# **NOTICE:** Reddit will ban you for criticizing feminists

August 11, 2022 | 153 upvotes | by peanutbutterjams

### **Proof**

My comment is clearly referring to feminists as that is the subject in question.

Meanwhile, "women should hate men more" is NOT considered hate by the admin.

#### Reddit doesn't care about men.

Do you know why?:

## Because feminism makes it okay to hurt men.

I am tired of pretending they are not a hate group and that they don't have an incredible influence on not merely Reddit, but our primary and high schools, our governments, our colleges and universities, our non-profit societies, our legal system and in particular our penal system.

Feminism is an ideology and it's *always okay to criticize an ideology*. That's the essence of free and critical thought.

There are no sacred cows. Allowing any Wrong Questions puts us in waters thick with dragons called Theocracy, Dictatorship and Authoritarianism.

We spend hundreds of thousands escaping "Might is Right" and I'm in no hurry to go back. The 'law of the jungle' deserves to say in the jungle.

So criticize feminism, and feminists.

Criticize the woke.

Criticize every irrational, unscientific decision made in some ivory tower about who each of us are, about what we are worth, about the content of our character, all based on our gender, race or sexuality.

#### It's not hateful to criticize hate.

Reddit admins are usually jobless and toothless idiots on power trip because they are bottom feeders in real life.

Kodiak01 • 3 points • 11 August, 2022 01:03 PM

Admins don't ban people from subs. Mods do.

Admins are typically paid employees. Mods never are.

nooneinteresting-1 • 1 point • 11 August, 2022 01:05 PM

Same shit for me, admin/mod is the same turd in the bucket

ineyy • 2 points • 11 August, 2022 01:11 PM

Well admins do this as a paid job, so they can't be jobless. Some of Reddit's staff are feminists though so there's no real way to appeal the ban.

Kodiak01 • 2 points • 11 August, 2022 01:45 PM

There's a huge difference between them. The turds that love banning? All mods. All volunteers, a big fish in a single raindrop.

Admins are paid employees of Reddit. They follow whatever fucked up double standards Spez conjures up.

Mods ban you from a single subreddit. Admins ban you FROM Reddit.

octalanax • 1 point • 11 August, 2022 03:35 PM

You're thinking of mods.

Admins are (over)paid Reddit employees in charge of enforcing the censorship regime.

roninfly • 28 points • 11 August, 2022 12:19 PM

I got permanently auto banned from r/offmychest just for simply joing this one lol

Yithar • 8 points • 11 August, 2022 12:50 PM

Yeah, it's a bot that scans posts and auto-bans. I think blocking u/saferbot may prevent it.

cheapshotfrenzy • 1 point • 11 August, 2022 01:39 PM

I tried to block it and got a 403: forbidden error

Yithar • 1 point • 11 August, 2022 01:45 PM

Huh. Might be an issue with Reddit. Normally I go to user profile to block, but on new Reddit you can also block from your user preferences.

I was able to block it just now, so Reddit might have hiccuped or something.

cheapshotfrenzy • 1 point • 11 August, 2022 01:51 PM

Oh. Probably my browser then. I use Joey for reddit. I like the features a lot more but it's not perfect.

This has been the case for years. Had 0 feminists been able to explain to me how women are both oppressed and yet simultaneously completely immune from criticism. Indeed has there ever been a point in history in which the oppressed group was the only group you weren't ever allowed to say bad things about?

Men and white people are not considered marginalized populations by reddit, therefore it is impossible to direct hate speech at them. That's the line, anyhow. This is explicitly stated policy. No, kill all men isn't considered hate speech by reddit.

I'm banned from that group too for saying that gamers are mostly entitled broke asses.

For the record, I'm heavily invested in gaming too but I feel that ALOT of people these days expect every game to be free or no more than \$20, not realising that they cost millions apon millions to make and we pay a small price for them by comparison. I mean if they can't afford games at full price, wait for a sale or budget for a certain amount of games to suit what you can afford.

I got banned simply for pointing this out and saying that I'm tired of the gaming communities constant whining about everything.

Nah mate your comments were terrible.

Calling people misandrist *bitch* is a problem.

Saying that people asked for it wearing these kind of stuff at the gym is also both wrong and terrible.

You deserve your warning.

Calling people misandrist bitch is a problem.

I was satirizing the post before me.

By the way, I ALSO want to eat the Irish.

Saying that people asked for it wearing these kind of stuff at the gym is also both wrong and terrible.

And again, I didn't say that.

So you're typical woke griever, eh.

You deserve your warning.

Uhuhuh, as does everyone who criticizes feminism, no doubt.

