Be sure to spend some time appreciating and focusing on the good things going in in life. Day in and day out so many of you are out there grinding and growing. Be sure to take the time every once in a while to appreciate the journey. The good things are out there - be sure to look. You want those positive reference experience to be part of your mindset too.

Happy Thanksgiving! Ease off the carbs. Small portions.

Take stock and reflect on the good things in your life going on.

Good reminder.

Happy Thanksgiving everyone!

Hmm I'm not American so I don't need a national holiday to remind me to be thankful.

But thanks anyway :D

I am however thankful for you guys for this sub . Absolutely saved my marriage.

I went from ;

Wife having a rage fit because I "am cheating on her". "...with porn".

Me storming out of house like a bitch.

She then told her uncle and my mother. I was cheating on her. ...with porn.

To one year later ;

I tell her to drop her panties and she replies "yes daddy".

I honestly can't believe the results. I'm thankful for; Sex sometimes twice a day. She respects me and my decisions. She follows my lead. She has those big sexy eyes again.

Thanks from down under.

Also thanks for your "black friday" that commercial clusterfuck has shamefully been adopted by our shop\$

“and she replies "yes daddy".”

This made uncle Chad smile. Well played.

If you're in Oz, have you seen aliexpress lately? I mean we just had 11.11 but they're going nuts again. Should ship to you upside down kids pretty decently.

Yea I love AliExpress , I buy lots of phone parts from there for repairing phones .

Protip: check out the sexy underwear section. Quality's probably crap, but it's easier to be OI about a throwaway gift if it didn't cost you much.

Funny you should say that , I have brought a few sexy outfits from there . The best was a sexy apron . She even wore it outside the bedroom last Christmas. We had our families over and she was cooking all this food and playing good wife while giving me sly looks . . Good times were had :D

Happy Fucking Thanksgiving!!!!

I spent Thanksgiving with my girlfriends family. Meh, they can cook and I was hungry.

The rest of the weekend has been fucking great. Wanna know why?

No EXW destroying the house for 4 days decorating it with trees, garlin and everything else, while complaining the whole time about how I do not want to help. Yeah, I dont. That is your thing, not mine.

No EXW bitching I do not want to go black Friday shopping at 3am in the fucking morning. Listen - if you want to go, go. Why do I have to do it with you?

No more of me having to be the only person in the office Friday, or trying to hop from Starbucks to Starbucks to stay out of the home during this wrath. And having to drag my kids with me so they are not in the cross fire.

So yeah, happy fucking Thanksgiving.

I used to fucking hate Thanksgiving. Now, I finally have alot to be thankful for.
