

An AMAZING Field Report from "Dave from Hawaii", that I found in Rollo Tomassi's page. This is using game/red pill successfully in a marriage!

EDIT: Sorry, it's not from Rollo Tomassi but from Heartiste. My bad. I cannot change the subject, though.

Just awakening to this whole thing. Last night I realized "frame" is best held without emotion. I watched my wife's anger trying to goad me into what she wanted, to be right. So I maintained my cool by not wanting that petty prize in arguments, to be "right".

I'm pretty sure I put that in the TRP sidebar years ago. If not, I'll have to get that done. And wow is time flying. I remember when he posted that going on 8 years ago.

Yes, it should go in the sidebar.

For future reference: That's not Rollo

You're right. That's not Rollo but Heartiste. My bad.

This is very reassuring.

Solid link.

Re-framing the conversation to hint at sexual intimacy quickly changes the tone of the conversation and the theme of relational authority gets forgotten by the other women pretty quickly

This works very well along with A&A

As always, the first step is to not DEER.

Relationship title does not define your role.

You are man.

You are masculine.

For a newbie like myself, this is gold!

This is an excellent piece buried deep inside a link in the MRP Wiki.

Dave from Hawaii is the first to write about using Red Pill in LTR/Marriage, a full 6 months before Athol Published MMSL.

Château Heartiste is a goldmine

Deep in the comments is a gem about how to pull off other women and its not by demanding it cause you are so Alphamacho.

Women want to live Don't ask/Don't tell and plausible deniability that feels good. feelz trumps everything
