(See the summary if you don't want to read the whole thing)

Background:

I'm a late 20s virgin who's been on a few dates, k closed a few times, but nothing more. No long term relationships. Matched with this girl on Tinder, age 30-31 in NYC. We texted back and forth quite a bit initially, she seemed very into me (asking a lot of questions). Our first meeting was in NYC late one night at a bar when I was hanging with a couple of friends. We talked, I kinoed, she got touchy feely too, and we made out at a concert around 4 am before she had to head home. Then we didn't see each other for 3-4 weeks while we were both traveling in Dec/Jan. She would text me things like "you give me butterflies" and "can you come with me so we can cuddle on the plane". Eventually we just started straight up sexting. She kept complimenting me saying I was hot and smart, etc. Once we were both back in the country, I set up a date for last Saturday.

Day 1: Saturday

Met up for dinner in NYC, I paid per standard protocol. She had arranged for tickets to a play (not Broadway but rather featuring up and coming playwrights) after dinner so we went for that. I kinoed a little during dinner but nothing heavy. Once we started walking we had our arms around each other, I felt up her ass a little which she liked. During the play she was wrapped around my arm and leaning on my shoulder. So far so good. After the play I took her to a Japanese bar/restaurant and a sake bar. While walking around felt up her ass more aggressively, and pulled her into random alcoves to make out. Very receptive to all of this. Hit up a couple more bars (Irish pub, and Coyote Ugly – a lot of desperate dudes in there). Grinded for a while in Coyote Ugly. This girl knew how to work her ass. Eventually we hit 4 AM and I decided to go home (NJ) and pull her along with me. Made out for a while in some random alcove again with heavy petting and groped her in the taxi. She loved it. Gave it my best effort to get her on the PATH train – she came in all the way to the station platform where she surreptitiously put her hands down my underwear. In the end couldn't get her on the train though.

Day 2: Sunday

Some more texting Sunday morning (reached home at 7 AM) and she said it took all her willpower to not get on the train with me. She also said she thought I would have been more aggressive last night. Eventually just straight up told her to get a train and come visit me. She agreed and showed up around 4 PM. I kept texting how we were gonna fuck and she kept saying no. She shows up at my apartment and is dog tired so jumps straight into my comfy bed. I tried to play it cool and work for a bit but eventually got in with her and made out with heavy petting. I unbuttoned her jeans, ran my hands under her shirt and eventually just got off the bed, grabbed her by the legs, and pulled her remaining clothes off. She still wouldn't have sex so we proceeded to make out heavily, I fingered and licked her pussy to climax (didn't know they were so tight), and she sucked my dick (she was almost too good at it, wouldn't swallow though). This sequence of events happened several more times until Monday afternoon. Had dinner at a Thai place, watched a movie together and went to sleep.

Day 3: Monday

As you probably expect, we did the same stuff again Monday morning and around lunch time. Hard fingering takes some serious hand stamina. Rubbed her clit to climax as well. Girl was shaking and

moaning like crazy, eyes rolling back in her head. I had to get some work done so I made it clear we had to part. She still didn't want to have sex despite my best efforts – making out, licking her tits, fingering her. I tried logical stuff too like how we were 95% of the way there anyway but of course that did jack. Rubbed up on her with my erect dick put her hand on it, still no effect. She said she didn't want this to be a fling, and that she'd had plenty of flings before and that sex made things 'complicated'. Major red flag for me. A couple of times I just got out of bed to grab my condom but she wouldn't have any of it. I got out of bed, showered, and turned decidedly cold to her. She asked if I was mad – I said no, just frustrated. She said it was a 'frustrating process', whatever that means. In reality, I was just mad at myself for not being able to push her out of her arbitrary and illogical 'sex rules'. We had lunch and I dropped her off at the train station. She had previously said she's busy for the next two weeks and going to a bachelorette party in the Dominican Republic so I wouldn't see her for the next 3 weeks. She made the bachelorette party sounds pretty tame (the girl getting married is Muslim) but who knows what'll happen.

Summary:

Did everything except sex with a 30 y.o. girl from NYC. She refused to have sex because she didn't want it to be a fling (even though we'd met in December, texted a lot, and she was staying over at my place). She said she'd had plenty of flings before and thought we were more serious. She admitted she loved sex (blamed on her hormones). I don't see long term potential here, though I never made things clear to her. She said she hadn't dated recently, but I get the feeling she's been around the block a few too many times and now wants a 'nice guy' since she's hitting 31 this year.

- 1) Is texting for 3-4 weeks between meetings bad protocol?
- 2) Was meeting at an expensive-ish place for dinner and paying for it a bad idea?
- 3) What could I have done differently to get her over that mental block about putting a dick in a pussy? Apart from 'be more alpha'. I suppose this also comes down to being somewhat successful (student at a top university) that makes 30 yo women want to withhold sex. Am I destined to fill the beta provider role here?
- 4) Should I just make it clear that there's no long term potential? Am I being over judgmental of her sexual past that I admittedly don't know a lot of details about?

