

She will never forgive you for leadership failure

19 upvotes | 22 November, 2015 | by theultmatecad

Ive had a ball laughing at the blooper predictions that Bluepillprofessors marriage is over because he lashed out at his wife

Wrong!

If you have a great job, rock solid physique, and are a non-needy man who has his shit together then: She will forgive or look past affairs, forgotten birthdays, insults, pretty much anything but..

Being a supplicating beta who thinks wifey is mommy.

Look at all your divorced friends. All of them failed to lead in some important way

I see excon thugs who beat women and the bitch STAYS. Yet other men will "do anything" for her and these guys get shit on and d raped.

And they should. No woman should be shackled to a loser

No woman should be shackled to a loser

It would help if they didn't all lie to us at every stage of our life about exactly what makes a loser and a winner.

[deleted] • 13 points • 22 November, 2015 11:05 PM

Its not a lie, they dont know

exoticanttra • 3 points • 23 November, 2015 02:42 AM

oh it's a lie.. they don't know but claim they know and say it loudly. And do the opposite, so yeah, they do lie.

adamalan • 1 point • 23 November, 2015 04:28 PM

Its a lie. They vow to death do us part all the while knowing that if someone better comes along they'll jump ship in a heartbeat.

TRPhd • 2 points • 24 November, 2015 01:42 AM

They believe it in the moment, which is all they ever expect to be held to. If their feelz change later, they'll hamster it away as your fault, so the contract was honored! Magic.

[deleted] • 1 point • 23 November, 2015 09:08 PM

It is amazing how much time men spend telling women things that they already know.

literaryhunter • 4 points • 22 November, 2015 05:13 PM

Excellent point. My first marriage failed due to my lack of solid leadership. I was a complete beta and wore my feelings on my sleeve for her to stomp at her discretion. I played the field as a bachelor for about 5 years, this was like my graduate school in RP philosophy. I am now the clear leader in a happy marriage. That's not to say that I haven't failed terribly at times but my leadership remains constant.

The_Litz • 3 points • 22 November, 2015 06:14 PM

My gran had a saying, ' when poverty walks in the front door, love walks out the back door'

Sex and money is why people divorce, but think about it, both boil down to the man not leading. Not that Snowflake is entitled to either, but your leadership will lead to a fulfilling sexlife for both partners, and your leading will lead to healthier finances.

Leading does not automatically produce instant results. It is a sublte long term process. Solid finances come from a series of good decisions. Deciding what is needed and what is not. It won't make you rich, understand that, but it will let you live whithin your means with a roof over your head and a chicken in the pot.

adamalan • 2 points • 23 November, 2015 04:30 PM

Sometimes the economy nullifies all your leadership. And they don't expect a roof and a chicken; they want steak in a McMansion.

NiftyDolphin • 3 points • 23 November, 2015 04:40 PM

And they don't expect a roof and a chicken; they want steak in a McMansion.

They want a lifestyle at least comparable to, but preferably better than their social peers.

If everyone else just has a roof and a chicken, they'll be cool with having a roof and a chicken. They may angle for trading you in for a guy with a roof and three chickens. They want +1.

This is why social media is destroying their happiness. Their peers are posting their highlight-reels. Your average woman sees this, but they are comparing their ups-and-downs against everyone else's highlights, and feel lacking. They're experiencing the -1s, but only seeing everyone else's +1s.

There is truth in this, however the degree to which this flies depends on where a woman is in her life cycle (see *The Rational Male: Preventive Medicine* book).

If they are in the alpha fucks stage, then absolutely. Hypergamy dictates good genes and plenty of dopamine no matter the abuses they are subjected to (within reason, however that hypergamy will drive them to accept assaults that outsiders simply cannot understand).

If they are past all of that (ages 35+) then it becomes a bit more complex. Their hamster has to rationalize leaving in search of better beta bux vs the reality that they are past the Wall and likely won't find any sort of decent provisioning at their age.

At that stage they may become more vocal about their displeasure with you, but they probably won't leave you. Another case of watch what they do and ignore what they say.

