lol this is not in solidarity against sexism.

That's in solidarity with sluts - they're trying to eat the cock and marry the cuck too.

Girls who're not-sluts can say "3" and mean it, while sluts have to lie or risk getting the guy spooked.

If everyone says 8 billion the non-sluts won't have their "Madonna" advantage, and the sluts will have.. you get the point.

To be clear: nothing against sluts, non-sluts or cucks.

figosnypes • 15 points • 2 January, 2023 11:42 PM

Lol but if a guy lies about his body count they'd want him charged with sexual assault because sex on false pretenses.

puririnpa • 6 points • 2 January, 2023 11:44 PM

do women actually care about a guy being too slutty?

figosnypes • 8 points • 2 January, 2023 11:49 PM

No but they'd care if he was a virgin.

EDIT: And actually yes I know some women who do care if a guy slept with too many women, like my friend who literally tries to find out guys' body counts before dating them because she thinks high body count means he's gonna cheat lol.

How they were trying to find his n count?

She would often steer conversations in that direction and ask leading questions. Often times she would try to set up situations where people are drinking alcohol to facilitate this. And believe it or not, party games have also been a weapon of choice. This chick literally has a rotation of games, like Never Have I Ever, which involve asking questions about sexual history. I am fairly certain I was one of the guys she was interested in when we first met, and the way she would constantly propose "let's play get to know you games" to the group was so bizarre. And she would seek out new games like this, she has bought like 3 different games of this type since I have known her. I picked up on this pretty quickly, then one time I was talking to this guy she was obsessed with who hated her for some reason. Like usual, he was trashing her while I was defending her. Then suddenly he says, "when he hung out last summer she kept obsessively asking me how many partners I've had." I still remember the feeling I had when he said that, because it hit me that my suspicion about the games was 100% correct. I literally had secrets come out about me because of her little ritual.

Glad-Discount-4761 • 1 point • 9 January, 2023 09:00 AM

Wow.

Now feeling like I should do same lol

This chick literally has a rotation of games, like Never Have I Ever, which involve asking questions about sexual history

What types of questions she asked? like hey have you ever slept with prostitute or something?

figosnypes • 1 point • 9 January, 2023 09:04 AM

Don't think that question specifically was asked but other very intrusive questions.

It is creepy and unhinged behavior, if you actually think it is ok then you likely have a personality disorder.

Glad-Discount-4761 • 1 point • 9 January, 2023 09:05 AM

It is creepy and unhinged behavior, if you actually think it is ok then you likely have a personality disorder.

That's true as I have BPD traits

Don't think that question specifically was asked but other very intrusive questions.

Well she must be good manipulator

figosnypes • 1 point • 9 January, 2023 09:08 AM

Fairly certain she is BPD and yes one of the most manipulative people I have ever met. What's hilarious though is that she can't lie so it is pretty easy to spot when she is being sketchy.

CatZealousideal3735 • 1 point • 6 January, 2023 04:41 AM

Yes. Only virgin males are worth marrying.

MicrosoftOSX • 8 points • 3 January, 2023 12:27 AM

If there is nothing wrong with body count, why lie? Just refuse to tell would be enough. is there a reason to call up all women? It is very odd she felt the need for a scheme. If she refuse to give that info, she can just do that... very odd

warramite • 2 points • 3 January, 2023 09:28 AM

They all know men dont like it but virtue signal otherwise

FortniteAbobus • 7 points • 3 January, 2023 12:21 AM

What about your credit history? Bank doesn't owe you a loan, roastie.

revente • 3 points • 3 January, 2023 01:46 AM*

Idk, it seems fair when every place in the manosphere advises men to agree and amplify whenever they're shit tested.

Fuck nosy people. If you want sincere answers about my intimate stuff then stick around and prove your worth.

It took my friends years to earn this, why does a random bimbo wants to know my private stuff on a first date?
And the same logic should be valid for women.

warramite • 4 points • 3 January, 2023 09:26 AM

mib732 • 2 points • 3 January, 2023 03:28 PM*

Then men should simply lie about whether or not they are virgins. LOL if women play games just for their benefit, then what is the incentive for men to be honest about their experience in dating?

mib732 • 1 point • 3 January, 2023 05:07 PM

I mean, that's totally different though. I am talking about women who are judgmental toward men who are virgins. More power to the woman who isn't judgmental.

Best_Illustrator_137 • 1 point • 3 January, 2023 08:53 PM

Lol, they act like men will just fall over and say "oop guess we have no choice but to commit"..lol those days are over and feminists are the only ones stuck in that past..and ppl act like just a verbal tell is all people can see..most people can pick up even the slightest cues of deception or lies..actions speak louder than words

Tell me you aren't in the dating market without telling me you aren't in the dating market ☐

TsugaC1 points 3 January, 2023 09:26 PM [recovered]

I dated from age 15 to age 25. At 28, I'm settled. But I dated, and I never dated a stranger and never dated anyone whose views and credos I disagreed with.

And guess what? Neither are you guys. You aren't dating or remotely at risk of dating promiscuous women. So what's with the catastrophizing?

Best_Illustrator_137 • 1 point • 3 January, 2023 09:28 PM

Lol bro, I already knew I could tell you weren't on the market, and as a 20 something year old, I've dated a few..get yo old ass off this sub if you ain't even participating in dating..old ass □□♂□

TsugaC1 points 3 January, 2023 09:56 PM [recovered]

You're twenty years old and still pee/pants petrified that a woman your age has more experience? What have you need doing with your life?

