Can I just say.....

**HAAAAAH!**

So glad this guy wised up. What an absolute bitch to pull that shit, to make everything about HER after HIS father passed away! And to presume what he would do with the inheritance! And I bet she still doesn't get it.

I shouldn't be surprised by these things anymore. I shouldn't.

I really enjoyed the story as he manned up. No wonder she was attracted to him. That right there is a MAN.

Still, gotta wonder how many concessions he made to get in that position in the first place...

At least enough that she actually thought, "let's sell your father's life work to make *my* special day slightly more pretty." Whatabitch.

That is too good to be true. Surely it is parody.

\*Edit: I did a little poking around, it seems legit.

Something about the way it's written makes it feel made up..
