

What topics would be banned on PPD that can be discussed here?

Wondering why this sub was made. Other than the fact that even I've been banned multiple times on that sub for absolutely insane asinine reasons, I'm curious why everyone else is here.

Idk I'm here cause some dude dmed me and said join this subreddit

TryLambda • 5 points • 31 July, 2022 06:18 AM

same....also the mods on ppd seem to love to punish with extreme prejudice if you are red pilld

BoogersAndSugar • 5 points • 1 August, 2022 01:10 AM

Oh man, especially that mod **MrsDegree**. She'll single you out and LOOK for ANY reason to accuse you of breaking rules, and if she can't do that without being obvious, she has ways of harassing you in hopes that you'll leave.

TriggurWarning • 3 points • 4 August, 2022 07:41 PM

Yeah, that cunt went after my ass in a big way. Went through my entire post history one day deleting left and right.

TryLambda • 2 points • 1 August, 2022 08:26 AM

I hear ya bro

catniagara • 2 points • 4 August, 2022 07:33 PM

I've experienced the same thing with OTT RPerS though

TryLambda • 3 points • 31 July, 2022 06:19 AM

any mention of chad and you are instantly temp banned

iamatwork24 • 1 point • 23 August, 2022 05:22 PM

I mean, a lot of red pilld dudes ruin every thread there because they spout bullshit that's objectively false and overly generalized.

hdksndiisn[S] • 3 points • 31 July, 2022 02:05 AM

Same

catniagara • 2 points • 4 August, 2022 07:32 PM

Same...bot probably

Ylduts • 9 points • 30 July, 2022 10:15 PM

Banned multiple times as well. Currently banned because someone called Bill Burrs wife a whore and a cumdumster but calling someone a clown was too much. The reason given was that Bills wife is not active on the sub.

hdksndiisn[S] • 4 points • 31 July, 2022 02:05 AM

Dumb. I can't remember why I got banned last few times. Sometimes I just make new accounts and comment ridiculous shit when that happens though.

At times it felt like any comment that would actually lead to genuine discussion or insight on some of these topics from my perspective or a perspective I am exploring or something I am exposing or even general observations (if said directly, censored), can't be said cause a mod will be offended that some Truth doesn't align with their story.

They have claimed I broke Reddit TOS multiple times, when in fact I was presenting an "edgy" perspective? I dunno, they seem to only allow a certain small set of information to be regurgitated perpetually. It's why all the posts are the same. All the comment threads basically the same too. And there's often heaps of deleted or banned comments.

They are, in short, providing a narrative, and anything that opposes their narrative is disallowed.

I had a conversation with one redditor who was blackpill or self-labeled incel and they literally banned him no matter what he said. Even if it was relevant and inoffensive.

Anyways, I hope this place gains traction and erases PPD. Allows complete, uncensored, unbiased discussion on these topics.

gaslick • 2 points • 2 August, 2022 04:07 AM

I won't mind for PPD to be replaced, let alone with better mods. Though while uncensored discussion may seem great it will quickly get out of hand and that invite the extremists. And in turn this sub will be banned.

I much rather prefer regulated discussion if you will with talking points not allowed and people actually supporting what they say. More so getting rid of the toxicity.

hdksndiisn[S] • 1 point • 3 August, 2022 01:10 PM

Forgot ppd woman: I also am a feminist and I only like BBC 9" or go home loser

Antisocial_Nihilist • 5 points • 30 July, 2022 08:25 PM

One reason is because rule enforcement on that sub is very... fickle.

They say for instance that "Blackpill"/incel content or posts are explicitly banned. But then you see guys with "blackpillor" as thier title in the sub who post all the time.

Then you can get banned for "incel content" when what you post is almost directly taken from studies/research/ideas posted over on r/TheRedPill

BitsAndBobs304 • 5 points • 30 July, 2022 09:31 PM

r/blackpillscience

sneakpeekbot • 2 points • 30 July, 2022 09:31 PM

Here's a sneak peek of /r/BlackPillScience using the top posts of the year!

#1: In men, higher wages predicted a higher proportion of being married, whereas in women higher wages were associated with a lower proportion of being married. | 56 comments

#2: We found that people attributed more moral traits to attractive than unattractive people. The Beauty-is-Good stereotype particularly skews in favor of the attribution of moral traits | n = 1254 | 9 comments

#3: Women find happy guys significantly less sexually attractive than prideful and ashamed men | 42 comments

MrsDegree is the worst of the bunch, she's gone after me before.

BoogersAndSugar • 6 points • 5 August, 2022 01:34 AM*

She single-handedly ruined the sub for me. HOLY HELL is she fickle and selective with what constitutes "rule breaking". Get this: First she temp-bans me for "incel content", then later after I'm back, she accuses me of *trolling the incel members!* Literally *hunting* for *any* reason to fuck with me. I think she's either a gold digger or a settler -- I go hard against those types and something I said in the past must've cut her deep.

TriggurWarning • 2 points • 5 August, 2022 02:46 AM

Imagine calling yourself MrsDegree as your user name. It shows you how insecure she is that she feels the need to announce to the world that she's 'educated.' When the reality is such that she's most likely just an 'educated idiot' with a piece of paper from the humanities department. She must be real proud, and she spends her days fucking with people online in an obscure subreddit. Disgusting and pathetic.

BoogersAndSugar • 1 point • 5 August, 2022 05:21 PM

The name alone is another thing that makes me suspect a gold digger or something. Some women call getting married "getting their Mrs degree", implying that they're using marriage as a purely financial move. And her general attitude is pretty typical of gold diggers and FDS types.

