

Fun mischief to do with the wife

25 upvotes | 12 January, 2016 | by IASGame

This thread was inspired by an exchange of and TrainingtheBrain mentioning glow sticks and black lights (and the hilarious suggestion of swapping an incense stick with a sparkler featured here <http://thefamilyalpha.com/2015/12/30/creating-your-slut/> as well as some other ones in <http://thefamilyalpha.com/2015/11/17/10-ways-to-keep-your-wife-on-her-toes/>).

The obvious ones are to tug her pony tail or braid (when she has one), smack her ass, pick her up and spin her and stuff like that. There is also a classic one from MMSL is jump on the shower with her. These don't need to be mischief if you have a more serious Frame, but that's how I usually play it because it is congruent with my personality.

Splashing cold water is also good fun on the beach when she doesn't expect it (can also work if she is having a hot shower).

I like to have fun with food and recently got some popping candy

I'm interested in your suggestions - what do you like to do or would want to try, assuming your Frame is playful / mischievous?

Dude I could do this for days, though you seem to of already of read my better actions.

Pick her up all the fucking time. Sometimes around the ribs, sometimes under the butt, and sometimes just throw her over your shoulder and carry her somewhere or if you're in a public setting, position her in the fireman's carry and start doing squats. Waiting outside the restaurant, at the beach, or in the kitchen cooking dinner? Knockout some squats.

Refuse to respond to anything she says unless addressed as **Lord of All Pussy**.

Cook her a bomb ass meal, get the candles out and the lights low, then walk out of the room to the tablenin a shirt, tie, and no pants (just boxers) and act totally cool.

There's more but I'm on my phone and annoyed with my keyboard.

EDIT

Back on the computer, I'll add a few that you linked to but I'm sure some guys are going to look through the comments and never click the links, therefore missing out on a perfect opportunity to improve their relationship, but hey, I'll make it easy.

Get a black light in your room, turn it on to create an awesome environment from which you can fuck in **AS WELL AS** using highlighters to write on each other.

Get Glow Stick and bring her into the shower with the lights off, as she starts to complain about being blind, crack open a glowstick and get the water running. Then crack open another - use the bracelet & necklace ones to wrap around body parts, shower heads, the curtain rod and then get clean (or dirty) with your wife.

Get her to try one of your sports. We have a track near our house (high school, real nice, artificial turf) Usually we just run laps or play on the basketball court with the kids. The last time we went I brought a football and had her running routes. She sucked at first but started to get the hang of it and as we are passing back and forth, we're getting our sprints in, the kids are playing 'defense', and she is having fun. It isn't 'mischievous' but I had to put in my plug of **HAVE FUN**.

put an ice cube in your mouth, then walk up to her and wrap your arms around her tight, then spit the ice cube into her cleavage and hold her tight, defenseless while she freezes, then just walk away and as she calls you an asshole, act completely oblivious as to what happened and say, *Fuck it, I guess I won't hug you any more* then go about your business.

IMPORTANT NOTE The key to all of this is that you're picking on her just like you would the girl on the playground you liked as a kid. It has to be fun and while she is *saying* you're an asshole there is a smile on her face and her body language is telling you she loves you for making her *feel* young/light/happy/etc.

Also, a lot of this comes down to whether she respects you and is attracted to you. These two must be down before you start playing the gags. It's the difference between being a dick, child, or funny ass dude.

Case in point. I picked up my buddies wife and through her over my shoulder after she said she would kick my ass because I threw a piece of paper at her. She was laughing, I threatened to throw her into the fire, she was 'play' screaming and fun was had by all. I put her down and then she stared at me for a second too long and I realized she *really* enjoyed it.

Then her husband, a plugged in friend of mine starts asking her why she laughs when I do it but gets angry and annoyed when *he** tries to pick her up.

Remember: Confident > Cocky & Dominant > Domineering

Do it *right* and she'll love you forever. Do it wrong and you're an immature annoying dick.

Remember: Confident > Cocky & Dominant > Domineering

Commandments of Poon:

XI. Be irrationally self-confident

No matter what your station in life, stride through the world without apology or excuse. It does not matter if objectively you are not the best man a woman can get; what matters is that you think and act like you are.

Women have a dog's instinct for uncovering weakness in men; don't make it easy for them. Self-confidence, warranted or not, triggers submissive emotional responses in women. Irrational self-confidence will get you more pussy than rational defeatism.

Is it wrong that I upvoted just for this?

If you have teens who can drive, take the family out to dinner and on the way home have the kids drive/ride shotgun. You jump in the back with the wife and make out like teens. My wife giggled up a storm while my shotgun riding son quipped, "I think I'm going to puke!"

I did this to my wife when she fell asleep on the sofa while wearing socks. I very carefully removed one of her socks and even more carefully put it on the other foot. So 2 socks on one foot.

Of course she wanted to know where her sock was when she awoke. I truthfully told her that she was wearing 2 socks.

Every month or so I'll dump a bucket of ice water on her when she is in the shower. It's an easy one, no cleanup necessary, and although she is cold for a moment she is able to get warm once again, no lasting damage but it's an emotional rollercoaster.

I also stick my finger in her mouth every time she opens it wide to yawn.

Dry Champaign, Rapberries, and Nipples Of Venus: In case you can't figure it out ... dry champaign in flutes, add raspberries. I forget the rest ...

DanG3 • 1 point • 14 January, 2016 12:44 AM

... oh yeah, the raspberries are mobile and can be shared.

Play Daddy and little girl....she acts like a brat and you discipline her....

Well not actually, maybe. OK, yes. You don't have to actually do the role play but the frame of your teasing and mischief is that you are teasing a little girl in school. This is not malicious and the best description I have ever read is the Fountain of Youth Scene from the Book of Pook.

As for the pop rocks, I would kiss her, slip the pop rocks in her mouth with your tongue, and then unzip for a popping BJ- although that is more sexual than "mischief..."

I'm imagining passing candies mouth to mouth like *Nine and a half weeks*, but not telling her they're Zotz! candies. (These are like regular hard candies with a bitter, poprock-like surprise center.)

While she is at the mirror, stay low to the ground and sneak up behind her. Stay crouched until she turns around and inevitably freaks out.

Casually hide ingredients or food prep stuff she has put on the counter.

Go to hold hands in public. Deposit trash such as gum wrappers in her hand.

Raspberries.

Butt crack showing? My finger's going down it.

Butt crack showing?

My wife's had some plumbers crack one day. I put a quarter in it.

stonewall1979 • 3 points • 14 January, 2016 09:38 PM

I did the same thing years ago, slipped a penny in her crack and somehow she never noticed. She went to the bathroom later and came running out with her pants down shouting she had money falling out of her. Of course I asked if there was anymore and offered to check.