Sorry for the length, and thanks for reading/comments.

EDIT: Thanks everyone for taking the time to read my lengthy account and write up detailed comments. I've taken copious notes and will work to internalize the advice you've given. Thank goodness for TRP.

You already know the answer to this. She's keeping you waiting, at 30 years old. And this is a New York girl. Do you really think she keeps the guys she really finds hot waiting for almost 2 months? Fool she'll be gargling their cum before 8 hours has elapsed.

No, she fucks, often. Probably got a couple she's fucking on standby right now. You're being lined up for beta bucks, she'll fuck eventually. Once you're sufficiently on the hook.

Count yourself lucky though, you're at least getting some blowjobs. Its more than most guys get when they orbit. Watch that rug munching though, you arent the only guy eating from that plate, and the others are probably leaving a hell of a mess down there.

InscrutablePUA[S] • 22 points • 21 January, 2014 01:13 PM

Thanks for the no BS response. The BJs were good, almost too good (though I can only compare her technique to porn I've seen). She's clearly had a lot of practice.

You're totally right - a 30 yo NY woman withholding sex but doing everything else (4 times in 24 hours), who mentioned she'd had plenty of flings before and loves sex? Not to forget she also said she wanted our 2nd meeting after a month of texting to be a 'proper' first date. RP clarity is amazing.

Should I just tell her straight up there's no chance for a LTR? That might get her to open her legs to stop me walking away.

The\_smartest\_man\_evr • 20 points • 21 January, 2014 02:39 PM

Fuck her, 30 years old is too old for you. Get yourself a 25 year old. I know that you will.

[deleted] • 25 points • 21 January, 2014 01:39 PM

Whether you can notice or not, because of your age and lack of experience you are probably giving off all kinds of beta signs, so I don't think telling her that you don't want a LTR relationship would really get you anywhere. You are dealing with a girl who has slutted it up and wants to settle down with a provider.

I think your best option is actually the opposite if you are only concerned with fucking her. Tell her that you think you are starting to develop feelings, but you are unsure if she is serious about the direction of the relationship based off her lack of a physical connection. She will then either fuck or tell you she needs time or some bullshit. If she says she needs time, ignore her for a couple weeks. If she wants to fuck bang her a few time then go which ever direction you please.

[deleted] • 1 point • 22 January, 2014 06:48 PM

That's genius in an 'evil' way. She's counting on your lack of 'street experience' to hook you up, she expects you to be naive and do everything for her glorious pussy which she holds on to so dearly as if she wanted to take it to the grave in pristine condition.

Play her card, just like RPBallin said, feed her the same bullshit she expects to hear, get your dick wet and then decide what you want to do (as in use her for some experience then ditch her). Remember plenty of guys got to fuck her and left, why shouldn't you?

It's cold that you will give her hope of a provider, but it's also just as cold that she's holding off sex from you just to get what she wants. Such is life.

InscrutablePUA[S] • 3 points • 23 January, 2014 03:36 AM

TBH, I find it distasteful for a man to be so manipulative solely for sex. I thought it was RP policy to be more direct and clear in intent since sexual and emotional manipulation is more the woman's domain.

But on the whole I totally agree with your post. I refuse to be the Plan B backup beta provider for a girl who gave her pussy freely to other guys but now withholds it like it's a crown jewel.

InscrutablePUA[S] • 1 point • 23 January, 2014 03:29 AM

Yeah I'm definitely the inexperienced one in this situation. Your idea is pretty brilliant in a manipulative way. I'm considering whether to go with it or the one that /u/nocontrol suggested about texting her "We shouldn't see each other any more" or some combination of the two.

[deleted] • 3 points • 21 January, 2014 01:27 PM

Thats up to you but its a highly unlikely to succeed strategy IMO.

Doing so will be a small DHV. And if you're just below the threshold of attraction to to be worth fucking for the sake of fucking, it'll open her up and you'll get a plate out of it. Probably a short lived one.

But if you're not, well, all it does is give her the cue that she's not gonna get what she wants, and you have nothing else to offer her if she doesn't want to fuck you. So you'll get nexted, but at least she wont be any more of a drain on your time.

InscrutablePUA[S] • 3 points • 22 January, 2014 12:06 AM

Just saw your addition about rug munching - yeah I'm done doing that. Just saw Krauser's Rule #3: <http://krauserpua.com/2012/12/24/how-to-be-a-sex-god/>

semigod\_\_ • 37 points • 21 January, 2014 02:01 PM

by the way,

She loved it.

She would text me things like "you give me butterflies" and "can you come with me so we can cuddle on the plane". Eventually we just started straight up sexting. She kept complimenting me saying I was hot and smart, etc.

she knows exactly how to trigger your emotions, yet doesnt see you as worth fucking. she is gaming you to be her beta provider, and you are falling for it.

