TRP young gun here. I have started going through your stuff because it is essentially a higher version of TRP. Also, it will be helpful in managing LTRs and my future wife. (I am not really much into the 'don't marry' aspect of TRP. I will probably get married.)

As you guys know, TRP is quarantined. It is only a matter of time before it goes out of reddit. But we have a backup site. So not much to worry. What about you guys? Do you have any kind of backup forum or something? Some kind of archive?

Some kind of archive?

Scars and tears.

Crying is for faggots.

I've cried for every dog I've ever put down, but that's it. Everyone else can go fuck themselves. They knew what life was giving them.

I was being very tongue in cheek on my comment.

See my comments on the crying posts in the main sub.

I figured.

I asked /u/redpillschool what we needed to do to get the backup but he has probably been bludgeoned with messages recently and has not responded yet.

Let me promise Reddit and the entire damn world that Reddit is going to be in for a fight if they think they can Quarantine or close down MRP. I already have the lawsuit written in my mind and could knock it out in a couple hours.

oh cool. In case this subreddit shuts down, it would be nice to see you guys there. Although, I don't think majority of TRP agrees with MRP.

I didn't see MRP or askMRP in the TRP back up site. Technically MRP is not part of TRP.

Yep, it's called the real world. You have the books, you should have read them, how much more do you need? In here you can discuss, but that's nothing but a big circle jerk except for the most blue pill of you.

BluepillProfessor • 6 points • 5 November, 2018 08:51 PM

A disagree we are a circle jerk.

The right word for the married guys is cluster fuck.

johnpayne10[S] • 5 points • 5 November, 2018 10:03 PM

Actually you know it is quite refreshing and eye opening to read fr by married guys. Marriage is an entirely different ballgame. I mean you are fucking living with your woman 24\*7. No amount of relationships or LTRs come even close to marriage.

I am red pill. And frankly, TRP hardly adds real quality content for the people who have swallowed the pill in its entirety and actually improved their life in all facets. For most of it, it is circle jerk of core red pill concepts. I'm not saying it is bad. It is vital for any newbie or someone in progress. But at some point it's like you don't get anything new from the sub anymore. And that is where MRP comes into picture.

Now for the most part, TRP does not agree with MRP. Trp always propagates the notion that you should never get married. Just pump and dump, max level is ltr and again pump and dump. I for one believe that marriage is a necessary evil. For one simple reason - kids. It is kinda impossible to have kids with multiple random women without the law fucking you in your ass. I prefer to have kids with a single woman who obviously will be my wife.

And as I said earlier, it is always a good idea to learn from the mistakes of others. And MRP is really amazing in terms of quality of content and the comments and everything. You guys are living TRP on hard mode. So you know, I totally respect that. And I genuinely believe we all rp men can learn a lot from MRP. Because marriage is a totally different ball game. So I would rather see MRP being backed up in trp.red or any other forum. Just save all your posts and comments. Maybe form a pdf or something. It is priceless stuff.
