I'm not really familiar with Australian news outlets, so I don't know how good or trashy dailytelegraph is (the banner that reads "Left Lunacy" makes me wonder whether this is an Aussie version of Fox News).

If you don't like that source, the story originally broke at the Herald Sun, here. But that article is paywalled.

This new incident comes less than a month after a different Australian high school made all the boys stand and apologize for their gender.
