For the moderators: Soon you're going to have to decide what kind of subreddit you want to have. Every red pill esque sub does it, or has it done for them.

Do you want people who live life and share experiences, or do you want abstract ideas and people speaking about men and women in the abstract.

RatDontPanic • 1 point • 3 October, 2022 02:42 AM

Fun fact, #ShortKingSpring is a trend that has already fizzled out. Also it only ever applied to celebrities, lol.

RatDontPanic • 3 points • 17 September, 2022 07:02 AM

My 16 year old niece and her baby's daddy (same age) just spent her first full day with her newborn baby. I'm dragging my teenaged daughter in on these calls so she can hear what hell it is, that'll freeze her hormones *solid*.

[deleted] • 1 point • 15 September, 2022 05:00 PM

You're absolutely correct. Let's hope it gains traction.

RatDontPanic • 1 point • 15 September, 2022 02:05 AM

Where can I go to advertise my new subreddit? It's all about diverting men from the Red Pill without all the MensLib radfem nonsense. See my profile for what I mean.

[deleted] • 1 point • 15 September, 2022 01:24 PM

whats your sub?

RatDontPanic • 1 point • 15 September, 2022 02:09 PM

My sub is r/HealthyDatingForMen/. Its mission is to acknowledge that hypergamy is real but use healthy methods of avoiding women who are like that while also discussing healthy self-improvement. Also right-sizing men's expectations, like understanding that the average man is not likely to get with a supermodel and these dating gurus with their photo-shoots with super hot babes is just a money-grabbing scam. All of what I offer is free.

[deleted] • 1 point • 15 September, 2022 04:51 PM

Not my cup of tea but you're welcome to promote it here. Just don't spam it out of context please.

RatDontPanic • 1 point • 15 September, 2022 04:58 PM

Thanks. I'm sick of the MensLib feminist hegemony in ExRedPill and feel their target audience would be better off without having feminism shoved down their throats.

[deleted] • 1 point • 14 September, 2022 06:28 PM

At least temporary.

[deleted] • 1 point • 14 September, 2022 06:28 PM

I am not gonna let you troll. Count this as a first and final warning. You will not insult people in this sub and you will not carry your moderation issues in here. I have already pointed this out several times. Next will be a (at least) ban

PPD-Angel • 1 point • 15 September, 2022 03:49 PM

This place is already more strict then PurplePillDebate. Dead in the water, as usual

RatDontPanic • 1 point • 11 November, 2022 03:52 AM

PPD-Angel • 1 point • 14 September, 2022 06:09 PM

Are you trying to silence and oppress me just because you don't like my opinions? This is just anti-woman bias. Typical of a moderator.

BumblingBeta • 1 point • 11 September, 2022 04:43 PM

[https://www.reddit.com/r/PurplePillDebate/comments/xaqumt/this\\_subreddit\\_moving\\_forward\\_incelrace\\_content/purplepilldebate](https://www.reddit.com/r/PurplePillDebate/comments/xaqumt/this_subreddit_moving_forward_incelrace_content/purplepilldebate) seems to be reviewing its rules and what you can discuss on the subreddit. maybe because they can see a sub like this competing with it and taking away users from that subreddit?

PPD-Angel • 1 point • 11 September, 2022 07:33 PM

No moderators consider this subreddit a competition. Do you have any idea how many PurplePillDebate competitors there has been since I started moderating here? This is the 7th iteration I have seen and it will fail like the other 6.

RatDontPanic • 1 point • 13 September, 2022 12:04 AM

It is now, because you banned the use of block, a legit reddit function. Looking forward to the time when Reddit decides to defend its functionality and zaps subreddits that force people to not use functions meant to defend their inboxes from undesirables. That was a bad move and your subreddit's gonna get banned. Just a matter of time.

