so drunk, that he fked his friends gf awhile back, and when he got too drunk, he revealed his little secret. And then the guy who's gf got fked by this guy punched him, and a fight erupted like crazy. Very crazy night I remember.

Also women are not only hypocrites to Men, but hypocrites to themselves, and they don't trust each other. Our assistant kitchen manager was a women. And I remember so she was telling Me once "That j***a *bite* did this" and when J walked into the door, this manager was like "heyyy how u doing sweetie". They change in a flash. Women are very fake. Not only to Men but to themselves.

There are many more stories, like each day was some drama. Tbh. But this was a main gist of it. That

job made me so clever, and made Me realize man Islam says most women will be in hell. No wonder why. It all makes sense. I made 2 good friends from that job, they are all way older than Me. Guess what? They were lowkey mgtow, and knew the reality of the world. Most wisest of people are us. The mgtows. I'm still in touch with them. But this job made me realize f it man. Women change far too easily and Do I really want a wife, that will talk trash behind my back while I do everything for her? F that. I would rather kill myself that any of that. I always tell the truth, even when I lie. But I can't trust women.

I did make great tips still. Like \$200-300 a night on the weekends, on top of my pay. I saved like I think 10ishk plus in like 3 months from that job. So that was good for a 18 year old. Anyways the experiences there, changed my outlook and I'm very glad I had that Job.

Keep The Knowledge To Yourself. Important Reminder.

I live in the west. In my day to day life, I come across many lefties, simps, feminists and what not. They are so triggered and angry these days that, it takes only 1 word to say to just lose everything. Anything the facts you will say can ruin you're life. For ex fired from you're job, etc. The reality is the world that We live in, and the way it's heading will only be more degenerate, clownier, and foolish. We all are smart here and have logic.

The most wisest thing you can do now is, work hard and smart and make as much Money as possible. I'm talking millions. Do whatever you want, and don't bother anyone, and don't be bothered by these fools. Let them live in their clownery. And Ofc NEVER EVER MARRY. This life is to fkn short. Personally after we are allowed to travel, I'm going to take some world tour vacation. I fkn need to get out of reality.

1 thing I realized now, is that like the old saying "The best knowledge, is the knowledge that is kept to yourself". Act like them. Act like you believe in their ideologies, and just you only know what you really believe in deep down. We will get more cucked by the day and there is no point in talking with foolish people and wasting time.

Just remember this brothers. Most men after their experiences with women, will realize over time that mgtow is the only option. No wonder, like Islam says Majority of Women will in hell. It all makes sense why, after seeing the modern world and reality. There is no gain in spreading all this knowledge, that can ruin your own life. Peace.

Hypergamy Really Doesn't Care Whatever You Did For Her.

85 upvotes | February 16, 2021 | /r/MGTOW | [Link](#) | [Reddit Link](#)

Hypergamy is when women find a good match, she will still delay the marriage to see if she can do better and attract an even higher value man. This is called hypergamy and its a part of female nature. Or if she found a match, it's in her biology to monkey branch to a potential higher value male, while she's "with" you.

The reality is most women think that their uni/college days won't haunt them. But after getting broken by many "Tyrones" used and abused in there uni days and then becoming man hating emotionally broken feminists, she will never be happy. Why? Because she experienced it all. Now her standards are even higher.

Many women simply think they are entitled to top 1 percent of men, because of their beauty. We have many simps who worship them, and many women think that because of only their beauty they will only deserve a HVM. When in reality many of these women lack character, modesty, femininity, nurturing nature and genuine respect for men. The only thing they are bringing to the table is what's between their legs and only their beauty. Other than that? Nothing. Most men cannot see through the beauty. I can. Most men think with their D's. I Don't. Also not talking the respect they have for Tyrone after he abuses them. I'm talking respect in general.

Also why I'm what I am is you see the reality is, their will always be a better man in wealth, status and height. No matter how much you "self improve" there will always be way better men than me and you. All women biologically are attracted to the highest quality male. I'm talking top 1-3 percent men who have it all. (High status, wealth, and looks).

99 percent of women are competing for the top 3 percent of men, and thus no wonder why marriage rates are falling. So men, remember if she's with you atm, your her highest option available atm. The day any higher value male comes along and interests her, she will be gone. You all have to remember 1 thing, Hypergamy doesn't care. No matter how much or what you do for women, she doesn't care. It's in her biology to mate with the highest value male possible that she can find and she will leave you, when she finds someone higher of value. In conclusion it's not worth it.

How many divorces you see that the wife cheated on the husband with someone higher of value she found? Women cannot "love" men unconditionally. Their love is conditional, and depends on what you can do for her. I just say facts. I have analyzed this, seen throughout my life. I don't talk based on random nonsense. I talk based on facts and reality which cannot comprehend and don't have the IQ or the logic to handle. I have a stoic mentality. I accept how it is. Many men can't.

The day you can't, she will be gone. Just remember this. Remember 1 thing. She's never yours. It's just your turn.

Why MGTOW is The Most Logical Option? There is only 1 word. Hypergamy.

Mgtow for any wise and smart Man is the most logical option in today's day and age. That's it.

Why MGTOW Is The Most Logical Option? Explained in Depth. Must Read for all Men Here. Mgtow is the Only Solution.

1 upvotes | February 21, 2021 | /r/MGTOW2 | [Link](#) | [Reddit Link](#)

You see many of us as we are growing up, it's programmed in our brains by society that, women are "unicorns" and that we will work hard and make \$\$ and then will get a "good" wife and we will live the "American dream" with a nice house and kids and we will all live happily ever after. This is what society tells us. But that's from the truth.

All of us here, who are now MGTOW have a past. Our experiences with women, what we saw in their nature and as we look back now, it all makes sense. This is what us made mgtow for life.

The thing about women is, you can never make them happy. What do I mean by this? The average women in today's world, want's a mix of many qualities of Men combined in 1. What are they? They want a Christian Grey type of man, that will put her in her place, while being overly wealthy and still being a "gentleman" outside, so the whole world knows that he's a "good" guy with status.

Remember 1 thing, women don't care about you. She cares deeply what other's think of her when she's with you. This is for the status type of men aka beta buxx like Doctors etc. But you know what? She will secretly F the "Alpha" on the side as we know as Tyrones etc, because it's in a women's primal instinct to be with those kinds of Men as well.

The saying men can love women unconditionally, while women's love is only conditional is very true. How? If she's your wife she "loves" the provider in you as your providing her with the security and needs. She doesn't love you for "you". How many cases we see women leaving their husbands after he lost his job? Yeah.

And about the "Alpha" men like Tyrones etc, what do women like about those Men? The emotions and feelings they give her. The highs, lows and the unpredictability of those men that keeps the women on toes make her "love" him and keep her around. Remember, she doesn't "love" tyrones for themselves. But, because he is so unpredictable and "great" in bed, this keeps a women on her toes makes her stay with him even if he's broke and has no status. While she would never marry these types of men, most women want to experience those emotions, and tyrones and all do a great job of never giving the validation she craves. So most women in their "hoe" phase after experiencing these types of men get emotionally "broken" and become man hating feminists who want a so called "good and nice" with money who will save her.

But remember her primal instinct will always be for the alpha. No matter how much a "feminist" she becomes or how much a "good" guy she wants, she deep down wants to be dominated only by the alpha. Why is 50 shades of grey best selling book? Because that's what women ultimately want.

In conclusion any women wants a rich alpha that will put her in her place while being a "gentleman" outside the world when he's with her. But bc these men are so few who have it "all", she experiences many types men on the way to get those "feelings" and on the way she becomes a man hating, emotionally broken/damaged feminist.

So what's the solution? Mgtow. I basically simplified the whole "game" for you in 1 essay. Most men will never get it. We do. So the most logical option is going your own way. Women aren't worth it.

No wonder many religions say most inhabitants of hell will be women. After seeing modern world and reality it all makes sense. My own personal experiences have exactly been the way I described in this post. On god.

Now. What should be your goal? Personally mine is to make as much money as possible, I'm talking millions and travel the world, do good and smoke cigars and live the way I want to and die. As a care free bachelor as they like to call. Because what else is there to do anyway? I wanted a wife and kids, but after knowing and realizing the whole game, it's never worth it. My own ego and self respect is far to high to ever "marry". Never. And kids? Raising kids in this □ world will be even more difficult than ever. Just go your own way gentleman.

1 thing women are great at is, no matter how much they hate each other and despise each other, they stand up for their "sisters" no matter what. You all must know, deep down women don't even trust each other, (bc they know each other's nature very well) but, if something was to happen to 1 of their "sister" they all stand up for her, no matter what the differences are between them. And if you look at society now, and the downfall of it, why and how? Feminism and all these things came from them all "standing" up for each other. While all that has made it a □ and a degenerate world, bc they stood up for each other it brought a change. (Bad change and collapse of society but you get Me).

We Men? We are lacking brotherhood more than ever. There is only 2 things that makes men fall apart between themselves. And that is money or women. Many men lose their lifelong friendships, memories, and overall brotherhood only because of these 2 things. It's always since the beginning of time had been women and money.

I've analyzed this too much around Me. Men are simping at such high levels that, 1 girl that gives them some validation, these men are ready to lose everything (friends etc) for her validation. What happens after? They rarely get the girl, or even if they do of course over time, they breakup and lose both. They lose real friends and the girl itself, and then these men realize and say "damn I lost everything."

No matter what backgrounds we come from, what faith we believe in, what race we are, we all have 1 thing in common. And that is, we all know the game way better than the game itself. (Regarding women and their nature and society itself). And it's our brotherhood that will keep us going and intact and keeping the spirit and all this wisdom alive.

We must never forget to pass down all this wisdom and the real knowledge and wake up our brothers up. A man's life has always been judged on his ability to attract women. This is a fact. Whether it's your career, car, or whatever you do, back of your mind there is always this natural urge of gaining validation of Women. But as you wake up and experience the reality, then you ultimately wake up. Women aren't worth it. It's all the same with all women and it's really AWALT my friends.

No matter how much we know, or anything we are all human. We fall into temptations, and then we need that little wake up call, and that little boost to keep us going and get back into the reality. And that's what we all are here for. To wake our brothers up, and we must never forget this fact. There are only very few Men like us, who know the whole game and it's our duty to keep on doing good, and wake our brothers up. Bc what else is in this life anyway? Nothing. It's too short for all this nonsense. Do what you have to do, have an impact by changing the lifes of others and die. That's it and that's life.

Hypergamy Doesn't Care, Whatever You Did For Her. MGTOW is the Only Solution. MUST READ. The Whole Game Simplified in this 1 Post.

1 upvotes | February 23, 2021 | /r/MGTOW2 | [Link](#) | [Reddit Link](#)

Hypergamy is when women find a good match, she will still delay marriage to see if she can do better and attract an even higher value man. This is called hypergamy and its a part of the female nature and very common. Or if she found a good match, it's in her biology to monkey branch to a potential higher value male, while she's "with" you. Remember gents, while she's with you, her subconscious mind is telling her she can do better than this, and she will consciously be on the lookout for even "better" guy while she's with you.

The reality is most women think that their uni/college days won't haunt them. But after getting broken by many "Tyrones" used and abused in their uni days, and then becoming man hating emotionally broken feminists, she will never be happy. Why? Because she has experienced it all. Now her standards are even higher. Remember gents. To "mess around" a women will never chose the beta buxx Dr Karim. You must all remember this. To mess around, a women will only chose the most thuggest or the most "baddest" boy ever, and after she has had her fair share of fun, she will blame that "bad" boy himself for being "toxic" and she will become emotionally damaged.

