I'm actively boycotting [r/ppd](#) due to one mod with a degree.

How would I even know his penis size? Does your mother know yours?

skipsfaster • 6 points • 7 November, 2022 03:04 AM

If he has a micropenis, I assume you'd know about it from the family doctor.

EulenWatcher • 0 points • 7 November, 2022 03:40 AM

Well, that's a medical condition not just "a small package".

skipsfaster • 6 points • 7 November, 2022 03:42 AM

You're ignoring the hypothetical question in the OP

Woman moment.

EulenWatcher • 0 points • 7 November, 2022 03:45 AM

I have a question for this hypothetical situation.

FastBananaViral • 4 points • 7 November, 2022 05:51 AM

My mother used to see me naked when I was a child all the time, you could get a clue from then

EulenWatcher • 1 point • 7 November, 2022 05:56 AM

I think you can't predict the size from it. Major changes happen during teenager years.

How would I even know his penis size?

Doesnt matter. You found out.

EulenWatcher • 0 points • 8 November, 2022 02:22 AM

I wouldn't bring it up. Do you want your mother to talk about it with you? I doubt that.

_Duriel_1000_[S] • 6 points • 8 November, 2022 02:31 AM

So you would ignore your son? And you wouldnt mention it?

EulenWatcher • 2 points • 8 November, 2022 03:57 AM

I'd give him dating advice if he wanted, but wouldn't mention penis size.

_Duriel_1000_[S] • 4 points • 8 November, 2022 04:24 AM

I'd give him dating advice if he wanted, but wouldn't mention penis size.

"Mom, the girls in my school laugh and say I have a small penis. Why can't I get a girlfriend?"
How do you respond to **YOUR SON**?

EulenWatcher • 2 points • 8 November, 2022 04:25 AM

I'd help him to change the school. Bullying is never okay.

_Duriel_1000_[S] • 3 points • 8 November, 2022 04:27 AM

How do you respond to YOUR SON?

(changing school is not a response- a verbal or written answer.)

EulenWatcher • 2 points • 8 November, 2022 04:32 AM

"I'm sorry you have to go through it, people and teens especially can be mean for no reason."

_Duriel_1000_[S] • 3 points • 8 November, 2022 04:54 AM

"I'm sorry you have to go through it, people and teens especially can be mean for no reason."

"Whats wrong with me, mommy?"

I would only comment if he asked for advice or made a comment expressing his distress

I'm that case I would say to focus on learning how to please a woman in forplay before even thinking about sex and that if he does that most women won't care about size

If he was short I would say that he should not dwell on it and build a big personality because many short men have happy loving relationships and putting out pity vibes won't help

JumboJetz • 1 point • 13 November, 2022 04:06 AM

This is reasonable advice but the part about don't worry about it is a bit too Hallmark. The dating world is brutal. Your short small dicked son will go years between sex and partners unless he pays for it.

Lost-Zebra6453 • 1 point • 13 November, 2022 04:38 AM

I didn't say don't worry just don't dwell - it dies nothing to help

[deleted] • 0 points • 8 November, 2022 03:18 AM

I'm not a woman.

Probably that hypothetical guy would hear that those things are not that relevant and to attract any girl it will be enough if he is a good person with confidence and charisma. That's how most of us men are raised, I don't think his case would be much different.

what dating advice would you give him?

Well,at least you can have anal easily.