BPP's wife likely isn't going anywhere. No only is she not going anywhere, but his comment will serve as a catalyst to propel his marriage to new heights. It is painful but his comment towards her is a harsh reminder that in the Market, he is at a peak while she is well past it. She knows this, of course, but our fem-centric society tries to tell her it isn't true.

As we know: **women would rather share a successful alpha than have a beta all to themselves AND a woman wants her man to be the man other men want to be, and the man other women want to bang.**

[deleted] • 3 points • 22 November, 2015 04:34 PM

BPP set a new baseline from which to measure the relationship.

Instead of looking back to *whenever* they will look back to this moment when the bar was raised.

TRPhd • 1 point • 24 November, 2015 01:44 AM

but they probably won't leave you

You might wish she did, depending on how high she turns up the Bitch Volume dial. (My ex-wife's dial went up to '11'.)

[deleted] • 5 points • 22 November, 2015 04:44 PM

Fucking right.

For the 'glass wife' men out there... Seriously consider how fragile your marriage is, where a hurtful word tumbles the house of cards, and you'd probably be better off just ending it at that point.

whatagainst • 2 points • 22 November, 2015 11:01 PM

The woman chooses the man, a stupid woman chooses a useless man. They both deserve each other. This pussy worshipping crap is getting really annoying on here, women aren't entirely children and have all the responsibility for their choices, or at least for one choice – of choosing a man. If she sucked at that, she pretty much sucked at being a woman.

[deleted] • 1 point • 23 November, 2015 02:20 PM

I sense a thin veiled reference to the butmad guy with the 11k character post crying

whatagainst • 1 point • 22 November, 2015 11:26 PM

haha, thanks for the invitation.

[deleted] • 2 points • 23 November, 2015 01:37 AM

Doubled. We aren't here to white Knight s sometimes wife.

He was an original guys who built this image, helped me, and a lot of guys, and created a lot of content.

Who the fuck are you.

whatagainst • 1 point • 23 November, 2015 03:30 AM

Sure, that's great. Good content is good.

But, numerous times for the last month I've seen a tendency to treat women as deserving a great husband, deserving great sex (the feelings=rape thing), etc. A drunk woman dressed up like a slut while walking through a bad neighbourhood at night, equals in stupidity to a woman who chooses a shitty husband. Neither will get raped (and 'raped'), but there is a pretty high chance they might, and they could have had prevented it in a lot of cases, by making better choices and listening to their grannies. Assuming that not only women should be able to make bad decisions without bad consequences, but also receive benefits from bad decisions, is pretty much the definition of white knighting. This is what seems to be behind this train of thought, and it dissonates with the rest of MRP.

[deleted] • 2 points • 23 November, 2015 11:23 AM

You still don't get it. Contribute, then you can have an opinion of mrp.

[deleted] • 0 points • 23 November, 2015 12:42 AM

Sure dude. Don't be afraid to never speak to me or my community again.

We prefer when men dont like the current topics that are posted to create their own fucking content. Women and faggots bitch and moan about shit that is clearly something they COULD control but choose not to. God forbid you have to do some actual work! And have responsibility when the work is judged! Too much for you I bet?

Do you have a sad now? The mean man at TRP called me names!

No loss to me if soft pussy man with no agency over his outcome leaves the sub.

whatagainst • 2 points • 23 November, 2015 02:17 AM

I am leaving to my safe space now.

MRPguy • 2 points • 23 November, 2015 05:26 PM

We prefer when men dont like the current topics that are posted to create their own fucking content.

LOL, so other butthurt guys can post shit like "good topic, you need to flesh it out some more".

This guy, and those guys, are both at opposite ends of the spectrum. But it's the same spectrum, they don't really contribute.

Can someone link me to this story?

The_Litz • 1 point • 22 November, 2015 05:51 PM

About 6 post down from this one, OP bluepillprofessor

thelotusknyte • 1 point • 22 November, 2015 05:53 PM

Thanks. This was on my front page.

[deleted] • 1 point • 23 November, 2015 07:02 PM

Ha! Fucking called it. She'll get mad, then she'll get over it. Traininthebrain called it too. The bar is set, and this will be in the background, every time she wants another power play... for a while

You called it, he's a man, and she'll forgive her feels and move on.

Know who didn't call it? Divorce jockeys
