I'm an adult and adults with decorum and self confidence don't discuss these things, and I don't date strangers. Everyone in my social, academic, and professional spheres something about one another including the basics about our past lives and adventures.

Besides, I consider it my job to make sure the man I love forgets all about the women in his past.

I'm an adult and adults with decorum and self confidence don't discuss these things,

**Stop the cap!!**

"I met my spouse when I first started my job. They were my first and last love."

Plenty of people are proud of their past and openly share it with everyone. Dont project your beliefs onto others.

NationalistGoy • 3 points • 9 November, 2022 04:51 PM

Have to agree.

Those who have nothing to hide will speak proudly about their past. Those who have a questionable past will act like past doesn't matter and project that belief on others.

*"your past doesn't matter to me, so my past shouldn't matter to you"*

Mrs\_Drgree • 6 points • 8 November, 2022 10:49 PM

Plenty of people are proud of their past and openly share it with everyone.

No one would describe those people as having decorum or confidence.

TsugaC1 points 8 November, 2022 09:11 PM **[recovered]**

If someone openly shared their sexual or romantic history in a social setting I would assume they were insane and I would get away from them as quickly as possible.

\_Duriel\_1000\_[S] • 4 points • 8 November, 2022 09:14 PM

If someone openly shared their sexual or romantic history in a social setting

Everybody, make sure not to ask u/suga about "How she met her SO" at parties!!

MasonSub4 • 3 points • 8 November, 2022 09:22 PM\*

u/TsugaC isn't making much sense, but I imagine it's quite embarrassing to openly admit a failure in any form of relationship. Example: you wouldn't tell your closest friend about the 6 close friends you had before them, because it basically shows you can't maintain any long term friendship/relationship, weakening the current friendship/relationship.

In a perfect world everyone should disclose their past, but I doubt they would actually do so because of the disadvantage that comes with it.

Edit: That disadvantage is being seen as less trustworthy

TsugaC1 points 8 November, 2022 10:15 PM [recovered]

I met my SO at a party.

Perhaps you should attend or host a party.

\_Duriel\_1000\_[S] • 2 points • 8 November, 2022 10:17 PM

I met my SO at a party.

Now you're contradicting yourself.

TsugaC1 points 8 November, 2022 10:19 PM [recovered]

Are you okay? Do you need medical help?

Mrs\_Drgree • 0 points • 8 November, 2022 10:46 PM

She does.

\_Duriel\_1000\_[S] • 1 point • 8 November, 2022 11:11 PM

Blocked you ;)

\_Duriel\_1000\_[S] • 1 point • 8 November, 2022 11:10 PM

You literally said

**If someone openly shared their sexual or romantic history in a social setting I would assume they were insane**

You just shared the history of how you met your SO in a social setting. So, you must be insane, according to **YOU!!**

TsugaC1 points 8 November, 2022 11:30 PM [recovered]

This is not a social setting. This is an anonymous message board.

A social setting requires friends and acquaintances gathered to enjoy fellowship, foods, or events.

Besides, I consider it my job to make sure the man I love forgets all about the women in his past.

Speaking as a man I think that line of thinking is great but it comes with caveats. If a dude is straight up Stacey widowed, he's got a problem that your sex goddess skillz (and I ain't mocking you, you just might have the skills) ain't gonna cure. He needs therapy or something. He's gonna be a pile of heartaches for you.

Same goes for a woman who's alpha widowed.

TsugaC1 points 9 November, 2022 02:24 AM [recovered]

I have no idea what your jargon means, but I pity the man who believes that sexual skill is universal and

can be applied to everyone.

Skill in the bedroom requires paying attention to what the person with you enjoys. No man or woman likes exactly the same things.

RatDontPanic • 1 point • 9 November, 2022 04:59 AM

Stacey widowed - dude who had a relationship or one night stand with a hot babe and never got over her and compares other women to her, either verbally or in his head.

Alpha widow - this, but a woman.

but I pity the man who believes that sexual skill is universal and can be applied to everyone.

Indeed. This is why the Red Pill "I need loads of sexual experience" is 100% poor logic.

I don't have a past. I am a kissless virgin who has never been on a date

Thank you for sharing this.

Ok

SwimmingTheme3736 • 1 point • 9 November, 2022 06:10 AM

Neither I feel no need to brag but I am not at all ashamed, I also have little interest in a man's body count, I'm far more interested in how he acts in the here and now, how well we connect etc.

\_Duriel\_1000\_[S] • 0 points • 9 November, 2022 05:47 PM

I didn't say brag, I said proud and that you tell everyone about your past.

