I dont want to lose the plate

They come and go anyways.

[deleted] • 1 points • 6 January, 2018 02:01 PM [recovered]

True. Some girls are better (looking, personality, etc) than others tho.

Id hate to lose a good plate for her friend you know?

SeamusAwl • 6 points • 6 January, 2018 03:15 PM

Then she is not a plate.

[deleted] • 1 points • 6 January, 2018 03:21 PM [recovered]

I know. Realistically, id call her a High quality FWB. Like an upgraded plate, but not girl friend

DiggerClam • 5 points • 6 January, 2018 08:51 PM

I smell oneitis. It fucking stinks.

[deleted] • 1 points • 6 January, 2018 09:41 PM [recovered]

How is it oneitis? Some girls are more fun than others

You're making decisions about fucking a girl based on how this plate might react, seems like you're losing frame.

You are the fucking prize. Fuck her friend and if she gets jealous and wants to keep you to herself then she goes the extra mile (sucking you off all night, swallowing, anal, 3sum with another friend, making you say 'wow', etc) to keep you satisfied if she doesn't want to share with this friend.

No. I don't. If I want to fuck said friend I fuck her. If not I don't. I don't give a fuck if a series of holes I masturbate in will get pissed over it or whatever.

She's got no say and she is free to leave whenever she wants. There are many more like her.

In fact, if she'll start drama over it, she will learn about the option of a soft-next.

CutLiver • 4 points • 6 January, 2018 08:33 PM

The point is that this guy is emotionally attached. If he wasn't, then he wouldn't be asking this question.

[deleted] • 1 points • 6 January, 2018 10:30 PM [recovered]

True. You like some girls more than others right?

CutLiver • 1 point • 6 January, 2018 10:38 PM

Absolutely. Anybody who's a normal human being will. Vandaalen is either putting on an act, or he's a legit stone-cold motherfucker. Personally I get attached to girls as soon as soon as they tell me they love me. It's a normal reaction imo.

[deleted] • 1 points • 6 January, 2018 10:50 PM **[recovered]**

With all hes been through i wouldnt be surprised if he is that cold.

Id like that tho.

But aye i feel you.

So, is it oneitis if its normal? I like her more than other girls, we click well, she treats me good, and she loves me, so i give her more girlfriendy treatment, but im not exclusive to her.

So how is it oneitis?

CutLiver • 1 point • 6 January, 2018 10:53 PM

Oneitis is a mindset. You can be with one girl and not have oneitis. You need to treat her like you have other options.

If she disrespects you, then stand up for yourself. Never be a girl's bitch. When you do that, you lose her respect.

It is normal to be attached to a girl. That's been normal for millions of years. But cut that shit out. When you experience enough relationships and you value yourself, you'll understand that YOU are the catch. She is not. I'm sure it sounds completely alien or cold-hearted, but QUIT giving a fuck about what she's doing, who she's with, etc. You need to focus on yourself and let her pursue you. When that happens you'll never lose her.

Plates are more than a series of holes you misogynistic bigot. Dont forget the tits

UncleWarwick • 7 points • 6 January, 2018 02:58 PM

Fuck her friend, let the girls fight, and see what the fuck happens.

If anything for your own enjoyment in the situation.

If for anything else, turn to them both into plates. Get them to decide amongst themselves how to share you. I believe /u/VasiliyZaitzev has a great story about this.

From a previous post:

*In one case, an ex-gf who was very bi had a sexy roommate that she desperately wanted to have sex with, but she knew the girl preferred the D, overwhelmingly. So she basically set me up with her, knowing full well that (a) I would seduce her, and (b) I would happily share, and once the girl got comfortable, she'd open up a bit. Anyway, they negotiated a rather complex treaty about managing things when I wasn't around (they were both young (early 20s) and had things like "parents", so there was some discussion about whose*

*'boyfriend' I was going to be at whose house, etc., if and when it came up.) It was kind of funny, because I pointed out to my ex, that, when I wasn't around, she "was the boyfriend" - the other girl was a bit more of a girly-girl than she was. Anyway, it was a fun ride and they were quite pleasant together. I once arranged a hotel suite for us at a place where I sometimes stay on business in Europe. So in making the reservation by phone - I had to in order to get a suite (required because 3 people) - the (American) CSR couldn't get past that I had 3 people, but wanted a king bed and kept turning down her suggestion of a cot for the room. So finally, I was like "Look. I have a 'Vicky-Cristina-Barcelona' thing going on. One king bed. No cot." When I showed up at the hotel, the Europeans understood right away. Very amusing.*

So what if you lose a plate? You want to fuck your plate's friend, so be a man and just do what you want. There are plenty of other girls who will be happy to be your plate anyway.

Gainsndgame • 1 point • 6 January, 2018 02:12 PM

One of the most difficult parts of the pill to swallow, but arguably the most rewarding, is accepting the ephemerality of relationships, and knowing that if it's time to move on you have the strength to do so with grace. Seems like you're growing attached to this plate. I say if you don't try to fuck her friend this will lead to bad things for your mindset. If she were truly a regular plate and not something approaching the potential value of fine china, you wouldn't even have posed this question on the subreddit.

Try to fuck her friend. It will open up an aspect of game and shit tests you may be unfamiliar with if you've never done this before. At best you add another notch, another plate, and have the potential foundation for a threesome. At worst you lose a plate — which should be easy to throw out as long as you see it as merely disposable paper plate. A piece of silverware shattering on the floor is harder to sweep up.

IVlaskerade • 1 point • 6 January, 2018 05:44 PM

She sat on the friend's face.

Things worked out.

DadOnDabs • 1 point • 6 January, 2018 10:15 PM

She's a hoe anyways and knows I'm a hoe. She really didn't care or ever mention it.

[deleted] • 1 points • 6 January, 2018 10:31 PM [recovered]

Lol damn ur plate a straight hoe

DadOnDabs • 1 point • 6 January, 2018 10:33 PM

I swear. She invited me to a party the other night and I told her directly another girl would be coming home with us and she was excited. Hoes gonna hoe

[deleted] • 1 points • 6 January, 2018 10:37 PM [recovered]

I took that sales job btw, made my first sale today

Its literally exactly like fucking women

Best decision i ever made.

DadOnDabs • 1 point • 6 January, 2018 10:39 PM

You hit the nail on the head. It will change your game 10 fold. Really teaches you how to talk to anyone without making them feel awkward or like you want something.

Read How to Win Friends and Influence People. Changed my sales pitch entirely.

RedSkeller • 1 point • 6 January, 2018 01:55 PM

We became Eskimo brothers, got to make jokes about it, used to walk up to her and make an Eiffel tower when we saw her out. My other buddy was resentful for a long time and I think it hurt our friendship. Just depends on the guy.

[deleted] • 1 points • 6 January, 2018 01:59 PM **[recovered]**

I think you miss understood me, im saying you have a girl, and you want to fuck her friend, who is also female.

SeamusAw1 • 0 points • 6 January, 2018 03:17 PM

Easily misunderstood. Why do you care about the plate?

no\_condoments • 3 points • 6 January, 2018 02:00 PM

He said plate's friend, not friend's plate. Meaning there is one guy and two girls in this scenario. Right OP?
