◆ Hire a woman.

Yes. Plain and simple.

Yesterday I had an opportunity to coach some ladies with [Women in \[Redacted\]](#) and I was amazed...

So many beautiful, intelligent, purposeful ladies who are ready to do what it takes to break into the careers of their dreams.

So I say - hire a woman.

- A woman can lead with compassion.
- A woman will give you feedback coming from a place of love.
- A woman can multitask like no man will ever be able to.
- A woman will be flexible where others are rigid.
- A woman will grind harder than a man just to break the stereotype.

If you are a man, step up.

Your duty is to protect women.

To give opportunities.

To mentor and coach.

To elevate and inspire.

But do not come from the place of superiority.

Carry the opportunity to enable women within you as a badge of honour.

“Women are great at performing these positive stereotypes. Men, you have a duty to perform your gender roles that benefit women. I’m a progressive. Ask me how.”

CryingMadGirl[S] • 86 points • 3 December, 2021 06:31 AM

Women will try harder to break stereotypes. Please men, be stereotypical men and protect women

Free-herpez • 15 points • 3 December, 2021 05:16 PM

After all the crap we get put through? media, movies tv shows all beat men down. They show women as better then men. Protect yourselves

IvorySoldier • 7 points • 3 December, 2021 11:37 AM

Simping is actually a very effective strategy but you have to do it right

IvorySoldier • 5 points • 3 December, 2021 11:34 PM

It will work many times but yeah, you'll be slave.

You know how many ugly dudes i know IRL that have nice looking wives? The catch however? That dude does everything. He makes the money, he takes the kids to school he

works long hours he buys her stuff and the whole house is decorated like she wants.

I wouldn't be surprised if half these guys kids weren't their's lmfao. Pussy makes a man weak, some of us, anyway.

Let's not sugar coat it the bitches in these cases are borderline prostitutes and they are definitely a form of a sugar baby.

I do that all the time, as I am a genderfluid: i work as a man, train as a man then I see a nice lady and I instantly become a lesbian. Being so fluid is so difficult but I am learning to manage it.

Gaminuz123 • 7 points • 3 December, 2021 01:48 PM

At what temperature do you become gender solid

Rol9x • 7 points • 3 December, 2021 03:48 PM

That's a very good question. If she is hot enough it gets solid in no time.

MisterBowTies • 51 points • 3 December, 2021 08:04 AM

Do feminists know that the whole start of the notion that women can multi task better than men started in about the 50's by men as a reason why their wives can do more chores? There is actually no correlation between gender and multitasking abilities.

Philletto • 33 points • 3 December, 2021 08:38 AM

Single minded focus is a valuable skill. Multi tasking usually means little attention to every job. I'm not sure its a compliment.

Give up your promotions to a woman. In other news, women think they are owed mentoring all the time. That's called not being qualified and getting others to do your work.

Rol9x • 19 points • 3 December, 2021 10:06 AM

The way I see it, men should indeed step up:

- give opportunities to other men,
- mentor and coach young men at the beginning of their careers,
- elevate and inspire young men,
- support men in a misandric and more hostile office environment.

Glittering\_Coffee539 • -3 points • 3 December, 2021 04:20 PM

You do realize that's just straight up sexism, right?

I\_iNero\_I • 9 points • 3 December, 2021 08:57 PM

It technically is but sexism means nothing now since it's a one way thing.

He's looking at the risks of hiring someone & deciding it's not worth it this is entirely women's fault men are scared to work with them now in case anything is misunderstood.

Glittering\_Coffee539 • -4 points • 3 December, 2021 09:35 PM

It does NOT "mean nothing now". It's actually incredibly harmful.

This is literally the definition of work place discrimination.

Imagine if someone said "I refuse to hire men because they're going to rape/ sexually harass other employees" or "I refuse to hire black people" or whatever stereotype you want to imagine here. That's discrimination. That's not cool!

He's looking at the risks of hiring someone & deciding it's not worth it this is entirely women's fault

This statement is so incredibly backwards and screwed up. That's like saying something stupid like "it's men's fault that women are scared to be alone with them/ walk alone at night in case they're attacked."