While she's in this phase, you must all remember she enjoys se* only with those men. She will participate in all those "feminist" rallies and be the biggest feminist ever. But, after those rallies she will f the same "toxic" male she complains about, bc those are the only types she are attracted to. Hybristophilia is very common among women, and these are the types of men she wants only sex with the most. Yes. This is just the reality. Beta buxx, aka Dr Karim is only suitable for her after she had her fun and only wants him for his "lifelong" comfortable income. But deep down she wishes she could have it "all" and this Dd karim would be as the "bad" boy. But you all must remember, she only doesn't marry the bad boy bc they don't stay around or they aren't wealthy or what "others" will think of her if she's with them. So she will f the bad boy on the side and keep it a secret and no 1 will know. Now, Many women think they are entitled to top 1 percent of men, because of their beauty. We have many simps who worship them, and many women think that because of their beauty, they will only deserve a HVM. (A man who has it all). When in reality many of these women lack character, modesty, femininity, nurturing nature and genuine respect for men. The only thing they are bringing to the table is what's between their legs and only their beauty. Other than that? Nothing. Also I'm not talking the respect they have for Tyrone after he abuses them and puts her in her "place." I'm talking genuine out of her respect for men in general. Even hardcore "feminists" respect a Tyrone after he puts her in her place good. But, genuine respect? Nope. They hate men if that man is providing no value to her. It all comes back down to two which is Money (which beta buxx provides) or emotions (which alpha provides). Other than that 95% of Men provide no value to her.

The reality is, there will always be a better man in wealth, status and height. No matter how much you "self improve" there will always be a way better man than Me and you. All women biologically are attracted to the highest quality male. I'm talking top 1-3 percent men who have it all. (High status, wealth, and looks).

99 percent of women are competing for the top 3 percent of men, and thus no wonder why marriage

rates are falling. So men, remember if she's with you atm, you're her highest option available atm. The day any higher value male comes along and interests her, she will be gone. You all have to remember 1 thing, Hypergamy doesn't care. No matter how much or what you do for women, she doesn't care. It's in her biology to mate with the highest value male possible that she can find and she will leave you, when she finds someone higher of value. In conclusion it's not worth it.

How many divorces you see that the wife cheated on the husband with someone higher of value she found, or she cheated with Tyrone neighbor, bc that dr karim doesn't give her those emotions like Tyrone and doesn't put her in her place like him? Women cannot "love" men unconditionally. Their love is conditional, and depends on what you can do for her and how you make her feel. That's it.

In the end my friends, For Men like us who are in the middle, who don't worship women, neither we are "tyrone" type abusers, MGTOW is the only way. We don't want to beta buxx either to "save" and marry women. Our self respect and ego is far to great for that. Hypergamy doesn't care whatever you did for her. The day you can't provide her or can't give her those "emotions" she will be gone. Just remember this. Gyow gentlemen, and according to many religions most inhabitants of hell will be women anyways so No wonder.

Why Do Feminists Hate Men so Much? Explained in Depth. Must Read.

As we all know, feminism and many other "movements" have destroyed this country. Feminism came in the name to "liberate" women, and we see it's affects Now. Whether it is the low birth rates, rise of prostitution, degeneracy, low marriage rates and sleeping around being rampant, all this has done a great job in destroying the base of society which is the Family system.

Feminism despises and hates Men. Yes. How? Most feminists, in this country have been so "liberated" and don't realize that it was their own consequences and actions that have led the downfall of this country. Feminism more than "equality or equal rights" is a movement which doesn't want to take equal responsibilities.

If you even look at the state of the world now, most hardworking labour jobs etc are still done by Men. But, somehow women are most affected? The #1 reason for decline in marriages is lack of "economically attractive" men and while feminism has given women the same rights and responsibilities, when Men and women make the same amount of incomes and whether it's going to school for the same time and what not, most are on the same level. But bc of this, somehow women are most "affected" bc they cannot find economically attractive men. When in reality, in this "equality" that we should live in everything is supposed to be "equal" but ofc it's not.

Feminists, deep down are very broken and have disgust for men, while they still know they need men. Like I said, feminism want's equal rights, but doesn't want to take equal responsibilities. And why are most feminists damaged and broken? They are going guy to guy, monkey branching and "living" it up in the name of "freedom" and then complaining of it's consequences bc of their own actions. You all must remember, women live for the moment. Yes. They are short term and emotional thinkers, rather than thinking logically and long term. Most women their "heydays" are in their youth when they have their beauty. This time around, they are getting all the attention, simps are showering them with gifts and so on etc. She forgets the future. While some men in this period are working hard, to build a good foundation and thinking of the long term goals and overall growth. Women as they age become more miserable, while men as they age become more smarter, successful and wiser. Women say MGTOW "hates" women. Nope. They only say that bc they cannot accept and handle the facts that are spoken here. We? We talk about the nature of women, our experiences, and choose to walk away and focus on ourselves. That's it. In No way, shape or form we hate anyone. We just warn men to be very careful bc the modern day clownery and marriage/divorce rate statistics, they all don't lie. In my previous posts it got many upvotes and some women commented lmaoo, and said nonsense. After they deleted it, but the reality is they get triggered.

You all have to remember, women are very emotional. And when most women make "emotional" decisions, they are bound to go wrong and regret later on. Whether it was ban*ing that "Tyrone" or cheating on her SO, or making that emotional financial decision, most women suffer later on in their lives. In the present bc so many simps are giving them the attention, and all bc of their beauty, most forget the ultimate reality and live in a delusional fantasy. But, the reality is bitter and most don't want to accept this and No wonder in the end they all say "Where have all the Men gone?" No wonder. Stay woke, stay wise and focus on yourselves gentlemen. That's all.

Why MGTOW is The Most Logical Option? Explained in Depth. Must Read For All Men Here. Mgtow is the only Solution.

85 upvotes | February 27, 2021 | /r/MGTOW | [Link](#) | [Reddit Link](#)

You see many of us as we are growing up, it's programmed in our brains by society that, women are "unicorns" and that we will work hard and make \$\$ and then will get a "good" wife and we will live the "American dream" with a nice house and kids and we will all live happily ever after. This is what society tells us. But that's from the truth.

All of us here, who are now MGTOW have a past. Our experiences with women, what we saw in their nature and as we look back now, it all makes sense. This is what us made mgtow for life.

The thing about women is, you can never make them happy. What do I mean by this? The average women in today's world, want's a mix of many qualities of Men combined in 1. What are they? They want a Christian Grey type of man, that will put her in her place, while being overly wealthy and still being a "gentleman" outside, so the whole world knows that he's a "good" guy with status.

Remember 1 thing, women don't care about you. She cares deeply what other's think of her when she's with you. This is for the status type of men aka beta buxx like Doctors etc. But you know what? She will secretly F the "Alpha" on the side as we know as Tyrones etc, because it's in a women's primal instinct to be with those kinds of Men as well.

The saying men can love women unconditionally, while women's love is only conditional is very true. How? If she's your wife she "loves" the provider in you as your providing her with the security and needs. She doesn't love you for "you". How many cases we see women leaving their husbands after he lost his job? Yeah.

And about the "Alpha" men like Tyrones etc, what do women like about those Men? The emotions and feelings they give her. The highs, lows and the unpredictability of those men that keeps the women on toes make her "love" him and keep her around. Remember, she doesn't "love" tyrones for themselves. But, because he is so unpredictable and "great" in bed, this keeps a women on her toes makes her stay with him even if he's broke and has no status. While she would never marry these types of men, most women want to experience those emotions, and tyrones and all do a great job of never giving the validation she craves. So most women in their "hoe" phase after experiencing these types of men get emotionally "broken" and become man hating feminists who want a so called "good and nice guy" with money who will save her.

But remember her primal instinct will always be for the alpha. No matter how much a "feminist" she becomes or how much a "good" guy she wants, she deep down wants to be dominated only by the alpha. Why is 50 shades of grey best selling book for women? Because that's what women ultimately want and desire.

In conclusion, any women wants a rich alpha, that will put her in her place, while being a "gentleman" outside in the world when he's with her. But bc these men are so few who have it "all", she experiences many types men on the way to get those "feelings" and on the way she becomes a man hating, emotionally broken/damaged feminist.

So what's the solution? Mgtow. I basically simplified the whole "game" for you in 1 essay. Most men

will never get it. We do. So the most logical option is going your own way. Women aren't worth it. No wonder many religions say most inhabitants of hell will be women. After seeing modern world and reality it all makes sense. My own personal experiences have exactly been the way I described in this post. On god.

Now. What should be your goal? Personally mine is to make as much money as possible, I'm talking millions and travel the world, do good and smoke cigars and live the way I want to and die. As a care free bachelor as they like to call. Because what else is there to do anyway? I wanted a wife and kids, but after knowing and realizing the whole game, it's never worth it. My own ego and self respect is far to high to ever "marry". Never. And kids? Raising kids in this □ world will be even more difficult than ever. Just go your own way gentleman.

When a person doesn't need the validation or the attention of others, and relies on his own instinct and the only validation he needs, is his own self. And he doesn't give in to anyone to "fit in" to the bs nonsense narrative of society, that's when that person has truly mastered ghow.

You should never gaf of what anyone thinks about you. People come and go. Never live for the validation or attention from others, as I said, the only validation you need is from yourself. That's it. The people who's attention that you lived for, where are they now? They are long gone. In the end it's only you.

Important Reminder. She Will Never Be Happy With You.

63 upvotes | February 28, 2021 | /r/MGTOW | [Link](#) | [Reddit Link](#)

They will never be happy with you. Women have a corresponding biological drive to have relations with the highest quality man they possible can (for the same reason) and to gain exclusive commitment from that man. She will be never happy with you. There will be always a better man than you whether he has the better car, height, status, money, or anything. The term monkey branching in this context relates to women who money branch from guy to guy due to the hypergamous nature. When they do this, they are trying to find the "best" mate possible.

When they keep on doing this, and are never satisfied, they become very broken, and remember brothers, broken women carry a huge emotion baggage, which you will never be able to fulfill. Why are more than 80 percent divorces initiated by women? Because they have "found" someone better or they were with the "bad boy" and now they realized they want to be with a sensible guy. It all comes back to the same old thing which is many women keep on making wrong choices time and time and realizing when it's too late for them. Why is this?

Allah's Apostle once said to a group of women : 'I have not seen any one more deficient in intelligence and religion than you. A cautious, sensible man could be led astray by some of you.' The women asked: 'O Allah's Apostle, what is deficient in our intelligence and religion?' He said: 'Is not the evidence of two women equal to the witness of one man?' They replied in the affirmative. He said: 'This is the deficiency of your intelligence' ... 'Isn't it true that a woman can neither pray nor fast during her menses?' The women replied in the affirmative. He said: 'This is the deficiency in your religion.' (Saheeh Al Bukhari)

Celebrated scholar Imam Shafi'i said "three persons if you esteem them, they will dishonor you and if you dishonor them they will esteem you : the woman, the servant and the Nabataea." The so-called bad boys or whatever why women flock them? They treat women like garbage. This statement by Imam Shafi'i proves that the more you ignore or dishonor them, the more they come to you.

