When you're dead.

Hodgekin • 4 points • 16 September, 2022 01:32 PM

I agree.

People give up too quickly when things get difficult. The human spirit can transcend even the evils of the holocaust. If you find yourself becoming nihilistic with a roof over your head, plumbing, heating, cooling, food to eat, and disposable income, then that's not a situation problem. It's a you problem. You're just too weak.

Don't blame the world for your weakness.

Never

RazhL • 3 points • 16 September, 2022 11:46 AM

When you're a khhv at 30plus and alone with no social contacts. With poverty income, depression gnawing deeper into your mind and nothing to offer except for a faked positivity-personality.

Kappador66 • 2 points • 16 September, 2022 08:28 AM

If you're khv post 25-30. Depends a bit on the person, some still manage to recover in late 20s but it's pretty rare I think

decoy88 • 1 point • 17 September, 2022 02:56 PM

30 is 1/3 of the average lifespan in a modern country. To say it's over for anything except becoming a billionaire is premature

Kappador66 • 1 point • 17 September, 2022 04:20 PM

I think the wizard thing is such a popular meme for a reason. If you haven't managed to attract a mate and enter a romantic/sexual relationship at that age it will most likely lead to lasting damage.

decoy88 • 1 point • 17 September, 2022 04:51 PM

For sure, but *lasting damage*  $\neq$  *permanent damage* either.

Purple-Heiss • 1 point • 17 September, 2022 08:13 PM

I'm 28 years old. Kissed and hugged but virgin.

In your opinion, is it over for me?

Kappador66 • 1 point • 17 September, 2022 08:18 PM

asking for dating advice on Reddit

It never even began for you. LOL

But seriously stop those stupid questions on askfeminists.

Purple-Heiss • 1 point • 17 September, 2022 08:44 PM

What do you mean? I didn't ask anything on that sub.

Thank you for being so kind.

Be well.

Glad-Discount-4761 • 2 points • 16 September, 2022 08:33 AM

Do you mean for relationship?

mcove97 • 2 points • 16 September, 2022 03:41 PM

For a relationship? Never. There's dating apps for elderly people you know. I know this might come across as shocking news, but elderly people date and have sex lives, and yes that includes single men and women who are elderly.

My former coworker is 68 and she's goes on dates and is in a relationship with a guy her own age. They don't live together because she prefers to live alone with her beloved cats. Her husband died many years ago, but it's my impression from what she told me that she prefers to live alone because that means she doesn't have to do the housework for the man again.. and also she got adult children and grandchildren. She's also a biker. A biker cat lady with a boyfriend.

To everyone's surprise, yes you can actually be an old cat lady and also date and be in a relationship and your life not be depressing and sad. I know, crazy right.

Glad-Discount-4761 • 2 points • 17 September, 2022 12:18 AM

Yeah, that was crazy to me

IHateNormis • 3 points • 16 September, 2022 08:14 AM

When you are a kissless virgin by the end of university

EnteFetz • 9 points • 16 September, 2022 08:36 AM

I was a total virgin and had only gotten exactly 1 kiss when I graduated from my bachelor at age 23.

Now at 27 I have went abroad, worked out and got confidence, experience and age my body count went from 0 to 10 in the span of just 4 years.

It's not totally over if you are a kissless virgin in college. If you work on yourself and keep trying and if you go specifically for very undesirable women, you might have a chance.

you-arent-reading-it • 1 point • 16 September, 2022 10:35 AM

Congrats ☐☐☐

IHateNormis • 1 point • 16 September, 2022 01:29 PM

There probably is exceptions but it is almost certainly over if you finish uni a kissless virgin

Peacesquad • 1 point • 16 September, 2022 06:58 PM

Smart advice bruv

Glad-Discount-4761 • 1 point • 17 September, 2022 12:54 AM

Good for you.I am jealous of you lol

Hodgekin • 3 points • 16 September, 2022 01:27 PM

I understand the joke. It made me chuckle.

I would say I was a kissless virgin until I was 28.

Now I'm married for 4 years, 2 kids, loving relationship, own a house, fixed my relationship with my father and mother and so forth.

IHateNormis • 2 points • 16 September, 2022 01:29 PM

And there are many more who die a kissless virgin

Hodgekin • 3 points • 16 September, 2022 01:34 PM

I agree. What you say is true.

I'm just saying humans can transcend their own weakness. And it's not an easy task to do, because most people fail.

TriggurWarning • 2 points • 16 September, 2022 10:11 PM

One might say, if it was easy, then that would reduce how amazing it is to be self-actualized as a person. It is the struggle of life and overcoming obstacles that gives it meaning. If there were no struggle, no obstacles, no risk of failure, then it would devalue the end product.

Rook\_Cross • 1 point • 17 September, 2022 03:12 AM

"Many more". If you don't mean literally, then sure. If you mean literally, then no, the vast majority of people do not die virgins.

IHateNormis • 1 point • 17 September, 2022 03:13 AM

I was referring to people who finish university a kissless virgin

carpetfoodie • 2 points • 16 September, 2022 08:16 AM

Pretty much maybe max it out to 25 max

Libah05 • 1 point • 16 September, 2022 03:36 PM

Depends on what we constitute as over. If being over means not fucking random hot women off tinder, then it would be over by the time your dad nudded in your mom.

If over means not finding fulfilling loving relationships, then over is after the age of 40.

Glad-Discount-4761 • 1 point • 17 September, 2022 12:20 AM

That is not true. This only applies to women

FishTank34 • 1 point • 16 September, 2022 05:13 PM

Mouth breather

Slipthe • 1 point • 16 September, 2022 08:22 PM

Whenever you decide to give up.

\_Duriel\_1000\_ • 1 point • 16 September, 2022 09:56 PM

when they give up

catniagara • 1 point • 17 September, 2022 12:06 AM

When they don't want to be in a relationship anymore and even then you can end up stuck in one