Because just how not every man is a rapist, not every woman makes false allegations.

I'm not even going to attempt to bring up the ratio of men that actually rape women compared to the number of women who make false allegations because it would fall on deaf ears in this sub so we're just going to keep it simple.

There is no excuse that could make this slightly ok. And there is no reason to defend active discrimination. Like take a step back and hear what you're saying and imagine if someone applied it to you. I really urge you to reconsider what you're defending here.

Sexism is bad. Discrimination is bad. Why is this something that I actually have to explain?

I\_iNero\_I • 9 points • 3 December, 2021 09:58 PM

People apply sexism & discrimination to me every day as a white man I'm constantly slaughtered for how I was born on the news and the internet sometimes I avoid twitter etc for my mental health bit tired of being a punching bag.

The Ratio of men raping & false accusations you plan to bring up is illogical because it assumes all the cases that are dismissed for lack of evidence or just not proven are guilty and got away with it & only takes into consideration cases with a false rape charge something that is very hard to get & usually requires the falsely accused to open a entirely new case against the women and they likely aren't going to do that. It's using logic not blindly believing a bullshit statistic without looking deeper at it.

Women like to say they don't know what men are bad so they assume all of them are for safety...he's doing the same with his hiring.

The points you bring up about only hire black people etc I'm sorry but this is all celebrated all over the internet replace white men with Minorities & women for free twitter points and extra cash from the government for doing it ....seems to be perfectly fine going the other way hence why it's lost meaning to me because it's ok to do it to men especially white men.

I don't think people shouldn't hire women to be clear I just understand his reasoning.

Glittering\_Coffee539 • -3 points • 4 December, 2021 03:53 PM

How exactly are you discriminated against. Is it anywhere like what the original commenter is describing like where he refuses to hire women based on sexist assumptions?

I\_iNero\_I • 5 points • 4 December, 2021 04:09 PM

Explained my point if you refuse to understand & read it that's on you.

f3m1n15m15c4nc3r • 1 point • 4 December, 2021 07:33 PM

I don't care. You women did this to yourselves.

Glittering\_Coffee539 • -1 points • 4 December, 2021 08:20 PM

Also what exactly have we "done to ourselves"

I've never falsely accused anyone so how could I have done something to warrant that.

How EXACTLY is some random woman's actions somewhere out there a reflection of every woman.

You're hateful and you know that what you say has no merit.

I hope someone catches onto your vile behavior and you get reported or catch a discrimination lawsuit.

You and anyone who supports what you've said here should be deeply ashamed and take some time for some deep reflection on why you hold so much bitterness and downright hate. I truly hope I never have to interact with someone like you when looking for a job.

You need serious psychological help.

f3m1n15m15c4nc3r • 1 point • 5 December, 2021 12:23 AM

Not to mention that what you're doing is incredibly illegal

Glittering\_Coffee539 • 0 points • 4 December, 2021 07:37 PM

Ok then according to your logic that means I can refuse to hire any men because they'll all rape/sexually assault the other employees, but hey you men did that to yourselves. Maybe you just shouldn't have raped anyone.

f3m1n15m15c4nc3r • 2 points • 5 December, 2021 12:22 AM

Glittering\_Coffee539 • 0 points • 4 December, 2021 03:40 PM

Rol9x • 4 points • 4 December, 2021 12:40 PM

This is rich: a confused and angry stripper that needs feminism. You better get a decent job, you know?

infamousthottie • -3 points • 4 December, 2021 12:47 PM

I can have whatever job I want. It doesn't take away the fact that we still need feminism. I have every fucking right to be angry and offended. Feminism did nothing to you guys y'all mad for no reason

Rol9x • 3 points • 4 December, 2021 01:12 PM

So you are an angry, confused and stupid stripper. I am not mad, it's just your stupid assumption. I have no reason to be mad, but I have all the reasons to oppose the feminist ideology because it's based on lies, discrimination and hate.

