Few days ago I was thinking about something while watching YouTube video and it just hit me that all this news, social media, TV, ...etc always tell you what to think. Never tell you how to think. I start thinking about this fact and as i thought i started to realize why people and me myself is just full of SHIT. Cuasen we never learn how to think. when to stop thinking, when to begin, when to just stop giving fuck, etc. book about thinking on deeper levels

Redpillbooks on how to think
