I guess I need to do a "My Story" kind of thing eventually - I haven't even posted one on my blog!

Tl;dr: I'm in my early 50s & found the red pill after being with my husband for nearly 3 decades. It has been a very interesting journey accepting the red pill into our lives. Our marriage has gone from pretty darn good to REALLY INCREDIBLY GREAT!

Hopefully this subreddit will do the same for your relationship :)

How would you suggest introducing other women to the red pill?

Boy, that's a good one; I don't really know. I stumbled on to it through Paleo & introduced my husband to it. Every once in a while I will give people a few RP truths, but I've had mixed reviews. I think I would get them Athol Kay's new book *The Mindful Attraction Plan*.

It's not out yet, but will be soon. It's a lot easier for women to swallow than his last.