InscrutablePUA[S] • 9 points • 22 January, 2014 12:07 AM

In other words, I was so desperate for female validation that I lapped it up without a 2nd thought. Duly noted.

FuriousMouse • 25 points • 21 January, 2014 12:58 PM\*

2) It told her that you are willing to pay an expensive restaurant for the chance to get in her panties. I.e. her pussy has a high value for you. Was it a bad idea? You have to decide for yourself.

3) " *She refused to have sex because she didn't want it to be a fling* "

You are her "provider" material

InscrutablePUA[S] • 10 points • 21 January, 2014 01:19 PM

Ah I didn't think of it that way but you're right. My original plan was to go ice skating but I changed the plan when she proposed going to the play.

It's becoming clear this is textbook RP stuff. You think there's any hope for getting out of the beta provider hole with this chick?

[deleted] • 25 points • 21 January, 2014 02:02 PM

Yes. Go cold on her. Don't just next her. Completely and utterly ignore her.

And if she asks why just tell her you don't waste time on girls who don't put out.

Evers89 • 8 points • 21 January, 2014 02:21 PM

This is the right answer. At this point OP is in way over head his head and this will shock her into either walking or putting out.

Too many dates and too much investment without the real shit.

[deleted] • 47 points • 21 January, 2014 02:28 PM

I have an even better idea.

He should text her this:

"I think we should stop seeing each other"

And then leave it at that. She'll go mental and wonder why its gone tits up. Then when she starts blowing up his phone etc. the next response should be:

"I'm just not really feeling that spark between us"

Now its even worse cause she's getting rejected by a guy that she thinks is at beta provider status, a guy who should be lucky to have her etc.

Archwinger • 13 points • 21 January, 2014 05:12 PM

This is a golden idea.

It's not like this woman is a virgin, saving it for marriage. She's had all kinds of sex with all kinds of people but "wants this one to be different."

That's right. OP's so freaking special that unlike all of the other guys she's fucked, he gets the royal treatment of NOT having sex. That's how special and wonderful he is.

Unless he actually wants some kind of (very unwise) relationship with this woman, it's time to get what he wants out of this or get out. He's getting played by somebody far craftier than he is. Some 20-something virgin who's read a few things about Red Pill on the internet against a cagey 30-year-old woman who's got him chasing her? That's not even a bet.

InscrutablePUA[S] • 3 points • 23 January, 2014 03:40 AM

You're right - I was totally unprepared for this matchup against an experienced NY girl. I realize now why so many guys get trapped in bad situations with girls without realizing it. The emotional hold a skilled girl can have over you can blind you to the truth. Live and learn.

And no, I don't want any sort of relationship with a woman who gave her pussy freely to one night stands then withholds it saying she's not ready and how it'll complicate things.

Archwinger • 3 points • 23 January, 2014 04:31 AM

If she does put out, wrap your dick. And pull out.

InscrutablePUA[S] • 1 point • 24 January, 2014 08:29 PM

Amen brother

[deleted] • 5 points • 21 January, 2014 02:44 PM

Thats actually a superb idea

inyostink • 3 points • 21 January, 2014 05:14 PM

This really seems like you're only hope if you still want to fuck her. She'll be stunned that a guy, who she views as being lower on the totem pole than her, totally blowing her off.

My prediction is one of two things will happen:

1. She'll fuck you
2. Her hamster will go fucking haywire and she'll insult you and sham you.

Either way, you win!

VZPurp • 2 points • 21 January, 2014 10:58 PM

Usually both. First 2 then 1, assuming you maintain your frame.

At least, that's how it typically has worked for me in the beginning. With experience you never let those situations arise.

InscrutablePUA[S] • 1 point • 22 January, 2014 12:10 AM

I want to fuck her, but also preserve some measure of dignity in my own mind. I don't regard sex as more important than power and respect, even though my actions in this case were horribly supplicating.

InscrutablePUA[S] • 2 points • 22 January, 2014 12:08 AM

Fucking gold. Thanks.

[deleted] • 2 points • 23 January, 2014 02:41 PM

Lemme know how it goes

InscrutablePUA[S] • 3 points • 24 January, 2014 02:40 PM\*

Well this is interesting. I last saw this girl on Monday and maintained complete text silence since then. So did she. Then Thursday evening she texts:

"So either you are really busy or you are annoyed by Monday." (I was really busy this whole week and told her so on Monday)

I didn't say anything.

Then she says at 2 AM this morning: "Whatever your deal is. It's done. I'm glad I didn't cave."

At this point I'm wondering if she means that whatever happened on Monday is "done" and she's glad she didn't cave into having sex, or if she means that we're done for good. What do you think about these 3 options:

1) Amused mastery, laugh it off. SOMething like "Haha what kind of childish game are you playing? I was very busy this week."