Women's greatest admiration is validation. When thousands of men validate them, it boosts their ego and pride thus they don't value it. But when a guy does not give her the validation, she will do no matter what to seek his approval and she will chase him. But when the day he simps or gives her the validation she wanted; she will already be monkey branching to seek some other guys validation. Remember this brothers. Stay Wise.

How Marriage Makes You a Loser in the Modern Age? Explained in Depth. Must read for every MGTOW.

In any marriage, no matter how much in "love" you were at the time of marrying, over a period of time any woman loses that respect for you in marriage that she once had. Yes. You know why?

No matter how much "alpha" you are, or how much "re-illed" you are, or if you are just a plain blue pill simp, she loses that respect that she once had. In any marriage, you as a man are vulnerable 24/7 to her shi tests and anything in between.

It's in the nature of a woman to shi test you. They're not competing for the top 3%, they're all competing for the top one period. There is only one alpha male in the community and they all want him.

And you can be sure whichever one gets him is trying to chain him, knock him down a peg, then destroy him to prove he wasn't even the alpha. Yes. It's a losing proposition. Even if you are at the top of the scale they are going to monkey branch, even if you show little weakness. Why is shi testing so common in women? It's wired in their little brains to "test" every male no matter how much she claims herself to be a "feminist" or any of that.

And once that genuine respect she has for you is gone, it's over for you. She will never see you as the same again. And you know what the irony is? No matter how much "alpha" or whatever you are, bc you being with her at all times, make you vulnerable with her 24/7, you can be seen as "weak" anytime no matter how mentally/physically strong you are. And once you are seen weak, remember the divorce proceedings will happen soon.

We men all have emotions. No matter how much a woman says she wants a man to "open" up to her that's all bs. Women are logically deficient. They don't know what they want. 1 day they want this, next day they want that, and it keeps changing on their emotions. Never open up to a woman. That's the worst mistake you can do. She will use that against you later on, no matter how much she said "oh hunny open up to me." Also, when you're married and bc you also have emotions, no matter what you are, you will someday open up to her. You cannot be physically, mentally strong 24/7. And you need someone to open up to, and if you open up to your wife it's over for you. Yes gentlemen. This is the reality.

1 of my best jobs that I ever had was working at a bar. The amount of women, who were married that used to come spending their husband's money, and trash talking about them, damn. No matter what you do for her, or how you make her feel, it's in the nature of a woman to monkey branch and lose respect for you over time. And the worst part? How much trash talk they do behind their backs. Truly crazy. Some things I still can't comprehend till this day.

They want 1 alpha, then will destroy him and make him "weak" and then jump on to the next 1, and it's a cycle until they get emotionally broken/damaged, and then want YOU to marry her as her last beta buxx husband option. It's the same old cycle gentlemen. There is no unicorn. It's only truly AWALT.

You should not be deceived by her outer appearance... For it is a disease that is ridden with loss.

قَبَحَتْ خَلْأَيْقُهَا وَقُبِحَ فِعْلُهَا ... شَيْطَانَةٌ فِي صُورَةِ الْإِنْسَانِ

Her character and actions are ugly.. A devil in human form.

تَنْقَادُ لِلْأَنْذَالِ وَالْأَرْدَالِ هُمْ ... أَكْفَأُ مَا مِنْ دُونِ ذِي الْإِحْسَانِ

They make you (men) out to be dishonourable and despicable.. Her hands do not bring kindness.

مَا تَمَّ مِنْ دِينٍ وَلَا عَقْلٍ وَلَا ... خُلُقٍ وَلَا خَوْفٍ مِنَ الرَّحْمَنِ

وَجَمَّالُهَا زُورٌ وَمَصْنُوعٌ فَإِنْ ... تَرَكَتَهُ لَمْ تَطْمَحْ لَهَا الْعَيْنَانِ

And her beauty is falsehood; manufactured which will perish.. If neglected, no eyes would glance at her.

طَبِغَتْ عَلَى تَرْكِ الْحِفَاظِ فَمَا لَهَا ... بِيَوْفَاءِ حَقِّ الْبَخْلِ قَطُّ يَدَانِ

She will eventually forsake maintaining herself.. Then she will not fulfill the rights of the husband.

And if you wish to correct her misconduct.. She objects and does not accept her mistakes and shortcomings.

أَفْكَارُهَا فِي الْمَكْرِ وَالْكَيْدِ الَّذِي *** قَدْ حَارَ فِيهِ فِكْرَةُ الْإِنْسَانِ

Her ideas are cunning and malicious.. That would set a man's mind on fire (make him furious and frustrated.)

فَجَمَّالُهَا قَشْرٌ رَقِيقٌ تَحْتَهُ *** مَا شَيْءٌ مِنْ عَيْبٍ وَمِنْ نَقْصَانِ

For her beauty is a thin layer.. And what's beneath it is full of defects and damage.

نَقْدٌ رَدِيءٌ فَوْقَهُ مِنْ فِضَّةٍ *** شَيْءٌ يَظُنُّ بِهِ مِنَ الْأَثْمَانِ

A cheap coin wrapped in silver.. Is something one would think is expensive

فَالنَّاقِدُونَ يَرَوْنَ مَاذَا تَحْتَهُ *** وَالنَّاسُ أَكْثَرُهُمْ مِنَ الْعَمِيَانِ

But the critics see beneath it, while most of the people are blind.

أَمَّا جَمِيلَاتُ الْوُجُوهِ فَخَائِنَاتٌ *** بَعُولَاتٌ وَهِنَّ لِلْأَخْدَانِ

As for those women with beautiful faces.. They are unfaithful to their families and they have boyfriends (I.e. other lovers besides their husbands).

وَالْحَافِظَاتُ الْغَيْبِ مِنْهُنَّ الَّتِي *** قَدْ أَصْبَحَتْ فَرْدًا مِنَ الْبَسْوَانِ

As for the women who protect their chastity in private and their husband's belongings.. They have become those who are forgotten.

Women Don't Want to Grow With You. They Are Waiting at The Finish Line, When You Have it All. Important Reminder.

How many times have you heard women saying, I want to "grow" with a man and help him out in his journey of whatever it is? Of course never.

The reality is, as we all know, women in the modern age want to have it their way In everything. You can't have your cake and eat it. For many men, they are told by society and everyone to "work hard" and be "established." Indeed. But, established and successful for what? For themselves? Nope. Men are programmed from a very young age by society to be a beta buxx and are prepared for it from a very young age.

While you are working so hard, day and night to money maxx, your future wife is getting pounded by broke Tyrones day and night. Yes, gentlemen this is the reality. Women in their youth have everything they need and want, funded by their father's. At this time, she's not wanting a beta buxx husband. Bc her material needs are met. You know what she wants? She want to get degraded by many tyrones and chad's and the whole football team in many ways as possible. Yes. Most men cannot handle this or accept it, but that's what's happening gentlemen.

And you? You are still working your as* off, not for yourself, but rather for your future wife and kids that you think will make your life better. Little do you know, your her last beta buxx option after she got used and degraded by many men, in many ways possible, and now is a emotionally damaged man hating feminist, who wants YOU to save her. Why? Bc you are fully established now and at the finish line, and she's waiting for you there.

And you know what? I don't get suprised anymore, when men on here say, their wife was banging the guy next door while he was working his as* off for family. You see gentlemen, for sex a women doesn't care who she has it with. Why? Bc any guy wants sex with her and she will chose the most sexually capable. But, for marriage? Nope. She will choose the man with most resources and who is most stable In life aka you. Not bc she loves you or anything, nor does she appreciate the hard work you did to get there and on that level. She is just happy she got a "lifelong" comfortable income guy that will provide her with her material needs. For sex? She has the next door neighbor who will bang her for free, while you paid for her in marriage and did everything for that.

Sadly, most men are dumb asf. I blame men. They have given up their principal's, morals, ethics for women and a so called "good" wife. You must acknowledge, if you marry in the modern age, you are nothing but a beta buxx in her eyes. She will lose respect for you in no time and she will fantasize the QB from her university who she fked, while having sex with you, bc she has experienced it all!

Don't lose your self respect gentlemen. These women aren't worthy enough to even spend a single penny on. Work hard, and make money only for yourselves. And with that money, change the life of others who are really and in desperate need so they will actually remember you. Unlike a women, who you can do anything for and if you don't do that 1 thing, she will say "What good have you ever done for me?" Most religions say most inhabitants of hell will be women, and indeed this makes sense now, and no matter whatever religion we are, we all come together in this regard bc each religion has said the same regarding the true nature of women. It all makes sense gentleman. It really only and truly is AWALT.

Tldr; Marriage = nothing more than beta buxx and a slave to her and the government.

6 figures mandatory, need to be "nice" and need to have the "overall" package. Sounds familiar? Yes gentlemen these are the post wall broken women, who are now looking for marriage, and setting up the rules to find a "husband" material guy. But many simps forget something, when they are reading all this and are desperate for these women.

Have you ever wondered why serial killers *for example, even while they have killed* many still get hundreds of love letters while being in jail? Women still flock them, knowing what these guys have done. Why do women go for them? It's always that thug who's banging all the chicks on the street. It's never the highly educated doctor. After getting with these types of guys of course she marries the doctor as her "lifelong" income saviour.

No matter how much feminism mantra they preach. For the right Tyrone/alpha, no matter how big of a feminist she is, she will break her own feminist code. Anyways. The reality is, for many of us it never even started. Many of us here are not simps who worship women, neither we are Tyrone type abusers. We're somewhere in the middle. Women biologically crave total domination. But not from us. Only the right type of Tyrone or Chad which she's attracted to.

Why is 50 Shades of Grey the most popular book with women? Because Christian Grey is a rich alpha who puts her in her place. Also she keeps coming back each time for more and more abuse*. No wonder. This is the type of guy all women go for and crave. The top 1 percent of men. The next 99 percent are "illogical inces" or her last option for many women when they want to marry. If Christian Grey has 100s of women in his harem, she will still stay with him, because he is wanted by other women. As we all know the preselection theory.

And most men don't acknowledge that she got ran through, by the whole football team in her youth aka by the "Alphas." Yes. This is what these "men" forget. You all must remember 1 thing and that is, any woman will break whatever rule she has for an alpha and she will make the rules for a beta, aka when she wants to "marry."

And sadly, these betas are just so spineless, they will marry or get with any woman just for the "hell" of it. Why? Bc out of desperation and neediness. These so called "men" don't value themselves and their self respects. A woman will always break rules for the next door alpha, while she will make rules for the beta and most of these highly educated men and all are beta in her eyes (lifelong comfortable income provider yay). She will never truly respect him out of love, rather it will be all fake bc of his "income." When she wants to F she doesn't look at your status or income or anything. But when she wants to marry she will look at everything and go above and beyond.

These men marry these women post wall, and barely getting any sex, and working their ass off, only to find out she was sleeping with the next door neighbor. How many stories do you see of it on other subs? It's very common, and most men who were married here, experienced the same. Why? Bc the Doctor did not give her the "tingles" and "emotions" that the next door Steve gave. A very common thing women say is "She would never marry the guy she just sleeps with, but she will only marry a husband material guy." It all comes back to alpha fs, beta buxx. Women love "messaging" around with an alpha. But she will only marry beta, and then f the alpha on the side while married, and that's how

many divorces happen.

Now what's the take? Be careful and aware. She will never be happy. We have all this knowledge regarding women which is great. But if we give in, our self respects are at the biggest stake. You think she will honor us? Nope. The tyrone who dumped her off the street, she will care more about him than Me. Why? Bc he never gave her the validation or attention she craved from him.