BumblingBeta • 3 points • 11 September, 2022 09:20 PM

thats why i came to this sub. can't stand all the bitterness and anger from middle aged women on purplepilldebate who just want to be a nuisance. wonder what attracts so many middle aged women to that sub, because you almost never come across women in their early 20's or younger on there.

no\_bling\_just\_ding • 1 point • 15 January, 2023 11:29 AM

ppd may have bitter middle aged women but we have kokorwqac powered by autism

I think Mrs\_Drgree is mod in PPD. It would be useful to hear her/his opinion about this.

[deleted] • 1 point • 27 August, 2022 02:02 PM

haha

[deleted] • 1 point • 27 August, 2022 02:02 PM

but i'm not a woman

Glad-Discount-4761 • 1 point • 28 August, 2022 12:50 AM

Oh ..wow, that post didn't got approved. Ppd mods are getting crazy

[deleted] • 1 point • 27 August, 2022 02:02 PM

I see

[deleted] • 1 point • 27 August, 2022 04:33 AM

I understand.

Although I'm still very confused that my post did not get approved while this did:

[https://www.reddit.com/r/PurplePillDebate/comments/wykv1t/women\\_prefer\\_toxic\\_men/](https://www.reddit.com/r/PurplePillDebate/comments/wykv1t/women_prefer_toxic_men/)

If what you say is true and it's a female controlled sub that post above feels much more challenging and rejectable than mine, in fact, mine is more of a criticism towards men so...

Haha anyway, it just doesn't make sense.

Thanks for the advice.

Glad-Discount-4761 • 1 point • 27 August, 2022 05:43 AM

This is going to sound stupid.I have seen that if woman have same opinion as man related to dating.Moderators ban those women. At least that's what I feel

[deleted] • 1 point • 27 August, 2022 02:02 PM

Anyway, that's kinda twisted

BumblinBeta • 1 point • 27 August, 2022 04:14 AM

it's like that in a lot of subs. these places are overrun by silly rules that censor far too much. i've noticed the more female dominated a sub is, the more rules that are there. somehow they need a lot of rules to protect women it seems.

[deleted] • 1 point • 26 August, 2022 11:28 PM

Any idea why it's so hard to get your posts approved on PurplePillDebate?  
I've tried three times and nothing.  
Is it because I have low karma or because I haven't joined?

RStonePT • 1 point • 7 September, 2022 08:10 PM

Any idea why it's so hard to get your posts approved on PurplePillDebate?

Because it exists to have bored soccer moms and Stem chicks shit on red pill guys, with the occasional doxxing of any red pill guy of any worth who acts in good faith. 8 years and it's never had a worthwhile post ever.

Except the one where whisper points out WHY it's the cesspool that it is

BumblinBeta • 1 point • 27 August, 2022 02:52 AM

usually it's certain words which get the post flagged. words like "incel" get the post flagged for approval by a moderator. i dont like the way so much of the debate gets censored and watered down on that subreddit. far too many silly rules.

[deleted] • 1 point • 27 August, 2022 03:51 AM

Today I tried to post this over there

[https://www.reddit.com/r/AllPillDebate/comments/wycdqu/if\\_cheating\\_comes\\_from\\_a\\_man\\_its\\_not\\_that\\_bad/](https://www.reddit.com/r/AllPillDebate/comments/wycdqu/if_cheating_comes_from_a_man_its_not_that_bad/)

I don't understand what the problem is, I also think they are too demanding (with some people, because others seem to be able to post anything).

What's the point of having a sub that consists of debating if it's so complicated to post? Haha.

Obsidian\_Koizl • 1 point • 31 August, 2022 03:37 PM

H

BumblinBeta • 1 point • 27 August, 2022 04:15 AM

it's not going through because you've used a bunch of words that will trigger the filters and make them review it. feminists, mgtow, black pill. put spaces between the letters in those words. although they might notice that, because i'm guessing it would have been reviewed by a moderator there already and rejected.

BumblinBeta • 1 point • 26 August, 2022 12:18 PM

is there any way to get a subreddit banned? not this one obviously but r/incel tear basically its just shitting on people who are struggling and in less fortunate situations than themselves. not sure if that qualifies as grounds for getting it banned, but it looks like a horribly toxic environment.

