I'm kinda scared because this is the first girl that actually treats me how I wanted to be treated all my life.tbh I don't wanna be red pill I just want to be female natural aware Red pill aware and alpha. I'm sure I learned enough by now to not be considered beta. How do I remain alpha but yet be myself so far in a perfect relationship as of now.

Do not say you love her. Never be the first to say this no matter howmuch you feel it. Just fuck her brains out, and be a male of high value. You show her you value her by becoming a male of high value and awarding her with your sacred time. You're the prize.

I suppose this indicates that some work is to be done on FRAME and Outcome Independence.

I don't wanna be red pill I just want to be female natural aware Red pill aware and alpha.

I care to point that alphas never care about one girl, they care about having their HAREM.

How do I remain alpha but yet be myself so far in a perfect relationship as of now.

I suggest defining what makes this relationship perfect from a red pill perspective.
