

# **The Fountainhead is highly recommended by TRP. Is the unabridged version still valuable enough or should I get the full version?**

Looking at the audible files. The full version is a full 33 hours, where as the unabridged is 8 hours. Would I still get the same value from the 8 hour version or is it worth smashing through the 33 hours?

Honestly, either is great. Just get your foot in the door with the Ayn Rand stuff, check out Atlas Shrugged too.

Stop looking for shortcuts in life. Jesus Christ, you aren't even willing to read the abridged version.
