

How do gay altTRP men game?

May 22, 2018 | 3 upvotes | by [HobbitProstitute](#)

A huge amount of gay people use apps and the internet to meet other people, making it harder in my opinion to meet anyone outside of hookups. How do you get around this? I've tried gay clubs and I do find guys easily but they're never anyone I would fuck more than once. Thoughts?

The same mentality/game that Red Pill advocates for women. Worked for effeminate and submissive males.

You can meet friends through apps. I've met a couple from Grindr. Felt fucking weird but has turned out kind of neat. What are you after specifically?

I have friends but dating and such is harder for gay people who aren't insanely left imo.

Totally agree with that. I'm having similar issues.