Remember, most women have rated their most favorite movie characters being Christian Bale in American psycho, and Christian grey. This says alot itself. In conclusion she will make rules for the men she wants to marry, and she will break rules for next door Tyrone who she just wants to F and who treats her like trash. Then in the end we are supposed to be their saviours. F that. I would rather kms then marry any of these women. Just remember this gentlemen. Value yourselves and your self respects more than anything. Stay woke.

Why Every Man Must Read "The 48 Laws of Power" by Robert Greene.

I made this post [this post](#) last time, and some brothers had recommended Me to read The 48 laws of Power and imo it's 1 of the greatest books of the century. I'll tell you why.

All of us here, who are now mgtow, we know the whole game. Whether it's regarding the true nature of women, society, and how everything day by day will be more degenerate and clown world, most of Us here know it all. Now.

In my last post, I recommended "The Art of War" by Sun Tzu, while this book is very great and talks about many tactics to get ahead in life, it's nothing like in depth of "The 48 laws of Power."

This book is the ultimate book in regarding mastering psychology, and machiavellianism to get ahead in life, and how to win people over by still standing your ground, and getting ahead by any means possible. The greatest power in this life is mastering psychology of people and using it on them, in the most clever way, and in such a way which it only benefits you. Remember, society or anyone, they don't gaf about you. In the end, YOU have to make something of this life and get ahead in anyway possible you can. Because in the end it's just you.

I'm very street smart, learned alot from those guys on how to talk, how to act, how to win ppl over, and how to play the game. But, this book goes above and beyond in every aspect and the examples that it gives are truly amazing.

Basically to give you a decent conclusion, there is alot to unpack, but as man, stay in your limits on whoever you talk to while being mysterious and stand your ground, and walk in silence and let your success make the noise. When in power, crush your enemies totally, and don't trust everyone, and keep your friends close but your enemies closer, and if not in power, wait and take revenge at the right time with logic. Never be a slave to your emotions. Also, never appear perfect, rather appear as the mysterious person, bc this gives a great leverage to you, bc people can't figure out your true self.

Also, many other things and this is like my favorite book now. Machiavellianism makes you fked up indeed, but in the end the victory should always be yours. That's it. Society, government, and everyone else is not helping you. You have to help yourself. In the end, It's only you.

Even Chads Aren't Happy in Their Marriages. We Are All Very Lucky.

I was doing my jog today, and there is a elementary school near where I do it. So, as I was running and then walking, I overhear frustration and anger by a guy. He's angry at his wife, bc she was walking slow or something but anyways. Guess what? His wife was looking like his mother. Yes. Fat, and atleast 10 years older, with that bit**y face and a total wreck. And my man Chad looking great for 30s, and fit and well built, and when you see his face, you could just see he's so miserable. The guy has 2 kids, and a fat wife who looks 10 years older, and he signed away that contract to be a slave to her, and the government. How worst can get it?

As I was thinking back, it truly made Me realize, ALL of us here are very lucky. We know the whole game, in and out and we will never play that petty game of so called "marriage." Once you sign away that contract, you are stuck like that guy. She will use sex as a weapon, get fat, and you will be miserable. And I truly feel bad for the guy. He's stuck. If he divorces, she's going to take half of his wealth, and kids, (I live in cuckanada) and the laws all in favour of men. Marriage = over for Men here. I'm serious, just look it up. The peeps here have it worse than the Americans.

This made Me realize, We men as we get older, we become more smarter, wiser, better looking, wealthier, and overall high of status, if we choose to work on ourselves. And women? They are a depreciating asset. Most of them, never worked hard in their lives, got everything from daddy, and then Simps, and they don't know how to manage money. And by 30, most of her youth and beauty is gone. Women are truly effed if they dont marry at the right time, with the right simp to save her. And, once she marries, she is set. Why? The ball is in her court, from the government to EVERYTHING, they all favour the women. Well, I wouldn't be suprised is this Chad's wife pulls a "I'm not happy" and she divorces and the guy becomes mgtow.

You see gentlemen? It's the same cycle for women. Ride the CC in youth with many tyrones who put her in her "place" and then marry a beta buxx to save her, and then get bored of beta buxx and divorce and then go back to the CC to get put back in "place" and then from 40 to 80 they are ALL miserable with their cats and boxed wine and anti depressants.

We are all men after all. The blue pill fantasy is too strong to lure us back in. My mother she's one of the rare women (from back home) she tell Me often, I will be successful In life and get a "good" wife. I always laugh it off. Only if she knew what I knew. It's not worth it gentlemen. There is no such thing as a unicorn. It's truly AWALT and GYOW.

Tl;dr: If you don't have the time to read all the quotes now, at least save this post and read it later.

Note that the book "The Manipulated Man" was written in 1971 by a German woman.

To be clear, I did not write this. I saw this on the original sub, and this is a MUST here. I copied and pasted everything.

The knowledge and info was always out there, but society and people (mainstream) have been manipulated (brainwashed) to such an extent, that they would never acknowledge truth written in this book. I think it's a must-read for every man as it'll lead to a lot of eureka moments and break the shackles that you're chained in due to indoctrination by people who were fooled themselves.

I think that one of the biggest issues is, that humans' ego has become so overinflated during the last couple of centuries that they deny any kind of evidence that does not fit in their world view. They do not understand themselves. Why would they? There's no need, living a comfortable life with no evolutionary pressure to think outside the box. They talk the talk, but don't walk the walk. You've probably seen it hundreds of times: People say one thing, and do another. (Actions >>>> Words) That's especially the case for women who pretend to know exactly what they want. Truth is, they don't. Even on Reddit, it's all just hypocritical nonsense, virtue signalling everywhere. They'll call you names, bully you, check your post history and cherry pick some comment of yours to justify their apparent superiority simply because you believe in something else. We've got facts, books, studies, life experience etc. to provide proof for our point of view, they don't. Aside from that, it's not even our job to convince someone to change. You can lead a horse to water, but you can't make it drink. We're MGTOW, and whatever they may say - it doesn't matter because we reap the benefits from facing the truth while they'll end up hurting themselves a dozen times first before realizing that we're right.

Enjoy.

"It is quite incredible that men, whose desire for knowledge is unbounded in every other field, are really totally blind to these facts, that they are incapable of seeing women as they really are: with nothing else to offer but a vagina, two breasts, and some punch cards programmed with idle, stereotyped chatter; that they are nothing more than conglomerations of matter, lumps of stuffed human skin pretending to be thinking human beings."

"If only man would stop for one moment in his heedless rush toward progress and think about this state of affairs, he would inevitably realize that his efforts to give woman a sense of mental stimulation have been totally in vain. It is true that woman gets progressively more elegant, more well-groomed, more "cultured," but her demands on life will always be material, never intellectual."

"Men seem incapable of realizing that women entirely lack ambition, desire for knowledge, and need to prove themselves, all things which, to him, are a matter of course. They allow men to live in a world apart because they do not want to join them. Why should they? The sort of independence men

have means nothing to women, because women don't feel dependent. They are not even embarrassed by the intellectual superiority of me because they have no ambition in that direction."

"She takes care that man is directly trained for a particular purpose: he must work and put the fruits of his labor at her disposal. Woman has had this aim in her view throughout the upbringing of her child, and she engenders in him a series of conditioned reflexes which cause him to produce everything to satisfy her material needs. She does this by manipulating him from his first year of life. Consequently, by the time his education is complete, man will judge his own value to be woman's estimation of his usefulness. He will be happy only when he has won her praise and produced something of value to her. One might well say that woman becomes a kind of value scale. At a given moment, a man can refer back to it and judge the value or futility of his actions. If he spends any time on something which has no value in terms of this chart, football, for example, he will do his best to compensate quickly for this minus point by increasing his activity on the plus side of the scale – which explains why women do not object too strongly to football or other types of spectator sports"

Yet man is only a tiny cog in a gigantic business machine, he himself being in effect exploited at every turn. When he drives others, he drives himself most of all. His orders are really orders from above, passed on by him. If the men at the top occasionally take time to praise him, it is not in order to make him happy – it is only to spur him on, to stimulate him to greater effort. For man, who was brought up to be proud and honorable, every working day is merely an endless series of humiliations. He shows enthusiasm for products he finds useless, he laughs at jokes he finds tasteless, he expresses opinions which are not his own. Not for a moment is he allowed to forget that the merest oversight may mean demotion, that one slip of the tongue may spell the end of his career.

"Women, on the other hand, need children to justify their laziness, stupidity, and lack of responsibility. Both sexes exploit the child, therefore, for their own ends. Although the whole world is full of half-starved orphans, every couple produces its own brood. Man must have a reason to be enslaved when, later on, his sexual powers have declined, and this reason must also explain his enslavement to a particular woman. This is simple. She is, after all, the mother of his children. Since woman is the excuse for his subjugation, he can have only one at a time (in every industrial society, man is monotheistic – i.e., monogamous); more than one god (woman) would make him insecure, lead him to question his own identity, and throw him back into the state of freedom he is constantly trying to escape. Questions such as this do not interest woman. As she does not think abstractly, the problems of existential anxiety do not touch her. She has no need for a deity to give meaning to her life. All she needs is an excuse for making one particular man work for her long after he ceases to want to go to bed with her."

"This may suggest that women decide in favor of a home and family simply because they love children. But women are not capable of the unconditional love a child should have. This can easily be proved. Women only care for their own children, never those of others. A woman will accept a child who is not her flesh and blood only when she is physically incapable of having her own (and this only after everything has been tried – including artificial insemination by an unknown donor). Although orphanages throughout the world are full of appealing, needy children, and although the newspapers

and TV report daily on the number of little Africans, Indians, or South Americans who are starving to death, a woman would rather give a stray dog or cat a home than a deserted child. And yet she pretends to love children."

"Once a human being is free, if it happens to be rather stupid (and women are stupid) it will be quite happy with its freedom and try to retain it. As the unintelligent human being is incapable of abstract thought, it will never feel the need to leave its familiar terrain and consequently will never fear that its very existence might be threatened. It is not afraid of death because it cannot imagine it. There is no need to find a meaning or reason for life: its desires are fulfilled in its own personal comforts, and these provide reason enough for living. Even the need for religion is comparatively unknown to a person of low intelligence and, if it does arise, it is very easily satisfied. A stupid person has an infinite capacity for self-adoration. If a woman chooses to believe in God, it is for one reason only: she wants to go to heaven. And what, after all, is the dear Lord but yet another man who will arrange things for her? The situation of the intelligent person, i.e., a man, is very different. At first he welcomes his newfound freedom with a sense of relief, drunk with the vision and perspective of life before him. But the moment he puts this freedom to the test, that is, as soon as he wants to commit a given act which might send him in a given direction, he gets scared: since he is capable of abstract thought, he knows that each of his acts has a series of possible consequences, not all of which can be predicted. If he decides to act of his own free will, the responsibility will be his alone."

"No, one can hardly assume men do all this for pleasure and without feeling a desire for change. They do it because they have been manipulated into doing it: their whole life is nothing but a series of conditioned reflexes, a series of animal acts. A man who is no longer able to perform these acts, whose earning capacity is lessened, is considered a failure. He stands to lose everything – wife, family, home, his whole purpose in life – all things in fact which give him security. Of course one might say that a man who has lost his capacity for earning money is automatically freed from his burden and should be glad about this happy ending – but freedom is the last thing he wants. He functions, as we shall see, according to the principle of pleasure in non-freedom. To be sentenced to life-long freedom is a worse fate than life-long slavery."

