

What's the realistic chance an average guy can get a hot girl

October 24, 2022 | 1 upvotes | by [SolidPuzzleheaded984](#)

In todays dating market, what is the chance of an average guy getting a woman out of his league?

Because of dating apps and social media. The bar is set super high.

Also what are some remedies for average guys.

If he has social status.

The DJ at a popular club is probably batting way out of his league. But if you're just a normie with maybe a well paying office job then probably nah

Average guy can get a hot girl. You just have to be a beta... status/money

infinitofluxo • 5 points • 25 October, 2022 03:03 AM

I got a hot girl once, turned out she had BPD and made hell with my life. Average guys should think twice before believing god has heard their call.

0.00% unconditionally

100% if he saves for a decade and gets a sugar baby. 0% if not.

It happens all the time. But it's almost impossible through OLD. I'm an average guy. I only date women who looks-wise, are out of my league. But you gotta develop charm and sociability, and then use those traits in real-life interactions with women.

All this obsession with hot babes, how about good women?

Amber Heard was hot.

LiftSushiDallas • 1 point • 25 October, 2022 01:48 AM

It depends on what you mean by "average."

Average in looks, money, game, and status? Very, very, very unlikely.

But let's say just average (4-6) in looks, but makes really good money and is generous, funny and stable. He could absolutely get a hot woman who is looking for a man who will be a provider and treat her well, and she will be the hot one in the relationship (women like this).

Average in money and status but not average in looks? Unlikely, because she already has the hot looks so he offers nothing in the relationship.

What about average in everything but good in game?

_Duriel_1000_ • 1 point • 24 October, 2022 07:06 PM

Realistically? An average guy meaning he doesn't shoot his shot with hot women? A guy who doesn't get

rejected? A guy who posts a few pics online waiting for a hot girl to make a move? And by hot girl you mean 9's and 10's? I'd say 0.5% chance.

MasonSub4 • 3 points • 24 October, 2022 07:50 PM

Those odds are pretty generous. 0,00023456% is a fair estimate.

revente • 1 point • 25 October, 2022 05:13 AM

9's and 10's? I'd say 0.5% chance.

Lol. Nope. 9s and 10s(who don't really exist) make much less than 0,5% of women. And most of them date above the average men.

Wide-Illustrator2906 • 1 point • 24 October, 2022 09:03 PM

It's possible but your going to need status, money or game. Possibly a combination of all three. If you travel It's much easier and actually probable you will get a girl hotter than you.

Why would an average guy want a hot girl?

beforethechicken • 1 point • 24 October, 2022 07:49 PM

...bc they're hot? lol

shreyastalpade • 0 points • 24 October, 2022 07:51 PM

Looks like i chose the wrong words.

beforethechicken • 1 point • 24 October, 2022 07:52 PM

maybe

Also what are some remedies for average guys.

- 1)Money and playboy personality
- 2)go for younger woman who was in orphanage care or have absent father
- 3) get blind pretty girl which I guess is impossible

out of his league

Define out of his league.

Most guys have super low standards and a girl who's a looks match would seem like out of their league for them. Realistically speaking, if top x% girls are hot, then only a similar x% men will be able to get a hot girl. And those guys are usually from the top as well.

It's not hard, it does take time, effort and exposure though.

When I was doing pick up in the 2000s, even with a military career, I loosely followed the 2/8/2 rule. Most

people did

DivineDaedra • 1 point • 25 October, 2022 08:38 AM

No idea, but it definitely depends on what level of disparity you'd consider average vs hot.

If there's a study of married couples being rated separately by strangers it would be interesting to read though.

It's definitely not 0, at least.

no_bling_just_ding • 1 point • 25 October, 2022 10:42 AM

with enough money 100%

ElectricBugs • 1 point • 25 October, 2022 02:42 PM

Why do you think an average guy deserves a hot girl. Why doesn't and average guy get an average girl?

islandmiler • 1 point • 26 October, 2022 08:53 AM

The answer is very simple. If you were the female, would you pick you out of the available (and non-exclusive) alternatives? If you can't answer that question easily and honestly, you're coping (it's over).

Without an 8 inch personality (a.k.a massive bank account) 0.

BoogersAndSugar • 1 point • 29 October, 2022 08:19 PM

If you wanna play out of your league, you have to pay, either with wealth or high status. Also understand it's a business transaction on her end, only an illusion of love, and she WILL eventually resent you.

Rook_Cross • 1 point • 31 October, 2022 10:23 PM

You expect someone hot to love someone average, even though that average person would not love the hot person if they were average? If you don't see the value in average why should she? Because you're just magically special? If average isn't good enough for you, why expect it to be good enough for her? I think posts like this are very revealing as to why men complain about women supposedly only wanting 20% of guys. It's because a lot of average men only want hot women at the end of the day and are projecting.

Available-Ad-9338 • 1 point • 3 November, 2022 06:42 PM

If he has something to offer her that she can't easily get from someone else.

Glad-Discount-4761 • 1 point • 29 November, 2022 11:07 AM

I see most average looking guys with beautiful girls as they are ambitions ,have jobs and show little bit stoicism which kind of attract women
