Crazy how people are talking about "ultimatums" and "power plays" this is a fucking girl who is, at this time, essentially the man in this relationship.

Free loader OP is mooching off his girl when it should be the other way around.

advice such as "ok bye" and splitting off is the best advice. OP already showed this girl he is as beta as it gets. She's fed up with him.

Trail_of_Jeers • 4 points • 7 April, 2016 10:57 PM

How is he beta?

[deleted] • 17 points • 7 April, 2016 11:47 PM

Because if he left, the woman would be better off.

In fact, she basically told him this much.

Trail_of_Jeers • 4 points • 8 April, 2016 01:27 AM

And? Plenty of women say that. Technically, women would be better off in a monogamous relationship with a beta programmer instead of some RPer's plate. Does that mean everyone who spins plates is a beta?

Just trying to make sure you aren't morality trolling.

[deleted] • 2 points • 8 April, 2016 12:53 PM

it's not that she said it, it's that it's true, and true enough that she actually direct speak to do it. when women talk directly, it tends to be at the end of their rope

Trail_of_Jeers • 1 point • 8 April, 2016 06:14 PM

Oh yeah. And every woman I've been with tells me I'm the best they've ever had until we break up, and then I have a small penis.

And you ignore that if she actually cared about being better off, she'd settle down with a beta bux and treat that beta like a human being.

So what if she's at the end of her rope? Assuming she is, which is not. He'll know when he bails, based on his actions.

Finally, *sexual strategy is amoral*. if he is getting laid, then who cares. If he is extracting resources too, then he is *black knighting*.

If he were doing it on purpose he'd be a hero.

[deleted] • 1 point • 8 April, 2016 06:23 PM

But he's not, and he doesn't know what to do.

I agree with you on just about everything you've said. But I have a feeling neither of us are would be OP, who is just letting life decide for him, and picking the easiest path, instead of moving ahead with an actual goal

mr_nate_ • -1 points • 8 April, 2016 12:48 AM

Damn this just went in.

[deleted] • 4 points • 8 April, 2016 12:45 AM

when it should be the other way around.

Lol what? How on earth is this redpill whatsoever..

RedPillProgress • 1 point • 8 April, 2016 12:50 AM

I'm sorry, I should have been more clear.

it should be the other way IF anything.

But we all know NOT to be beta bux providers.

Basically your more of a beta if your being a mooch as opposed to be a beta bux (both are beta)

assholesfinish1st • 5 points • 8 April, 2016 05:22 AM

No. Woman paying for you to be her live-in boyfriend is RP. She is more invested and it shows his SMV is high. Just not high enough for her to keep paying. OP should now gas-light her and go no-contact after moving out.

All_Ads_Deceive • 2 points • 8 April, 2016 05:54 AM

Ya this guy is drinking the gender role propaganda

assholesfinish1st • 2 points • 8 April, 2016 05:58 AM

Not even that. I have no problem with gender roles. It's beta cucks that I can't abide. When you throw commitment at women liberally, expecting sex in return, you are a beta cuck.

All_Ads_Deceive • 2 points • 8 April, 2016 06:14 AM

The gender role propaganda of you need to be mr. BB. A lot of women use their betas credit cards to spend money on their alphas.

RedPillProgress • 1 point • 8 April, 2016 03:20 PM

Right but she just told him pay up or leave.

Aka she's fed up paying for a beta who still lives with his parents

assholesfinish1st • 2 points • 8 April, 2016 03:43 PM

You're missing the point. He must have some desirable, alpha quality if she has been paying for him to live with her and not asking for rent up to now. The reason she's kicking him out now or asking for rent probably has more to do with HER lack of money to keep paying for him than anything he has done. If a bitch is ever paying for you, she is invested. She's been mate guarding by letting him live with her for free. Now that she has less money, that strategy won't work. If OP keeps his distance now, she'll think it's because she's unattractive and will attempt to mate guard another way.

RedPillProgress • 1 point • 8 April, 2016 04:20 PM*

How are you assuming her money situation changed more then HE has changed / gotten lazy?

It's so common for males in LTR to get comfortable and lazy and start showing beta traits. I mean yes ok she is invested in him, but she is still paying for his living essentially. That in of itself is going to hint, along with other beta traits, that "oh shit I'm providing for this beta"

Which no girl ever wants to think^

Maybe at first, during honeymoon phase + a little longer OP showed alpha as fuck traits. And now he's toning down and becoming lazy. So I agree that he had to have shown desirable traits AT FIRST to warrant her essentially providing for him. But that has had to have changed by now. It's way more safe to assume that then assume her money situation has degraded.

