

you should only rope, AFTER you've done everything.

Listen, I don't want to tell my fellowcels how to live, but if you haven't maximized your looks to their fullest potential, which includes cosmetic surgeries and working out/ getting fit, then I can't feel bad for you when you finally check out. I can't take anyone seriously who didn't even gymmax before giving up.

I've done everything but plastic surgery. I'm so ugly that surgery won't even help. I'm really considering roping at this point :/

Kinda not really. I might do it after I get all my surgeries and don't ascend.