"Women live an animal existence. They like eating, drinking, sleeping – even sex, providing there is nothing to do and no real effort is required of them. Unlike a man, a woman will rarely make an effort to get her partner into bed. If, however, he is already there, and she hasn't planned to set her hair or undertake some other form of large-scale beauty repair, and there is no TV program she wants to see, she will not be averse to making love, provided he is prepared to be the active partner. But even the euphemisms "active" for the male partner and "passive" for the female do not conceal the fact that woman allows man to serve her in bed just as he does in every other sphere of her life. Even though intercourse may give a man pleasure in the long run, it is nothing more than a service to a woman, in which the man is the better lover, arousing desire more skillfully, quickly, and making it last longer."

"An only child affords no benefits, only disadvantages. The woman never seems as unprotected and tied to her home as she should be. Apart from that, something might happen to the child, possibly

when the mother is past child-bearing age. Then she would have no excuse left for having things made comfortable for her, and her husband would have no reason to go on working for her alone. Also, an only child has no playmate, and the mother would have to play with him; if there is anything a woman loathes, it is having to play with children. Children are curious about absolutely everything, but a woman has no interests at all except the few idiotic forms of entertainment offered by her house and her own body. With the best will in the world, it is difficult for a mother to enter into the adventurous world of a child. She may have a small repertoire of insipid stock phrases to amuse a toddler ("look who's coming now"), but by the age of two a child has started to think for himself and woman is left behind. The cliché about the common interests of father and son (father cannot stop playing with his son's model railway) cannot be applied to mother and son, or even to mother and daughter. If a woman makes an effort and spends half an hour playing with her child (more might stunt its mental development), she tells the whole world, as if it were a great achievement, which of course it is, in terms of self-denial."

"Several children, on the other hand, can be trained by emotional blackmail. As they are all dependent on their mother's approval, she has only to show a slight preference for one and the others will do anything she tells them to. Every child lives in constant fear that its mother will "withdraw" her love and give it to someone else. And if this fear does not create affection between siblings (as if woman would care!), it at least increases their competitiveness and performance. Even later, when the children have long since grown up, they will still vie with each other for their mother's respect. The sons satisfy their ambitions in their work, the daughters in the amassing of property."

"A man could, of course, condition his sexual needs as easily as a woman, provided his training started at a very early age. Sufficient proof of this are the monks, the majority of whom survive without sexual satisfaction (nobody will seriously maintain that they are all eunuchs). But instead of learning to suppress his needs, a man will allow them to be encouraged whenever possible – by women, of course, since their interests are mainly directed toward man's libido."

"A woman does not want to stay at home just to rest (what has she, after all, to rest from?) – but she is addicted to pleasure, and she needs time for her pleasures. And what are they? Baking cakes, ironing the laundry, making clothes, cleaning windows, curling her hair, painting her toenails, and sometimes even – and we will come to this later – doing a little shorthand and typing. And just to make sure that no one recognizes the fact that for her all this is pleasure, she calls these pleasures "housework." She is only indulging in orgies of "personal hygiene" to please her partner. And if one of her silly little pleasures is to sit at a desk in an outer office, translating ready-made thoughts (ready-made since they are provided by professional men) into a visual medium, well, let her call it "stimulating mental work.""

"Not even psychologists can grasp it, although they spend their lives studying the female mind. Being men, they must find it more interesting than their own. But it would never occur to them for a minute that woman's so-called psyche is unfathomable merely because of the absence of intelligence; that feminine work appears unattractive to the male only because he is incapable of imagining the required degree of stupidity necessary to be able to enjoy it."

"Most men will never admit the depth of their wives' stupidity. They agree that women are not terribly clever, but grant them "intuition" or instinct instead. And they like to call this a feminine instinct as opposed to that of an animal. Unfortunately, this famous feminine instinct is really nothing but a euphemism for statistical probability. Women interfere and give opinions about everything, and, since they are so stupid, they don't realize that they are making fools of themselves. According to the law of averages, their forecasts will be correct now and again. In any case, most of their predictions are negative or vague. Banalities such as: "It can only end in disaster," or "I'd steer clear of that, if I were you," or "Your so-called friends will only let you down in the end" are meaningless. Anyone would be safe making such generalizations. And if, occasionally, women do see more clearly than men, it is only because their feelings, unlike those of men, are never involved."

"Women's stupidity is so overwhelming that anyone who comes into contact with it will become, in a way, infected by it. That this is not obvious is solely because everybody has been exposed to it from birth and, as a result, has become inured to it. In previous years men either ignored it or believed it to be a typically feminine characteristic which harmed no one. But with the increase in leisure and money to spend, woman's need for entertainment has grown. Consequently, her imbecility is spreading into public life as well, reflected not just in vases, bedroom pictures, brocade curtains, cocktail parties, and Sunday sermons. The mass media have become more involved in it. Women's programs are gaining ground in radio and television. And even respectable newspapers print society gossip, crime features, and fashion news, horoscopes, and cooking recipes. And women's magazines become every day more numerous and sumptuous on the stands. Step by step, not only the private sphere of men but all of public life has become infected by this stupidity."

Mastering Stoicism Will Make You The Ultimate MGTOW. Must Read.

1 upvotes | March 14, 2021 | /r/MGTOW2 | [Link](#) | [Reddit Link](#)

Now first of all, what is stoicism? Stoicism is the endurance of pain or hardship without the display of feelings and without complaint.

Most of us, I bet have heard about 3 famous Greek Philosophers. Aristotle, Socrates and Plato. But, I want to talk about stoicism because alot of people don't know about it, and many confuse it with being emotionless or numb. Nope. That's not what stoicism is.

Stoicism is a philosophy which was invented in the early 3rd century. Combined with MGTOW it can lead a very incredible and a positive life. It allows you to minimize negative emotions and maximize your gratitude and joy.

There were 3 stoic principal leaders: Marcus Aurelius, Epictetus and Seneca.

Number 1. Emperor Marcus Aurelius was a big adherent of stoicism and it helped him lead Rome for 2 decades. He wrote many things regarding stoicism in his journals. Stoicism gave Emperor Aurelius a huge advantage in life and in his kingship. He lead Rome through many disastrous battles, plagues and many hardships. But, he always kept his cool and he never was negative. He took whatever came at him, in a very stoic and positive way with the right Mind set.

Number 2. Epictetus was born a slave. He founded his own school of stoicism and thought many great minds, and 1 of them was the future emperor Marcus Aurelius. Epictetus thought everything, not just theoretical, but everything from the the philosophy of life, how to handle different situations that we are faced with each day and greatly, how to master stoicism in your day to day life to keep you calm and at peace.

He thought us that all external events are beyond our control. We should accept everything that comes to us calmly, because that thing is not in our control. But, however each individual is responsible solely for their own actions. We cannot blame society or anyone else regarding our own decisions that we choose to take. Each individual is responsible for whatever they do that is in their control.

Number 3. Seneca was play writer and 1 of the Romes most wisest broker ever. He wrote many books on stoicism and was an adviser to Nero (Roman emperor).

Key principles and beliefs.

Number 1. Live in agreement with nature. We men are rational being. We use our common sense and logic and practicality in day to day situations, rather than basing everything off of emotions like women. "Living in agreement with nature" simply means behaving rationally in each and every situation like a human. Not base anything off of emotions.

Numer 2. Live by virtue. They make possible ease, self-mastery, and joy in leading a morally good life." The four cardinal virtues are prudence, justice, courage and temperance.

Number 3. Focus on what you can control, and accept what you can't. Many things in our day to day life is in our hands that we can control fully. But, many things aren't. Whether it's the whether, nature of women, politics, or the clown world, nothing of this in our control. So we shouldn't worry. We should accept how it is, because even if we worried, what can you do about it? Nothing. It's not in our

control, but what's in our control is GYOW and leading a virtuous life, which focuses on ourselves, and does better for humanity.

Number 4. Distinguish between good, bad and indifferent things. You must acknowledge in your day to day life between what's right and wrong and indifference doesn't mean coldness. You can't change them (AWALT) but take them as they are.

Number 5. Take action. The power to shape your life in whatever way you want is in YOUR hands. Take this opportunity and take action, and do something positive with it that will benefit you.

Number 6. Practice Misfortune. Ask what can go wrong. For example, if someone was to smoke all their life, what would happen? Lung cancer and many types of diseases and cancers. So what we do? We tell them not to smoke bc the consequences of their actions will nothing but harm them. Exact thing We MGTOWS do. We tell each of us and remind ourselves of the consequences of marriage by saying "Never marry." Why? Most of us here know the whole game in and out, female nature and everything in between.

Just imagine if the divorced men here whose wives made their life's miserable were to have all this knowledge? They would have been way happier and never made the mistake to marry. And now, they live in regret but atleast they realized it. We have to make our brothers aware and make them wake up before it's too late. A famous saying goes "Iron sharpens iron, so 1 man sharpens one another."

Number 7. Add a reserve clause to your actions. Happiness is not found in being very rich or having that very expensive car or that big house. That "happiness" fades away very fast. Winning is the not the ultimate goal, rather the ultimate goal is being the best player, and playing the best you can, which ironically will lead to your win. Be the best you can, and it will do you good. It's the base. Rather than only thinking of winning and drowning in self confidence which in the end does more harm than good. It's good to have high self confidence and ego, but always remember to be in limits. Your victories and over confidence can lead to your destruction.

Number 8. Love everything that happens (Amor fati).

Now let's say something happened that we didn't wish for. What would happen? You either accept it or live in negative thoughts, which affects your mental health. What's the more wiser option? Accept it. Stoicism calls this "The art of acquiescence." The first step is to accept it, and then the next step is to love everything that happens. Why? Because those things ultimate are not in our control.

Number 9. Turn Obstacles into opportunities. You know why most people are always negative? They see obstacles as barriers and live in this deception that they cannot overcome it. There are many instances in life that you can turn those obstacles into opportunities for your own success. But you know what the catch is? Being stoic, and thinking everything through from all fronts and then analyzing everything and then coming to conclusions will lead you to success which many cannot do. Most people are a slave to their emotions, and never be that. Be stoic.

Number 10. Be mindful. In this life, you have power over your emotions no matter what those emotions maybe. You must remember, any emotion that you get, will either do you good or bad. 1 of my favorite sayings of all time is "Before thinking of a short term gain, first think of it's long term affects." You must master the art of controlling your emotions and being practical and logic no matter what. And rather thinking of the short term gain, think of the long term affects of that action. And be stoic when that thing is not in your control or hands.

In the end brothers, it's truly AWALT and that is not in our hands. But what is in our hands is, how we accept it. And the best thing a man can do in the modern age is GHOW, do good in whatever he can, and master stoicism in everything in life that comes at him. Just accept how it is and go MGTOW and your own way. When you realize the true female nature, the best thing a Man can do is be stoic. That's it.

Now. Some famous stoic sayings:

The best revenge is not to be like your enemy. - Marcus Aurelius.

Waste no more time arguing what a good man should be. Be One. — Marcus Aurelius

You could leave life right now. Let that determine what you do and say and think.—Marcus Aurelius

He who fears death will never do anything worth of a man who is alive.—Seneca

Life is very short and anxious for those who forget the past, neglect the present, and fear the future.—Seneca

You have power over your mind — not outside events. Realize this, and you will find strength.—Marcus Aurelius

Women Only Want A Huge Wedding. But She Doesn't Want To Be A Wife, Neither She Know's It's Duties and Responsibilities.