Another hint at this is just her tone. Rather than telling op "im low on money we need to split the rent, is that ok baby?" She is telling him "pay or walk"

He even said he felt "weird" after that "ultimatum". if she had done scenario #1 OP would have licked her pussy right then and there and gave her half the rent (because I'm pretty sure he's as beta as it gets atm)

That's my opinion on why she's demanding money now or he has to walk. If he walked I doubt she would even care. She might cry for a day but then sleep around literally the next day

So, IMO, mentally she has demoted him to beta bux essentially and if he doesn't pay up then she has no use for him.

Lemme know what you think about my theory man

Edit: OP just told me her parents pay her rent. This FURTHER proves my theory. She would have no reason to ask him for half the money in terms of "I'm low on cash"

I'm not 100% sure if I read OP's comment correctly, I asked him to clarify. But since I'm biased towards my theory I am pretty convinced he meant that her parents pay her rent / utilities bills.

You can read his comment also, it's in response to one of mine on the main thread, lemme know what you think.

dongpal[S] • 1 point • 8 April, 2016 08:27 PM

her money situation has degraded. her parents dont want to pay alone for her rent, they want me to pay too

All_Ads_Deceive • 5 points • 8 April, 2016 05:52 AM

Think of unemployed black men who fuck their chicks cheat on them and mooch of them. Alpha as fuck

[deleted] • 1 point • 8 April, 2016 04:25 PM

You ARE the father!

dongpal[S] • 1 point • 8 April, 2016 10:42 AM

she is paying for me not other way around. how am i the beta?

RedPillProgress • 1 point • 8 April, 2016 03:19 PM

Dude your being provided for by her. How is that NOT beta ?

Some people might argue that "let him! She would do the same!" Or "I'm selfish I wouldn't mind someone paying rent for me"

But it's still beta as it gets.

You should stride to have your own place and pay your own expenses, then LTR and game.

dongpal[S] • 1 point • 8 April, 2016 04:08 PM

i pay for everythign else and she doesnt pay the bills but their parents

RedPillProgress • 1 point • 8 April, 2016 04:27 PM

Her parents pay her rent ?? That's even more bad news for you brother.

She would have no reason to ask for money from you if that was the case (unless the parents told her you need to pay half ??)

Regardless, sounds like you need to implement dread game. From what it sounds like, you are always at your chicks place. You should definitely A) do your own stuff for a bit and B) walk away from this LTR if dread game isn't working and your so far down the beta hole.

I might be misreading your comment btw. Can you clarify?

dongpal[S] • 1 point • 8 April, 2016 07:51 PM

you are right. her mother (the reason why she even moved out) told her that i should pay some rent because im sleeping here everyday. if their parents hadnt fuckd up she wouldnt even need to move out. parents are forced to pay and now want me to pay too.

RedPillProgress • 1 point • 8 April, 2016 09:05 PM

So then your entire post was misleading.

It isn't weird at all that the people (parents) funding her apartment want you to pay since you live there also.

Pay the rent like a fair person or stop living there.

dongpal[S] • 1 point • 9 April, 2016 07:59 AM

I earn too low money to pay the rent. I'm only an apprentice and I couldnt finance to live on my own yet. She couldnt too. But she has problems with their familiy who now have to(!) pay the rent.

TheDonald2k16 • 54 points • 7 April, 2016 07:35 PM

I side with the girl here. Yes you are wrong for not paying.

It's her apartment, it's her living space, and you are trying to freeloader off of her.

Get your own financial life in order. Stop being a freeloader.

[deleted] • 17 points • 7 April, 2016 10:46 PM

Fuck man, so many people saying the opposite of this. This is completely the right response to this guy.

All_Ads_Deceive • 1 point • 8 April, 2016 06:00 AM

No a high value man can earn shit. Just like Melania Trump earns every penny she gets for fucking that ugly sack of shit

FriendOf_TheDevil • 1 point • 8 April, 2016 11:53 AM

Yes, but he can't do it as a result of her demanding it.

OP - If you are there that often you should contribute. Do some *unsolicited* handyman shit around the place, prepare a meal, maybe pay one of the utility bills as a surprise.