SwimmingTheme3736 • 1 point • 9 November, 2022 07:00 PM

What I do when I'm naked is private between me and who ever else is here I don't share that information

\_Duriel\_1000\_[S] • 0 points • 9 November, 2022 07:26 PM

What I do when I'm naked is private between me and who ever else is here I don't share that information

Hey.. I see you are just meshing shit to avoid saying you are ashamed of your past. It's okay. You aren't the only one.

Why post a question when you're so convinced you know the answer?

The guys on this subreddit are so delusional about sex and relationships it's hard to witness.

Every boyfriend I've had knows I had a lot of sex when I was younger. Most people I know assume their partners have had sex for fun because they have too. And no one cares. They end up in happy relationships because they're fun, happy people who don't sit around on Reddit judging

people for having sex drives.

This subreddit isn't a debate, it's a bunch of bitter dudes eager to let women know they're horrible for enjoying sex.

[\\_Duriel\\_1000\\_\[S\]](#) • 1 point • 15 November, 2022 06:25 PM

They end up in happy relationships

Are you happily married?

[\[deleted\]](#) • 1 point • 30 November, 2022 05:11 AM

Most married people I know feature the types I'm talking about. I don't know if it's because I live in a big city or what but most people don't care if their partner sowed their wild oats whole young cuz they did too so this whole line of thinking is bizarre to me.

[Secret-Ad8479](#) • 1 point • 17 November, 2022 01:08 AM

Lol this foid legit thinks promiscuity is natural and good for society. You are a low IQ animal who thinks women can't be criticized at all.

[Secret-Ad8479](#) • 1 point • 17 November, 2022 01:08 AM

Also how tall is your husband?

[\[deleted\]](#) • 0 points • 30 November, 2022 05:06 AM

The men I've dated ranged from 5'4' to 6'4"

[Secret-Ad8479](#) • 1 point • 30 November, 2022 12:18 PM

Why did you have a lot of sex? There's no need to have lots of sex at all.

[SwimmingTheme3736](#) • 1 point • 9 November, 2022 07:27 PM

I'm not at all, if a partner asks I will tell them, I don't just tell people randomly guess how many cocks I have sucked

[\\_Duriel\\_1000\\_\[S\]](#) • 1 point • 9 November, 2022 07:35 PM

I don't just tell people randomly guess how many cocks I have sucked

lol... I get it. There's nothing wrong with that. If you aren't proud of all the bodies you've been with, you don't need to tell everyone. There isn't anything wrong with it.

[SwimmingTheme3736](#) • 1 point • 10 November, 2022 06:39 AM

I'm not proud no what a weird thing to be proud of, nor am I ashamed. It's between me and the person I have done it with

[\\_Duriel\\_1000\\_\[S\]](#) • 1 point • 10 November, 2022 07:49 PM

It's between me and the person I have done it with

Technically it is between you and ALL the people you've done it with. So if you, hypothetically, have done it with 200 guys/girls, there are 200 people in your group that have shared you. They could start a fan page. And your future partner would see

all 200 of your bodies. Hypothetically, ofc.

mcove97 • 1 point • 9 November, 2022 12:07 AM

It's like asking if I'm proud of eating food or driving a car regularly... I'd say proud isn't the word

\_Duriel\_1000\_[S] • -1 points • 9 November, 2022 01:34 AM

what are you proud of?

ChaosRedux • 1 point • 9 November, 2022 04:37 AM

OP, I think you're conflating things that... well, they're not mutually exclusive, but they don't necessarily go hand-in-hand.

I'm 30 years old. I've slept with a lot of people, and I'm proud of some, ashamed of others. Less to do with the people than what I've taken away/learned from the experience.

I've loved two people - my partner, and my ex. I learned a ton from my relationship with my ex, and we are still friends today. I am proud of that relationship, if not all of my behaviour during it.

I talk about sex or my sexual experiences when appropriate. I do not when inappropriate.

I am proud of the person I am today, and I am the sum of my experiences (+ sugar, spice, and everything nice).

revente • 1 point • 9 November, 2022 11:06 AM

Nope, i prefer to be discreet.

Plus I don't want to give police any clue where I've been burying them.

Eyesofmalice • 0 points • 9 November, 2022 03:46 AM

I'm ashamed of my past of course. Only narcissists and psychos can be proud about their past.

no\_bling\_just\_ding • 0 points • 9 November, 2022 08:37 AM

well i never had sex or a gf and while im not exactly ashamed of my past i dont think it's something to be proud of