1 upvotes | March 28, 2021 | /r/MGTOW2 | [Link](#) | [Reddit Link](#)

Mods I have provided sources for rule #9.

From a young age when a girl see's Cinderella or whatever and all those fairytale movies, they are programmed to want to get married. And as she's growing up, all women have a desire to get married indeed. But what many don't know is, she only wants to get married but she doesn't know the responsibilities of a wife and a mother. What do I mean?

All women want a big 100k wedding with all the extravagance and what not, and this is in their fantasy from a young age. But these same women, don't have any qualities and neither the characteristics of a good wife. They don't know how to properly submit, how to raise kids, how to respect, how to not complain and nag on every little thing and most of them don't know how to cook and clean. But you want to know what they know? How to drain you're credit card and how to get you to pay for that huge wedding. Women submit indeed. Yes, but to who?

While she's married, rather than looking great and being dolled up for you, she's being dolled up for her work only, and to receive all the attention there. Rather than submitting to you, she's submitting to her boss at her work. Rather than respecting you, she's respecting strangers and complaining about you behind your back. Rather than being nice and caring for you, she's caring for her co-workers and outsiders and neighbors. She wants to "please" others while being married with you. How many cases you know like this?

And when she comes home, what's happening? She's tired and uses the same excuses and doesn't give you, your right of sex and even if she does, she uses it as a weapon to get her material needs met and gets what she wants from you. While, she's so dolled up only to receive attention from outside strangers rather than your own validation. She doesn't want to cook, clean or anything, and she wants to put the kids in the day care, and still wants to work, while wanting you to "man up" and pay for everything. While she is living in your house, but pleasing strangers rather than serving and making you pleased. As the old saying goes "To win a mans heart, keep his ba**s empty and keep his tummy full." Basically provide him endless sex and cook for him and of course look good for him. That's how easy it is for a women to win a man's heart, but the modern women, only want's to win others over, and neglect the rights of husband, making herself miserable and him miserable. Because no 1 will care for her as the husband, and most of these women after getting divorced realize it too late after getting kicked to the curb by everyone.

The reality is gentlemen, the modern women has nothing to offer. Can't cook, can't raise kids properly, and with their sjw attitude and ideologies, and endless nagging and complaining (as no man can ever make her truly happy) it's truly over. Like seriously, if you think about it the average modern women has literally nothing to offer except long list of demands and nagging, and with hypergamy being so rampant, she can simply walk away anytime with no consequences. She wants all the benefits and privileges of marriage, but she doesn't want to provide the duty of being a wife.

Eventually, Every Red Pilled Man Will Go MGTOW.

1 upvotes | March 29, 2021 | /r/MGTOW2 | [Link](#) | [Reddit Link](#)

When you first become red pill there are stages. The first stage usually is the redpill "rage" then as slowly dive more into The Red Pill your like it all makes sense. Whether it's the nature of women, whether it's Alpha Fs, Beta buxx or Hypergamy or Bait and Switch, that they can't truly love you for you or that they all change over time, your like it all makes sense. Also, whether it's the reality of society, you figure out or anything, all this to take in is very hard and brutal to swallow at first.

So some men either go PUA and use everything to their advantage, (Female Psychology) to just pump and dump. But, as we all know the PUA put on a fake show and while they maybe getting women, they can't keep em around. Because, they were fake from the start and or women can see through their acting.

But Imo, whatever path any red piller chooses eventually, all those paths will lead to MGTOW. Why? All these "pick up" artists will eventually realize that, it's the same old game and to get any women, you have to put on a show were your time, energy and resources are wasted for something which is so overpriced. And women simply these days have nothing to offer except their endless entitlement and society and government, everyone is on their side.

In the end most men who became hardcore redpilled about the true nature of women, society and everything in general will become MGTOW and will realize the "game" is not worth it. Because it's the same old nonsense.

So, there is a sub that has been created to ban the 2 legendary MGTOW subs. And I found out about them, as My posts have been featured on there. Lool. And, random people were commenting on My posts from weeks ago, and so I decided to look at who these people were, and what they commented. The comments were like "it's not wife's right to provide sex in marriage, it's her body her choice" and "she can do whatever she wants, husband has no right to tell her anything." Yes, gentlemen. These were the types of comments, I was getting. And guess what's the sad part?

They were from "men." How desperate and low do you have to be to say nonsense like this? While, any person who hears mgtow calls us "incels" "women haters" and the same old mantra, the irony of it is these guys are the real incels who are going so low to comment shi like that to "protect" their women who they will get only friendzoned by. I don't get some types of people.

And, don't engage with them, as most are "men" on that sub who are next level. Not worthy enough to debate with. And if they comment random shi here on your posts like "You incel, women hater, broke, loser!" The irony is they are it themselves. Don't bother with them or give them any attention. They will only suffer in the end, while thank God we are woken.

This post is actually inspired by and he raises a great point in his comment. "When a Man is MGTOW he doesn't need much to live on." Indeed, and I full fledged agree with this, and I bet many of you can.

As far back as I can remember, My Mother always used to tell Me, "Son, become a doctor and you will get a good wife and have status." That's all she used to tell Me. Did she care about what I wanted? Nope. Indirectly she was telling Me "Live for people, so they can be impressed by your status and then find a gold digger who will only be impressed by My profession." Yes. That's what she was telling Me.

And, Before MGTOW, My thinking and mindset was only money, money and money. That, I need couple million before marriage for a so called "good" wife. And you know what? I was so dumb. I never once thought that, she will only be with Me for My profession and income and not for Me. And, whatever I did prior to MGTOW in life, was for this imaginary "unicorn" that I was not even guaranteed with! Now? I simply don't care anymore.

I have lots going on for Me, for My age, and it's not like MGTOW made Me unambitious. I'm still very ambitious, but I'm not materialistic anymore. Even, if I have millions, I'm happy with My Civic. I don't need a Mercedes Benz or anything to "impress" anyone. I don't care. I would rather donate all that money, than buying it, for some so called fake validation from others. This so called "good" wife that this society and the blue pill fantasy keeps on telling you, is all nonsense.

Like I have said in My posts before. Most of Us on this sub, are not the Tyrone to just "pump and just dump" and throw out. It's not My nature and it's not in many of us. And, also we aren't simps to worship women. We are in the middle, and we value our self respects the most, so we can never be a beta buxx. So, when we see the rigged game what we do? We Go our own way.

And, when you choose a simplistic lifestyle, no matter how much you have, happiness and inner peace is found in small things. Before, I wanted to make so much money only In "hopes" for a so called "good" wife. Now? I'm just making it for Myself and to benefit others, which I deem needy. That's it. And, when I go on My bike rides daily and what not and just take fresh air in the beautiful weather, these things are very under rated. But it buys Me peace. That same Mercedes if I had bought to "show off" and to get chicks, would NEVER buy Me inner peace.

In conclusion gentlemen, whatever society promised you is all bs. In the end, their is no unicorn, and if you marry you're just a beta buxx who is saving a women who has ridden all the Tyrone and gave them free sex, while your just her "safe" option. And, when you choose to not impress anyone and live only for yourself, you don't need much. Happiness and inner peace is found in small things which are very underrated.

Why All The Terms Like "Alpha" "Beta" or "PUA" or Anything of That Sort, Doesn't Matter For MGTOW Men?

1 upvotes | April 3, 2021 | /r/MGTOW2 | [Link](#) | [Reddit Link](#)

These terms were made a long time ago in reference to judging an animal by its status in the animal kingdom. And these terms, only recently have been made popular since TRP has become very well known and what not. If most Men are not redpilled, they at least have heard the term.

Anyways. So, TRP has made these terms very popular and many men still who are MGTOW keep mentioning them. While, imo whatever redpill says is nothing but facts. Such as Alphas get all the women for free while, beta pay for them in marriage and what not. Whether it's Alpha F's, Beta Buxx or Hypergamy, or Bait and switch or anything. As we all know, it makes sense. This is TRP in regards to female nature.

Now. The PUA artists have garnered a lot of attention. Basically, their whole strategy is using TRP and female psychology, and playing the whole "game" on them. And most of Us who have Mastered the red pill know what they are. Simply to explain, to keep a woman around you have to play all these psychological games and be someone that you're not. But, many don't get the fact that Alphas are born, not made. No matter how much a man is "redpilled" and no matter how much he knows and understands female nature, he can never truly be an Alpha.

So, most of these PUA guys who pick up women, get laid but they can't keep em around. Why? Because, they were acting like someone they were not. It's all a game. Remember gentlemen, she's only with a Man for 2 reasons. #1 is the emotions he gives her. The high, lows, unreliable and being unpredictable keeps her on the edge and makes him want her. Only an Alpha or a Chad/Tyrone can provide her this. But, guess what? The day they give her the validation that she craves, she is simply gone and monkey branches to the next guy to gain his validation. And #2 she stays with a man for his money and financial support. Aka beta buxx as we know of. And while she's not truly attracted to a beta buxx, and only gives him starfish sex and uses it as a weapon, she simply stays with him because he's the "provider" while effing Alphas on the side, who she gives free sex to.

The point is gentlemen that, to keep a woman around you have to be a clown to keep entertaining them. And these women are only around for emotions (How you make her feel and all that) or what you can provide for her. That's it. It's all an acting game with these women. Hence only a man can love a woman unconditionally, while a woman can never. Their "love" is based on conditions, and in today's day and age when they have thousands of simps worshipping them, they can simply leave and monkey branch anytime. So, these terms like "alpha" "beta" or whatever doesn't truly matter to us. In the modern age no matter what you are, it's in the nature of a woman to never be content. And, Red pill can you make very aware and woke, but to keep a woman around, it's all a bs psychological game, and imo most red pill men will eventually become MGTOW. Why? Because there's too much nonsense to deal with.

This post is actually inspired by u/30203forever post. [Which is this](#) And when he had posted it, he took it away from the MGTOW ban sub. And guess what? They have removed it.

The people who are trying to get MGTOW banned, I really don't understand them. Why? MGTOW keep it to themselves, go their own way, and they educate other Men regarding female nature, and their personal experiences, and plus share statistics and data on, why MGTOW is the most mentally sane option for any Man these days.

Yet, these people still want Us banned. Why? Because they simply cannot handle the truth. They want men to marry and what not. Most women will never be attracted to sims anyway, and the Alphas they effed never stay around. So, Men in the middle like Us come in the picture for marriage. And, the government cannot keep on saving these women, so a women eventually needs a man to provide and protect her, no matter how "strong, free and independent" she is. And on that mgtow ban sub, most are soyboys and hypocrites. Little do they know women despise Male "feminists" and these guys out here "saving" them. Like..? Do NOT waste time and debate with them. To debate a opposition, they should have some type of logic, and these people are next level.

Anyways. So, alot of women then fear that more quality Men who become MGTOW, the less options for her and even if she marry's some beta simp, she will never truly be happy with him. No wonder they want this philosophy banned. Remember gentlemen, The Alpha after he bangs her, never stays around while, it's not in the nature of a women to be attracted to a sim* or a Male feminists. They loathe them. Men in the middle are the most wanted who neither simp, who neither "pump and dump".

