

Jesus Titty Fucking Christ: N00bs

August 20, 2016 | 34 upvotes | by [SorcererKing](#)

This has been a rough week on your MRP/askMRP mods. Trolls, cucks, morons. We have consecutive posts literally asking the same shit. Everyone's fucking angry, angry, angry, afraid, afraid, afraid.

ENOUGH.

You new guys are not doing enough *shut-the-fuck-up-already*. You talk and talk, DEER and DEER. You justify and explain. SHUT THE FUCK UP.

Your goal here is to get out of your wife's head. Repeat after me: this is my life and it's ending one minute at a time. Know - not fear - that your wife never loved you like you loved her, because she can't. Now, if she left today and you never saw her again, what would you do with the rest of your life? DO THAT. But SHUT THE FUCK UP about it.

Pro tips:

- Don't TELL your wife any fucking thing about what you're doing. Just don't.
- Recognize that you've been a selfless piece of shit Nice Guy and that is repugnant.
- Resolve to put in the work to unfuck yourself.

Because I'm really a softie at heart, I'm going to give you some links:

- All of you [start here](#).
- Feeling angry? STFU and read [this](#).
- Wondering why you feel lost and confused? See [here](#).

Now read, bitches. We're happy to answer your questions, but not when they are super-retardo stuff that is in the sidebar, books, and posts. Your first task in owning your shit is taking responsibility for who you've allowed yourself to become, and fixing it.

Get to it.

My wife upped my life insurance. Recently my brakes went out in the car, should I be worried ?

[deleted] • 7 points • 20 August, 2016 11:59 AM

Naah. Just make sure you bring her everywhere you go

[deleted] • 3 points • 20 August, 2016 02:03 PM

Make sure her policy is up to date, and swap cars with her.

[deleted] • 3 points • 20 August, 2016 02:35 PM

THis starts into some dark territory on what people do....

[deleted] • 1 point • 20 August, 2016 02:39 PM

I watch "Law and Order" some. As they say at the murder scene, if they only knew what the person sleeping next to them was capable of.....

Yep, very dark....

STFU about it.

ShiveringPines • 2 points • 20 August, 2016 05:08 PM

I swallowed the pill a few weeks ago. Read the canon. Worked on my shit.

Sometimes I feel like victim puking and complaining to a friendly ear. But then I remember that that's fucking lame and STFU about it. And then go lift something.

[deleted] • 4 points • 20 August, 2016 05:28 PM

So the thing is, you can reframe a victim puke into something productive :

X thing happened, I felt X, did Y. This was good/bad/ inconsequential in retrospect because ____

I think the root cause is (insert your failure here)

Plans moving forward:

Any thoughts from the peanut gallery?

I think that is a good way to make Victim puke impulses useful

sh0ckley • 3 points • 21 August, 2016 12:20 AM

As a FNG myself, maybe I'll try this. That's the exact thought process I have when ever I fuck shit up now.

I keep quiet about it because I no longer find satisfaction in whining like a little bitch and already have a shiny new asshole that I've learned how to polish myself.

But posting that way would actually be useful, especially to some of the n00bs being referenced.

[deleted] • 1 point • 21 August, 2016 12:45 AM*

Yup. Still do this. Often wind up deleting things as I can pretty much hear bogey ucmcgill stone and others giving me shit in their specific internet voices. It's kind of therapeutic

sh0ckley • 2 points • 21 August, 2016 01:02 AM

lol stone installed my new asshole. I think he did a great job, it fits great and I haven't bent over since.

[deleted] • 2 points • 21 August, 2016 01:09 AM

[deleted] • 1 point • 21 August, 2016 02:08 AM

[deleted] • 1 point • 21 August, 2016 03:11 AM

Really ? ANALyst ?

Dude...

[deleted] • 1 point • 21 August, 2016 12:37 PM

I figured you would enjoy that

[deleted] • 1 point • 21 August, 2016 01:19 PM

Seems apt for a sailor

SorcererKing[S] • 1 point • 20 August, 2016 05:35 PM

I would be much more receptive to victim pukes that are after-action reports, yes. That at least demonstrates that someone has read the material and has introspected and related all of that together.

[deleted] • 1 point • 20 August, 2016 05:38 PM

~~That at least demonstrates that someone has read the material and has introspected and related all of that together.~~ Gives a fuck about themselves and is willing to work

screechhater • 1 point • 20 August, 2016 07:39 PM

It requires reading, application There is no fucking phone app

[deleted] • 1 point • 20 August, 2016 07:40 PM

I can't believe GLO hasn't gotten off the weight bench long enough to make an RedGlo™ app

Everybody gets one puke. It can be cathartic; and give MRP the "background" on you. Suggest you finish prereqs and "The Rational Male", and be at least several months into your MAP before you puke. Make a quality report of it, focusing on how you see your own puke through a RP lenses and what YOU ARE DOING ABOUT IT.

Trekneck • 1 point • 23 August, 2016 03:57 AM

Just came in to check things out, been absent a while. First response was "what the fuck is this bullshit?"

SorcererKing[S] • 1 point • 23 August, 2016 02:55 PM

Welcome back. Grab a broom, there's mess everywhere.

Trekneck • 1 point • 30 August, 2016 03:00 PM

It would seem so

bsutansalt • 1 point • 16 September, 2016 11:49 PM

DEER?

SorcererKing[S] • 1 point • 17 September, 2016 05:37 AM

Defend Excuse Explain Rationalize

bsutansalt • 1 point • 17 September, 2016 06:18 AM

Thanks. I keep seeing DEER all over the place, but couldn't find what it meant, and I've been in this game going on 10 years. Where is this even from?

SorcererKing[S] • 2 points • 17 September, 2016 07:25 AM

Looks like it's actually Defend Evade Excuse Rationalize. From "When I Say No I Feel Guilty."

bsutansalt • 1 point • 17 September, 2016 02:31 PM

Noted. I'll have to check it out.