If she and her place are what keep your life bearable while you live with your parents and (I hope) save money and better yourself, then that is a very good thing. Just don't lose sight of the bigger picture

trpdgc • -3 points • 7 April, 2016 09:55 PM

Hahaha he didn't come here for financial advice. These trump fans, I tell ya. So what if he can take advantage of her? Shit, I take advantage of whoever I can.

All he needs to hear is GTFO.

TheDonald2k16 • 17 points • 7 April, 2016 10:02 PM

TRP is about self improvement. He needs to get his own shit together first before trying to game women, IMO.

trpdgc • 2 points • 7 April, 2016 10:04 PM

He can start improving by standing up for himself. You have no idea what his financial situation is, and he didn't ask for financial advice. Is your advice good? Yes. Is it misplaced? For sure.

TheDonald2k16 • 5 points • 7 April, 2016 10:13 PM

I am guessing you are an alt account of the person who started this thread.

If you are living with your parents and/or having to crash at your girlfriend's place, your financial situation is shitty. I'm sorry, but there is no denying it.

Shit, I have a decent full time job and my own downtown apartment and I still don't feel like I am anywhere near the financial situation I eventually want to be in.

trpdgc • -1 points • 7 April, 2016 10:22 PM

You guessed wrong.

All_Ads_Deceive • -1 points • 8 April, 2016 06:02 AM

TRP is accepting reality. Step one is nothing is fair. Use people. You beta nice guys hate freeloaders and assholes but they are the ones getting shit

[deleted] • 12 points • 7 April, 2016 07:58 PM

If you're living there, you should pay rent.

How would you feel if she were at your place all the time despite technically living at her parents?

[deleted] • 65 points • 7 April, 2016 05:46 PM

"Bye."

dongpal[S] • 5 points • 7 April, 2016 06:02 PM

Please elaborate why you think so. I feel this but i dont know why.

[deleted] • 40 points • 7 April, 2016 06:10 PM

She's dropping ultimatums on you. She's trying to take the reigns from you (or already has). Get out while you can.

[deleted] • 33 points • 7 April, 2016 06:15 PM

From the sound of it, it sounds like she wears the pants anyways. She's got her own place, while OP is bumming it with his parents.

[deleted] • 17 points • 7 April, 2016 10:56 PM

yeah, this is where red pill can get ridiculous. If you want to have the 'control' and 'power' in the relationship, you better be supporting yourself. Staying over there a few nights a week would be on thing, but if it's most every night and youre bumming around there quite a bit, I think it's fair to contribute to the cost. If you can find a dumb girl to overlook you mooching off her, then by all means go for it, but op sounds like a little bitch and I sympathize with the woman here

bicepsblastingstud • -1 points • 8 April, 2016 12:58 AM

but if it's most every night and youre bumming around there quite a bit, I think it's fair to contribute to the cost.

There's a huge difference between "is there any chance you can help me pay rent, since you spend so much time here?" and "I want you to pay half the rent." Both are bad, but the latter is far worse.

WhyIsYosarionNaked • 11 points • 7 April, 2016 10:53 PM

And he's saving a shit load of money in the process. I don't get why this has to be viewed as a negative, unless doing somehow interferes with other aspects of his life.

[deleted] • 17 points • 7 April, 2016 11:00 PM

If he even has a job... I lived with my parents after college because I thought saving money was a good thing. It is. However, it was a terrible decision because being around your parents all the time when you're 22-30 is not healthy for your manhood. It's detrimental to your growth as a man. Moving out was the best decision I made, even though I now was having to pay rent and my own bills.

IoSonCalaf • 2 points • 8 April, 2016 12:36 AM

My God is this true! The emasculation , especially from my mother, was frightening. I ended up Ina friend's couch for a while just to get away from them.

dongpal[S] • 1 point • 8 April, 2016 10:52 AM

i have a job as an apprentice. thus i dont earn much money. but i save a lot of money because i never hace to pay rent for my mother. but now im at my gf's home (and their parents are paying the bills because she still goes to school and she doesnt get along with them, shes 18)

seeing-red- • 1 point • 8 April, 2016 03:46 PM

Her parents are paying her bills? Fuck that, don't give her shit. Put a dollar in your

hand: "Ok here's your half of the rent since it's free to you"

I don't know what has happened to TRP lately. But if you start paying her, she will start respecting you less, and the sex will drop off, guaranteed.

