I love Jocko. He's so inspirational and motivating. Every time I listen to that guy I wanna go kick ass and take names.

If it's business, look at the leadership series of Harvard business review articles. Most of it is actual evidence based literature rather than anecdotal airport novel trash

Topic has been beat to fucking death on here. Most of the leadership advice is watered-down mainstream advice.

You trolling us? You know what you need to do. Family? Work? Business?

To summarize: Grow a pair and make decisions. Just do the opposite of what you usually do fag boy. What would Chad do?
