It wasn't really that helpful, nothing of substance was actually addressed in that stupid thread. It was all Oh shit what stupid people are these who say kill all men, but oh well it's just a very loud super minority of people but real feminists fight for the equal rights of all! Yet, apparently, these tiny super minority of people are able to change the whole goddamn world cancel shelters for men suffering from domestic abuse, blame the high rate of suicide entirely on men even though for a discrepancy that big to exist is a reflection of a deeper issue that undoubtedly would involve a lot of aspects, believe all women and send men to jail for the slightest shit, normalize emasculating and demonizing men that the rate of male college enrollment and men with healthy relationships is dropping at a crazy rate, and on and on...

I agree with them in the sense that maybe a minority say out loud kill all men, but as the greatest saying in the world say, "Actions speak louder than words.", and unfortunately the actions of the majority regardless of how subtle or how righteous it feels to them does indeed reflect the sentiment that is voiced by that "tiny" minority.

Oh well, another issue that is twisted to avoid all sorts of accountability and just make themselves feel better, how short sighted really.

All feminists are misandrists, that's the truth

Acceptable\_Branch\_81 • 1 point • 21 December, 2022 06:10 AM

That's not the truth.

that's a perversion of reality.

Greg\_W\_Allan • 3 points • 19 December, 2022 04:47 AM

Feminists were responsible for decades of exclusion from taxpayer funded services experienced by male victims of child sexual abuse in my country. Thousands committed suicide, many of which may have been prevented had they been able to access the services they needed. Feminists will never cleanse that blood from their hands.

Acceptable\_Branch\_81 • 0 points • 21 December, 2022 06:13 AM

What is your country?

Private or public organization?

In what country have the budgets for taxpayer services been allocated by a female only panel that consisted of only feminists for decades other than the fairyland in your head?

Greg\_W\_Allan • 2 points • 21 December, 2022 09:22 AM

What is your country?

None of your business.

Private or public organization?

Community sector.

allocated by a female only panel that consisted of only feminists for decades

Government appointed Equal Opportunity Commissioners - ALL outspokenly self described feminists - granted exemptions from equal opportunity laws to feminist organisations. ALL funded services in my state had feminism built into their constitutions. ALL those services applied for said permission to exclude based on sex alone. They knew what they were doing AND knew the potential consequences.

the fairyland in your head

How about you don't fantasize about what I may or may not be thinking.

Low-Lake-39241 points 15 December, 2022 03:00 PM **[recovered]**

You are a misandrist because all feminists are idiots and misandrists and hate men. Apparently you hate men too.

ArtemisMinion1 • -3 points • 13 December, 2022 03:07 AM

Call me crazy , and it is not ok, but I don't think the law or society should get involved unless someone loses their agency..

If my 110lb gf attacks me I can shove her away and leave the situation whenever I want. If I attack her she can only leave if I let her..

We shouldn't pretend it is ok to stay with someone who is physically abusive male or female.. and that is kinda what we are saying by playing into the DV victim narrative where they pretend it is not their fault they stayed...

The abuse isn't the victims fault , but staying for damn sure is.

nacho-chonky • 14 points • 13 December, 2022 11:46 PM

You have never met an abuse victim I see. A close friend of mine was being beaten by his wife, he did not fight back because HE would be arrested, pushing her away would do nothing as she would come back with a weapon or throw things ext. he couldn't leave because he had his child there, he had to protect the kid from her too. When he had to finally leave when shit got real bad him and his kid stayed with me for about a year to get on their feet. But the point is that it is not as easy as you think

ArtemisMinion1 • 1 point • 14 December, 2022 11:34 PM

I have been involved in abusive relationships and have never once laid my hands on a woman or child in anger..

I have also personally been part of 2 failed interventions where a female was legit getting beat up and the family and friends were just shoveling resources and protection at them to get them to leave and they wouldn't..

I don't go in for people putting their feels over reality.

ArtemisMinion1 • 0 points • 14 December, 2022 11:27 PM

Unless he left?!! Just like a female in an abusive relationship should've expected to leave.. it is ridiculous to play into the whole "but he/she loves them so it is ok they stayed" narrative.

If there is a kid that is even more reason to leave and set up an alternative place for the kid to be?!?!?