[deleted] • 7 points • 7 April, 2016 10:57 PM

it's not negative, but if you're gonna benefit from someone else's living situation, it's only fair to contribute something. He doesn't have to stay there all the fucking time

WhyIsYosarionNaked • 1 point • 8 April, 2016 12:01 AM

I'm referring to the "bumming it with his parents" comment.

[deleted] • 12 points • 7 April, 2016 08:04 PM

Always be willing to walk away. You're playing into her frame. If you allow that to happen she has all the power.

plenkton • -2 points • 8 April, 2016 02:06 AM

/u/RedApathy does not necessarily want you to break up with her, but be willing to. It's likely that she will want to keep you, and is just trying to extract money from you.

Women are like children- they push and whine, but only do so to test your strength.

BenjiDread • 28 points • 7 April, 2016 07:34 PM

It's a power play. She feels like you owe her something and is trying to strong-arm you. Clearly she feels like she is providing more value than you are.

I would simply spend less time there. If she asks you why you aren't sleeping over as often, tell her that you don't want to confuse her about where you live.

I'd love to hear her reaction.

[deleted] • 14 points • 7 April, 2016 10:48 PM

Nothing I hate more than a fucking freeloader. Part of The Red Pill is self improvement and nothing is more lowly than not having a place you live at.

Think about that for a second due, regardless of how many of these fuckwits say this is her making a power play some bullshit like that. It's her fucking house, you don't pay rent, you got jolted out by your parents, guess what? YOU ARE A HOMELESS PERSON FREELOADING.

Man how cool do you think that will sound to girls you are trying to talk to?

assholesfinish1st • 1 point • 8 April, 2016 05:24 AM

And you're a morality troll.

[deleted] • 1 point • 8 April, 2016 05:50 PM

It has nothing to do with morality, it's business. He's taking a resource from her and giving nothing in return.

Would you suggest her use her car, eat her food, use her shower, and washing machine, without paying for any bit of it?

If you say yes, you are a free loader, a bum, not a man who has his shit together. That is not red pill,

that's a bitch beta who can't own his own situation.

dongpal[S] • 1 point • 8 April, 2016 07:46 AM

i have no problems with my parents. i can live there with no problem. now where i want to live with my gf (and their parents are paying the rent) she wants my money. i could live way cheaper if i would stay at my moms place, but well. i love my gf and want to be around her.

bornredd • 1 point • 8 April, 2016 01:41 PM

i love my gf and want to be around her.

[deleted] • 1 point • 8 April, 2016 05:51 PM

i love my gf and want to be around her.

Then pay her some money, quit being a bum, get a job and a place of your own.

Trail_of_Jeers • -3 points • 7 April, 2016 10:58 PM

While I agree having your own place is awesome, sexing someone who pays your bills is awesome too.

[deleted] • 2 points • 8 April, 2016 05:13 AM

You sound like a caricature of what SRS would have you think this place represents

Trail_of_Jeers • 0 points • 8 April, 2016 09:47 AM

How's that? Sexual strategy is amoral. Or did you miss this?

His question boils down to "I have no control over my living space." The answer is, accept it and use it as a tool, or change it. Moralizing is silly.

All_Ads_Deceive • -2 points • 8 April, 2016 05:58 AM

womyn buy me alcohol, cook me food, and suck my dick. You might not be able to comprehend this but women are whipped by high grade D

[deleted] • 0 points • 8 April, 2016 05:51 PM

Doing that is just being the opposite of what Red Pill teaches to avoid in women.

dabrah1 • 7 points • 7 April, 2016 08:49 PM

I feel like your telling us half the truth to make your side sound better. The reality is you have probably been essentially living there for free. Either start paying half, get your own place, or crawl back to your parents house. If your over 24 you should be living on your own, and paying your own way.

Trail_of_Jeers • 6 points • 7 April, 2016 11:01 PM

Next her, find another girl, convince her to bang you and let you crash, be better prepared when it all goes bell-end.

All these people making moral judgements - look, you are a big boy, you can ratiocinate the pros and cons of your strategy. If it works and you can live with the consequences, I say have at it. Seriously, I ain't trying to fuck you, and so I don't care how you live and lay. As long, of course, as you accept responsibility for outcomes like this.

Don't live with women you aren't actively in the process of marrying.