2) Is she putting up a brave front but secretly will cave with more pressure? I could wait another day or two then text her back.

3) Ignore what she said and use your script about "We shouldn't see each other anymore". But it seems to lose impact at this point.

Some other 4th option? At this point I'm fine nexting this chick but would like to gain some experience handling these sorts of situations.

EDIT: Also because this Whatsapp, she can see when I last logged in. Not sure if that's relevant or not.

[deleted] • 1 point • 24 January, 2014 02:56 PM

If she really didn't care she wouldn't be texting you back.

Either way I see it as you have nothing to lose so I'd just ignore her for longer. She might cave if she cares enough but probably not...

Gyrolin • 1 points • 21 January, 2014 03:32 PM **[recovered]**

What is the difference between going cold on her and nexting her, or at least pretending to? Like not responding to her at all instead of just passively responding?

[deleted] • 3 points • 21 January, 2014 03:37 PM

Exactly. Going cold can be one word text replies and the like. Nexting her is deleting her number and just responding at all.

iwantt • 1 point • 21 January, 2014 10:09 PM

Come again?

Go cold on her. Don't just next her. **Completely and utterly ignore her.**

Going cold can be **one word text replies and the like.**

You mean nexting can be one word text replies?

semigod\_\_ • 2 points • 21 January, 2014 01:56 PM

You think there's any hope for getting out of the beta provider hole with this chick?

no. atleast not for you.

FuriousMouse • 1 point • 22 January, 2014 07:55 AM

Here is an idea: give yourself a week to gradually reduce contact with her to the point of maybe 2 days until you answer her texts. And if she starts playing the same game, always up her delay by 12 hours.

She will feel in instantly that you are going away.

Roshnar • 1 point • 21 January, 2014 01:42 PM

Honestly don't think so. Either you keep going down this lane and take the beta role, or you put the whole thing on the line and give her an ultimatum. But that'll only work if you're seriously willing to next her,

which as a late 20s virgin, might take a bit of willpower and self control.

Xray\_Diffraction • 8 points • 21 January, 2014 03:15 PM

Ultimatums identify who has the weaker frame.

<http://therationalmale.com/2012/05/07/ultimatum/>

Roshnar • 3 points • 21 January, 2014 05:15 PM

Valid point, haven't actually ever thought of it that way. With that in mind then, there really is not much he can do to change the situation in his current state. Because for what its worth, he does hold no card in this relationship.

He could maybe go and try to get some plates and show her that shes not necessary, but from his context, its pretty clear that thats not an option

InscrutablePUA[S] • 1 point • 21 January, 2014 11:39 PM

Agreed - I don't really have any good options. I think the best at this point is what /u/n0c0ntr0l said about going cold on her.

Regarding your earlier comment: I am willing to next her. You must always be willing to walk away.

InscrutablePUA[S] • 1 point • 21 January, 2014 11:36 PM

This is a good perspective. If I delivered such an ultimatum it would make her realize that my options are currently 0 (maybe she knows already) or I'd be banging other chicks and not at all concerned with her withholding.

heist\_of\_saint\_graft • 14 points • 21 January, 2014 03:29 PM

1) Yes 2) Yes, very bad idea. 3) Until you get to the point where pussy excites you as much as a slice of cold pizza leftover in the fridge, you will pedestalize it. No way over it or under it, you just have to get so much pussy that it almost disgusts you. Find an easier chick than this, fuck her, find another chick, repeat. 4) You've shown your hand. You had a pair of Jacks, she had three Aces. Time for the next hand.

Advice: read Paul Janka's *Getting Laid in NYC: Technology for the Single Man*.

NYC is the cock carousel on Ludicrous Speed. You don't have to take a girl to dinner, Broadway plays, or four different bars to get her to put out. Girls know the score. When you do this, you are showing that YOU don't know the score.

InscrutablePUA[S] • 3 points • 21 January, 2014 11:25 PM

Thanks for the splash of cold water. I'll check out Janka's stuff. I've only ever seen him on Dr. Phil and he was definitely RP material.

InscrutablePUA[S] • 1 point • 30 January, 2014 11:47 PM

I read Paul Janka's guide. Excellent stuff. Should've set up the date at a lounge later in the evening and taken her home straight after.

[deleted] • 12 points • 21 January, 2014 05:24 PM

Totally a situation where a cock carousel rider all of a sudden thinks she deserves the beta bux.

So now all of a sudden she's worried about putting out too soon?

She ain't worried about what you think of her. She's trying to get you reeled all the way into the beta bux boat by cock teasing you.

The question is... Why are you pussy pedesteling this hooker?

You might as well have worn a fedora to the date and then tipped it to her when she gave you blue balls.

Fuck that. The very first time she LMR'd you should have just laughed with amused mastery and asked her what kind of game she was running - and then answered whatever hamstered response she gave you with a "Either you like me or you don't - so which is it? I don't want to play games." At that point she either puts out or she gets out.

