Shouldn't there be a 300 lb woman with pink hair claiming she is routinely sexually harassed?

This probably belongs more in the RP than here. Not sure how this relates to improving yourself.

Yeah what the fuck??? I thought this subreddit was about self improvement with an emphasis on men. I don't understand all the bitterness, being a man is being secure and doesn't involve emotional lashing out from little pansy bois. Guess I'm in the wrong place lol

Yes facts are bullshit. Why would anyone trust facts or science, it's all make believe and created by man.

You need to trust in your feelings. /s

Don't make up some random fuckn assumptions just because it works to push your shitty agenda. I don't care about the feminist movement or the over the top dickheadedness of the people that hate on them.

Fuck em both.

Just be a person.

We all know you couldn't get vagina with a fistful of money. Just accept your inferiority and move on.

That's such a nonsensical response it's not even worth reading. Enjoy growing old and lonely, and remaining a virgin into your fifties.

You got my upvote. This RP bullshit needs to die in agony and the weenies who persist in posting it here need to get the fuck out.
