Society would be better off if it stopped lying to incels.

Discussion

This is going to be a hot take, but I see lots of advice coming from different circles that incels should do "xyz" to improve themselves to attract a woman. But the cold truth of the matter is that a lot of these incel types don't even clean up very well. They simply don't have what it takes to attract women and no amount of being more confident or adjusting thier beliefs are going to fix that.

And I'm saying this as a woman. I've seen incels in real life and had the chance to interact with them personally. A thought experiment I'd always run in my head is "what could he do that would make me attracted to him?", and the answer was universally "NOTHING."

Society needs to quit lying to these guys. In a world where women are free to choose who we have sex with, they're the losers. They're the guys who don't get picked. Sorry, but that's the truth. The sooner we can come up with better methods to artificially pacify these men's sexual needs and to help them come to terms with thier situation, the better off everyone will be.

Women will be better off without these guys creeping on them. And incels will be better off because they are being told the truth, and society is offering methods/alternatives to help alleviate thier frustrations.

When you lie to these men, they turn to misogynistic grifters like Andrew Tate for guidance. And I think that is way worse for everyone involved than just getting these guys to accept the truth.

I don't get it

FortniteAbobus • 3 points • 18 February, 2023 11:43 AM

Just found "black pill" gif. Damn, it's a "Home Alone" guy. Definitely me: I'm at home, I'm alone and have bunch of blackpills.

MasonSub4[] • 1 point • 19 February, 2023 08:59 PM

yeah if it wasn't for his acting career he would've been an incel who is actually spending the rest of his life home alone.

Antisocial_Nihilist • 18 points • 18 February, 2023 12:19 AM

Aaaannnd its gone.

That sub is comical. At least she admitted that the reason why they hate incels isn't because of muh mean words but it's because they co-exist around women while being concurrently short/ugly

Antisocial_Nihilist • 22 points • 18 February, 2023 12:26 AM

Of fucking course the mods would delete this shit ASAP. This is pretty much confirming our beliefs.

RatDontPanic • 1 point • 18 February, 2023 10:19 PM

Or they simply didn't agree with such toxic bs. It certainly runs contrary to the popular wisdom there.

Antisocial_Nihilist • 3 points • 18 February, 2023 11:31 PM

What wisdom would that be?

RatDontPanic • 1 point • 18 February, 2023 11:45 PM

They almost *universally* disagree with the first paragraph out of hand.

Hyena_Utopia • 20 points • 18 February, 2023 05:50 AM

Of course it had to be removed. If the truth came out they, would have to stop, take a step back and reflect on what they are actually doing on that sub. They would need to accept that they are a hate group that enjoys making fun of and misleading people who didn't choose any of this willingly.

Not only do they gaslight the lowest, disheartened and most downtrodden people in society, they actively make fun of their suffering.

KlutzMat • 7 points • 18 February, 2023 06:01 PM

Report them as a hate group lol

FortniteAbobus • 15 points • 18 February, 2023 11:38 AM

You can't deny blackpill forever.

Antisocial_Nihilist • 12 points • 18 February, 2023 10:59 AM

The bluepillers are awfully silent on this post...

Annual-Dentist-75291 points 18 February, 2023 12:56 AM **[recovered]**

I used to occasionally check inceltear for funsies. I remember one of the things I would notice is that they would often times prove the people they criticized right, sometimes in the very same post or comment I was reading. Not the stuff about violence you see being spammed on .is of course but more so the ideology behind the blackpill.

for example:

Brutal thread.

Lainsel[S] • 13 points • 18 February, 2023 01:01 AM

Same girl admitted wanting to cheat on her bf, damn xD

Annual-Dentist-75291 points 18 February, 2023 01:08 AM **[recovered]**

They make this shit too easy bro. Not the brightest bulbs at all. Only a fool would choose to be so ignorant.

RatDontPanic • 2 points • 18 February, 2023 09:06 AM

She's a barnacle and she's found a ship to latch onto. The fool is the one who's letting her leech off of him like that. I'd never nag a woman for sex, I'd just been gone. Faked my death and changed my identity too. Maybe move to another country so she can't ever find my ass hahahaha

I could just imagine myself in another life, being some guy like her boyfriend. This shit makes you wanna bow down and give thanks that you ain't him.

RatDontPanic • 6 points • 18 February, 2023 08:50 AM

God dang that's awful. See there's a lot worse out there than being an incel. This woman's husband is tragically worse off than a dude who can't get laid or get in a relationship. This guy is in a relationship and is a supportive and loving husband and he enjoys no enthusiastic intimacy at all.

and this shit gets even more raw

If I was 18 years old in this post-Tinder world I would refrain from dating. This shit is worse than being lonely. Way worse.

MasonSub4[] • 5 points • 19 February, 2023 09:03 PM

I wish more woman would be this open about who they like so that people like me can get some closure and not have to work their entire lives for something they will never achieve. At least this way, if they are told the truth, they won't go ER because the whole world lied to them and waisted their time with bullshit advice

Occams_clipper • 5 points • 18 February, 2023 07:40 PM

Lol @ "artificially pacify their needs". If realistic sexbots ever became a thing, she and her ilk would probably be the first to try and get that stuff banned (or at least, heavily ostracize the users). She also doesn't mention the core cause of all this, which is society's endless insistence that women are not as shallow as men (again, something that people on her side promote the most).

Wirlix00 • 1 point • 19 February, 2023 08:14 PM

She would be the first to complain and the first to buy the Chad sexbot.