Seriously, have you not read any of the sidebar or any of the posts and comments?

You do not roll out the LTR red carpet for a girl you haven't slept with yet - especially a 30 year old hitting the wall. That shit has to be earned. All of a sudden she meets you and doesn't put out? It's all an act.

I would do as others have suggested. Put this chick out of your mind. Don't even contact her. Put her on "You're about to be NEXTED" status.

If and when she calls, you tell her that the whole dick tease game she's playing is not what you're into. Say that you put out a solid effort to show her what's up and when she played that whole you can touch it, but can't have it deal - it just soured you on the whole experience. You'd rather spend time with girls that are into you and want you - not women that play games with sex.

The beauty of this angle is that you're just being straight up honest. You got a taste of how she manipulates and now you know, she's all about what's in it for her and could give a shit less about making you happy - and this is happening on day 1. Imagine if you get on down the road with this girl. You think it's going to get better? Do you think she's going to start giving a shit about you later on? Think again. She's not.

Why the fuck would you spend all that money and time on a woman without knowing if she was worth it? Please. Start with coffee or go out for a few drinks with a woman and gauge them - limit the attention (and money) you hand out.

Problem with you is you got worse than oneitis. You're a late 20s virgin. You exude desperation like bad B.O. You just can't help it. You need a virginity cure like ASAP. You might want to strategize hitting a few slump busters before you can step up to the big leagues. Focus on getting laid - rather than getting a LTR. You gotta crawl before you fly, son.

InscrutablePUA[S] • 1 point • 23 January, 2014 03:45 AM

I have read plenty of the material but it all went out the window because there's a difference between knowing something intellectually and internalizing it into your life. Regardless, I hear you loud and clear and I like the honest approach. Emotional and sexual manipulation is more a woman's domain, not a man's.

[deleted] • 1 point • 23 January, 2014 04:12 AM

I always found that the best game to play - was not to play any game at all.

But this only works if you have extreme clarity and can see through to the real underlying motivations of people. Judge women on their actions - not their words. Most people are full of shit - and will knowingly or unknowingly try to bullshit you.

If you know a woman isn't a virgin and has enough sexual experience to be not otherwise intimidated by the idea of sex - then obviously she's denying you sex for a different reason other than guilt or some other type of misgiving.

With some experience you can start identifying intent and if your general feeling is that she is not being genuine, and/or if you get the impression that there are unrevealed perspectives and motivations - then your logical response should be to recoil from that somewhat - and if you are doing it the TRP way - you are exuding a strong, confident persona in the process.

If you do not recoil and you still advance, as if you don't see the obvious mixed message, then you fail the shit test, by appearing to be more desperate than you are self-preserving. That's how they gauge you.

Be calm and see truth. React logically. This is the beginning. When you master that, then you start actually employing PUA science. Without the ability to see truth and react logically, you will never have game - you'll just get repeatedly played like a sucker.

Just a pro-tip from an elder statesman.

<http://www.takeninhand.com/comment/14772#comment-14772>

First, this stuff about charisma defining alpha males is wrong. That's a symptom, and some people can fake it, but **the genuine alpha is a creature of pure integrity**, whether male or female, and would literally die or suffer horrific tortures or deprivation rather than betray their core principles or treasured friends. The enlightened of any society are alphas, and so are SOME of its rulers, but you will find more genuine alphas in monasteries, and getting along with each other too, than you will in a boardroom full of liars, cheats and thieves.

If you want to meet an alpha female, join radical political groups. If you want to meet an alpha male, a real one, go somewhere that no one really wants to go... a toxic fire, a dark alley in a dangerous neighbourhood. The alpha is the one who gets between you and that danger. Firemen. Good cops. Good priests, monks and social workers.

"I am just wondering if there are any techniques or things a man can do to develop the alpha male character."

Yes, there are. Don't listen to nonsense that says you can't. If it wasn't possible, how would nerds become CEOs? Why would jock engineers in university become such obedient drones once out in industry? Think about it.

I spent more time in my life in back alleys rescuing sad people from themselves or protecting them from others than I did in boardrooms. But when I walk into New York boardrooms I can command the attention of a billionaire for several hours. When I walk into Washington think tanks, I intimidate the assembled policy wonks, mostly because they know I am right (and have been proven right). When I walk into a film festival, I hear from friends later that I shocked the

room when I walked into it. Everyone thought I was someone "important" in that industry. I'm not. But in early high school I was not visible. Something happened.

[deleted] • 1 point • 24 January, 2014 07:55 PM

Thanks kind friend.

When applied correctly **integrity** can give one a position of strength.

InscrutablePUA[S] • 1 point • 23 January, 2014 03:55 PM

Can you give a little more detail about recoiling from the situation in a TRP way? Should I make it clear that I know what game she's playing in the Amused Mastery by just laughing at her manipulations?

