I'm interested in starting a MGTOW channel for gay men, does anyone have any advice for me?

Means "men going their own way"; check out the glossary link on the sidebar for an in-depth description I don't have off the top of my head right now. But basically men who have decided to stop seeking dating/relationships/marriages and often even sex because society/hypergamy/self-improvement.

Look good, use HD camera, turn on ads for profit. If you want to be anonymous, use sunglasses, like Liberal Revolution.

By advice do you mean video ideas? I'd be curious about thoughts on whether having a hook-up app kind of life is considered MGTOW, your or gays' experience with whether that's burned out quick for them, how they coped or whether that's sustainable, etc. And how MGTOW is legitimate for gay men and not just a tool to escape their approach anxiety, since I've always seen MGTOW as Escape Women, The Over-Protected Class.

Good stuff, looking forward to the series, particularly Leaving the Gay Matrix and the War Against Fraternities (raaaage porn). What song is playing in the background?

You should consider posting this as its own entry on AltTRP so it gets more visibility. Though doing that for your actual first episode may be more appropriate.

There are. Search the isolated male. The thumbnail is of a clown.

Some women see gay men as a novelty and living accessory but claim to be "ProGay" when they are worse then some homophobic straight men once they have no need for you