And of course you can have whatever job you want. Unfortunately, your choice speaks volumes about your lack of options due to poor education and bad decisions in life. And that's why you think you need feminism, because they make false promises to women like you. You

don't need feminism, you need a bit of self-respect, a lot of effort and responsibility. But feminism will never tell you that. And you like them because you prefer the easy way.

Remarkable\_Weather21 • 3 points • 4 December, 2021 11:32 AM

the thing he says is fault of feminism why do you need feminism scare everyone who hires someone ??

DifferentTop4553 • 1 point • 5 December, 2021 07:39 AM

Feminism is redundant. Go be a feminist in countries that need it instead of preaching to the west. I dare you to go to a Muslim country and preach your feminism, I dare you to even call out Muslims. You won't because the woke mob loves brown people too much.

Glittering\_Coffee539 • 0 points • 4 December, 2021 03:30 PM

The fact that they refuse to believe women face discrimination while actively discriminating against women is hilarious.

Don't hire a woman.

No. Plain and simple.

Women have career programs dedicated to helping other women to achieve success in life.

So many beautiful, intelligent, purposeful ladies who are ready to do what it takes to break into the careers of their dreams, without the help of a man.

So I say - don't hire a woman.

If you are a man, step down.

Your duty is to let woman feel empowered by taking control of their careers.

To allow then to seek their own opportunities.

To let women coach and mentor other women.

To elevate and inspire other women.

Why do I have to "enable" women? Are they children? I don't have to fucking enable anyone, male or female, y'all adults.

It's fucking insane to see so much "anti sexist" stuff rooted insanely deep in "do X for women because they are women". I don't get how most women are not pissed at this, people are telling the public you're a child and incapable, need special treatment. That's not a compliment, it's insulting to your abilities.

CryingMadGirl[S] • 4 points • 3 December, 2021 04:41 PM\*

Do this for women because they are women. You see, you can't expect us women do anything. I have said this since I was 11: I don't need feminism to be strong, or I don't need bunch of women yelling behind my back with pussy hats to feel strong

Rol9x • 24 points • 3 December, 2021 08:35 AM\*

My only duty as a man is to be a law abiding citizen. Any other duty is set up by me, not by society, and definitely not by feminists.

And I am glad to break it to her: women are not such great leaders as she dreams. They are just as anyone else when it comes to leading, and some of their traits can make them even worse. I would never choose a leader based on gender - because it can be deceiving - but based on their experience and skills. As it should be.

Invictus\_44 • 6 points • 3 December, 2021 08:05 PM

It was a sarcastic rephrase of THEIR words. I guess you don't understand how sarcasm works. Sorry. Try to learn the basics of human communication. Have a nice life.

Glittering\_Coffee539 • -2 points • 3 December, 2021 08:17 PM

Ok.... You didn't actually rephrase any of the post you just made a completely different statement, also the person from the picture is a man.

But since you want to get all upity about human communication, If this was an attempt at sarcasm, it would not be considered effective in a literary sense.

In order to be a "sarcastic rephrase" it would actually have to make sense or be related in some way. In this instance, all you said was "women are inferior, but pretend they aren't." That's not exactly as witty as you think it is.

Whether you think it was witty sarcasm or not, the only one who mentioned superiority was you, so it wouldn't tie back to the original phrase at all, bringing me back to the original question: you think women are inferior?

I don't think you used sarcasm right nor do you understand how to apply it to this situation.

If we're getting real though, this post has been all over the feminism dominated subreddits and they don't like it either, so it's not like they're rooting for this stereotypical and non productive representation of women in the work force. This post does not accurately reflect reality.

Try to learn some manners and a better personality.

Have a day as pleasant as you are.

Change the word 'hire' to 'marry' in this post and look at then difference. What I find saddening about all of this, is that women were supposed to be their for her husband. Women have now taken their bosses as their husbands, being submissive to them and whatever trait you may find listed above. She is supposed to do this to and for her husband, who would then compensate her.

We had this type of proclamations here in Central Europe before 1989.

Like:

The Soviet science and technology are the best. Use Soviet methods. We fulfill the plans of the Party. Help to

build socialism. We need more workers in universities and intellectual professions.

It is so disgusting to see it again.