RStonePT • 1 point • 7 September, 2022 08:11 PM

banning the incel subs are why they flocked to all the other ones and caused a cascading effect of subreddit bans and toxicity.

Trust me, you want the cesspools centralized

[deleted] • 1 point • 26 August, 2022 11:54 PM

I didn't know this existed, I'm going to check it out.

Antisocial\_Nihilist[S] • 1 point • 25 August, 2022 08:10 PM

If you guys are enjoying this subreddit and think others would to, you should find posts you like here and cross post them on other relevant subreddits

it will greatly help bring more attention here, and subscribers!

RatDontPanic • 1 point • 22 August, 2022 11:22 PM

I'm thinking about getting into the erotic fiction market. Thing is I keep re-thinking myself out of it. I want to write about women who fall in love with average men and really have the hots for them. Women in power who slay dragons for the love of a common man. Women who don't look down at a man for having insecurities and who stand by him the way men do with women. Warrior women who go for cubicle dwelling working class dudes and turn into battle couples (see: "Chuck" the series). Overall, places where men don't get penalized by women for being less than dominant (since "alpha" is so un-pc now). Real genre-busting stuff without the magical girlfriend issues.

Thing is I can't bring myself to write human women into those scenes, only alien women. It just doesn't come across to me as real in any other way.

RStonePT • 2 points • 7 September, 2022 08:12 PM

I'm editing my second book now, and I'll say this... the biggest hurdle on your book isn't the quality, your insight, or anything other than actually finishing the first draft.

90% of people make it that far. The rest of your problems are irrelevant

RatDontPanic • 1 point • 7 September, 2022 09:06 PM

I'm editing my second book now, and I'll say this... the biggest hurdle on your book isn't the quality, your insight, or anything other than actually finishing the first draft.

Fact. I'm through what should be the first two books, I want the whole thing done before I send it to someone for editing.

RStonePT • 1 point • 7 September, 2022 09:08 PM

How many words a day you writing? Are you doing outline or discovery writing?

RatDontPanic • 1 point • 7 September, 2022 09:12 PM

I'd say discovery, and I'm doing 2-3 pages a day. Where I'm at now requires lots of research, and I'm getting bogged down hard in Ainu culture and names.

Glad-Discount-4761 • 1 point • 23 August, 2022 10:35 AM

Not same idea but I once heard the story like rich woman falling for dad's employee(low level job) and she get disowned for siding with him.Rest is history,their struggles or whatever

RatDontPanic • 1 point • 23 August, 2022 02:03 PM

Rich women / poor man stories do come up frequently. But that's where the trope-breaking stopped, basically. "Chuck" stands alone in terms of breaking the trope that it broke.

[deleted] • 1 point • 22 August, 2022 07:30 AM

just women things

BumblingBeta • 1 point • 20 August, 2022 05:45 PM

I know I bitch a lot about purplepilldebate here, but does anyone find there are a lot of old married (or maybe divorced) women on that sub who just come to post snarky, unhelpful comments all the time? There are female several users on there who I see regularly who never make a useful contribution, they're just there to post something smug and generally unhelpful. I hope this subreddit doesn't become like that.

Scarce12 • 1 point • 6 January, 2023 11:49 PM

PPD is nowhere near as bad as /r/deadbedrooms and other places when it comes to divorcees dishing out advice

RStonePT • 1 point • 7 September, 2022 08:12 PM

What do you think the place was designed to cater to?

BumblingBeta • 1 point • 18 August, 2022 12:19 AM

<https://www.okcupid.com/profile/7988383134174209910> if anyone can see this, do you think she's legit? 18 years old, massive muscles. even if that is real and not photoshopped, that must be a lot of steroids she took. i wonder what her training routine looks like as well. the same as a natural lifter do you think?