Best_Illustrator_137 • 1 point • 3 January, 2023 10:03 PM

Bro just call a spade a spade, yeah sorry I don't *fck with hoes lol..but then again your an old fck* who's still browsing dating subs while in a relationship and haven't been in the dating market in like 20 years so what the hell do I expect you to know..□♂□□

TsugaC1 points 3 January, 2023 10:05 PM [recovered]

Yeah promiscuous women aren't interested in neurotic, uptight religious men. But I have to work with you guys so yeah, Ima keep up with your latest anti-woman rhetoric which sabotages women in my field.
And I bet I'm the same age as you.

Best_Illustrator_137 • 1 point • 3 January, 2023 09:20 PM

You literally said it's less cuck to be with someone with a checkered past and cuck to not deal with ppl like that..make it make sense □♂□

LiftSushiDallas • 0 points • 3 January, 2023 02:30 AM

Nothing wrong with this really. The red pill advises men to do the same thing using the "agree and amplify" tactic. If a woman asks him his body count, he should say something like, "You mean today?" or "Does X count?" Or "Let me try counting..."*pretends to count on his fingers." They advise not giving a straight answer on this.

So there's nothing wrong at all with women using agree and amplify to answer this. This doesn't have to be a "feminist revenge" thing. Just use the same red pill advice given to men.

Waschbar-krahe • -4 points • 2 January, 2023 11:05 PM

I mean, unless there's something going on medically, does it really matter? Things happen in life to some people, and I'll agree, i don't personally like the "hoe phase" stuff, but at the end of the day, it doesn't change the person in front of you.

zastale • 4 points • 3 January, 2023 12:20 AM

It matters. If a person was an alcoholic, drug addict, gambler, I'd like to know.

Waschbar-krahe • -6 points • 3 January, 2023 12:22 AM

I consider those things pretty different from being a bit careless with sex... As someone who was raised by addicts, i can't see the two as comparable.

zastale • 7 points • 3 January, 2023 12:24 AM

You have to know someone's past to predict their future.

If a woman couldn't lock down *one* man despite having multiple partners, it's a red flag.

Waschbar-krahe • -4 points • 3 January, 2023 12:26 AM

I don't see that as a sexual issue and seems to be more of a personality/ commitment issue. I had a discussion with another person on here that you could look at if you'd like to see my views on the subject and we could debate from there. It's a bit tiring to repeat myself, y'know?

mib732 • 1 point • 3 January, 2023 03:31 PM

It matters for social reasons and predicting the future when you are with someone in my opinion. People tend to have a lax attitude toward promiscuity and we now have all these problems in modern dating.

CatZealousideal3735 • 1 point • 6 January, 2023 04:43 AM

If a man can't lock down one woman after having multiple sex partners is a red flag. Only virgin men are worth to be husbands. The rest of you deserve to be treated as the rejects of society.

FortniteAbobus • 4 points • 3 January, 2023 12:33 AM

"I killed 15 people, BUT THAT WAS IN THE PAST. I promise, I won't kill anyone."

Waschbar-krahe • 1 point • 3 January, 2023 12:34 AM

That doesn't really seem comparable.

FortniteAbobus • 5 points • 3 January, 2023 12:44 AM

I know. It was example of something unacceptable. Past actions define current. No significant changes, no prerequisites. Did she do it because poor self control? Or it was intentional action? Relationships are investment. Why not do some background check to have glimpse of the future?

Waschbar-krahe • -1 points • 3 January, 2023 12:47 AM

A high body count doesn't impact a person's personality. If you can say you like someone and they show themselves to be a good person, does it matter who they've slept with? Not wanting someone who is in and out of relationships is understandable, but that's an issue of personality, not their sex drive. Unless of course, the issue was them cheating. Cheating is an entirely different subject.

FortniteAbobus • 6 points • 3 January, 2023 01:02 AM

Lack of self control is part of personality. If someone has huge problems with this, people around should be informed. Is being whore a ultimate bad or good trait? Some will find it unattractive, some will use this opportunity that been hidden under "good personality". Being male virgin in current society is shameful. But not at this sub. Why should we follow "don't ask, don't tell" rule?

And what is "good person"? I'm doin' tax fraud and promote genocide. But people think I'm "good" because they don't know about it.

At OP's example such question asked by potential partner, so being "good person" also means being "good" in specific parts of your life.

So you knew their bodycounts, right?

Most of red pill men...

I don't care.

Antisocial_Nihilist • 0 points • 3 January, 2023 06:47 PM

A high body count means she could be carrying an STD, or could be prone to cheating and not being serious about a relationship with you. Just to name a few.

It's pure cope for women to think that it doesn't matter. Like 90% of guys care about a woman's past sexual history, because the greatest predictor of future behavior is past behavior.

He may not care if he's just looking for a 1 night stand. But a man who's looking for a committed relationship absolutely would care if she has a high body count.

Antisocial_Nihilist • 0 points • 3 January, 2023 06:35 PM*

Men should lie to about thier job and salary as well then.

From now on if a woman wants to know your salary, just say you're a CEO at some big tech company and make \$750,000 a year.

[deleted] • 1 point • 3 January, 2023 05:01 PM

The issue isn't that men can't date high body count women it's how high body count are harassed and attacked that's the problem. This won't solve anything