[deleted] • 2 points • 31 July, 2022 03:17 AM

Some dude post hateful stuff about women while my post was tame but got deleted. I don't remember what my post was but I know it's tame

Antisocial_Nihilist • 6 points • 30 July, 2022 08:28 PM

This sub was designed to be a more inclusive discussion platform to all "pill" ideologies.

So long as you don't violate Reddit General TOS, we really don't care what you do or believe. We won't censor or ban you unless it's for blatant hate speech, threatening or harassment, stuff like that.

warramite • 4 points • 30 July, 2022 08:21 PM

Commenting to see responses, i dislike censorship which is why I've joined

Glad-Discount-4761 • 4 points • 1 August, 2022 01:15 PM

I don't know. I feel like any topic will get banned on PPD.

I don't know the exact rules.

There are so many hateful comments while I kind of wrote something very controversial. Mrs Degree banned me by saying it is promoting hate. I thought there are also another hateful comments and they didn't get banned.

hdksndiisn[S] • 2 points • 1 August, 2022 03:37 PM

I've had that happen a few times. One I was just defending some dude after this woman told him he should kill himself because he was an incel. Of course she didn't get banned as far as I can tell. Though I got banned for promoting violence?

They specifically don't seem to let hinted incel or blackpill comment or post, not that I'm either, but from what comments of mine led to banning it was always related to that sort of thread

BumblingBeta • 2 points • 5 August, 2022 07:30 PM

I'm here because someone invited me. I keep getting warned on PPD, with my posts deleted and told to "be civil".

I can't help it - when you have people trying to deny that obese, heavily tattooed, loud, obnoxious women who do drinks, parties and drugs aren't promiscuous, I sometimes wonder if anyone on PPD has any life experience at all, or if they're all just a bunch of extreme mentally deficient autists who have no clue about human behavior.

hdksndiisn[S] • 1 point • 6 August, 2022 01:34 AM

Most humans, PPD or not, are clueless about their own behavior, let alone HUMAN behavior.

What type of uncivil things have you said?

BumblingBeta • 2 points • 6 August, 2022 02:49 PM

I said things like "you're an idiot if you think that" or a couple of people who were arguing about the little technicalities and semantics of the language I used, instead of arguing the actual issue at hand, and I told them to "stop being autistic about the little details of the language and focus on the point I'm making". Got a 3 day ban for saying that.

hdksndiisn[S] • 2 points • 7 August, 2022 05:04 AM

Dumb. Hopefully this place gains traction

bludkraze • 3 points • 8 August, 2022 12:49 PM

I stopped reading and commenting a while ago. There literally is nothing you can discuss with the stupid rules they have so all that happens is the same 20 spammers repeating the same 5 or so topics all the time.

hdksndiisn[S] • 2 points • 8 August, 2022 02:54 PM

It is totally a merry-go-round. You are right that the same exact topics are posted ad infinitum. And the same exact comment threads. Every interesting comment I've posted that didn't reiterate the narrative they are condoning nor conditioning people to believe is true got me banned. I don't even remember what the comments were about but I do recall I learned to make a dummy account if I ever had one of those comments & sure enough got banned every time haha.

In r/dating I've been PERMANENTLY banned over less.

Paliant • 2 points • 8 August, 2022 09:15 PM

Also people just come at you to be a contrarian in petty ways if they don't agree with your flair instead of actually providing a counter-argument.

bludkraze • 1 point • 8 August, 2022 09:27 PM

Very true

Paliant • 3 points • 8 August, 2022 09:14 PM

The demographics pill. Aka the blackpill on steroids. You can't even have a blackpill flair on PPD.

<https://m.youtube.com/watch?v=Jt8JMQUoKto>

The original documentary is always removed when posted as "incel". There are "normies" and what have you decent looking (especially young) guys who believe in the blackpill now.

hdksndiisn[S] • 2 points • 9 August, 2022 01:14 PM

Ha the "black" pill. But for real dating as a minority comes with its own unique challenges 100%. I think I read somewhere that Indian men have the most difficult time in the US when it comes to dating.

But even if you took a Hispanic or Chinese or whatever 25 year old man/woman and compared it with a Caucasian 25 year old man/woman not even considering height/income there's bound to be a stark difference.

With how hard dating is for me as a well above average in every area of life, looks, and fitness, freshly 34 (happy birthday to me!) white male I can't even imagine what online dating eg would be like as an Indian or Filipino of the same age. Then add lower than 6'0" height or non model physique you may as well be invisible. And compare the male experience to the female of the same any demographic and there is no way one can deny black pill by stats alone

Paliant • 2 points • 9 August, 2022 02:30 PM

Blackpill is deeper than lookism. It's recognizing that dating is supply and demand (redpill) but that nature always births extra men and our post modern age makes the gender ratio across the whole planet uneven. There's estimates that there are 200 million more men than women on the planet.

BumblingBeta • 2 points • 7 August, 2022 06:47 PM

Any race related content gets automatically deleted on PPD. Not sure why, because race is a big issue in dating. Studies have shown certain races do worse. I don't see how it benefits anyone to sweep those statistics under the carpet as if they don't exist.

As long as no one openly attacks a particular race or someone for their race (none of which I ever see happen), I don't understand why topics on race and dating getting immediately shut down.

hdksndiisn[S] • 1 point • 7 August, 2022 09:02 PM

Very true. Ignoring reality doesn't change it. Something like race is as pertinent as any other aspect of demographic when discussing dating, at least statistically speaking. Good point

lizzy1289 • -1 points • 31 July, 2022 07:48 AM

Probably the misogynistic he-man-woman-hater type.

NotARussianBot1984 • 1 point • 25 August, 2022 03:01 PM

Reddit admins have stupid hidden rules, PPD tries to predict them and avoid them. Small subs like this don't have to worry and are easily remade if they are banned.

Unless ppd gets banned.
