Yes! His tweet reminded me of Depp as well. Depp painted AH as an abuser bc she wanted to work things out while he just wanted to ignore/abandon her 🚩🚩🚩

To someone only able to view women as victims and men as oppressors, this makes sense. Leave feminists alone, help men, instead.

That's the problem with the men's movement. They don't know how to ignore feminists. So they're constantly arguing with feminists instead of helping men

On the internet in places like Reddit, I agree there is a lot of wasted time on feminism. But not all of us spend our time so fruitlessly. We obviously have to deal with feminists because they oppose every attempt we make to improve the lives of men and children (and women in some ways). But the MRM is having success in many countries and is building internationally by only taking on feminists as they directly oppose us, not otherwise. The bickering on the internet is not a reflection of all the good work being done.

the smart option for men is to leave as quick as possible

prevents the likelihood of allegations and other toxic by-products like poops in the bed (mostly)
