"I do my best to address his concerns, to guide his thinking, because I'm a proud feminist dad and I'm trying to raise little social justice warriors."

I cringed hard at that one.

Any man who claims he is a feminist is nothing more than a useful idiot

Useful idiot

In political jargon, a useful idiot is a derogatory term for a person perceived as propagandizing for a cause without fully comprehending the cause's goals, and who is cynically used by the cause's leaders. The term was originally used during the Cold War to describe non-communists regarded as susceptible to communist propaganda and manipulation. The term has often been attributed to Vladimir Lenin, but this attribution is unsubstantiated.
