

[Notice] Message from the Mod team on Posting

November 10, 2016 | 8 upvotes | by [UEMcGill](#)

This is a reminder to follow the [posting guidelines](#).

If you are new and don't know them, you need to read them. If you are a woman, and don't know them, you need to read them.

For women specifically, you are guests, not part of the team. Your insight is welcome and encouraged, your advice is not.

Mods are not here to be fair, nor is this a democracy. Mods can and will remove posts based on this and *their discretion*. Rule Zero is tantamount, and we are here to keep on point.

Can you guys expand the list of pre-defined reports on both subs? Compare MRP with the TRP report menu for example.

There's "Other". No need to make it more complicated. We as mods see reports and respond if necessary.

You have a pretty funny definition of more complicated. You just add them at:

Up to y'all whether you want to make it easier for us to help you.

Everyone knows how to make a good post, everyone knows to help their brother flesh out details.

A twelve page policy only emboldens idiots who want to skirt the line.

Don't post low effort garbage, focus on you, and make some effort before asking for handouts, it's not hard.

[deleted] • 0 points • 10 November, 2016 04:38 PM

... it's exactly the same "twelve page policy" that UEMcGill linked above?

Fair point.

bogeyd6 • 0 points • 11 November, 2016 02:14 AM

lol it's twelve pages on how to write a post properly and maybe half a cell phone screen of actual rules.

Newbs: McGill's the shit. If you don't obey he'll come to your house and make you watch while he does your wife in unholy positions. Fer reelz. Obey the guidelines.

I totally agree. He, TFA and BluePillProfessor kicked my ass into the pathway it's meant to go. Best ass-kicking ever.

Ha! Downvotes, really? Oh no, they took away my magic internet points!