The most sane decision for any Man in the modern age is MGTOW. All these women are Alpha widowed and used, and want YOU to save her. Society, sim*s and all, have made them very entitled, and you can never truly "impress" or "please" any women. Women have all these problems with men and the "patriarchy" indeed. Great. What's My advice for ALL men? Don't do anything with these women. Master female nature and Stoicism, and GYOW. Master the power of resistance. And, any MGTOW man who goes his way is ending the violence of ALL women! How? He simply walks away and has nothing to do with them. End all violence gentlemen!

What Do Women Have to Offer in Any Relationship, In The Modern Age?

1 upvotes | April 4, 2021 | /r/MGTOW2 | [Link](#) | [Reddit Link](#)

If you ponder upon this question and think deeply about it, it's truly intriguing. With most women, you cannot even have a simple, intellectual conversation with about anything. Whether it's about society or anything in general. I'm talking just general knowledge. Remembering now, out of all the jobs I've had, maybe 2 women, I could speak all this with. But, guess what? They were older and married ones. The women My age and the women little older than Me, It was simply the same old complaining and nagging and their drama. Small little things which, only the guys in the friendzone "care" about only to get with her, but little do they know they are nothing but her emotional tam*on. LOL. Anyways.

In the modern age, you cannot even have a simple, proper, intellectual conversation with a women without them bringing their useless drama and nagging and complaining. And as we all know, most are ran through, and emotionally damaged women who will always be thinking about their abusive exes while she's with you, and she only married you because you were the "safe" option. With their many useless degrees, and media brainwashing, and them being SJW and pleasing □ society's narrative, rather than pleasing you, the modern women simply has nothing to offer. And, while some men will say she offers "kids" or "sex" you must remember, you were NEVER her first option. Her Thug ex was. Not you. And she wanted him to be her baby daddy. But because he didn't stay around, she ended up with you because you were the reliable and financially sound option.

And, she wants the kids for herself, which most women will eventually manipulate them against you, and as we all know the courts and the law makers favour the women in keeping both of yours kids, while you have to pay child support for them. How many men on this Sub have gone through this? And regarding sex? She simply can use it as a weapon anytime for her needs. And, society or anyone doesn't question her why and they will never. They have given women all the entitlement, and simply have labeled men as "evil" in all the cases, no matter what. And we see this time and time now, that somehow whatever happens men are the "problem."

That's why I liked [30201forevers post](#) alot. Basically to prevent all the problems women have with Men is a simple solution. And the simple solution for any man is MGTOW. The modern, average women simply has nothing to offer. Most cannot even have hold a decent conversation, and sex is used as a weapon if she marries you, kids are manipulated against you, and society, media and the laws and everything favour her side. Hence the popular term #believeallwomen. What's in it for the man if he chooses to marry? Stress, anxiety, and what not, and she can simply leave anytime as we all know they have thousands of options these days, and 90% of divorces are initiated by women. Yes. They can leave just like that without any consequences. They have nothing to offer, and if it's her mistake, society and everyone will blame you no matter what. So, what's the most smartest and Wisest decision? GYOW. And as we "progress" it will only get more harder for Men and we see it time and time. To be safe, to keep your mental sanity, and to not be a beta buxx, simply GYOW. That's it.

Women Don't Want to Grow With You. They Are Waiting at The Finish Line, When You Have it All. Important Reminder.

705 upvotes | April 8, 2021 | /r/TheRedPill | [Link](#) | [Reddit Link](#)

How many times have you heard women saying, I want to "grow" with a man and help him out in his journey of whatever it is? Of course never.

The reality is, as we all know, women in the modern age want to have it their way In everything. You can't have your cake and eat it. For many men, they are told by society and everyone to "work hard" and be "established." Indeed. But, established and successful for what? For themselves? Nope. Men are programmed from a very young age by society to be a beta buxx and are prepared for it from a very young age.

While you are working so hard, day and night to money maxx, your future wife is getting pounded by broke Tyrones day and night. Yes, gentlemen this is the reality. Women in their youth have everything they need and want, funded by their father's. At this time, she's not wanting a beta buxx husband. Bc her material needs are met. You know what she wants? She want to get degraded by many tyrones and chad's and the whole football team in many ways as possible. Yes. Most men cannot handle this or accept it, but that's what's happening gentlemen.

And you? You are still working your as* off, not for yourself, but rather for your future imaginery "unicorn" and kids that you think will make your life better. Little do you know, your her last beta buxx option after she got used and degraded by many men, in many ways possible, and now is a emotionally damaged man hating feminist, who wants YOU to save her. Why? Bc you are fully established now and at the finish line, and she's waiting for you there.

And you know what? I don't get suprised anymore, when men on here say, their wife was banging the guy next door while he was working his as* off for family. You see gentlemen, for sex a women doesn't care who she has it with. Why? Because, any guy wants sex with her and she will only choose the most sexually capable (aka tingle material). But, for marriage? Nope. She will only choose a man with most resources and who is most stable In life aka the beta buxx. Not bc she loves him or anything, nor does she appreciate the hard work they did to get there and on that level. She is just happy she got a "lifelong" comfortable income guy that will provide her with her material needs. For sex? She has the next door neighbor who will bang her for free, while the beta buxx paid for her in marriage and did everything for that.

Sadly, most men are dumb asf. I blame men. They have given up their principal's, morals, ethics for women and a so called "good" wife. You must acknowledge, if you marry in the modern age, you are nothing but a beta buxx in her eyes. She will lose respect for you in no time and she will fantasize the QB from her university who she fked, while having sex with you, bc she has experienced it all! And guess what? The government and EVERYONE is on her side. It all just takes for her to say "I'm not happy" to ruin your life. And when she does, she goes back on the CC and still has thousands of beta orbiters/simps worshipping her.

Don't lose your self respect gentlemen. These women aren't worthy enough to even spend a single penny on. Work hard, and make money only for yourselves. And with that money, change the life of others who are really and in desperate need so they will actually remember you. Unlike a women, who you can do anything for and if you don't do that 1 thing, she will say "What good have you ever

done for me?" Most religions say most inhabitants of hell will be women, and indeed this makes sense now, and no matter whatever religion we are, we all come together in this regard bc each religion has said the same regarding the true nature of women. It all makes sense gentleman. It really only and truly is AWALT.

Tldr; Marriage = nothing more than beta buxx and a slave to her and the government. Don't marry. There is no unicorn.

The people that you tried so hard to impress and made them a priority, were are they now? They are all gone. In today's selfish world, you cannot put others above you. Whether it's women, friends, or anything, you have to keep them beneath you. Otherwise, you will be left behind.

Who always wins in the end? It's always the jerk, who puts himself above others. The so called "good" and "nice" guys, who always put others above them for the validation of others, what happens with them? They are left behind, and they keep wondering why their "niceness" is not working for them. Whatever it is in life, we must remember, nobody is helping you. Like seriously think about it. Why would they? Your benefit is their loss because they will have more competition. And people are easily jealous and despise you, with a facade of this fake smile they have in front of you.

The greatest power in this life, is mastering the psychology of people, and using it on them, in the most clever way possible, and in such a way, which it only benefits you. Remember, society or anyone, they do not gaf about you. In the end, YOU have to make something of this life, and get ahead in anyway possible you can. Because in the end, it's just you. Since the beginning of time, it has only been survival of the fittest, and never survival of the unfittest. Every red piller man needs to Master machiavellianism. Regarding how to act, what to say in each and every situation he is confronted and use it for his own benefit in a very clever and intellectual way.

Always put yourself above others. People only use you, and throw you out. The only people that may truly love you unconditionally is your parents. So always respect and value them. When you learn to not gaf anymore, and only focus on your own success in whatever it maybe, that is the greatest mindset any man can have. People spend their whole life in thinking what he/she will think about me and guess what? They are left nowhere. They neither achieve their goals, because they put others above them, and they lose all the respect people had for them. Why? Because they keep on giving and giving and then they are taken for granted. Once your that vulnerable, your destiny is only to get used and thrown out. You must never be too agreeable, rather stick to your principles and values. Always.

You must remember that in the end, whether it's women, or the government and even your homies, they don't care about your achievements or success. Neither anyone is helping you get there. 1 day, they can be your homie, the next day they can be your enemy. Don't be so emotionally attached to people bc anyone can change at any moment. You come alone in this life, and you die alone. So, dgaf about others and what they think about you, rather do what YOU have to do. In the end, nobody is helping you. You have to help yourself.

The #1 Reason For Declining Marriage is "Lack" of Economically Attractive Men. Why?

216 upvotes | April 11, 2021 | /r/TheRedPill | [Link](#) | [Reddit Link](#)

First of all, all men must acknowledge that in the modern age, everyone is usually making the same. Many men and women go to university and college and get their degree and make the national average. While, most men keep and multiply their wealth, women still only get wealthy by 2 things. That is through marriage and divorce or they inherit their wealth from their fathers. [Link](#).

When a man and women is making the same, a women is biologically programmed to go for a man who is making more than her, and who is more higher of status. This is in their biology and nature. Ironically, when 95% of men and women are making the same, women then only go for the men who are in the top 5%. Hence the 90/10, 95/5 rule come into play.

But every man must understand, rich men don't make her wet. When a women see's any rich or a resourceful man, in her eyes it's (Yess lifelong comfortable income guy). Only an Alpha truly makes her wet. By you driving the best car, and what not is making yourself look like a fool with a badge that says "I'm a beta provider, pick me." Of course, why wouldn't any women pick you? You're a Simp and women love using you and extracting resources from you, while she will be giving herself away for free to the Alphas. Hence the term Alpha Fs and Beta buxx is straight up truth.

A women wants a mix of many qualities in a man. She wants him to be a rich Alpha that will put in her place, while being a "gentleman" on the street so "people" can say look at that happy couple. But little do these beta provider men know that, back in her university years, she was giving herself away for free to the Football QB and what not. All the Tyrones/Chad's degraded her for free in many ways possible, while she was young and she loved it at the time. Now, as she looks back she regrets it and bc she is alpha widowed, she hates all men and blames all men for her own mistakes. Alpha's get what they want from a women without providing anything. They simply don't care. They want to pump and dump. While a women knows that this guy will be unreliable, she will still stay with him in order to "change" him. But he will never change. Alphas never stay around. And once she "changes" you, she's already monkey branched to a new guy to "change."

Women are biologically attracted to unreliable, unpredictable men. Yes. It keeps them wet. You really think after she has experienced an Alpha, she will be happy with a beta Dr Kareem who is boring and very predictable? Nope. She will be drier than the Sahara Desert. The next door Steve who's mowing the lawn and who doesn't gaf about anything, will make her wet. And what happens eventually? While the Beta Dr is providing her, she is effing next door Steve and still getting her material needs met by the Doctor. That's why, no wonder red pill emphasizes women are no more useful than to pump and dump.

Anyways. All men must remember in the modern age, marriage = you are a beta and the statistics show this itself. Women are gold diggers and will make the rules for a beta while, they will only get wet for an Alpha and break the rules for them. They make the rules for the guy they want to marry while, she was happily giving herself away for free and was getting degraded in many ways possible to the Alpha in her youth. Marriage is a joke in the west. Women can never be truly attracted to a "beta buxx". While she's having sex with him, you know what gets her off? Thinking about that QB she fked from university who degraded her In all ways possible. While this beta thinks she's

"pleased" with him. Brutal for these guys.