There is no justification to stay with an abuser longer than it takes to sneak away.. period, and it is insanity to pretend otherwise..

"Well I'm gonna let my kid learn it is ok to abuse them or be abused "to protect them" ..

Acceptable\_Branch\_81 • 1 point • 21 December, 2022 06:14 AM

Thank you!

Laytheblameonluck • 10 points • 13 December, 2022 03:10 PM

If my 110lb gf attacks me I can shove her away and leave the situation whenever I want

She can use a kitchen knife and sever a main artery, you can shove her away and say "it's just a scratch" and we can all follow the blood trail to locate your corpse later. Good one.

ArtemisMinion1 • 1 point • 13 December, 2022 06:25 PM

That changes everything.. if she has a weapon then you lose your agency and have every right to treat her like a man. Imho

[deleted] • 4 points • 14 December, 2022 04:50 PM

If my 110lb gf attacks me **I can shove her** away

That's illegal in some Western countries, attack or no attack, weapon or no weapon.

ArtemisMinion1 • -1 points • 14 December, 2022 11:30 PM

No it isn't .. self defense is always legal. If she lies and the state believes her that could happen with any thing.

The " it is ok she/he stayed because they love bombed them" is ridiculous.

[deleted] • 3 points • 15 December, 2022 04:12 PM

You have obviously never heard of the Duluth Model...which is what most Police forces use in the West. It assumes the man is always the perp based on "male privilege" so when the Police arrive, it's always the man who gets arrested...even when bleeding out. An arrest can be enough to be cancelled, lose your job, home, rights, etc.

Also if you are attacked in public by a woman you need to be very careful when you defend yourself. Just pushing her gently away can lead to being mobbed by the white knights of society. What's worse... a woman hitting you or getting your head caved in by plebs defending her "honor"?

ArtemisMinion1 • 2 points • 15 December, 2022 04:19 PM

If there is video it is going to be self defense.. should police officers always assume the male was the aggressor?? Absolutely not.. but it is not the same thing when a 110lb woman takes a swing and when a 250lb man does.. that is ignoring the reals over feel, which is the entire problem with DV advocacy in the first place.

We should be removing the feels from female DV advocacy, not adding the feels to Mens DV advocacy.

There is never a justification to stay with an abusive partner no matter who is being abused.. all of society should have an expectation the abused person leave, not remove the expectation for men to leave.

The whole "only you know when it is time to leave " narrative " is ridiculous... an abuse victim is always the last person to realize they should leave.

Acceptable\_Branch\_81 • 1 point • 21 December, 2022 06:32 AM

You're very confused and both underestimate law enforcement while simultaneously diminishing commonenes and ignoring FACTS. First, men and women experience domestic violence differently. Secondly, the majority of domestic homicide victims (killed by ex/partner or a family member) is 80% female. Of the suspects 96% Were male. Of the 20% of male victims of domestic homicide, the suspect was female 38% of the time. I LIVE IN THE STATE WITH THE HIGHEST DEATH RATE OF WOMEN KILLED IN DOMESTIC VIOLENCE . It's pathetic how men are no longer men

[deleted] • 1 point • 21 December, 2022 03:18 PM

Where are these "facts" other than your own words? I gave you a FACT: The Duluth Model **which states men are always the abusers in a police call out for abuse.**

Even the creator of the Duluth Model, found the Duluth Model unrealistic in relation to actual DV call outs.

Another link I doubt you will read.

Simple "FACT" here is you don't want facts, you want feminist rhetoric, because you either are one, or you're one of the weak "men" you refer to in your last sentence.

R3dUrDead • 2 points • 16 December, 2022 05:59 PM

Staying isn't the victims fault. When people are abused, they are also psychologically abused as well often to a point that they believe they cannot live without the other person.

ArtemisMinion1 • 0 points • 17 December, 2022 01:34 PM

Garbage.. that is a sad deflection. Maybe I believe I cannot live without murdering my ex.. that is not a justification to murder my ex..

Emotions are not logical nor objective and pretending they are is both ridiculous and guaranteed to have a negative result. All of society should have a expectation the person leaves or it will never stop.

R3dUrDead • 1 point • 17 December, 2022 02:51 PM

You can think what you want, it doesn't change the fact that you're wrong.