[deleted] • 1 point • 16 August, 2022 09:29 AM

Thats kinda funny coming from you :-)

Mrs\_Drgree • 1 point • 16 August, 2022 08:26 PM

Hey, the only time I reached out to the mods was when you sent me there!

BumblingBeta • 1 point • 15 August, 2022 07:34 PM

how did she find this subreddit? i got invited to post here.

Mrs\_Drgree • 2 points • 15 August, 2022 08:28 PM

Some people can't wipe their own asses without calling the mods...

[deleted] • 1 point • 15 August, 2022 05:55 PM

what a joke LOL

[deleted] • 1 point • 15 August, 2022 05:55 PM

@BumblingBeta just look at this

BumblingBeta • 1 point • 15 August, 2022 05:52 PM

u/zoloftabuser Wow. Well hopefully this subreddit grows. Most of the rules on PPD make no sense.

RatDontPanic • 1 point • 19 August, 2022 12:37 AM

Not being able to block idiots on there makes it uninhabitable.

[deleted] • 1 point • 15 August, 2022 05:15 PM

u/BumblingBeta I just got shadowbanned for calling out u/poppy\_blu, when I didn't even break the rules. No message, warning, or anything

SaltyGeekyLifter • 1 point • 15 August, 2022 03:59 PM

u/Hodgekin thanks mate. I may well follow!

u/BumblingBeta yep. I feel your pain.

BumblingBeta • 1 point • 15 August, 2022 12:49 PM

Also got a 3 day ban on PPD yesterday for telling a woman she needs to improve her performance in the bedroom if men would prefer watching porn to having sex with her. That was apparently "uncivil". If you can't say that, what can you say? It's like we're wrapping everyone in cotton wool these days. Any tiny thing that might offend someone's feelings gets removed.

BumblingBeta • 1 point • 15 August, 2022 12:45 PM\*

u/SaltyGeekyLifter I also got a 3 day ban recently for harassment after I questioned someone's age after they made a particular post in PPD. Basically I went through their past posts and questioned whether they were the age they said they were. Apparently that's harassment. I have had numerous people go through my past posts and call me an incel in different subreddits, but they never got banned for harassment.

[deleted] • 1 point • 14 August, 2022 12:11 PM

if the mods keep this up, I'll leave the sub too.

[deleted] • 1 point • 14 August, 2022 12:11 PM

that's pretty lame. that doesn't even fall under the definition of harassment. someone reported you, most likely lovers691, and I don't know how the ban system works, but it's messed up either way. I support you calling someone a douche!

SaltyGeekyLifter • 1 point • 14 August, 2022 05:37 AM

The automod, citing "harassment" and pointing at the douche post. Lovers691 had slapped my wrist over it the day before, and then there was a bit of interplay with IrrungenWirrungen.

Whether either of those fired up the automod I can't say.

[deleted] • 1 point • 14 August, 2022 02:13 AM

u/SaltyGeekyLifter who banned you? calling people names shouldn't be grounds to ban people.

SaltyGeekyLifter • 1 point • 13 August, 2022 04:18 PM

Sub. Frickin' autocorrect...

SaltyGeekyLifter • 1 point • 13 August, 2022 04:18 PM

Right. So this is me back from a 3 day complete Reddit ban for calling a bloke in this sun a douche - who was acting like a douche.

Once. I said it once.

Is “douche” hate speech? No it is not.

I now believe this sun is an echo chamber, and will treat it as such.

[deleted] • 1 point • 11 August, 2022 07:04 AM

Looks like we will be breaking 200 before this week ends. Call me Prophet

Antisocial\_Nihilist[S] • 1 point • 9 August, 2022 10:33 AM

this sub is inclusive to everyone, and we remove comments which are openly threats or hate speech but getting quarantined is a real possibility

[deleted] • 1 point • 9 August, 2022 10:31 AM

why would they

HinduProphet • 3 points • 9 August, 2022 07:01 AM

I am afraid that reddit will ban this sub