Acearl • 3 points • 18 February, 2023 09:53 PM

Based incel tear?

James_Cruse • 2 points • 18 February, 2023 01:20 PM

That's total non-sense.

Unfortunately, most women don't know what actions they're actually attracted to so this lady apparently "trying to think of what this guy could do to be attractive" is silly and worthless because she couldn't fathom the extent a motivated man can do or acheive because she's a woman.

[deleted] • 0 points • 18 February, 2023 12:52 AM

But this is just because Incels try batting up. If Incels accepted that they are only good to date the "worse" women it wouldn't be an issue. The low is that every man deserves a better looking woman than himself and it's been perpetrated by popular culture for the last 50 years.

Also, an Incels is usually someone who isn't the average struggling bloke. An Incels is someone who has struggles then to cope starts to hate women. That's why we get so riled up by them because they usually are creepy and arseholes that make any interaction with them uncomfortable.

Lainsel[S] • 21 points • 18 February, 2023 01:00 AM

Wrong. 63% of men under 30 are single whereas only 30% of women in that age range. It's the other way, most men would take anything whereas women only settle for the top 20% of men.

Also, an Incels is usually someone who isn't the average struggling bloke. An Incels is someone who has struggles then to cope starts to hate women.

That's not what it means. It means involuntarily celibate. Words like misogyny already exist to describe hatred of women and plenty of misogynists do fine in their dating lives.

That's why we get so riled up by them because they usually are creepy and arseholes that make any interaction with them uncomfortable.

Don't kid yourself, the chances of you having met any "incel" in the sense of someone who shitposts on these forums irl is next to none. You're thinking of ugly men who creeped you out for existing, let's be honest kek

Constant_Ad6906 • 6 points • 18 February, 2023 12:55 AM

That's why we get so riled up by them because they usually are creepy and arseholes that make any interaction with them uncomfortable.

This is why I self segregate from i dont make female friends with coworkers talk to them in anyway at all. I dont even make eye contact with them. I only talk them only if I have too.

[deleted] • -4 points • 18 February, 2023 01:10 AM

Yeah but that behaviour is what makes you creepy

Constant_Ad6906 • 11 points • 18 February, 2023 01:15 AM

You said women feel uncomfortable around incel because of their behavior around them. So if I leave women alone that still makes me creepy I just understand women/bluepill thinking at all.

[deleted] • -4 points • 18 February, 2023 01:16 AM

Yeah because most Incels act weird around them. In any social setting actively avoiding people would always been seen as weird

Constant_Ad6906 • 7 points • 18 February, 2023 01:18 AM

People actively avoid people they don't want to talk to all the time. Why is that weird?

[deleted] • 0 points • 18 February, 2023 01:35 AM

Lol so you never talk to women but think that's fine. You need help dude.

Constant_Ad6906 • 7 points • 18 February, 2023 01:36 AM

Women want incels to leave them alone so I avoid them like the plague.

[deleted] • 0 points • 18 February, 2023 01:38 AM

See how you are blaming women for everything it not taki g accountability for how your own actions would perpetuate this situation. Why are you an incel?

Constant_Ad6906 • 13 points • 18 February, 2023 01:40 AM

Why are you an incel?

Because I'm sub 5 male Because of my genetics.

Wirlix00 • 4 points • 19 February, 2023 08:21 PM

How are men "dating up" is women are the choosers. It's incoherent and impossible. We do not choose, we OFFER.

[deleted] • 2 points • 19 February, 2023 11:30 PM

Lol men don't try to offer the the lower end then. Their end.

TaxNegative161 • -6 points • 18 February, 2023 12:02 AM*

No truth here. I've been telling incels they're repulsive dipshits with fucked up brains who aren't just unable to attract a woman but so vile that even if they could I'd try to stop them because of the likelihood that they will do something heinous to the poor woman for ages and they just get really impotently mad.

no_bling_just_ding • 10 points • 18 February, 2023 12:14 PM*

well if you're here to save lives, aint no princesses in this castle mario

you might want to go to female majority subs where your skills are in demand

TaxNegative161 • 0 points • 18 February, 2023 12:20 PM

Why? They seem pretty well adjusted. Even their psychos are nothing compared to the solid gold rock bottom scum just chilling here.

no_bling_just_ding • 8 points • 18 February, 2023 12:24 PM

damn you're letting all the women miss out on your help

TaxNegative161 • -2 points • 18 February, 2023 12:26 PM

My worst nightmare is they'd take it. Much prefer to have the morons here limply try to argue their point, realise I'm right, and then whine at me to leave them alone because, and I can't stress this enough, the people here are the most piteous things on earth.

Lainsel[S] • 10 points • 18 February, 2023 12:17 AM

That's deep, yo

TaxNegative161 • 2 points • 18 February, 2023 12:22 AM

Andre27 • 1 point • 27 March, 2023 01:59 PM

Makes me recall and think of the Bayashabad from ASOIAF. My initial reaction to that was revulsion and disgust. Like imagine being one of the 99/100 men deemed not good enough to become men, have women and children and getting castrated at 13, relegated to being a servant, fills me with a sense of dread. But the more I think of it the more I think if that was actually a real culture those men would actually be happier than modern incels. Theyd know full well why things are the way they are, no one lied to them. They have a community of similar people. And even though their reproductive potential was robbed from them their sisters and potentially brothers are still having kids.