[deleted] • 2 points • 23 January, 2014 04:40 PM

Pretty simple really. If someone is doing something you don't like - you don't reinforce that behavior with platitudes.

Don't engage in "Thank you ma'am, may I have another?" Where she's schooling you and you keep coming back for more.

Should I make it clear that I know what game she's playing in the Amused Mastery by just laughing at her manipulations?

You never let them see you sweat. You read the true intention and then disrupt it with amused mastery. So if a woman is trying to play you with the cock-tease game, you say something like "So what are you trying to do? You trying to make me chase it hard?" and then indulge in an amused mastery chuckle. "Come on now, You don't really expect me to actually put up with that, do you?" Pull her card. That's how you blow up the shit test - by revealing it's true nature - and derailing it.

Got it. Thanks for taking the time to write out such detailed answers.

No problem

IllimitableMan • 20 points • 21 January, 2014 03:36 PM\*

I paid per standard protocol

Don't pay for a bitch. This ain't 1950 she's a big girl she makes bank she can pay for her own shit.

so jumps straight into my comfy bed.

you: "I don't let girls I'm not fucking get into my bed. I haven't fucked you yet so stay out of my bed."

shit test: "Where do you fuck girls the first time then?"

you: "Against the wall"

I tried logical stuff too like how we were 95% of the way there anyway but of course that did jack

Don't use reason to appeal to women because women are inherently unreasonable. Use appeals to emotion and

machiavellianism.

Rubbed up on her with my erect dick put her hand on it, still no effect.

She's not even attracted to you. That's straight up rejection but then you had a weak frame trying to logic her into a fuck rather than demonstrating you're high value.

In fact you've done a number of things here which demonstrate low value and communicate to her "you're better than I am"

Jesus christ just fuck a prostitute sex is nothing special and if it's fucking with your game/frame that much it'll be worth the investment.

EDIT: imagine how many hoes you could have fucked for all the time and money you spent on this one chick who's done nothing but dangle the carrot?

mrust • 3 points • 21 January, 2014 07:28 PM

you: "I don't let girls I'm not fucking get into my bed. I haven't fucked you yet so stay out of my bed."

This is gold. Another one I've used successfully (from Roissy) is: "I don't let girls into my bedroom unless they're naked."

InscrutablePUA[S] • 2 points • 23 January, 2014 03:50 AM

No argument from me.

you: "I don't let girls I'm not fucking get into my bed. I haven't fucked you yet so stay out of my bed."

shit test: "Where do you fuck girls the first time then?"

you: "Against the wall"

This is awesome.

As I was saying the logical shit to her I knew it wouldn't work (I know that much about LMR) but being a virgin the desperation caused the words to just fall out.

Thanks for the response. I've got a lot to learn.

drallcom3 • 1 point • 21 January, 2014 10:37 PM

Jesus christ just fuck a prostitute sex is nothing special and if it's fucking with your game/frame that much it'll be worth the investment.

I did that. Helped me to realize that it's really not that special. Plus you can practice very well with the cheap ones for 60€/h, because they give less shit about it than you do.

NotTheHeroUWant • 8 points • 21 January, 2014 04:28 PM

late 20s virgin.

IMHO (Hero not humble) you need to do some Tyler Durden shit here and go put a couple notches in your belt, away from your permanent market.

You do all this game and work, then you fuck a girl like a 14 year old boy, then she tells some people and shit goes south for you for a while.

Be prepared to fuck a few and be nearly laughed out of the room. Knock off a few 4s or 5s and laugh at them for being your pin cushion. Don't get mad when they recognize your inexperience/inadequacies, just next them and

move the fuck on.

Pretty soon you'll be up to snuff and won't have to worry.

10s talk to 10s, 4s talk to 4s.

mrust • 4 points • 21 January, 2014 02:16 PM

1) Is texting for 3-4 weeks between meetings bad protocol?

Not necessarily, I'd just keep it to one text a week though. Logistics are sometimes unavoidable. Just send a rapport-building text once in a while.

2) Was meeting at an expensive-ish place for dinner and paying for it a bad idea?

Yes. Especially paying for the dinner will put you firmly in provider territory. I know that with some girls it really becomes an issue, just hold firm no matter what. You should be able to do this covertly. i.e. the bill comes and she excuses herself to go to the bathroom, just wait her out. If necessary make a joke "the bill won't pay itself." Do not accept excuses such as "I left my wallet at home."

BTW, dinner should not be standard protocol. Avoid it especially on a first date.

3) What could I have done differently to get her over that mental block about putting a dick in a pussy? Apart from 'be more alpha'. I suppose this also comes down to being somewhat successful (student at a top university) that makes 30 yo women want to withhold sex. Am I destined to fill the beta provider role here?

Read up on LMR tactics. The girl was horny regardless of her intention to put you in the provider role.

