Everyone knows looks matters.

What makes it Blackpill is when you believe it's the single biggest cause of the attraction to the point personality plays a very little part in the attraction (so long as you act like a normal person and are not extreme in any way).

Blackpillers are redundant. Their whole schtick is based on redpill ideas extracted to one single issue. Without TRP Blackpill wouldnt even exist. Theyre like Mechanics that only polish cars but never repair one.
