Oh you're mad now. But in 20 years when that doll is criticized as setting unrealistic standards for girls it's going to be much worse.

Given the populace around me, I think that this is going to occur in less than 20 years.

Time to make Hambeast Barbie-watch her slice up straight, white cismen in all her double chinned, unshaven legged glory...

I don't see this as anything to get upset about. The free market will handle this

She is normal size TBH. Most girls are proportionately larger than that.

cool, another plate for my GI Joes! only this one is only Pump&Dump cos she can't cook as well as Barbie and she's not as hot. that fag Ken can have her too, when the boys are done with her ;)