And we are the most smartest men here. These simps and whiteknights will never get it. To Master female nature and to truly become redpilled, 1 must experience female nature. Whether it was Roosh V or any of the original red pillars, these guys Mastered it all, and work and manipulate the rules in their favor. While the beta is paying for her, after guys like Roosh got her in her best years for FREE! Red pill is the ultimate pill, and every man must Master it. A lot of women secretly lurk these subs. You know why? Because they are truly amazed at how some guys know their whole nature and they can't help but agree with all these posts bc it's such facts. They all secretly lurk these forums. And you want to know something? Any women, will never truly be happy with a beta buxx. Whether he's very wealthy, or anything, it doesn't truly make her wet. What really makes her wet is the tingles and emotions that Alpha provides her.

In conclusion, all men must remember, never ever marry. You are seen as beta in her eyes. She's not attracted to you at all. She's only attracted to the lifelong comfortable income you have and because you are a stable man. She doesn't get wet for you, like how she got wet for her exes. But you? You think she "loves" you. She will only truly have feelings for the unreliable, unpredictable men who treated her like trash in the past. Not for you. Those guys only truly make her wet. And again, going back to the title of the post, women base their marriage partner off by his income, but not for anything else. Marriage is only beta buxxing in the modern age. The one who cares the least, is in the most control. Always remember this gentlemen. Don't get emotionally attached or invested in any women.

Society Has Programmed You To Be a Beta Buxx From a Young Age.

125 upvotes | April 13, 2021 | /r/TheRedPill | [Link](#) | [Reddit Link](#)

This post is actually inspired by a user who made a comment and he raises a great point. "When a Man is redpilled and lives only for himself, he doesn't need much to live on because he doesn't gaf about peoples validation." Indeed, and I full fledge agree with this, and I bet many of you can.

As far back as I can remember, My Mother always used to tell Me, "Son, become a doctor and you will get a good wife and have status." That's all she used to tell Me. Did she care about what I wanted? Nope. Indirectly she was telling Me "Live for people, so they can be impressed by your status and then find a gold digger who will only be impressed by My profession." Yes. That's what she was telling Me.

And, Before being redpilled, My thinking and mindset was only money, money and money. Money only for this imaginary wife, while I'm a simple guy. I used to think that, I need couple million before marriage for a so called "good" wife. And you know what? I was dumb asf. I never once thought that, she will only be with Me for My profession and income and not for Me and I will be her "safe beta buxx" option. And, whatever I did prior to being redpilled in life, was for this imaginary "unicorn" that I was not even guaranteed with! Now? I simply don't care anymore. I do what I have to do. Red pill has set Me free.

I have lots going on for Me, for My age, and it's not like all this has made Me unambitious. I'm still very ambitious, but I'm not materialistic anymore. Even, if I have millions, I'm happy with My Civic. I don't need a Mercedes Benz or anything to "impress" anyone. I don't care. I would rather donate all that money, than buying it, for some so called fake validation from others. This so called "good" wife that this society and the blue pill fantasy keeps on telling you, is all nonsense.

And, when you choose a simplistic lifestyle, no matter how much you have, happiness and inner peace is found in small things. Before, I wanted to make so much money only In "hopes" for a so called "good" wife. Now? I'm just making it for Myself and to benefit others, which I deem needy and worth giving to. That's it. And, when I go on My bike rides daily and what not, and just take the fresh air in the beautiful weather, these things are very under rated. But it buys Me peace. That same Mercedes if I had bought to "show off" and to get chicks, that would NEVER buy Me inner peace or happiness.

Whatever society promised you is all bs. In the end, their is no unicorn as we all know and if you marry, you're just a beta buxx who is saving a women who has ridden the CC, while your just her "safe" option. And as we all know it's AWALT. And, when you choose to not impress anyone and live only for yourself, you don't need much. Happiness and inner peace is found in small things which are very underrated.

In conclusion gentlemen, Don't live by society's standards rather live how YOU want to. Be a content prideful mofo who is happy with himself in whatever he has. Your lucky you have all this knowledge. You won't be a sad beta buxx in the future who's wife will use sex as a weapon. F that. You will do what you gotta do, and life is really short to live for others and get their validation. The only validation that you need is YOURS. That's it and once your confident in yourself, then the rest will come to you. Red pill saves lives.

Ancient Poem on Female Nature from the 12th Century. It Has Been AWALT Since The Beginning of Time.

You should not be deceived by her outer appearance... For it is a disease that is ridden with loss.

قُبْحَتْ خَلْأَيْقُهَا وَقُبِّحَ فِعْلُهَا ... شَيْطَانَةٌ فِي صُورَةِ الْإِنْسَانِ

Her character and actions are ugly.. A devil in human form.

تَنْقَادُ لِلْأَنْذَالِ وَالْأَرْدَالِ هُمْ ... أَكْفَأُ مَا مِنْ دُونِ ذِي الْإِحْسَانِ

They make you (men) out to be dishonourable and despicable.. Her hands do not bring kindness.

مَا تَمَّ مِنْ دِينٍ وَلَا عَقْلٍ وَلَا ... خُلُقٍ وَلَا خَوْفٍ مِنَ الرَّحْمَنِ

Nor bringing any piety, nor intellect.. Nor character, nor fear from the Most Merciful (Allah.)

وَجَمَّالُهَا زُورٌ وَمَصْنُوعٌ فَإِنْ ... تَرَكَتَهُ لَمْ تَطْمَحْ لَهَا الْعَيْنَانِ

And her beauty is falsehood; manufactured which will perish.. If neglected, no eyes would glance at her.

طَبِغَتْ عَلَى تَرْكِ الْحِفَاظِ فَمَا لَهَا ... بِيَوْفَاءِ حَقِّ الْبَخْلِ قَطُّ يَدَانِ

She will eventually forsake maintaining herself.. Then she will not fulfill the rights of the husband.

إِنْ قَصَرَ السَّاعِي عَلَىٰهَا سَاعَةٌ *** قَالَتْ وَهَلْ أَوْلَيْتَ مِنْ إِحْسَانِ

And if her workman (husband) falls short one time.. She says "Have you ever done anything good!?"

أَوْ رَأَمَ تَقْوِيْمًا لَهَا اسْتَعْصَمْتَ وَلَمْ *** تَقْبَلْ سَوَى التَّعْوِيْجِ وَالنَّقْصَانِ

And if you wish to correct her misconduct.. She objects and does not accept her mistakes and shortcomings.

أَفْكَارُهَا فِي الْمَكْرِ وَالْكَيْدِ الَّذِي *** قَدْ حَارَ فِيهِ فِكْرَةُ الْإِنْسَانِ

Her ideas are cunning and malicious.. That would set a man's mind on fire (make him furious and frustrated.)

فَجَمَّالُهَا قَشْرٌ رَقِيْقٌ تَحْتَهُ *** مَا شَيْءٌ مِنْ عَيْبٍ وَمِنْ نَقْصَانِ

For her beauty is a thin layer.. And what's beneath it is full of defects and damage.

نَقْدٌ رَدِيْعٌ فَوْقَهُ مِنْ فِضَّةٍ *** شَيْءٌ يَظُنُّ بِهِ مِنَ الْأَثْمَانِ

A cheap coin wrapped in silver.. Is something one would think is expensive

فَالنَّاقِدُونَ يَرَوْنَ مَاذَا تَحْتَهُ *** وَالنَّاسُ أَكْثَرُهُمْ مِنَ الْعَمِيَانِ

But the critics see beneath it, while most of the people are blind.

أَمَّا جَمِيْلَاتُ الْوُجُوهِ فَخَائِنَاتٌ *** بَعُولَاتٌ وَهِنَّ لِلْأَخْدَانِ

As for those women with beautiful faces.. They are unfaithful to their families and they have boyfriends (I.e. other lovers besides their husbands).

وَالْحَافِظَاتُ الْغَيْبِ مِنْهُنَّ الَّتِي *** قَدْ أَصْبَحَتْ فَرْدًا مِنَ النَّسْوَانِ

As for the women who protect their chastity in private and their husband's belongings.. They have become those who are forgotten.

[Al-Nooniyyah by Ibn Qayyim]

This is golden. I have to go back and read this every once so often to get in My senses. Gold.
It has been AWALT since the beginning of time. Ofc there were a few rare women here and there.
But, that was only 0.000001%.

Don't Waste Your Time Showing Any Women Logic.

You did not "destroy" her with facts and logic. You simply wasted your time, energy and effort on a grown up child(which is a woman) who is incapable of understanding logical facts and only operates by emotional reasoning as well as female solipsism.

Women are not important enough or valuable enough to have a logical discussion with, on topics like that because everytime you do so, you simply give her a chance to play her "emotional" card & solipsistic nature right there. Women are like NPCs (Just like simps and white knights), who follow what their specific sisterhood says about "mah patriarchy" that particular day. Women neither have their own opinions, nor do they have their own ideas. Everything they know or believe in, are either copied from men & twisted to follow their man hating ideologies, or just the latest "trendy" thing that their so called "feminism" as well as other isms and ists (that they follow) decided to tell them.

If a woman decides to believe x, tomorrow she will believe in Y. And the next day it will be Z. You just wont know what set of beliefs she will subscribe to tomorrow. As I said, complete emotions as well as solipsism, and no logic. Most of them cannot hold a simple conversation about things that actually matter, rather they love passing time in gossiping and talking useless shi which is not relevant to reality. Use them only for 1 thing and yk exactly what I mean.

Don't respond to female solipsism and emotions with Logic. That is like throwing gasoline on fire. Simply exercise amused mastery at their childish theories and go about your business. It is their parent's duty to raise them properly and correct their mistakes, not Ours.

What is The Gray Man Theory, and Why Must Every Man Be That? Be Like The Predator.

1 upvotes | April 20, 2021 | /r/MGTOW2 | [Link](#) | [Reddit Link](#)

The gray man is the man who moves around the periphery of our awareness without creating any stimulus. This makes that person invisible for all practical purposes.

And in today's clown society, any red piller needs to follow this. You must only talk with mature, logical people while avoiding all the clowns. You making sense and being practical will not do anyone good. Why? It's too late. Society already has collapsed. Yes, there is no turning back now. Society is destroyed and will only get more foolish. By us making sense and being very rational cannot stop society from destruction. Our rational, logical thinking can only save us. That's it.

So, be invisible and focus on your own goals and don't bother anyone. The example I like to give regarding this is, be the Predator. The Predator is far too smart and different from society, so he stays in the jungle doing his own thing. His Intellect, and way of thinking, is far too great comparing to any humans, and he's a very unique 1. Too bad they don't know that the Predator thrives in the shadows and is far too Great for society.

And because, no 1 is so Intellectually capable on His level of rational thinking, and logical mindset, he simply has gone his own way, and far away from society doing his own thing. And he does not bother anyone, and if someone were to bother him, they are effed by the predator himself.

Most of Us here, are like the Predator. We know too much, experienced, know the whole game in and out and realized, that it's all the same and not worth it. Whether, it's about the nature of women or the harsh truth about this clown society or anything. Most of Us know it all. While, most normies and clowns, will stay in their delusional, fantasy worlds. And we? Like the Predator have gone our own way and away from the clownery of society, and from the blue pill fantasy.

When you accept the harsh truths for example women cannot love you, how you love them or the truth about the world we are headed towards or anything, MGTOW is the only way. We neither bother anyone, neither have anything to with this degenerate world. Inner peace is not found in banging random women, rather it's found within yourself. The greatest example I like is the Predators. He realized that his intellect, maturity and rational thinking is far too great for this average society. What does he do? GHOW and we must be like him.