[deleted] • 14 points • 7 April, 2016 06:13 PM*

It is weird, but I really don't think this is about "you paying rent". Is it about her financial instability? Does she feel you're a free loader who mooches off your parents good will while she busts her ass paying bills like an adult? Address those question and do not pay rent because it is not your responsibility. It isn't your residence. Don't let her manipulate you because she has some feels or insecurities. I almost guarantee you this is not about "fairness" or anything like that, and its more about you not being a man. Do you think she'd be asking you to pay rent if you had your own apartment, a flashy new BMW, and a good job, but you still stayed over? Hell no. She'd probably want to stay with you 5 nights out of the week, and it would never even cross her mind to pay you rent, either.

MeatCurtainRod • 6 points • 7 April, 2016 07:17 PM

You see, if you are dependent on her to provide your food and a place to sleep, then she is feeling negatively about this relationship. She is giving you an ultimatum to 'man up'. If you are in a position that the girl is the provider and you are a dependent, then this is a mother/son relationship, and young girls will quickly realize it isn't what they want, and that they want to be with a dude who can provide for her.

It isn't about rent. It is about traditional mens and womens roles and the expectations.

pbgs wd • 7 points • 7 April, 2016 07:50 PM

yeah, rent is money. money takes work to get. Dont use people unless you absolutely have to. Either shit or get off the pot with this girl.

Good. He should be. He should get as much as he can from her, is there something bluepill about that? To exploit his resources. All great nations do it.

[deleted] • 2 points • 8 April, 2016 02:55 AM

According to this whole thread letting a woman leech off you is a RP alpha trait. So delusional and hilariously "hamster"

I genuinely believe 90% of these posters can not analyze their own comments.

[deleted] • 3 points • 8 April, 2016 03:11 AM

I mean honestly, if you go to these women subs they'll be the first ones to tell a woman, do "X," with little regard as to how it affects the man.

It makes sense to me to say, well, take what you can while you can. If you can get free water, electricity, and vagina for a while go ahead. Growing up there was always the guy that, drove his girlfriends car more than her. Lived at her house rent free, etc. etc.

I don't see why compare the man to some blood sucking parasite. But i've never really browsed this sub before.

[deleted] • 1 point • 8 April, 2016 03:30 AM

After observing this sub and breaking it down there is a great deal of "beta" behavior and generally not giving a fuck about getting treated correctly/ having any enjoyment. Some posters are quite deranged.

bicepsblastingstud • 1 point • 8 April, 2016 01:01 AM

the correct answer is: ""Peace out, girl scout"

[deleted] • 4 points • 7 April, 2016 11:20 PM

You're fucked buddy. the time to address this problem was before. Now you have a ridiculous power play situation on your hands.

Option 1) Okay, I'll pay rent - i.e. you set the terms and I follow them

Option 2) Fuck that - you are now single.

[deleted] • 3 points • 7 April, 2016 07:20 PM

Is your shit in her place? Then split the rent. If not, then don't pay for shit.

stillnoturday • 3 points • 7 April, 2016 08:39 PM

" im sleeping most of my time at my girlfriends appartement"

Don't be a leech pay for the half then don't stay there if you don't wanna pay in future.

[deleted] • 3 points • 7 April, 2016 09:32 PM

Anytime you receive an ultimatum from a woman, leave. You can soft next if she means a lot to you but grab your stuff. Don't argue, don't fight. Just quietly walk the fuck out and bounce.

assholesfinish1st • 2 points • 8 April, 2016 05:38 AM

Wow. Shit tons of morality trolls here. I'm not saying I would do what he's doing, but lay off the free-loader script. Welcome to the society of modern women and the cucks in this thread jealous that a woman pays for you to live with her.

Here's my advice, OP: move out, go no-contact. She'll be begging you to come back. Ignore for a week. Come back to steamy hot make-up sex.

You're not high value enough to have this arrangement permanently, and you should have your own place.

returnofthemackX • 2 points • 7 April, 2016 08:16 PM **[recovered]**

It's a powerplay, ultimatum style. Don't bow down or you will lose all your power in the relationship.

RedPillProgress • 6 points • 7 April, 2016 10:51 PM **[recovered]**

He has already lost all power what the fuck.

If he was alpha enough, she wouldn't mind him staying over.

But I doubt he's alpha enough AND she's providing for him essentially.

Even if OP Pays rent he's stilled fuck imo. Game over

No man should be in an LTR if you still live with your parents.

SnarkyFella • 1 point • 8 April, 2016 04:52 AM

Get out. Get out now. Put aside the sex and walk.