4) Should I just make it clear that there's no long term potential? Am I being over judgmental of her sexual past that I admittedly don't know a lot of details about?

No and no. You should not make it clear because that will not help you. And no, there is no such thing as being over judgemental. Just do not communicate your misgivings to her. There is a world of difference between judging her based on her sexuality and evaluating her based on her behavior. Never call her out on her slutiness, but always subtly question her fitness and make her realize she has to live up to your expectations.

BTW, admitting your frustration was also a huge mistake. She reframed it masterfully as a "frustrating process." This girl has game. This more than anything makes me think this girl is a man-eater. Red flag.

Do you see how it absolves her of responsibility and makes you question yourself?

InscrutablePUA[S] • 1 point • 23 January, 2014 03:51 PM

Thanks for all the advice. My frame was obviously too weak since I didn't want to have dinner with her in my original plan. By subtly question her fitness, are you talking about physical fitness? Or fitness for a LTR?

Admitting frustration was definitely a very bad move on my part, and yes I see it now.

mrust • 2 points • 23 January, 2014 07:20 PM

Fitness for relationship. But that can be more general. It can certainly include physical fitness - just make a general comment that fat people don't do anything for you sexually. See how she reacts. The stronger your frame, the more likely she is to just agree with you and you can make even stronger statements that show how picky you are: "If my gf got fat, I would totally dump her." This will make her qualify herself saying how she would never let herself go. But if your frame is weak, she will argue with you.

You can use this to your advantage because treating her argument as a shit test and maintaining your position IS holding your frame which raises your value. Just do it in the right way - cocky+funny, etc...

Agree to disagree and don't become emotionally invested. The worst thing you can do is propose

something, have her disagree, and then change your opinion.

Also, it really depends on what you want. Screen for those traits that are important to you. If you are looking for an LTR keep an eye out for any red flags. If she shows red flags then stop screening for an LTR and screen for things you want in a plate or ONS.

InscrutablePUA[S] • 2 points • 23 January, 2014 09:32 PM

Got it. I realize now that I got sucked into her frame rather than the other way around. The scary thing is, I didn't even realize it at the time. Fuck I've got a lot of work to do.

The worst thing you can do is propose something, have her disagree, and then change your opinion.

Agreed. A man should be a rock in a storm.

[deleted] • 6 points • 21 January, 2014 04:36 PM

Women logic: I like you so I'm going to withhold something awesome that I've given freely to men I didn't even care about

The irony is that older women love to play this card not realizing that they're the ones lacking the leverage to do so

[deleted] • 1 point • 21 January, 2014 06:01 PM

They don't "like you" like you. They just think you're dumb enough and desperate enough to pine for it, so they can manipulate you into giving them what they want.

[deleted] • 8 points • 21 January, 2014 07:05 PM

4 weeks

A month and you haven't fucked this girl? What are you doing? No, really, what the fuck are you doing?

And I'm Muslim, Muslim women don't have fucking bachelorette parties you dolt.

You're a late 20's virgin. This woman is 30 YEARS OLD, she's FUCKING OLD. You DO want a fling. You don't want a relationship WITH A 30 YEAR OLD. You shouldn't even make anything clear. TAKE HER OFF YOUR PHONE, stop talking to her. STOP.

Holy hell, I need an Advil. This guy can't be real.

rumbledust • 1 point • 21 January, 2014 07:42 PM

This was a delightful response. I'm not being facetious, the post had a great taste of humor without trying to be funny.

InscrutablePUA[S] • 1 point • 22 January, 2014 12:02 AM

I hear you. To clarify, we were both traveling for a month so there was no opportunity for a face to face meeting. Also, I know actual practicing Muslim women don't have bachelorette parties - I have no doubts there will be plenty of cock sucking at this one, despite how tame she made it sound.

[deleted] • 1 point • 22 January, 2014 12:41 AM\*

Hey, so long as you know. Much support either way. Ultimately what I was trying to say is to move on, this one just isn't for you. You know? There are a lot more though, just please realize this and go for them. Keep trying and don't give up. This particular one is just a lost cause is what I'm saying.

EDIT: A lot of grammar issues, just had a few Four Lokos so I was a bit out of it typing this out.

InscrutablePUA[S] • 1 point • 23 January, 2014 04:08 AM

Thanks man I appreciate it. I should've realized all this sooner but to a desperado, getting blown is like a fucking drug that blurs out the truth.

johnnight • 4 points • 21 January, 2014 03:23 PM\*

She refused to have sex because she didn't want it to be a fling (even though we'd met in December, texted a lot, and she was staying over at my place). She said she'd had plenty of flings before and thought we were more serious. She admitted she loved sex

One of the strongest manipulative powers is the ability to dictate the narrative. To dictate the rules. She make up rules, which suit her imperative and you as a naïve man are accepting them as a social norm. The rule here is your maximal commitment expenditure against her minimal sexual expenditure.

