When will the blackpill kill all copes? First looksmaxxing then gymmaxxing. I think it will take longer for geomaxxing to die. But the sooner it does the better it will be.

Constant_Ad6906 • 2 points • 25 January, 2023 12:18 AM

I doubt but I have never been to Japan so I can't say.

i hope the guys are more open :))

Maybe they would like western women.

Japan and South Korea are first world countries with even worse feminism problems than the U.S. As someone well-researched on sex tourism, I try so hard to tell men to avoid China/Japan/Korea and go to Thailand/Phillipines if they really want Asian women, but lots of sex tourism aspirants are weeb who insist on going to one of the richer nations. At that point, suit yourself.

Don't get me wrong, international dating can work out in China/Japan/Korea from time to time, but those nations aren't ideal.

japanese and korean women have higher smv due to lighter skin, but i think japanese and korean men nowadays are more open to "jbw" or "just be foreign" than their women now

MachiNarci • 1 point • 25 January, 2023 12:23 AM

I don't have the stats with me now, but i'm half-certain South Korea is the western nation with the most foreign brides per capita.

puririnpa[S] • 2 points • 25 January, 2023 12:26 AM

That is mostly because of seamaxxing, but even amwf among zoomers is more common in south korea than wmaf, i think japan is catching up too(lifefuel for ricecels and females, suifuel for everyone else)

Geomaxxing works in Japan if you're only slightly below average even with younger women but it doesn't work with ugly guys at all. Hence why I'm going to the Philippines or Thailand. Would be nice if it worked with Japan tho.

Hufferthepuffer • 2 points • 25 January, 2023 04:41 AM

Also asking a few women is dumb. The women who desire white men in Japan are the equivalent of those who desire Japanese girls in America. They're a minority but they're vocal.

Last-Post2085 • 2 points • 25 January, 2023 11:59 AM

Dunno why you would want to date a woman from another country anyway. The fucking culture and languages barriers? Fuck that.

puririnpa[S] • 1 point • 27 January, 2023 08:25 PM

because americans are gay and asian girls are "close enough to femboys" by their bodily and facial features

TaxNegative161 • 3 points • 25 January, 2023 01:42 AM

God damn it! Fewer and fewer women will be willing to settle for an anti social who fears having to change in any way! Even if you're white! Grrrr feminism!!

puririnpa[S] • 2 points • 25 January, 2023 01:57 AM

But yiu can be the female ver of that and jbw in japan, feels good

zastale • 0 points • 25 January, 2023 01:51 AM

Stay mad, incel.

Most men and women date within 5 years of their age (expected to narrow to an average of within 4 years of their age very shortly here too).

The pool of twenty somethings (regardless of gender) who will date people in their thirties is very tiny and narrowing every month.

puririnpa[S] • 1 point • 28 January, 2023 08:45 PM

i'm honestly not even referring to age gaps, even if an 18 year old western guy travelled to japan, girls from his age group wouldn't be as excited to see a western dude as they would like if it was 80's.
