

"How many relationships have you had in the past???!!!" How do you answer this?

What's your response to this shit test? I usually go the humor way.

"You mean last year?"

"Lost count."

"Never had one." etc.

But this obviously doesn't work at all times with everyone. Some girls just straight-up *demand* the answer from you (Idk, maybe out of anxiety?). This last girl straight-up said some guys just want to keep things mysterious or something; I couldn't come up with anything against that.

So what do you do in cases like these?

If they're a demanding bitch you say none of your business and move on. Otherwise humor is the way to go. Could have said mystery makes it fun, some shit abt being in the present, etc. plenty of things to say against. Oh well, now yk

Had this too, went with the cocky and funny approach, too worked out pretty good. On a similar note, how do you guys deal with the question of whether you are currently seeing other girls/ how many other girls have you got on the side? I went with the cocky and funny approach as well but I'm curious to hear some other rebuttals. I've made it clear to this plate that it's casual but she keeps asking.

They keeping asking the same question is disrespectful

Bring it up nonchalantly and give them the same answer

Remember they don't want to know the truth. Keep the fantasy alive
