

how should i respond to "you hate me." ?

September 30, 2014 | 5 upvotes | by [ioncehadsexinapool](#)

Before she left she spit her gum on me (jokingly) i didn't care. and she texted me saying shes sorry she was just nervous. another text saying she's an idiot. and another one saying "you hate me." how should i respond? or should i respond at all? I feel like a natural "red piller" could handle this easily but i fell for a different girl recently and forgot all of my "red pill" so it's hard getting back into it. It used to come naturally to me but when you fall for a stupid vagina with tits you kinda forget. This sucks, i need your help guys

"Make it up to me"

Continue to ignore. She was searching for a reaction, any reaction, and you shouldn't give it to her.

If a girl did that to me I would never speak to her again. Regardless of it being done "jokingly" that is a huge sign of disrespect. She fucking spat on you dude.

Moving on, next time you want to see her, set up the date and don't mention it. On the date she will bring it up again. Say something like, "Oh that. I just figured you were trying to tell me what you prefer when it comes to the question of "spit or swallow?""