[deleted] • 1 point • 8 April, 2016 12:52 PM

Don't sleep over. call her bluff. Or move in, and 6 months later marry her. As per Rollos iron rule of moving in. ultimatums are generally done from a position of weakness. Having said that, why are you living there?

dongpal[S] • 1 point • 9 April, 2016 10:06 AM

Because it's more comfortable than at home and because I can fuck my gf whenever I want. We dont have parents at home.

This is ridiculous. My gf wants me to spend more time with her and never once asked this. Though if we would officially move in then yes, she would and i should.

juliusstreicher • 1 point • 9 April, 2016 07:24 AM

You're not wrong for not paying; you're wrong because you are over there sponging off of her, staying in her face. She's getting tired of you. You have a home, and she's got you there all of the time? give her a fucking break. She's giving you a hint, not asking for rent. You're too clingy.

Give her some Dread, especially after this ultimatum/hint/insult.

speed3_freak • 1 point • 7 April, 2016 10:31 PM

Is your stuff at her place or at home? If it's at her place, you live there and should help with the bills. If your stuff is at home you have two choices; either dump her or tell her you'll pay half but you're officially moving all your shit in. If she doesn't like that, peace.

This relationship is toast.

Not because she gave you a "power play."

She *had to* make a power play, because you're not owning your shit as a man. What does a guy living in his parents' basement have to offer a young woman with her own place? It sounds like she made a smart move.

Keep improving, brother, and be the man women want to keep around.

Everybody chill. He said he lives BY his parents, not with them. He has his own place but probably just enjoys banging his girl at her place. Big deal. How he responds to her bitchiness determines how strong he is.

"if you dont pay for rent im gone"

If you don't provide, she's gone. This screams beta bux.

Too many people on this thread are playing this off as a moral thing, it has nothing to do with TRP. Lots of pimps live off their hoes.

Personally, I never liked freeloading, but that's because it instills low standards and makes people lazy, soft and overly comfortable. What you should concern yourself with is if this lifestyle is making you too comfortable with a substandard arrangement.

How old are you anyway? If you're in college, make that first priority, don't worry about moving in with a chick. If you're not, start paying your parents some rent and start planning for a new place - not your GFs.

Some thoughts:

You're staying there too often/long to not be considered a resident and should pay rent (you wouldn't have asked if you agreed)

She's pressuring you into moving in with her because she wants the relationship to move forward (proceed with caution, she may think she's wearing the pants)

She sees you as a little boy and has to nag you into doing the right thing. In this scenario, moving in and paying up (unredeemable, next)

shes trying to manipulate and bully you. dont give in

This isn't black and white.

It depends on a few things.

OP, how long have you been with her? Are you taking showers often, eating her food, etc? And how did she deliver this? Was it like an ambush with an ultimatum or did she explain her feelings and have a discussion with you?

for almost a year. yes shower often because of sex sport etc. but not food, i pay for my own. her parents pay the rent. we had a long discussion, not really an ambush it was a discussion

BrunoOh • 1 point • 8 April, 2016 04:42 PM

If her parents pay the rent, why should you? She's effectively living in one of her parents' houses. Just like you.

How many pimps drive their woman to work in her car. Then take her car to go fuck other hoes. Alpha as fuck

Imagine if the situation was reversed and how much of a bad guy you would be for asking her.

Would dump instantly.

bicepsblastingstud • 5 points • 8 April, 2016 01:02 AM

Imagine if the situation was reversed

In general, this is a very bad thought exercise when it comes to relationships and male/female dynamics. Men and women are not the same.

[deleted] • 0 points • 8 April, 2016 01:07 AM*

Please explain why this is a bad thought process for this situation and also explain how letting a woman mooch off of you is not a typical beta move.

PSA : downvoting me without any rebuttal doesn't make my statement less true.

tallwheel • 0 points • 8 April, 2016 05:47 AM

If the situation were reversed, I wouldn't blame him for asking her to pay either.

[deleted] • 2 points • 8 April, 2016 05:51 AM

And you are the minority.

tallwheel • -1 points • 8 April, 2016 05:56 AM

Perhaps, since I am RP and I believe in holding women accountable. You're right that there are probably lots of BP people and white knights who would be jumping in to defend her if he was demanding her to pay rent for living at his place half the time. "Help her out. She's in need". Yeah, I can see people saying that.

[deleted] • 0 points • 8 April, 2016 05:58 AM

Considering most people are not capable of analyzing their thoughts, no kidding. It's sad that so many people even on this thread can't even comprehend themselves.. What the hell has this devolved into? "Be an alpha until that doesn't work then be a provider"?
