Fail to pick up game at your own [sexual] peril.

Wrong analogy. More like, men will flock to a girl who naturally is stacked, has a nice hip/waist ratio instead of a born plain jane.

This is so common among girls under 25 that it should be treated as an epidemic. I have had similar things said to me many times when I was younger (I'm about 5'8") The last time it was said to me happened to coincide with my red pill awakening.

My response: "I think you'd be a great friend except for your shit manners. We should be fuck buddies though."

Best said with a big grin and prompt but casual exit.

I'm about 5'8"

So 5'7?

Genetically inferior.

5'7" to 5'10", depending on which convenience store i'm leaving.

Not so sure. That sounds very butt hurt and promptly leaving after dropping some kind of "bomb" by definition means you are operating from a position of weakness. The OKCupid comment didn't seem remotely unusual or offensive to me and the girl obviously said it to weed out the type of guy insecure enough to get riled by it.

I left because I had no interest in continuing the conversation. I was done with her and therefore moved on to the next one. Walking away is one of the most alpha things you can do to handle an obnoxious bitch-child.

Lol @ downvotes. This isn't open to interpretation y'all. There's only solid game and cold beta pain and rejection. And anyone with any recent experience interacting with real live women knows that accusing a girl of having shit manners and walking away is not solid game.

This has absolutely nothing to do with the fact that she's a woman. She's just a bitch/asshole.

redpillschool[S] • 9 points • 24 January, 2013 02:35 AM

Except this brand of bitch is exceedingly common for women and is turning a generation of men into pickup artists.

I think it's the fact a lot of women don't see anything wrong with that sort of statement. The lack of manners and common sense in the younger generation of women (and some who are older) is normalized because people don't call them out merely because they're good looking. I blame fatherlessness. A dad wouldn't let little princess get away with shit manners like that because he isn't trying to fuck her.

redpillschool[S] • 2 points • 24 January, 2013 06:41 AM

I think that's probably a huge factor.

[deleted] • 2 points • 24 January, 2013 04:53 PM

In my experience it is the biggest factor. Women with strong fathers tend to be much better at life and relationships.

ArredWade[ ] • -1 points • 24 January, 2013 07:15 PM

If you actually read that as a rejection, you do not understand women.
