Chat rooms from like the early 2000s, and I'm Sure possibly earlier would regularly start with a request for your a/s/l. Age, sex, location.

I was a youtubecel or facebook gamescel in early 2000's, honestly want to go back to my childhood

anonymous-platypus1 • 2 points • 22 September, 2022 07:51 PM

I've been living my ideal childhood life as an adult. For example. I used to always see those commercials for like kinetic sand. Think I asked for it once , but that's it. Always looked so fun. Bought some for myself a couple weeks ago. It was fun for about 15 min but it made my inner child so happy.

Go play some video games, watch some YouTube! You can still enjoy those things.

Yes, but we have school and then we need to get into a job! We don't have the luxury of sucking off our parents either due to increasingly crappy economy(also why obesity increasing and fertility rate decreasing)