ArtemisMinion1 • -1 points • 17 December, 2022 03:00 PM

No your putting feels over reals which is a very female thing to do.

R3dUrDead • 2 points • 17 December, 2022 04:38 PM

Which is something a lot of victims don't have the mental ability to do any longer from the abuse. Psychological abuse deteriorates your brain. It fucks with your cognitive ability to make decisions for yourself.

Genuinely, I don't count on you to understand that. Also, your remark is sexist, but it doesn't offend me as I don't think women are lesser than men. Way to expose yourself jack ass.

ArtemisMinion1 • 0 points • 18 December, 2022 03:58 AM

Oh so can I play that same card after I murder my GF?? "Well mentally I didn't have the ability not to murder my GF because she was verbally abusive"..

What about "I didn't have the mental ability not to rob the person because I was detoxing off dope and I needed my fix"....???

That is why putting feels over reals is ridiculous.. emotions are not logical nor objective.. the world doesn't care how anyone feels about anything. It only cares about what the reality is and pretending otherwise is not only ridiculous it is also dangerous.

It doesn't matter how someone getting beat up in a relationship feels about it. The reality is they should leave at the first safe opportunity.

Why in the hell would we ever care what someone who has been brainwashed and beaten down's opinion on the subject is?!? Obviously they are making terrible decisions.

Your sad deflections are hilarious.

R3dUrDead • 1 point • 18 December, 2022 04:55 AM

The reality is is, if you said these things to my face, you wouldn't have teeth.

You lack respect and proper humanity for victims of abuse.

The irony is that later on in life, if you get that far, you will end up in a nursing home where you will very likely face horrifying situations.

You will be kept alive with the medicine they force feed you. You will soak in a bed in your own urine and feces. You will not be able to get up without help, and there really isn't much you can do to stop it.

Its not too late though. You COULD kill yourself.

ArtemisMinion1 • 1 point • 18 December, 2022 07:19 PM

BWAHAHAHAHA A KEYBOARD WARRIOR HUH!!

I swing a sledgehammer for 6, 12 hour days a week doing extremes sport construction... if your not special forces or a trained UFC fighter you lose.. and in my experience only weak Bs play keyboard warrior..

Weak Bs who don't have a rebuttal. □

R3dempt10n • 1 point • 18 December, 2022 08:13 PM\*

You just outed yourself as a sexist and you're too dumb to realize it.

I don't need to be big and strong to overpower you. You have a pipsqueak brain, and unfortunately for you being smart matters more. You have to swing a sledgehammer 12 hours a day because you're not smart enough to do anything else. The people using those ramps are more talented and smarter than you could ever dream of being.

You're a laborer, you're paid to swing metal not talk, so shut the fuck up and do what you do best.

Hammer away, jackass.

ArtemisMinion1 • 1 point • 18 December, 2022 07:29 PM

Such a tough guy , but you get beat up by a woman on a regular basis... you made my day cupcake. I'll be giggling to myself all day.

Acceptable\_Branch\_81 • 1 point • 21 December, 2022 06:40 AM

I wouldn't waste my time on someone who can only express an opinion about such multilayered and intricate situations by using terms a 7 year old would. Feels and reals. Omfg.

Acceptable\_Branch\_81 • 1 point • 21 December, 2022 06:38 AM

You are so naive and stupid. Seems to me wars prove that both sexes are ridiculous emotionally at times. How many mass shooters are female mr. Feels?

Your lack of insight, understanding of basic psychology, absence of the awareness regarding complexity of family dynamics, cluelessness about access to money and resources, and unwavering incorrect position is sad and frightening.

ArtemisMinion1 • 1 point • 21 December, 2022 02:33 PM

A) Obviously both sexes can be emotional.. on average though women are far more emotional than men but there are always exceptions.

B) Wars are not fought for feelings lol they are fought for land, resources and who gets to be in control?!??

C) if you are with someone who might kill you, they are the danger to you.. there is always the chance you could slip and break your neck , whether you stay or go. So staying with a dangerous person is compounding your risk.

ESPECIALLY, for a female in the modern era.. there are countless charities and other potential suites who are not dangerous who would be happy to provide for someone willing to play the good girlfriend.

Abusive partners are not the average...it is not 50/50 when you enter a relationship. Your with a 1 in 500 POS.