This is how feudalism kept the peasants in line, by dictating the rules of the social order and making it the sacred norm. Aristocracy on the pedestal.

InscrutablePUA[S] • 1 point • 21 January, 2014 11:59 PM

No argument. I went full beta.

[deleted] • 3 points • 21 January, 2014 11:07 PM\*

She's playing you.

She won't give you sex and you've shown your willing to wait around for it...

Woman are insecure. She feels safe you wont leave her, she's luring you into the beta bux cage and you're begrudgingly walking into it. If you showed you where willing to walk or had another girl in your life, she'd fuck you the next day.

If you don't want to be a provider, don't act like one.

InscrutablePUA[S] • 1 point • 23 January, 2014 04:10 AM

I'm not willing to wait around for it anymore. Pre-RP I probably would've though.

[deleted] • 1 point • 23 January, 2014 04:13 AM

That's the correct response, she may sense it and give it you, but you have to be serious and willing to walk.

InscrutablePUA[S] • 1 point • 23 January, 2014 03:49 PM

Thanks man... Action dates and erring on the side of boldness are really key. Also, good point about the accidental pregnancy. I joked with her about this over text saying how she must be baby crazy and she replied that she believed in birth control. whatever the fuck that means (or doesn't mean). don't think she 'saved' any of my cum from the 4 blowjobs she gave at least.

7Vega • 2 points • 21 January, 2014 05:33 PM

A 30 year old New York woman?

She should be the very picture of desperation.

chasethenoise • 1 point • 21 January, 2014 09:26 PM

Here's your mistake: you didn't make things clear to her that you don't see this as a long-term thing. Blame it on the setting of the dates, her age, your frequency of texting, whatever. Any factors making you seem like you're someone she can settle down with for the long-term could be mitigated by simply telling her the truth. If you're afraid to do that, you deserve whatever happens to you.

Varrian • 1 point • 22 January, 2014 10:25 AM

Rule of thumb: 3 dates no sex = next.

Don't waste any more time on this chick. If she's not putting out then she's grooming you for a beta bux role and I'm quite sure that's not what you're looking for.

If you're still looking for a lay with this one: be distant, answer every third text (2/3 rule) and make sure she knows you are seeing other people (dread). Honestly though, I think you should cut your losses here, bro.

aaron\_the\_just • 1 point • 23 January, 2014 06:18 PM

honestly, I don't see the problem here

you've got a girl who'll give you BJs. keep enjoying the BJs. in the mean time, work on spinning more plates if you want to fuck.

if you grow tired of her lips and throat, next her.

henry589 • 1 point • 21 January, 2014 06:12 PM

free blowjobs?

Don't be emotionally invested in this one lol

shes 30... go find other girls on tinder spin multiple plates

i swipe 100% right on tinder.

if you get fatties/uglies, you can troll em.

Late 20s virgin, uses "pua" terminology and username.

rumbledustcomment score below threshold • -13 points • 21 January, 2014 01:47 PM

Ok, how the fuck does a late 20's virgin exist. I'm an okay looking guy, respectably tall but a good distance from being alpha tingles. Not a lot of muscle, kind of lean, decent face. I convinced a very pretty 23 year old to take my virginity when I was 18, about 3 weeks after I had resolved to lose my virginity. Dead serious, how did you stay sane all those years? I would be horrifyingly insecure.

Evers89 • 12 points • 21 January, 2014 02:23 PM

This sub gathers reformed pussies constantly. Not all of us had the fortune of getting laid. I get it that it looks weird to you, but it's all perspective.

I agree with your confusion, but it happens and I'm glad they're here to fix that.

Gyrolin • 1 points • 21 January, 2014 03:48 PM **[recovered]**

In the same boat, the ones of us that got laid at 16 and younger could laugh at you for having to convince

someone to take your virginity or having to wait till 18. Having your virginity is a DLV for males and it becomes much larger of a DLV every year after 16-17. AKA: If you haven't gotten laid by 18, it's going to be harder for you to lose your virginity than someone who did.

IllimitableMan • 2 points • 21 January, 2014 04:35 PM\*

Having your virginity is a DLV

Repeated for posterity.

rumbledust • 0 points • 21 January, 2014 04:47 PM

But I'm not laughing at all, I am 100% genuine in wondering how that happens. I can see someone being a virgin at like 21-22 pretty reasonably, but 27-29?

BooksofMagic • 1 point • 21 January, 2014 06:21 PM

I hear you - I've been horribly shy with women in the past and somehow I still had relationships despite being heavily beta.

Looking back I realize now that all these women chased me, not I them. I suspect (after taking TRP) that they took my shyness and my lack of desire to conform to any social groups as the qualities of a "lone-wolf" Alpha. Then when I eventually got attached and went full Beta on them they lost interest and left.