[Edit: Ah, looking at the vote ratio on an obviously false statement that's *pro-feminist* in r/mensrights makes me think that I may have stumbled upon the person who falsely reported my comment as "hateful".]

Your limited understanding of the range of human expression has failed you once again.

- (1) I'm satirizing the typical view of MRAs as "misogynist assholes" and
- (2) It isn't hateful to criticize people of a hateful ideology.

Go grieve elsewhere.

Ah yes, let's say that doing the exact same thing we hate to see feminists do is fair, typical law of talion.

And can't you see the issue of your first comment? Really? This is on par with the comment you used as a showcase where feminist in reddit get away with hateful comments.

Anyway it doesn't matter, because in the end it shows well that reddit do their job with mysoginist issues but not mysandrist issues

peanutbutterjams[S] • 11 points • 11 August, 2022 12:09 PM

Ah yes, let's say that doing the exact same thing we hate to see feminists do is fair

(1) It's not the exact same thing since feminists negatively generalize about MEN while I was satirically generalization about FEMINISM, which is a chosen ideology.

Whataboutism.

(2) That's not what I'm saying. If you remain incapable of properly representing my perspective, I'll have to assume you're a troll.

It's pretty simple: Stop misrepresenting what I've said and just represent YOUR view.

...If you have one. People who chuck strawmen often have nothing to say themselves.

Anyway it doesn't matter, because in the end it shows well that reddit do their job with mysoginist issues but not mysandrist issues

Show me where I said something misogynist, griever:)

MuchAndMore • 0 points • 11 August, 2022 01:03 PM

His last comment was agreeing with your sentiment man. Not arguing with it.

He is saying that's all irrelevant what you two were bickering about. Because that you are correct that they ban people for what they deem misogynist thinking yet they don't ban people who say misandrist things.

MuchAndMore • 0 points • 11 August, 2022 01:06 PM\*

I agree his first comment seems a bit sexist and off putting and what I hope this sub would avoid as it just gives feminists more ammo to show our group is about hating women. When it clearly isn't.

Comments and things like this getting upvoted do this group no favors. I would say even harms it.

Direct\_Geologist\_536 • 1 point • 11 August, 2022 01:10 PM

I had hopes in the beginning seeing my comment upvoted but it seems like the bad side of MRA woke up

Yeah I don't understand how some of these guys don't understand that that type of negative energy and response only detriments are causes. Wow there is a time and place to be stoic and vicious about things in the name of Injustice unfortunately I don't think we will run over Society or bring more people to support us with that type of

offtable • 2 points • 11 August, 2022 12:29 PM

Do you think if im putting myself into a dangeorus situation, that I take no responsibility if I am harmed?

Direct Geologist 536 • 2 points • 11 August, 2022 01:37 PM

Man this is the gym, not the street.

These clothes are just sport equipment, in a sport environment, are girls not allowed to wear there sport equipment now because people would sexually harass them?

```
offtable • 2 points • 11 August, 2022 02:05 PM
```

Noone said its not allowed.

All I am saying is that if you invite attention, dont be surprised you get attention. Now it may not be the attention youre looking for. And in a perfect world, we could just do whatever we want without consequences. But we dont live in a perfect world.

Again, dressing sexy doesnt mean you should face sexual harassement. Im not saying that. But it can happen. Not everyone is nice, there are some problem people out there.

I really dont see the issue with taking responsibility here.

Direct\_Geologist\_536 • 2 points • 11 August, 2022 02:37 PM

I'd agree with that statement in certain cases, but not at the gym.

Would that also apply to the beach? Swimsuit there is pretty sexy right?

There is practical reasons for what people wear in certain places, I think people should know the time and place to wear certain clothes, and at the gym, girls can wear gym stuff.

```
offtable • 2 points • 11 August, 2022 02:46 PM
```

Yes, I think this applies universally everywhere. We just As communities have different standards for different situations and places, thats all. But people with bad intent could be anywhere.

You can still dress modestly on a beach or at a gym, btw. You dont have to put everything out there.

```
Direct Geologist 536 • 1 point • 11 August, 2022 02:53 PM
```

That's over restrictive, and becomes quite paranoid judging by the actual impact it has on the risk of sexual harassment.

Why would we stop here tho, girls get harassed for wearing makeup, having a nice body or nice hairs, do we become an Islamic country to be "responsible"?

```
offtable • 2 points • 11 August, 2022 03:07 PM
```

Or alternatively, we could just realize that some people have bad intentions. And maybe we could not blame men for them.

Instead, we could act As individuals and face consequences As adults.
