A more accurate title:

"The hard naked truth about not doing the inner work required to stop being a pushover and becoming a self-validating, integrated man."

A disastrous marriage is simply a side-effect of entering a romantic relationship before one becomes strong and secure within oneself.

There are zero benefits for a man to get married. And tons of risks and disadvantages.

And 60% of the times, wife divorces you and takes almost everything you have, away from you

I wouldn't say so. Benefits can be both intangible and tangible (double incomes). Have a lawyer draft a prenuptial if you're scared. Get married or don't, don't see why you have to convince others.

That's no reason not to get married, its reason not to marry when you're immature or not ready. Marriage has tax benefits and other bonuses when you're like me in the military. Its also great to have companionship and a partner who balances out your flaws. You don't need the government for that but you might as well reap the benefits.

Divorce rate is around 30%

Studies show married men are happier than unmarried men

Between 5 and 6 marriages end up in divorce disaster. Would you jump off from a plane, knowing that your parachute opens only 4 times out of 10?

[deleted] • 0 points • 28 August, 2016 10:02 PM

Google "actual divorce rate"

bigeyedbunny[S] • 2 points • 28 August, 2016 10:18 PM

Let's imagine it is 30% only. So then you jump off from a plane, knowing that your parachute opens only 7 times out of 10?

Would you go to college knowing there's a 70% chance of getting a job in a career of your choice, with a 30% chance of disappointment and wasted time and effort?

Bad analogy with zero connection.

Because men lose their wealth, their children and their sanity in divorce.

Or life. Suicide is a very real outcome of many divorces- and it ain't on the woman's side

1 If you love one another and you want to keep it that way, a man must be smart and keep the love growing by Not getting married.

Marriage rates are anyway down 68.9% compared to 30 years ago.

2 Prenups get invalidated at divorce time all the time.

Even an average lawyer can throw away easily almost any prenup:

muthafuckabra • 1 point • 27 July, 2016 02:32 PM

What kind of prenuptial is that then.. You can definitely have something put together that cannot be fucked with. I agree though, marriage isn't necessary.

sd4c • 1 point • 17 September, 2016 02:31 AM

Got any proof? Where is this so-called unassailable pre-nup, and why isn't every lawyer using it?

sillEllis • 7 points • 25 July, 2016 02:35 PM

Shouldn't this be over in TRP?

bigeyedbunny[S] • 6 points • 26 July, 2016 12:37 AM

Only 60% of marriages end up in divorce though.

Would you jump off a plane with a parachute that opens successfully only 4 times out of 10 ?

Apparently I'm not that cynical as some. I'll tell you what Zoe told Wash: "I'm not so afraid of losing something that I won't try havin' it."
